Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27.....	as of April 1
Title 28 through Title 41.....	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2009), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, or 1973–1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

- (a) The incorporation will substantially reduce the volume of material published in the Federal Register.
- (b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
- (c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

§ 701.1 Administration.

(a) Subject to the availability of funds, this part provides the terms, conditions and requirements of the Emergency Conservation Program (ECP) administered by the Farm Service Agency (FSA).

(b) ECP is administered by the Administrator, FSA through the Deputy Administrator, FSA, and shall be carried out in the field by State and county FSA committees (State and county committees), subject to the availability of funds. Except as otherwise provided in this rule, discretionary determinations to be made under this rule will be made by the Deputy Administrator. Matters committed to the discretion of the Deputy Administrator shall be considered in all cases to be permissive powers and no person shall, under any circumstances, be considered to be entitled to an exercise of such power in their favor.

(c) State and county committees, and representatives and employees, do not have authority to modify or waive any regulations in this part.

(d) The State committee may take any action authorized or required of the county committee by this part, but which the county committee has not taken, such as:

(1) Correct or require a county committee to correct any action taken by such county committee that is not in accordance with this part; or

§701.2

7 CFR Ch. VII (1–1–09 Edition)

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(e) No provision or delegation herein to a State or county committee shall preclude the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(f) The Deputy Administrator may authorize State and county committees to waive or modify deadlines and other requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(g) The Deputy Administrator may limit the authority of state and county committees to approve cost share in excess of specified amounts.

(h) Data furnished by the applicants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to provide data could result in program benefits being withheld or denied.

(i) FSA may consult with any other USDA agency for such assistance as is determined by FSA to be necessary to implement the ECP. FSA is responsible for the technical aspects of ECP but may enter into a Memorandum of Agreement with another party to provide technical assistance. If this limitation results in significant hardship to producers in a county the State committee may request in writing that the Deputy Administrator waive this requirement for that county.

(j) The provisions in this part shall not create an entitlement in any person to any ECP cost share or claim or any particular notice or form or procedure.

(k) Additional terms and conditions may be set forth in the application or the forms participants will be required to sign for participation in the ECP.

§701.2 Definitions.

(a) The terms defined in part 718 of this chapter shall be applicable to this part and all documents issued in accordance with this part, except as otherwise provided in this section.

(b) The following definitions shall apply to this part:

Agricultural producer means an owner, operator, or tenant of a farm or ranch used to produce for food or fiber, crops (including but not limited to, grain or row crops; seed crops; vegetables or fruits; hay forage or pasture; orchards or vineyards; flowers or bulbs; or field grown ornamentals) or livestock (including but not limited to, dairy or beef cattle; poultry; swine; sheep or goats; fish or other animals raised by aquaculture; other livestock or fowl) for commercial production. Producers of animals raised for recreational uses only are not considered agricultural producers.

Annual agricultural production means production of crops for food or fiber in a commercial operation that occurs on an annual basis under normal conditions.

Applicant means a person who has submitted to FSA a request to participate in the ECP.

Cost-share payment means the payment made by FSA to assist a program participant under this part to establish practices required to address qualifying damage suffered in connection with a qualifying disaster.

Deputy Administrator means the Deputy Administrator for Farm Programs, FSA, the ECP Program Manager, or designee.

Farmland means land devoted to agricultural production, including land used for aquaculture, or other land as may be determined by the Deputy Administrator.

Program year means the applicable Federal fiscal year.

§701.3 Scope.

(a) FSA will provide cost-share assistance to farmers and ranchers to rehabilitate farmland damaged by wind erosion, floods, hurricanes, or other natural disasters as determined by the Deputy Administrator, and to carry out emergency water conservation measures during periods of severe drought.

(b) The objective of the ECP is to make cost-share assistance available to eligible participants on eligible land for certain practices, to rehabilitate farmland damaged by floods, hurricanes, wind erosion, or other natural disasters, and for the installation of

Farm Service Agency, USDA

§ 701.5

water conservation measures during periods of severe drought.

(c) Payments may also be made under this part for:

(1) Emergency water conservation or water enhancement measures (including measures to assist confined livestock) during periods of severe drought; and

(2) Floodplain easements for runoff and other emergency measures that the Deputy Administrator determines is necessary to safeguard life and property from floods, drought, and the products of erosion on any watershed whenever fire, flood, or other natural occurrence is causing or has caused, a sudden impairment of the watershed.

(d) Payments under this part are subject to the availability of appropriated funds and any limitations that may otherwise be provided for by Congress.

§ 701.4 Producer eligibility.

(a) To be eligible to participate in the ECP the Deputy Administrator must determine that a person is an agricultural producer with an interest in the land affected by the natural disaster, and that person must be liable for or have paid the expense that is the subject of the cost share. The applicant must be a landowner or user in the area where the qualifying event has occurred, and must be a party who will incur the expense that is the subject of the cost share.

(b) Federal agencies and States, including all agencies and political subdivisions of a State, are ineligible to participate in the ECP.

(c) All producer eligibility is subject to the availability of funds and an application may be denied for any reason.

§ 701.5 Land eligibility.

(a) For land to be eligible, the Deputy Administrator must determine that land that is the subject of the cost share:

(1) Will have new conservation problems caused as a result of a natural disaster that, if not treated, would:

- (i) Impair or endanger the land;
- (ii) Materially affect the productive capacity of the land;
- (iii) Represent unusual damage that, except for wind erosion, is not of the

type likely to recur frequently in the same area; and

(iv) Be so costly to repair that Federal assistance is or will be required to return the land to productive agricultural use. Conservation problems existing prior to the disaster are not eligible for cost-share assistance.

(2) Be physically located in a county in which the ECP has been implemented; and

(3) Be one of the following:

(i) Land expected to have annual agricultural production,

(ii) A field windbreak or a farmstead shelterbelt on which the ECP practice to be implemented involves removing debris that interferes with normal farming operations on the farm and correcting damage caused by the disaster; or

(iii) A farm access road on which debris interfering with the normal farming operation needs to be removed.

(b) Land is ineligible for cost share if the Deputy Administrator determines that it is, as applicable:

(1) Owned or controlled by the United States;

(2) Owned or controlled by States, including State agencies or other political subdivisions of a State;

(3) Protected by a levee or dike that was not effectively and properly functioning prior to the disaster, or is protected, or intended to be protected, by a levee or dike not built to U.S. Army Corps of Engineers, NRCS, or comparable standards;

(4) Adjacent to water impoundment reservoirs that are subject to inundation when the reservoir is filled to capacity;

(5) Land on which levees or dikes are located;

(6) Subject to frequent damage or susceptible to severe damage according to paragraph (c) of this section;

(7) Subject to flowage or flood easements and inundation when water is released in normal operations;

(8) Between any levee or dike and a stream, river, or body of water, including land between two or more levees or dikes;

§§ 701.6–701.9

7 CFR Ch. VII (1–1–09 Edition)

(9) Located in an old or new channel of a stream, creek, river or other similar body of water, except that land located within or on the banks of an irrigation canal may be eligible if the Deputy Administrator determines that the canal is not a channel subject to flooding;

(10) In greenhouses or other confined areas, including but not limited to, land in corrals, milking parlors, barn lots, or feeding areas;

(11) Land on which poor farming practices, such as failure to farm on the contour, have materially contributed to damaging the land;

(12) Unless otherwise provided for, not considered to be in annual agricultural production, such as land devoted to stream banks, channels, levees, dikes, native woodland areas, roads, and recreational uses; or

(13) Devoted to trees including, but not limited to, timber production.

(c) To determine the likely frequency of damage and of the susceptibility of the land to severe damage under paragraph (b)(6) of this section, FSA will consider all relevant factors, including, but not limited to, the location of the land, the history of damage to the land, and whether the land was or could have been protected by a functioning levee or dike built to U. S. Army Corps of Engineers, NRCS, or comparable standards. Further, in making such determinations, information may be obtained and used from the Federal Emergency Management Agency or any other Federal, State (including State agencies or political subdivisions), or other entity or individual providing information regarding, for example, flood susceptibility for the land, soil surveys, aerial photographs, or flood plain data or other relevant information.

§§ 701.6–701.9 [Reserved]

§ 701.10 Qualifying minimum cost of restoration.

(a) To qualify for assistance under § 701.3(a), the eligible damage must be so costly that Federal assistance is or will be required to return the land to productive agricultural use or to provide emergency water for livestock.

(b) The Deputy Administrator shall establish the minimum qualifying cost of restoration. Each affected State may be allowed to establish a higher minimum qualifying cost of restoration.

(c) A producer may request a waiver of the qualifying minimum cost of restoration. The waiver request shall document how failure to grant the waiver will result in environmental damage or hardship to the producer and how the waiver will accomplish the goals of the program.

[69 FR 10302, Mar. 4, 2004; 69 FR 22377, Apr. 26, 2004]

§ 701.11 Prohibition on duplicate payments.

(a) *Duplicate payments.* Participants are not eligible to receive funding under the ECP for land on which the participant has or will receive funding under:

(1) The Wetland Reserve Program (WRP) provided for in 7 CFR part 1467;

(2) The Emergency Wetland Reserve Program (EWRP) provided for in 7 CFR part 623;

(3) The Emergency Watershed Protection Program (EWP), provided for in 7 CFR part 624, for the same or similar expenses.

(4) Any other program that covers the same or similar expenses so as to create duplicate payments, or, in effect, a higher rate of cost share than is allowed under this part.

(b) *Refund.* Participants who receive any duplicate funds, payments, or benefits shall refund any ECP payments received.

[69 FR 10302, Mar. 4, 2004, as amended at 71 FR 30265, May 26, 2006]

§ 701.12 Eligible ECP practices.

(a) Cost-share assistance may be offered for ECP practices to replace or restore farmland, fences, or conservation structures to a condition similar to that existing before the natural disaster. No relief under this part shall be allowed to address conservation problems existing before the disaster.

(b) The practice or practices made available when the ECP is implemented shall be only those practices authorized by FSA for which cost-share

Farm Service Agency, USDA

§ 701.21

assistance is essential to permit accomplishment of the program goals.

(c) Cost-share assistance may be provided for permanent vegetative cover, including establishment of the cover where needed, only in conjunction with eligible structures or installations where cover is needed to prevent erosion and/or siltation or to accomplish some other ECP purpose.

(d) Practice specifications shall represent the minimum levels of performance needed to address the ECP need.

§ 701.13 Submitting requests.

(a) Subject to the availability of funds, the Deputy Administrator shall provide for an enrollment period for submitting ECP cost-share requests.

(b) Requests may be accepted after the announced enrollment period, if such acceptance is approved by the Deputy Administrator and is in accordance with the purposes of the program.

§ 701.14 Onsite inspections.

An onsite inspection must be made before approval of any request for ECP assistance.

§ 701.15 Starting practices before cost-share request is submitted; non-entitlement to payment; payment subject to the availability of funds.

(a) Subject to paragraphs (b) and (c) of this section, costs will not be shared for practices or components of practices that are started before a request for cost share under this part is submitted with the applicable county FSA office.

(b) Costs may be shared for drought and non-drought ECP practices or components of practices that are started before a request is submitted with the county FSA office, only if:

(1) Considered and approved on a case-by-case basis in accordance with instructions of the Deputy Administrator;

(2) The disaster that is the basis of a claim for cost-share assistance created a situation that required the producer to take immediate action to prevent further losses;

(3) The Deputy Administrator determines that the request for assistance was filed within a reasonable amount

of time after the start of the enrollment period; and

(4) The practice was started no more than 60 days before the ECP designation was approved for the applicable county office.

(c) Any action taken prior to approval of a claim is taken at the producer's own risk.

(d) An application for relief may be denied for any reason.

(e) All payments under this part are subject to the availability of funds.

§ 701.16 Practice approval.

(a) Requests shall be prioritized before approval based on factors deemed appropriate by FSA, which include, but are not limited to:

(1) Type and degree of damage;

(2) Type of practices needed to address the problem;

(3) Availability of funds;

(4) Availability of technical assistance;

(5) Environmental concerns;

(6) Safety factors; or

(7) Welfare of eligible livestock.

(b) Requests for cost-share assistance may be approved if:

(1) Funds are available; and

(2) The requested practice is determined eligible.

§ 701.17 Average adjusted gross income limitation.

To be eligible for payments issued from the \$16 million provided under the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007 (Pub. [72 FR 45880, Aug. 16, 2007]

§§ 701.18-701-20 [Reserved]

§ 701.21 Filing payment application.

Cost-share assistance is conditioned upon the availability of funds and the performance of the practice in compliance with all applicable specifications and program regulations.

(a) *Completion of practice.* After completion of the approved practice, the participant must certify completion and request payment by the payment

§ 701.22

request deadline. FSA will provide the participant with a form or another manner to be used to request payment.

(b) *Proof of completion.* Participants shall submit to FSA, at the local county office, the information needed to establish the extent of the performance of approved practices and compliance with applicable program provisions.

(c) *Payment request deadline.* The time limits for submission of information shall be determined by the Deputy Administrator. The payment request deadline for each ECP practice will be provided in the agreement after the application is approved. Time limits may be extended where failure to submit required information within the applicable time limits is due to reasons beyond the control of the participant.

§ 701.22 Eligibility to file for cost-share assistance.

Any eligible participant, as defined in this part, who paid part of the cost of an approved practice may file an application for cost-share payment.

§ 701.23 Eligible costs.

(a) Cost-share assistance may be authorized for all reasonable costs incurred in the completion of the practice, up to the maximums provided in §§ 701.26 and 701.27.

(b) Eligible costs shall be limited as follows:

(1) Costs for use of personal equipment shall be limited to those incurred beyond the normal operation of the farm or ranch.

(2) Costs for personal labor shall be limited to personal labor not normally required in the operation of the farm or ranch.

(3) Costs for the use of personal equipment and labor must be less than that charged for such equipment and labor by commercial contractors regularly employed in such areas.

(4) Costs shall not exceed those needed to achieve the minimum performance necessary to resolve the problem being corrected by the practice. Any costs above those levels shall not be considered to be eligible costs for purposes of calculations made under this part.

7 CFR Ch. VII (1–1–09 Edition)

(c) Costs shall not exceed the practice specifications in § 701.12(d) for cost-share calculations.

(d) The gross amount on which the cost-share eligibility may be computed will not include any costs that were reimbursed by a third party including, but not limited to, an insurance indemnity payment.

(e) Total cost-share payments from all sources shall not exceed the total of eligible costs of the practice to the applicant.

§ 701.24 Dividing cost-share among more than one participant.

(a) For qualifying cost-share assistance under this part, the cost shall be credited to the participant who personally performed the practice or who paid to have it performed by a third party. If a payment or credit was made by one participant to another potential participant, paragraph (c) of this section shall apply.

(b) If more than one participant contributed to the performance of the practice, the cost-share assistance for the practice shall be divided among those eligible participants in the proportion they contributed to the performance of the practice. FSA may determine what proportion was contributed by each participant by considering the value of the labor, equipment, or material contributed by each participant and any other factors deemed relevant toward performance.

(c) Allowance by a participant of a credit to another participant through adjustment in rent, cash or other consideration, may be considered as a cost of a practice to the paying party only if FSA determines that such credit is directly related to the practice. An applicant who was fully reimbursed shall be considered as not having contributed to the practice performance.

§ 701.25 Practices carried out with aid from ineligible persons.

Any assistance provided by someone other than the eligible participant, including assistance from a State or Federal agency, shall be deducted from the participant's total costs incurred for

Farm Service Agency, USDA

§ 701.36

the practice for the purpose of computing ECP cost shares. If unusual conditions exist, the Deputy Administrator may waive deduction of such contributions upon a request from the State committee and demonstration of the need for such a waiver.

§ 701.26 Maximum cost-share percentage.

(a) In addition to other restrictions that may be applied by FSA, an ECP participant shall not receive more than 75 percent of the lesser of the participant's total actual cost or of the total allowable costs, as determined by this part, to perform the practice.

(b) However, notwithstanding paragraph (a) of this section, a qualified limited resource producer that participates in the ECP may receive no more than 90 percent of the participant's actual cost to perform the practice or 90 percent of the total allowable costs for the practice as determined under this part.

(c) In addition to other limitations that apply, in no case shall the ECP payment exceed 50 percent of what the Deputy Administrator has determined is the agricultural value of the affected land.

§ 701.27 Maximum ECP payments per person.

A person, as defined in part 1400 of this title, is limited to a maximum cost-share of \$200,000 per person, per disaster.

§§ 701.28–701.30 [Reserved]

§ 701.31 Maintenance and proper use of practices.

(a) Each participant receiving cost-share assistance is responsible for the required maintenance and proper use of the practice. Some practices have an established life span or minimum period of time during which they are expected to function as a conservation practice with proper maintenance. Cost-share assistance shall not be authorized for normal upkeep or maintenance of any practice.

(b) If a practice is not properly maintained for the established life span, the participant may be required to refund all or part of cost-share assistance re-

ceived. The Deputy Administrator will determine what constitutes failure to maintain a practice and the amount that must be refunded.

§ 701.32 Failure to comply with program provisions.

Costs may be shared for performance actually rendered even though the minimum requirements otherwise established for a practice have not been satisfied if a reasonable effort was made to satisfy the minimum requirements and if the practice, as performed, will adequately address the need for the practice.

§ 701.33 Death, incompetency, or disappearance.

In case of death, incompetency, or disappearance of any participant, any cost-share payment due shall be paid to the successor, as determined in accordance with part 707 of this chapter.

§ 701.34 Appeals.

Part 11 of this title and part 780 of this chapter apply to determinations made under this part.

§ 701.35 Compliance with regulatory measures.

Participants who perform practices shall be responsible for obtaining the authorities, permits, rights, easements, or other approvals necessary to the performance and maintenance of the practices according to applicable laws and regulations. The ECP participant shall be wholly responsible for any actions taken with respect to the project and shall, in addition, be responsible for returning and refunding any ECP cost shares made, where the purpose of the project cannot be accomplished because of the applicants' lack of clearances or other problems.

§ 701.36 Schemes and devices and claims avoidances.

(a) If FSA determines that a participant has taken any action designed to defeat, or has the effect of defeating, the purposes of this program, the participant shall be required to refund all or part of any of the program payments otherwise due or paid that participant or related person for that particular disaster. These actions include, but are

§ 701.37

not limited to, failure to properly maintain or deliberately destroying a practice and providing false or misleading information related to practices, costs, or arrangements between entities or individuals that would have an effect on “person” determinations made under this part.

(b) All or any part of cost-share assistance that otherwise would be due any participant may be withheld, or required to be refunded, if the participant has adopted, or participated in, any scheme or device designed to evade the maximum cost-share limitation that applies to the ECP or to evade any other requirement or provision of the program or this part.

(c) If FSA determines that a participant has employed any scheme or device to deprive any other person of cost-share assistance, or engaged in any actions to receive payments under this part that also were designed to avoid claims of the United States or its instrumentalities or agents against that party, related parties, or third parties, the participant shall refund all or part of any of those program payments paid to that participant for the project.

(d) For purposes of this section, a scheme or device can include, but is not limited to, instances of coercion, fraud, or misrepresentation regarding the claim for ECP assistance and the facts and circumstances surrounding such claim.

(e) A participant who has knowingly supplied false information or filed a false claim shall be ineligible for cost-share assistance related to the disaster for which the false information was filed, or for any period of time FSA deems appropriate. False information or a false claim includes, but is not limited to, a request for payment for a practice not carried out, a false billing, or a billing for practices that do not meet required specifications.

§ 701.37 Loss of control of the property during the practice life span.

In the event of voluntary or involuntary loss of control of the land by the ECP cost-share recipient during the practice life-span, if the person acquiring control elects not to become a successor to the ECP agreement and the

7 CFR Ch. VII (1–1–09 Edition)

practice is not maintained, each participant who received cost-share assistance for the practice may be jointly and severally liable for refunding any ECP cost-share assistance related to that practice. The practice life span, for purposes of this section, includes any maintenance period that is essential to its success.

§§ 701.38–701.40 [Reserved]

§ 701.41 Cost-share assistance not subject to claims.

Any cost-share assistance or portion thereof due any participant under this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien against any crop or property, or proceeds thereof, except liens and other claims of the United States or its instrumentalities. The regulations governing offsets and withholdings at parts 792 and 1403 of this title shall be applicable to this program and the provisions most favorable to a collection of the debt shall control.

§ 701.42 Assignments.

Participants may assign ECP cost-share assistance payments, in whole or in part, according to part 1404 of this title.

§ 701.43 Information collection requirements.

§ 701.44 Agricultural Conservation Program (ACP) contracts.

Contracts for ACP that are, or were, administered under this part or similar contracts executed in connection with the Interim Environmental Quality Incentives Program, shall, unless the Deputy Administrator determines otherwise, be administered under, and be subject to, the regulations for ACP contracts and the ACP program that were contained in the 7 CFR, parts 700 to 899, edition revised as of January 1,

Farm Service Agency, USDA

1998, and under the terms of the agreements that were entered into with participants.

§ 701.45 Forestry Incentives Program (FIP) contracts.

The regulations governing the FIP as of July 31, 2002, and contained in the 7 CFR, parts 700 to 899, edition revised as of January 1, 2002, shall continue to apply to FIP contracts in effect as of that date, except as provided in accord with a delegation of the administration of that program and such delegation and actions taken thereunder shall apply to any other FIP matters as may be at issue or in dispute.

§ 701.50 2005 hurricanes.

In addition benefits elsewhere allowed by this part, claims related to calendar year 2005 hurricane losses may be allowed to the extent provided for in §§ 701.50 through 701.57. Such claims under those sections will be limited to losses in counties that were declared disaster counties by the President or the Secretary because of 2005 hurricanes and to losses to oyster reefs. Claims under §§ 701.51 through 701.57 shall be subject to all normal ECP limitations and provisions except as explicitly provided in those sections.

(v) A farm storage facility loan made under section 4(h) of the Commodity Credit Corporation Charter Act or any other Act;

(vi) Crop Insurance under the Federal Crop Insurance Act;

(vii) A loan made or guaranteed under the Consolidated Farm and Rural Development Act or any other law administered by FSA's Farm Loan Programs.

(i) At the discretion of the court,

(ii) To the extent and for a period of time the court determines.

(c) If a person denied benefits under this section is a shareholder, beneficiary, or member of an entity or joint operation, benefits for which the entity or joint operation is eligible will be reduced, for the appropriate period, by a percentage equal to the total interest of the shareholder, beneficiary, or member.

§ 718.7 Furnishing maps.

A reasonable number, as determined by FSA, of reproductions of photographs, mosaics and maps shall be available to the owner of a farm insurance companies reinsured by the Federal Crop Insurance Corporation (FCIC), private party contractors performing their official duties on behalf of FSA, CCC, and other USDA agencies. To all others, reproductions shall be made available at the rate FSA determines will cover the cost of making such items available.

§ 718.8 Administrative county.

(a) If all land on the farm is physically located in one county, the farm shall be administratively located in such county. If there is no FSA office in the county or the county offices have been consolidated, the farm shall be administratively located in the contiguous county most convenient for the farm operator.

(b) If the land on the farm is located in more than one county, the farm shall be administratively located in either of such counties as the county committees and the farm operator agree. If no agreement can be reached, the farm shall be administratively located in the county where the principal dwelling is situated, or where the major portion of the farm is located if there is no dwelling.

§718.9

7 CFR Ch. VII (1–1–09 Edition)

§ 718.9 Signature requirements.

(a) When a program authorized by this chapter or Chapter XIV of this title requires the signature of a producer; landowner; landlord; or tenant, a husband or wife may sign all such FSA or CCC documents on behalf of the other spouse, unless such other spouse has provided written notification to FSA and CCC that such action is not authorized. The notification must be provided to FSA with respect to each farm.

(b) Except a husband or wife may not sign a document on behalf of a spouse with respect to:

(1) Program document required to be executed in accordance with part 3 of this title;

(2) Easements entered into under part 1410 of this title;

(3) Power of attorney;

(4) Such other program documents as determined by FSA or CCC.

(c) An individual; duly authorized officer of a corporation; duly authorized partner of a partnership; executor or administrator of an estate; trustee of a trust; guardian; or conservator may delegate to another the authority to act on their behalf with respect to FSA and CCC programs administered by USDA service center agencies by execution of a Power of Attorney, or such other form as approved by the Deputy Administrator. FSA and CCC may, at their discretion, allow the delegations of authority by other individuals through use of the Power of Attorney or such other form as approved by the Deputy Administrator.

(d) Notwithstanding another provision of this regulation or any other FSA or CCC regulation in this title, a parent may execute documents on behalf of a minor child unless prohibited by a statute or court order.

(e) Notwithstanding any other provision in this title, an authorized agent of the Bureau of Indian Affairs (BIA) of the United States Department of Interior may sign as agent for landowners with properties affiliated with or under the management or trust of the BIA. For collection purposes, such payments will be considered as being made to the persons who are the beneficiaries of the payment or may, alternatively, be considered as an obligation of all persons

on the farm in general. In the event of a need for a refund or other claim may be collected, among other means, by other monies due such persons or the farm.

§ 718.10 Time limitations.

Whenever the final date prescribed in any of the regulations in this title for the performance of any act falls on a Saturday, Sunday, national holiday, State holiday on which the office of the county or State Farm Service Agency committee having primary cognizance of the action required to be taken is closed, or any other day on which the cognizant office is not open for the transaction of business during normal working hours, the time for taking required action shall be extended to the close of business on the next working day. Or in case the action required to be taken may be performed by mailing, the action shall be considered to be taken within the prescribed period if the mailing is postmarked by midnight of such next working day. Where the action required to be taken is with a prescribed number of days after the mailing of notice, the day of mailing shall be excluded in computing such period of time.

§ 718.11 Disqualification due to Federal crop insurance violation.

(a) Section 515(h) of the Federal Crop Insurance Act (FCIA) provides that a person who willfully and intentionally provides false or inaccurate information to the Federal Crop Insurance Corporation (FCIC) or to an approved insurance provider with respect to a policy or plan of FCIC insurance, after notice and an opportunity for a hearing on the record, will be subject to one or more of the sanctions described in section 515(h)(3). In section 515(h)(3), the FCIA specifies that in the case of a violation committed by a producer, the producer may be disqualified for a period of up to 5 years from receiving any monetary or non-monetary benefit under a number of programs. The list includes, but is not limited to, benefits under:

(1) The FCIA.

(b) Violation determinations are made by FCIC. However, upon notice from FCIC to FSA that a producer has been found to have committed a violation to which paragraph (a) of this section applies, that person will be ineligible for payments under the programs specified in paragraph (a) of this section that are funded by FSA for the same period of time for which, as determined by FCIC, the producer will be ineligible for crop insurance benefits of the kind referred to in paragraph (a)(1) of this section. Appeals of the determination of ineligibility will be administered under the rules set by FCIC.

(c) Other sanctions may also apply.

Subpart B—Determination of Acreage and Compliance

SOURCE: 68 FR 16176, Apr. 3, 2003, unless otherwise noted.

§ 718.101 Measurements.

(a) Measurement services include, but are not limited to, measuring land and crop areas, quantities of farm-stored commodities, and appraising the yields of crops in the field when required for program administration purposes. The county committee shall provide measurement service if the producer requests such service and pays the cost, except that service shall not be provided to determine total acreage

or production of a crop when the request is made:

(1) After the established final reporting date for the applicable crop, unless a late filed report is accepted as provided in § 718.103;

(2) After the farm operator has furnished production evidence when required for program administration purposes except as provided in this subpart; or

(3) In connection with a late-filed report of acreage, unless there is evidence of the crop's existence in the field and use made of the crop, or the lack of the crop due to a disaster condition affecting the crop.

(b) The acreage requested to be measured by staking and referencing shall not exceed the effective farm allotment for marketing quota crops or acreage of a crop that is limited to a specific number of acres to meet any program requirement.

(c) When a producer requests, pays for, and receives written notice that measurement services have been furnished, the measured acreage shall be guaranteed to be correct and used for all program purposes for the current year even though an error is later discovered in the measurement thereof, if the producer has taken action with an economic significance based on the measurement service, and the entire crop required for the farm was measured. If the producer has not taken action with an economic significance based on the measurement service, the producer shall be notified in writing that an error was discovered and the nature and extent of such error. In such cases, the corrected acreage will be used for determining program compliance for the current year.

(d) When a measurement service reveals acreage in excess of the permitted acreage and the allowable tolerance as defined in this part, the producer must destroy the excess acreage and pay for FSA to verify destruction, in order to keep the measurement service guarantee.

§ 718.102 Acreage reports.

(a) In order to be eligible for benefits, participants in the programs specified in paragraphs (b)(1) through (b)(6) of

§ 718.103

7 CFR Ch. VII (1–1–09 Edition)

this section must annually submit accurate information as required by these provisions.

(b)(1) Participants in the programs governed by part 1412 of this title must report the acreage of fruits and vegetables planted for harvest on a farm enrolled in such program;

(2) Participants in the programs governed by parts 1421 and 1427 of this title must report the acreage planted to a commodity for harvest for which a marketing assistance loan or loan deficiency payment is requested;

(3) Participants in the programs governed by part 1410 of this title must report the use of land enrolled in such programs;

(4) All participants in the programs governed by part 1437 of this title must report all acreage in the county of the eligible crop in which the producer has a share;

(5) Participants in the programs governed by part 723 of this chapter and part 1464 of this title must report the acreage planted to tobacco by kind on all farms that have an effective allotment or quota greater than zero;

(6) All participants in the programs governed by parts 1412, 1421, and 1427 of this title must report the use of all cropland on the farm.

(7) All producers requesting to report acreage as prevented planted or failed must provide documentation to FSA where the farm is administered that meets the provisions of § 718.103.

(c) The reports required under paragraph (a) of this section shall be timely filed by the farm operator, farm owner, producer of the crop on the farm, or a duly authorized representative with the county committee by the final reporting date applicable to the crop as established by the county committee and State committee.

[68 FR 16176, Apr. 3, 2003, as amended at 71 FR 13741, Mar. 17, 2006]

§ 718.103 Prevented planted and failed acreage.

(a) Prevented planting is the inability to plant an eligible crop with proper equipment during the planting period as a result of an eligible cause of loss, as determined by CCC. The eligible cause of loss that prevented the planting must have:

(1) Occurred after a previous planting period for the crop;

(2) Occurred before the final planting date for the crop in the applicable crop year or, in the case of multiple plantings, the harvest date of the first planting in the applicable planting period, and

(3) Similarly affected other producers in the area, as determined by CCC.

(b) To be approved by FSA as prevented planted acreage:

(1) The acreage must have been reported within 15 calendar days after the latter of

(i) The occurrence of prevented planting, or

(ii) The end of the planting period;

(2) The acreage must have been prevented from being planted as the result of a natural disaster and not a management decision; and

(3) The prevented planted acreage report must be acted on by the COC. The COC will deny the acreage report if it is not satisfied with the documentation provided.

(c) To receive prevented planted credit for acreage:

(1) The producer must show there was the intent to plant the acreage by providing documentation of field preparation, seed purchase and any other information that shows the acreage could have been planted and harvested under normal weather conditions, and

(2) The producer must show that the amount of the prevented planted acreage credit is consistent with prior years' planting history for the farm.

(d) Eligible prevented planting acreage will be determined on the basis of the producer's intent to plant the crop acreage and possession of, or access to, resources to plant, grow, and harvest the crop, as applicable.

(e) Prevented planting acreage credit is not provided on acreage that had either a previous or subsequent crop planted on the acreage, unless the COC determines that all of the following conditions are met:

(1) There is an established practice of planting two or more crops for harvest on the same acreage in the same crop year;

(2) Both crops could have reached maturity if each planting was harvested or would have been harvested;

(3) Both the initial and subsequent planted crops were planted or prevented-planted within the normal planting period for that crop; and

(4) Both the initial and subsequent planted crops meet all other eligibility provisions of this part including good farming practices.

(f) Prevented planted acreage credit will not be given to crops where the prevented-planted acreage was affected by drought, unless:

(1) On the final planting date for non-irrigated acreage, the area that is prevented from being planted has insufficient soil moisture for germination of seed and progress toward crop maturity because of a prolonged period of dry weather, as determined by CCC; and

(2) Prolonged precipitation deficiencies exceeded the D2 level as determined using the U.S. Drought Monitor; and

(3) Verifiable information is collected from sources whose business or purpose it is to record weather conditions, as determined by CCC, and including but not limited to the local weather reporting stations of the U.S. National Weather Service.

(g) Prevented planted acreage credit under this part shall apply to irrigated crops where the acreage was prevented from being planted due to a lack of water resulting from drought conditions or contamination by saltwater intrusion of an irrigation supply resulting from drought conditions if there was not a reasonable probability of having adequate water to carry out an irrigation practice.

(h) Acreage ineligible for prevented planting coverage includes, but is not limited to acreage:

(1) Which planting history or conservation plans indicate would remain fallow for crop rotation purposes;

(2) Used for conservation purposes or intended to be or considered to have been left unplanted under any program administered by USDA, including the Conservation Reserve and Wetland Reserve Programs; and

(3) Not planted because of a management decision.

(i) Failed acreage is acreage that was planted with the proper equipment during the planting period but failed as a

result of an eligible cause of loss, as determined by CCC.

(j) To be approved by CCC as failed acreage the acreage must have been reported as failed acreage before disposition of the crop, and the acreage must have been planted under normal conditions but failed as the result of a natural disaster and not a management decision. Producers who file a failed acreage report must have the request acted on by the COC. The COC will deny the acreage report if it is not satisfied with the documentation provided.

(k) To receive failed acreage credit the producer must show all of the following:

(1) That the acreage was planted under normal conditions using the proper equipment with the intent to harvest the acreage.

(2) Provide documentation that the crop was planted using farming practices consistent for the crop and area, but could not be brought to harvest because of disaster-related conditions.

(1) The eligible cause for failed acreage must have:

(1) Occurred after the crop was planted, and

(2) Before the normal harvest date for the crop in the applicable crop year or in the case of multiple plantings, the harvest date of the first planting in the applicable planting period, and

(3) Other producers in the area were similarly affected as determined by CCC.

(m) Eligible failed acreage will be determined on the basis of the producer planting the crop under normal conditions with the expectation to take the crop to harvest.

(n) Acreage ineligible for failed acreage credit includes, but is not limited to acreage:

(1) Which was planted using methods that could not be considered normal for the area and without the expectation of harvest;

(2) Used for conservation purposes or intended to be or considered to have been un-harvested under any program administered by USDA, including the Conservation Reserve and Wetland Reserve Programs; and

§ 718.104

(3) That failed because of a management decision.

[71 FR 13741, Mar. 17, 2006]

§ 718.104 Late-filed and revised acreage reports.

(a) Late-filed acreage reports may be accepted after the final reporting date, and be considered timely filed, if both of the following apply:

(1) The crop or identifiable crop residue is in the field, and

(2) The acreage has not already been determined by FSA.

(b) The farm operator filing a report late shall pay the cost of a farm inspection unless FSA determines that failure to report in a timely manner was beyond the producer's control.

(c) Revised acreage reports may be filed with respect to 2005 and subsequent years to change the acreage reported if:

(1) The acreage has not already been determined by FSA; and

(2) Actual crop or residue is present in the field.

(d) Revised reports shall be filed and accepted:

(1) At any time for all crops if the crop or residue still exists in the field for inspection to verify the existence and use made of the crop, the lack of the crop, or a disaster condition affecting the crop; and

(2) If the producer was in compliance with all other program requirements at the reporting date.

[71 FR 13742, Mar. 17, 2006]

§ 718.105 Tolerances, variances, and adjustments.

(a) Tolerance is the amount by which the determined acreage for a crop may differ from the reported acreage or allotment for the crop and still be considered in compliance with program requirements under §§ 718.102(b)(1), (b)(3) and (b)(5).

(b) Tolerance rules apply to those fields for which a staking and referencing was performed but such acreage was not planted according to those measurements or when a measurement service is not requested for acreage destroyed to meet program requirements.

(c) Tolerance rules do not apply to:

7 CFR Ch. VII (1–1–09 Edition)

(1) Program requirements of §§ 718.102(b)(2), (b)(4) and (b)(6);

(2) Official fields when the entire field is devoted to one crop;

(3) Those fields for which staking and referencing was performed and such acreage was planted according to those measurements; or

(4) The adjusted acreage for farms using measurement after planting which have a determined acreage greater than the marketing quota crop allotment.

(d) An administrative variance is applicable to all allotment crop acreages. Allotment crop acreages as determined in accordance with this part shall be deemed in compliance with the effective farm allotment or program requirement when the determined acreage does not exceed the effective farm allotment by more than an administrative variance determined as follows:

(1) For all kinds of tobacco subject to marketing quotas, except dark air-cured and fire-cured the larger of 0.1 acre or 2 percent of the allotment; and

(2) For dark air-cured and fire-cured tobacco, an acreage based on the effective acreage allotment as provided in the table as follows:

Effective acreage allotment is within this range	Administrative variance
0.01 to 0.99	0.01
1.00 to 1.49	0.02
1.50 to 1.99	0.03
2.00 to 2.49	0.04
2.50 to 2.99	0.05
3.00 to 3.49	0.06
3.50 to 3.99	0.07
4.00 to 4.49	0.08
4.50 and up	0.09

(e) A tolerance applies to tobacco, other than flue-cured or burley, if the measured acreage exceeds the allotment by more than the administrative variance but by not more than the tolerance. Such excess acreage of tobacco may be adjusted to the effective farm acreage allotment to avoid marketing quota penalties or receive price support.

(f) If the acreage report for a crop is outside the tolerance for that crop:

(1) FSA may consider the requirements of §§ 718.102 (b)(1), (b)(3) and (b)(5) not to have been met, and;

(2) Participants may be ineligible for all or a portion of payments or benefits

Farm Service Agency, USDA

§ 718.109

subject to the requirements of §§ 718.102 (b)(1), (b)(3) and (b)(5).

§ 718.106 Non-compliance and fraudulent acreage reports.

Participants that knowingly and willfully provide false or inaccurate acreage reports may be ineligible for some or all payments or benefits subject to the requirements of §§ 718.102 (b)(1), (b)(3) and (b)(5):

(a) The county committee determines that the acreage report filed according to §§ 718.102 (b)(1), (b)(3) and (b)(5) is inaccurate, and;

(b) A good-faith effort to accurately report the acreage was not made because the report was knowingly and willfully falsified.

§ 718.107 Acreages.

(a) If an acreage has been established by FSA for an area delineated on an aerial photograph or within a GIS, such acreage will be recognized by the county committee as the acreage for the area until such time as the boundaries of such area are changed. When boundaries not visible on the aerial photograph are established from data furnished by the producer, such acreage shall not be recognized as official acreage until an authorized representative of FSA verifies the boundaries.

(b) Measurements of any row crop shall extend beyond the planted area by the larger of 15 inches or one-half the distance between the rows.

(c) The entire acreage of a field or subdivision of a field devoted to a crop shall be considered as devoted to the crop subject to a deduction or adjustment except as otherwise provided in this part.

§ 718.108 Measuring acreage including skip row acreage.

(a) When one crop is alternating with another crop, whether or not both crops have the same growing season, only the acreage that is actually planted to the crop being measured will be considered to be acreage devoted to the measured crop.

(b) Subject to the provisions of this paragraph and section, whether planted in a skip row pattern or without a pattern of skipped rows, the entire acreage of the field or subdivision may be con-

sidered as devoted to the crop only where the distance between the rows, for all rows, is 40 inches or less. If there is a skip that creates idle land wider than 40 inches, or if the distance between any rows is more than 40 inches, then the area planted to the crop shall be considered to be that area which would represent the smaller of: a 40 inch width between rows, or the normal row spacing in the field for all other rows in the field—those that are not more than 40 inches apart. The allowance for individual rows would be made based on the smaller of actual spacing between those rows or the normal spacing in the field. For example, if the crop is planted in single, wide rows that are 48 inches apart, only 20 inches to either side of each row (for a total of 40 inches between the two rows) could, at a maximum, be considered as devoted as the crop and normal spacing in the field would control. Half the normal distance between rows will also be allowed beyond the outside planted rows not to exceed 20 inches and will reflect normal spacing in the field.

(c) In making calculations under this section, further reductions may be made in the acreage considered planted if it is determined that the acreage is more sparsely planted than normal using reasonable and customary full production planting techniques.

(d) The Deputy Administrator has the discretionary authority to allow row allowances other than those specified in this section in those instances in which crops are normally planted with spacings greater or less than 40 inches, such as in case of tobacco, or where other circumstances are present which the Deputy Administrator finds justifies that allowance.

(e) Paragraphs (a) through (d) of this section shall apply with respect to the 2003 and subsequent crops. For preceding crops, the rules in effect on January 1, 2002, shall apply.

§ 718.109 Deductions.

(a) Any contiguous area which is not devoted to the crop being measured and which is not part of a skip-row pattern under § 718.108 shall be deducted from the acreage of the crop if such area

§718.110

meets the following minimum national standards or requirements:

- (1) A minimum width of 30 inches;
 - (2) For tobacco—three-hundredths (.03) acre. Turn areas, terraces, permanent irrigation and drainage ditches, sod waterways, non-cropland, and subdivision boundaries each of which is at least 30 inches in width may be combined to meet the 0.03-acre minimum requirement; or
 - (3) For all other crops and land uses—one-tenth (.10) acre. Turn areas, terraces, permanent irrigation and drainage ditches, sod waterways, non-cropland, and subdivision boundaries each of which is at least 30 inches in width and each of which contain 0.1 acre or more may be combined to meet any larger minimum prescribed for a State in accordance with this subpart.
- (b) If the area not devoted to the crop is located within the planted area, the part of any perimeter area that is more than 217.8 feet (33 links) in width will be considered to be an internal deduction if the standard deduction is used.
- (c) A standard deduction of 3 percent of the area devoted to a row crop and zero percent of the area devoted to a close-sown crop may be used in lieu of measuring the acreage of turn areas.

§718.110 Adjustments.

(a) The farm operator or other interested producer having excess tobacco acreage (other than flue-cured or burley) may adjust an acreage of the crop in order to avoid a marketing quota penalty if such person:

- (1) Notifies the county committee of such election within 15 calendar days after the date of mailing of notice of excess acreage by the county committee; and
 - (2) Pays the cost of a farm inspection to determine the adjusted acreage prior to the date the farm visit is made.
- (b) The farm operator may adjust an acreage of tobacco (except flue-cured and burley) by disposing of such excess tobacco prior to the marketing of any of the same kind of tobacco from the farm. The disposition shall be witnessed by a representative of FSA and may take place before, during, or after the harvesting of the same kind of tobacco grown on the farm. However, no credit will be allowed toward the dis-

7 CFR Ch. VII (1-1-09 Edition)

position of excess acreage after the tobacco is harvested but prior to marketing, unless the county committee determines that such tobacco is representative of the entire crop from the farm of the kind of tobacco involved.

§718.111 Notice of measured acreage.

Notice of measured acreage shall be provided by FSA and mailed to the farm operator. This notice shall constitute notice to all parties who have ownership, leasehold interest, or other, in such farm.

§718.112 Redetermination.

(a) A redetermination of crop acreage, appraised yield, or farm-stored production for a farm may be initiated by the county committee, State committee, or Deputy Administrator at any time. Redetermination may be requested by a producer with an interest in the farm if they pay the cost of the redetermination. The request must be submitted to FSA within 15 calendar days after the date of the notice described in §§718.110 or 718.111, or within 5 calendar days after the initial appraisal of the yield of a crop, or before the farm-stored production is removed from storage. A redetermination shall be undertaken in the manner prescribed by the Deputy Administrator. A redetermination shall be used in lieu of any prior determination.

(b) The county committee shall refund the payment of the cost for a redetermination when, because of an error in the initial determination:

(1) The appraised yield is changed by at least the larger of:

- (i) Five percent or 5 pounds for cotton;
- (ii) Five percent or 1 bushel for wheat, barley, oats, and rye; or
- (iii) Five percent or 2 bushels for corn and grain sorghum; or

(2) The farm stored production is changed by at least the smaller of 3 percent or 600 bushels; or

(3) The acreage of the crop is:

- (i) Changed by at least the larger of 3 percent or 0.5 acre; or
- (ii) Considered to be within program requirements.

Subpart C—Reconstitution of Farms, Allotments, Quotas, and Bases

SOURCE: 68 FR 16178, Apr. 3, 2003, unless otherwise noted.

§718.201 Farm constitution.

(a) In order to implement agency programs and monitor farmer compliance with regulations, the agency must have records on what land is being farmed by a particular producer. This is accomplished by a determination of what land or groups of land 'constitute' an individual unit or farm. Land, which has been properly constituted under prior regulations, shall remain so constituted until a reconstitution is required under paragraph (c) of this section. The constitution and identification of land as a farm for the first time and the subsequent reconstitution of a farm made hereafter, shall include all land operated by an individual entity or joint operation as a single farming unit except that it shall not include:

(1) Land under separate ownership unless the owners agree in writing and the labor, equipment, accounting system, and management are operated in common by the operator but separate from other tracts;

(2) Land under a lease agreement of less than 1 year duration;

(3) Land in different counties when the tobacco allotments or quotas established for the land involved cannot be transferred from one county to another county by lease, sale, or owner. However, this paragraph shall not apply if:

(i) All of the land is contiguous;

(ii) The land is located in counties that are contiguous in the same State if:

(A) A burley or flue-cured tobacco quota is established for one or more of the tracts; and

(B) The county committee determines that the tracts will be operated as a single farming unit as set forth in §718.202; or

(iii) Because of a change in operation, tracts or parts of tracts will be divided from the parent farm that currently has land in more than one county, and there is no change in operation and ownership of the remainder of the

farm, or if there is a change in ownership, the new owner agrees in writing to the constitution of the farm.

(4) Federally-owned land;

(5) State-owned wildlife lands unless the former owner has possession of the land under a leasing agreement; and

(6) Land constituting a farm which is declared ineligible to be enrolled in a program under the regulations governing the program; and

(7) For acreage base crops, land located in counties that are not contiguous. However, this paragraph shall not apply if:

(i) Counties are divided by a river;

(ii) Counties do not touch because of a correction line adjustment; or

(iii) The land is within 20 miles, by road, of other land that will be a part of the farming unit.

(b)(1) If all land on the farm is physically located in one county, the farm shall be administratively located in such county. If there is no FSA office in the county or the county offices have been consolidated, the farm shall be administratively located in the contiguous county most convenient for the farm operator.

(2) If the land on the farm is located in more than one county, the farm shall be administratively located in either of such counties as the county committees and the farm operator agree. If no agreement can be reached, the farm shall be administratively located in the county where the principal dwelling is situated, or where the major portion of the farm is located if there is no dwelling.

(c) A reconstitution of a farm either by division or by combination shall be required whenever:

(1) A change has occurred in the operation of the land after the last constitution or reconstitution and as a result of such change the farm does not meet the conditions for constitution of a farm as set forth in paragraph (a) of this section except that no reconstitution shall be made if the county committee determines that the primary purpose of the change in operation is to establish eligibility to transfer allotments subject to sale or lease, or increase amount of program benefits received;

§ 718.202

(2) The farm was not properly constituted the previous time;

(3) An owner requests in writing that the land no longer be included in a farm composed of tracts under separate ownership;

(4) The county committee determines that the farm was reconstituted on the basis of false information;

(5) The county committee determines that tracts included in a farm are not being operated as a single farming unit.

(d) Reconstitution shall not be approved if the county committee determines that the primary purpose of the reconstitution is to:

(1) Circumvent the provisions of part 12 of this title; or

(2) Circumvent any other chapter of this title.

§ 718.202 Determining the land constituting a farm.

(a) In determining the constitution of a farm, consideration shall be given to provisions such as ownership and operation. For purposes of this part, the following rules shall be applicable to determining what land is to be included in a farm.

(b) A minor shall be considered to be the same owner or operator as the parent, court-appointed guardian, or other person responsible for the minor child, unless the parent or guardian has no interest in the minor's farm or production from the farm, and the minor:

(1) Is a producer on a farm;

(2) Maintains a separate household from the parent or guardian;

(3) Personally carries out the farming activities; and

(4) Maintains a separate accounting for the farming operation.

(c) A minor shall not be considered to be the same owner or operator as the parent or court-appointed guardian if the minor's interest in the farming operation results from being the beneficiary of an irrevocable trust and ownership of the property is vested in the trust or the minor.

(d) A life estate tenant shall be considered to be the owner of the property for their life.

(e) A trust shall be considered to be an owner with the beneficiary of the trust; except a trust can be considered

7 CFR Ch. VII (1-1-09 Edition)

a separate owner or operator from the beneficiary, if the trust:

(1) Has a separate and distinct interest in the land or crop involved;

(2) Exercises separate responsibility for the separate and distinct interest; and

(3) Maintains funds and accounts separate from that of any other individual or entity for the interest.

(f) The county committee shall require specific proof of ownership.

(g) Land owned by different persons of an immediate family living in the same household and operated as a single farming unit shall be considered as being under the same ownership in determining a farm.

(h) All land operated as a single unit and owned and operated by a parent corporation and subsidiary corporations of which the parent corporation owns more than 50 percent of the value of the outstanding stock, or where the parent is owned and operated by subsidiary corporations, shall be constituted as one farm.

§ 718.203 County committee action to reconstitute a farm.

Action to reconstitute a farm may be initiated by the county committee, the farm owner, or the operator with the concurrence of the owner of the farm. Any request for a farm reconstitution shall be filed with the county committee.

§ 718.204 Reconstitution of allotments, quotas, and bases.

(a) Farms shall be reconstituted in accordance with this subpart when it is determined that the land areas are not properly constituted and, to the extent practicable, shall be based on the facts and conditions existing at the time the change requiring the reconstitution occurred.

(b) Reconstitutions of farms subject to a direct and counter-cyclical program contract in accordance with part 1413 of this title will be effective for the current year if initiated on or before August 1 or prior to the issuance of DCP payments for the farm or farms being reconstituted.

(c) For tobacco farms, a reconstitution will be effective for the current

year for each crop for which the reconstitution is initiated before the planting of such crop begins or would have begun.

(d) Notwithstanding the provisions of paragraph (c) of this section, a reconstitution may be effective for the current year if the county committee determines, and the State committee concurs, that the purpose of the request for reconstitution is not to perpetrate a scheme or device designed to evade the requirements governing programs found in this title.

§ 718.205 Substantive change in farming operation, and changes in related legal entities.

(a) Land that is properly constituted as a farm shall not be reconstituted if:

(1) The reconstitution request is based upon the formation of a newly established legal entity which owns or operates the farm or any part of the farm and the county committee determines there is not a substantive change in the farming operation;

(2) The county committee determines that the primary purpose of the request for reconstitution is to:

(i) Obtain additional benefits under one or more commodity programs;

(ii) Avoid damages or penalties under a contract or statute;

(iii) Correct an erroneous acreage report; or

(iv) Circumvent any other program provisions. In addition, no farm shall remain as constituted when the county committee determines that a substantive change in the farming operation has occurred which would require a reconstitution, except as otherwise approved by the State committee with the concurrence of the Deputy Administrator.

(b) In determining whether a substantive change has occurred with respect to a farming operation, the county committee shall consider factors such as the composition of the legal entities having an interest in the farming operation with respect to management, financing, and accounting. The county committee shall also consider the use of land, labor, and equipment available to the farming operations and any other relevant factors that bear on the determination.

(c) Unless otherwise approved by the State committee with the concurrence of the Deputy Administrator, when the county committee determines that a corporation, trust, or other legal entity is formed primarily for the purpose of obtaining additional benefits under the commodity programs of this title, the farm shall remain as constituted, or shall be reconstituted, as applicable, when the farm is owned or operated by:

(1) A corporation having more than 50 percent of the stock owned by members of the same family living in the same household;

(2) Corporations having more than 50 percent of the stock owned by stockholders common to more than one corporation; or

(3) Trusts in which the beneficiaries and trustees are family members living in the same household.

(d) Application of the provisions of paragraph (c) of this section shall not limit or affect the application of paragraphs (a) and (b) of this section.

§ 718.206 Determining farms, tracts, allotments, quotas, and bases when reconstitution is made by division.

(a) The methods for dividing farms, tracts, allotments, quotas, and bases in order of precedence, when applicable, are estate, designation by landowner, contribution, cropland, DCP cropland, default, and history. The proper method shall be determined on a crop by crop basis.

(b)(1) The estate method is the pro-rata distribution of allotments, quotas, and bases for a parent farm among the heirs in settling an estate. If the estate sells a tract of land before the farm is divided among the heirs, the allotments, quotas, and bases for that tract shall be determined according to paragraphs (c) through (h) of this section.

(2) Allotments, quotas, and bases shall be divided in accordance with a will, but only if the county committee determines that the terms of the will are such that a division can reasonably be made by the estate method.

(3) If there is no will or the county committee determines that the terms of a will are not clear as to the division of allotments, quotas, and bases, such allotments, quotas, and bases shall be apportioned in the manner agreed to in

writing by all interested heirs or devisees who acquire an interest in the property for which such allotments, quotas, and bases have been established. An agreement by the administrator or executor shall not be accepted in lieu of an agreement by the heirs or devisees.

(4) If allotments, quotas, and bases are not apportioned in accordance with the provisions of paragraphs (b)(2) or (b)(3) of this section, the allotments, quotas, and bases shall be divided pursuant to paragraphs (d) through (h) of this section, as applicable.

(c)(1) If the ownership of a tract of land is transferred from a parent farm, the transferring owner may request that the county committee divide the allotments, quotas, and bases, including historical acreage that has been double cropped, between the parent farm and the transferred tract, or between the various tracts if the entire farm is sold to two or more purchasers, in a manner designated by the owner of the parent farm subject to the conditions set forth in paragraph (c)(3) of this section.

(2) If the county committee determines that allotments, quotas, and bases cannot be divided in the manner designated by the owner because of the conditions set forth in paragraph (c)(3) of this section, the owner shall be notified and permitted to revise the designation so as to meet the conditions in paragraph (c)(3) of this section. If the owner does not furnish a revised designation of allotments, quotas, and bases within a reasonable time after such notification, or if the revised designation does not meet the conditions of paragraph (c)(3) of this section, the county committee will divide the allotments, quotas, and bases in a pro-rata manner in accordance with paragraphs (d) through (h) of this section.

(3) A landowner may designate a manner in which allotments, quotas, and bases are divided according to this paragraph.

(i) The transferring owner and transferee shall file a signed written memorandum of understanding of the designation with the county committee before any CCC or FSA prescribed form, letter or contract providing an allotment, base or quota is issued and

before a subsequent transfer of ownership of the land. The landowner shall designate the allotments, quotas, and bases that shall be permanently reduced when the sum of the allotments, quotas, and bases exceeds the cropland for the farm.

(ii) Where the part of the farm from which the ownership is being transferred was owned for a period of less than 3 years, the designation by landowner method shall not be available with respect to the transfer unless the county committee determines that the primary purpose of the ownership transfer was other than to retain or to sell allotments, quotas, or bases. In the absence of such a determination, and if the farm contains land which has been owned for less than 3 years, that part of the farm which has been owned for less than 3 years shall be considered as a separate farm and the allotments, quotas, or bases, shall be assigned to that part in accordance with paragraphs (d) through (h) of this section. Such apportionment shall be made prior to any designation of allotments, quotas, and bases with respect to the part that has been owned for 3 years or more.

(4) The designation by landowner method is not applicable to crop allotments or quotas which are restricted to transfer within the county by lease, sale, or by owner, when the land on which the farm is located is in two or more counties.

(5) The designation by landowner method may be applied at the owner's request to land owned by any Indian Tribal Council which is leased to two or more producers for the production of any crop of a commodity for which an allotment, quota, or base has been established. If the land is leased to two or more producers, an Indian Tribal Council may request that the county committee divide the allotments, quotas, and bases between the applicable tracts in the manner designated by the Council. The use of this method shall not be subject to the conditions of paragraph (c)(3) of this section.

(d)(1) The contribution method is the pro-rata distribution of a parent farm's allotments and quotas to each tract as the tract contributed to the allotments and quotas at the time of combination

and may be used when the provisions of paragraphs (b) and (c) of this section do not apply.

(2) The county committee determines and the State committee or a representative thereof concurs, that the use of the contribution method would not result in an equitable distribution of allotments and quotas, considering available land, cultural operations, and changes in type of farming.

(e) The cropland method is the pro-rata distribution of allotments and quotas to separate tracts proportionately to the tract's contribution to the cropland for the parent tract. This method shall be used if paragraphs (b) through (d) of this section do not apply unless the county committee determines that division by the history method would result in more representative allotments and quotas than the cropland method, taking into consideration the operation normally carried out on each tract for the commodities produced on the farm.

(f)(1) The history method is the pro-rata distribution of allotments and quotas to separate tracts on the basis of the operation normally carried out on each tract of the parent farm. The county committee may use the history method of dividing allotments and quotas when it:

(i) Determines that this method would result in a more accurate pro-rata distribution of allotments and quotas based on actual contribution of the tract to the totals of the parent farm than the cropland method would; and

(ii) Obtains written consent of all owners to use the history method.

(2) The county committee may waive the requirement for written consent of the owners for dividing allotments and quotas if the county committee determines that the use of the cropland method would result in an inequitable division of the parent farm's allotments and quotas and the use of the history method would provide more favorable results for all owners.

(g) The DCP cropland method is the pro-rata distribution of bases to the resulting tracts in the same proportion to the DCP cropland that each resulting tract bears to the DCP cropland for the parent tract. This method of divi-

sion shall be used if paragraphs (b) and (c) of this section do not apply.

(h) The default method is the separation of tracts from a farm with each tract maintaining the bases attributed to the tract when the reconstitution is initiated.

(i)(1) Allotments, quotas, and bases apportioned among the resulting farms pursuant to paragraphs (d) through (h) of this section may be increased or decreased with respect to a farm by as much as 10 percent of the parent farm's allotment, quota, or base determined under such subsections for the parent farm if:

(i) The owners agree in writing; and

(ii) The county committee determines the method used did not provide an equitable distribution considering available land, cultural operations, and changes in the type of farming conducted on the farm. Any increase in an allotment, quota, or base with respect to a tract pursuant to this paragraph shall be offset by a corresponding decrease for such allotments, quotas or bases established with respect to the other tracts which constitute the farm.

(2) Farm program payment yields calculated for the resulting farms of a division may be increased or decreased if the county committee determines the method used did not provide an equitable distribution considering available land, cultural operations, and changes in the type of farming conducted on the farm. Any increase in a farm program payment yield on a resulting farm shall be offset by a corresponding decrease on another resulting farm of the division.

(j) If a farm with burley tobacco quota is divided through reconstitution and one or more of the farms resulting from the division are apportioned less than 1,000 pounds of burley tobacco quota, the owners of such farms shall take action as provided in part 723 of this chapter to comply with the 1,000 pound minimum by July 1 of the current year or the quota shall be dropped. Exceptions to this are farms divided:

(1) Among family members;

(2) By the estate method; and

(3) When no sale or change in ownership of land occurs; or

(4) With one resulting farm receiving all of the quota.

§ 718.207

§ 718.207 Determining allotments, quotas, and bases when reconstitution is made by combination.

When two or more farms or tracts are combined for a year, that year's allotments, quotas, and bases, with respect to the combined farm or tract, as required by applicable commodity regulations, shall not be greater than the sum of the allotments, quotas, and bases for each of the farms or tracts comprising the combination, subject to the provisions of § 718.204.

Subpart D—Equitable Relief From Ineligibility

SOURCE: 67 FR 66307, Oct. 31, 2002, unless otherwise noted.

§ 718.301 Applicability.

(a) This subpart is applicable to programs administered by the Farm Service Agency under chapters VII and XIV of this title, except for an agricultural credit program carried out under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 *et seq.*). Administration of this subpart shall be under the supervision of the Deputy Administrator, except that such authority shall not limit the exercise of authority allowed State Executive Directors of the Farm Service agency as provided for in § 718.307.

(b) Sections 718.303, 718.304, and 718.307 do not apply where the action for which relief is requested occurred before May 13, 2002. In such cases, authority that was effective prior to May 13, 2002, may be applied.

(c) Section 718.306 does not apply to a function performed under either section 376 of the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 *et seq.*), or a conservation program administered by the Natural Resources Conservation Service of the United States Department of Agriculture.

§ 718.302 Definitions and abbreviations.

In addition to the definitions provided in § 718.2 of this part, the following terms apply to this subpart:

Agricultural commodity means any agricultural commodity, food, feed, fiber,

7 CFR Ch. VII (1–1–09 Edition)

or livestock that is subject to a covered program.

Covered program means a program specified in § 718.301 of this subpart.

FSA means the Farm Service Agency of the United States Department of Agriculture.

OGC means the Office of the General Counsel of the United States Department of Agriculture.

SED means, for activities within a particular state, the State Executive Director of the United States Department of Agriculture, FSA, for that state.

§ 718.303 Reliance on incorrect actions or information.

(a) Notwithstanding any other law, action or inaction by a participant in a covered program that is to the detriment of the participant, and that is based upon good faith reliance on the action or advice of an authorized representative of a County or State FSA Committee, may be approved by the Administrator, FSA or the Executive Vice President, CCC, as applicable, or their designee, as meeting the requirements of the program, and benefits may be extended or payments made in accordance with § 718.305.

(b) This section applies only to a participant who relied upon the action of, or information provided by, a county or State FSA committee or an authorized representative of such committee and the participant acted, or failed to act, as a result of the Agency action or information. This part does not apply to cases where the participant had sufficient reason to know that the action or information upon which they relied was improper or erroneous or where the participant acted in reliance on their own misunderstanding or misinterpretation of program provisions, notices or information.

§ 718.304 Failure to fully comply.

(a) Under a covered program, when the failure of a participant to fully comply with the terms and conditions of a program authorized by this chapter precludes the providing of payments or benefits, relief may be authorized in accordance with § 718.305 if

Farm Service Agency, USDA

§ 718.307

the participant made a good faith effort to comply fully with the requirements of the covered program.

(b) This section only applies to participants who are determined by the FSA approval official to have made a good faith effort to comply fully with the terms and conditions of the program and rendered substantial performance.

§ 718.305 Forms of relief.

(a) The Administrator of FSA, Executive Vice President of CCC, or their designee, may authorize a participant in a covered program to:

(1) Retain loans, payments, or other benefits received under the covered program;

(2) Continue to receive loans, payments, and other benefits under the covered program;

(3) Continue to participate, in whole or in part, under any contract executed under the covered program;

(4) In the case of a conservation program, re-enroll all or part of the land covered by the program; and

(5) Receive such other equitable relief as determined to be appropriate.

(b) As a condition of receiving relief under this subpart, the participant may be required to remedy their failure to meet the program requirement, or mitigate its affects.

§ 718.306 Finality.

(a) A determination by a State or county FSA committee made on or after October 13, 1994, becomes final and binding 90 days from the date the application for benefits has been filed, and supporting documentation required to be supplied by the producer as a condition for eligibility for the particular program has been filed, unless one of the following conditions exist:

(1) The participant has requested an administrative review of the determination in accordance with part 780 of this chapter;

(2) The determination was based on misrepresentation, false statement, fraud, or willful misconduct by or on behalf of the participant;

(3) The determination was modified by the Administrator, FSA, or in the case of CCC programs conducted under

Chapter XIV of this title, the Executive Vice President, CCC; or

(4) The participant had reason to know that the determination was erroneous.

(b) Should an erroneous determination become final under the provisions of this section, it shall only be effective through the year in which the error was found and communicated to the participant.

§ 718.307 Special relief approval authority for State Executive Directors.

(a) *General nature of the special authority.* Notwithstanding provisions in this subpart providing supervision and relief authority to other officials, an SED without further review by other officials (other than the Secretary) may grant relief to a participant under the provisions of §§ 718.303 and 718.304 as if the SED were the final arbiter within the agency of such matters so long as:

(1) The program matter with respect to which the relief is sought is a program matter in a covered program which is operated within the State under the control of the SED;

(2) The total amount of relief which will be provided to the person (that is, to the individual or entity that applies for the relief) by that SED under this special authority for errors during that year is less than \$20,000 (including in that calculation, any loan amount or other benefit of any kind payable for that year and any other year);

(3) The total amount of such relief which has been previously provided to the participant using this special authority for errors in that year, as calculated above, is not more than \$5,000;

(4) The total amount of loans, payments, and benefits of any kind for which relief is provided to similarly situated participants by the SED (or the SED's predecessor) for errors for any year under the authority provided in this section, as calculated above, is not more than \$1,000,000.

(b) *Report of the exercise of the power.* A grant of relief shall be considered to be under this section and subject to the special finality provided in this section only if the SED grants the relief in writing when granting the relief to the party who will receive the benefit of

§ 718.307

7 CFR Ch. VII (1–1–09 Edition)

such relief and only if, in that document, the SED declares that they are exercising that power. The SED must report the exercise of that power to the Deputy Administrator so that a full accounting may be made in keeping with the limitations of this section. Absent such a report, relief will not be considered to have been made under this section.

(c) *Additional limits on the authority.* The authority provided under this section does not extend to:

(1) The administration of payment limitations under part 1400 of this chapter (§§ 1001 to 1001F of 7 U.S.C. 1308 *et seq.*);

(2) The administration of payment limitations under a conservation program administered by the Secretary; or

(3) Highly erodible land and wetland conservation requirements under subtitles B or C of Title XII of the Food Security Act of 1985 (16 U.S.C. 3811 *et seq.*) as administered under 7 CFR part 12.

(d) Relief may not be provided by the SED under this section until a written opinion or written acknowledgment is obtained from OGC that grounds exist for determination that the program participant has, in good faith, detrimentally relied on the guidance or actions of an authorized FSA representative in accordance with the provisions of this subpart, or that the producer otherwise failed, in good faith, to fully comply with the requirements of the program and that the granting of the relief is within the lawful authority of the SED.

(e) *Relation to other authorities.* The authority provided under this section is in addition to any other applicable authority that may allow relief. Generally, the SED may, without consultation other than with OGC, decide all matters under \$20,000 but those decisions shall not be subject to modification within the Farm Service Agency to the extent provided for under the rules of this section.

PAYMENTS TO DAIRY FARMERS FOR MILK

§ 760.3 Indemnity payments on milk.

An indemnity payment for milk may be made to an affected farmer who is determined by the county committee to be in compliance with all the terms and conditions of this subpart in the amount of the fair market value of his normal marketings for the application period, as determined in accordance with §§ 760.4 and 760.5, less (a) any amount he received for whole milk marketed during the applications period, and (b) any payment not subject to refund which he received from a milk handler with respect to whole milk removed from the commercial market during the application period.

[43 FR 10535, Mar. 14, 1978, as amended at 47 FR 24689, June 8, 1982]

§ 760.4 Normal marketings of milk.

(a) The county committee shall determine the affected farmer's normal marketings which, for the purposes of this subpart, shall be the sum of the quantities of whole milk which such farmer would have sold in the commercial market in each of the pay periods in the application period but for the removal of his whole milk from the commercial market because of the detection of a residue of a violating substance.

(b) Normal marketings for each pay period are based on the average daily production during the base period.

(c) Normal marketings determined in paragraph (b) of this section are adjusted for any change in the daily average number of cows milked during each pay period the milk is off the market compared with the average number of cows milked daily during the base period.

(d) If only a portion of a pay period falls within the application period, normal marketings for such pay period shall be reduced so that they represent

7 CFR Ch. VII (1-1-09 Edition)

only that part of such pay period which is within the application period.

[43 FR 10535, Mar. 14, 1978, as amended by Amdt. 1, 44 FR 36360, July 22, 1979]

§ 760.5 Fair market value of milk.

(a) The county committee shall determine the fair market value of the affected farmer's normal marketings, which, for the purposes of this subpart, shall be the sum of the net proceeds such farmer would have received for his normal marketings in each of the pay periods in the application period.

(b) The county committee shall determine the net proceeds the affected farmer would have received in each of the pay periods in the application period (1) in the case of an affected farmer who markets his whole milk through a milk handler, by multiplying the affected farmer's normal marketings for each such pay period by the average net price per hundred-weight of whole milk paid during the pay period by such farmer's milk handler in the same area for whole milk similar in quality and butterfat test to that marketed by the affected farmer in the base period used to determine his normal marketings, or (2) in the case of an affected farmer whose commercial market consists of direct retail sales to consumers, by multiplying the affected farmer's normal marketings for each such pay period by the average net price per hundredweight of whole milk, as determined by the county committee, which other producers in the same area who marketed their whole milk through milk handlers received for whole milk similar in quality and butterfat test to that marketed by the affected farmer during the base period used to determine his normal marketings.

(c) In determining the net price for whole milk, the county committee shall deduct from the gross price therefor any transportation, administrative, and other costs of marketing which it determines are normally incurred by the affected farmer but which were not incurred because of the removal of his whole milk from the commercial market.

§ 760.6 Information to be furnished.

The affected farmer shall furnish to the county committee complete and accurate information sufficient to enable the county committee or the Deputy Administrator to make the determinations required in this subpart. Such information shall include, but is not limited to:

(a) A copy of the notice from, or other evidence of action by, the public agency which resulted in the removal of the affected farmer's whole milk from the commercial market.

(b) The specific name of the violating substance causing the removal of his whole milk from the commercial market, if not included in the notice or other evidence of action furnished under paragraph (a) of this section.

(c) The quantity and butterfat test of whole milk produced and marketed during the base period. This information must be a certified statement from the affected farmer's milk handler or any other evidence the county committee accepts as an accurate record of milk production and butterfat tests during the base period.

(d) The average number of cows milked during the base period and during each pay period in the application.

(e) If the affected farmer markets his whole milk through a milk handler, a statement from the milk handler showing, for each pay period in the application period, the average price per hundred-weight of whole milk similar in quality to that marketed by the affected farmer during the base period used to determine his normal marketings. If the milk handler has information as to the transportation, administrative, and other costs of marketing which are normally incurred by producers who market through the milk handler but which the affected farmer did not incur because of removal of his whole milk from the market, the average price stated by the milk handler shall be the average gross price paid producers less any such costs. If the milk handler does not have such information, the affected farmer shall furnish a statement setting forth such costs, if any.

(f) The amount of proceeds, if any, received by the affected farmer from the

marketing of whole milk produced during the application period.

(g) The amount of any payments not subject to refund made to the affected farmer by the milk handler with respect to the whole milk produced during the application period and remove from the commercial market.

(h) To the extent that such information is available to the affected farmer, the name of any pesticide, chemical, or toxic substance used on the farm within 24 months prior to the application period, the use made of the pesticide, chemical, or toxic substance, the approximate date of such use, and the name of the manufacturer and the registration number, if any, on the label on the container of the pesticide, chemical, or toxic substance.

(i) To the extent possible, the source of the pesticide, chemical, or toxic substance that caused the contamination of the whole milk, and the results of any laboratory tests on the feed supply.

(j) Such other information as the county committee may request to enable the county committee or the Deputy Administrator to make the determinations required in this subpart.

[43 FR 10535, Mar. 14, 1978, as amended by Amdt. 1, 44 FR 36360, June 22, 1979]

§ 760.7 Other requirements for affected farmers.

An indemnity payment for milk may be made under this subpart to an affected farmer only under the following conditions:

(a) If the pesticide, chemical, or toxic substance, contaminating the milk was used by the affected farmer, he established each of the following:

(1) That the pesticide, chemical or toxic substance, when used, was registered (if applicable) and approved for use as provided in § 760.2(f);

(2) That the contamination of his milk was not the result of his failure to use the pesticide, chemical, or toxic substance, according to the directions and limitations stated on the label;

(3) That the contamination of his milk was not otherwise his fault.

(b) If the pesticide, chemical, or toxic substance contaminating the milk was not used by the affected farmer, he establishes each of the following:

§ 760.8

(1) He did not know or have reason to believe that any feed which he purchased and which contaminated his milk contained a harmful residue of a pesticide, a chemical, or a toxic substance or was contaminated by nuclear radiation or fallout.

(2) None of the milk was produced by dairy cattle which he knew, or had reason to know at the time he acquired them, were contaminated with residues of pesticides, chemicals or toxic substances, or by nuclear radiation or fallout.

(3) The contamination of his milk was not otherwise his fault.

(c) The affected farmer has adopted recommended practices for eliminating residues of pesticides, chemicals, or toxic substances or contamination from nuclear radiation or fallout from his milk as soon as practicable following the discovery of the initial contamination.

[43 FR 10535, Mar. 14, 1978, as amended at 47 FR 24689, June 8, 1982]

§ 760.8 Application for payments for milk.

The affected farmer or his legal representative, as provided in §§ 760.25 and 760.29, must sign and file an application for payment on a form which is approved for that purpose by the Deputy Administrator. The form must be filed with the county FSA office for the county where the farm headquarters are located no later than December 31 following the end of the fiscal year in which the loss occurred, or such later date as the Deputy Administrator may specify. The application for payment shall cover application periods of at least 28 days, except that, if the entire application period, or the last application period, is shorter than 28 days, applications for payment may be filed for such shorter period. The application for payment shall be accompanied by the information required by § 760.6 as well as any other information which will enable the county committee to determine whether the making of an indemnity payment is precluded for any of the reasons set forth in § 760.7. Such information shall be submitted

7 CFR Ch. VII (1-1-09 Edition)

on forms approved for the purpose by the Deputy Administrator.

[43 FR 10535, Mar. 14, 1978, as amended at 51 FR 12986, Apr. 17, 1986; 52 FR 17935, May 13, 1987]

§ 760.9 Other legal recourse.

(a) No indemnity payment shall be made for contaminated milk resulting from residues of chemicals or toxic substances if, within 30 days after receiving a complete application, the Deputy Administrator determines that other legal recourse is available to the farmer. An application shall not be deemed complete unless it contains all information necessary to make a determination as to whether other legal recourse is available to the farmer. However, notwithstanding such a determination, the Deputy Administrator may reopen the case at a later date and make a new determination on the merits of the case as may be just and equitable.

(b) In the event that a farmer receives an indemnity payment under this subpart, and such farmer is later compensated for the same loss by the person (or the representative or successor in interest of such person) responsible for such loss, the indemnity payment shall be refunded by the farmer to the Department of Agriculture: *Provided*, That the amount of such refund shall not exceed the amount of other compensation received by the farmer.

PAYMENTS TO MANUFACTURERS AFFECTED BY PESTICIDES

§ 760.20 Payments to manufacturers of dairy products.

An indemnity payment may be made to the affected manufacturer who is determined by the Deputy Administrator to be in compliance with all the terms and conditions of this subpart in the amount of the fair market value of the product removed from the commercial market because of pesticide residues, less any amount the manufacturer receives for the product in the form of salvage.

NOTE: Manufacturers are not eligible for payment when dairy products are contaminated by chemicals, toxic substances (other

Farm Service Agency, USDA

§ 760.22 Information to be furnished by manufacturer.

The affected manufacturer shall furnish the Deputy Administrator, through the county committee, complete and accurate information sufficient to enable him to make the determination as to the manufacturer's eligibility to receive an indemnity payment. Such information shall include, but is not limited to:

(a) If the pesticide contaminating the product was used by the affected manufacturer, he establishes each of the fol-

lowing: (1) That the pesticide, when used, was registered and recommended for such use as provided in § 760.2(f); (2) that the contamination of his product was not the result of his failure to use the pesticide in accordance with the directions and limitations stated on the label of the pesticide; and (3) that the contamination of his product was not otherwise his fault.

(b) If the pesticide contaminating the product was not used by the affected manufacturer: (1) He did not know or have reason to believe that the milk from which the product was processed contained a harmful level of pesticide residue, and (2) the contamination of his product was not otherwise his fault.

(c) In the event that a manufacturer receives an indemnity payment under this subpart, and such manufacturer is later compensated for the same loss by the person (or the representative or successor in interest of such person) responsible for such loss, the indemnity payment shall be refunded by the manufacturer to the Department of Agriculture: *Provided*, That the amount of such refund shall not exceed the amount of other compensation received by the manufacturer.

The quantity and kind of livestock that died as a direct result of the applicable disaster may be documented by: Purchase records; veterinarian records; bank or other loan papers; rendering truck receipts; Federal Emergency Management Agency and National Guard records; written contracts; production records; IRS records; property tax records; private insurance documents; and any other similar documents.

(c) Certifications of livestock deaths by third parties may be accepted only if both the following conditions are met:

(iv) Other details necessary for FSA to determine the certification acceptable.

§ 760.405 Payment calculation.

(a) Under LIP, separate payment rates are established for eligible livestock owners and eligible contract growers in accordance with paragraphs (b) and (c) of this section. LIP payments are calculated by multiplying the national payment rate, as determined in paragraphs (b) and (c) of this section, by the number of eligible livestock in each category, as provided in paragraph (d) of this section. The payment calculated for an eligible contract grower for an eligible livestock category shall be reduced by the amount of any compensation received from the contractor for the loss of income from the dead livestock.

(b) The LIP payment rate for eligible livestock owners is based on 75 percent of the average fair market value of the livestock.

(c) The LIP payment rates for eligible contract growers is based on 75 percent of the average income loss sustained by the contract grower with respect to the dead livestock.

(d) The categories of eligible livestock are as follows:

(1) Adult beef cows;

(2) Adult beef bulls;

(3) Non-adult beef cattle;

(4) Adult buffalo or beefalo cows;

SOURCE: 72 FR 878, Jan. 9, 2007, unless otherwise noted.

§ 760.501 Applicability.

(a) This subpart sets forth the terms and conditions applicable to the Tree Indemnity Program (TIP). Benefits will be provided under this subpart for eligible fruit trees, bushes, and vines that were lost or damaged during the disaster period as set forth in § 760.101.

(b) Compensation will be based on expenses incurred for replanting, rehabilitation, cleanup, and debris removal.

(c) No benefits shall be provided when the loss:

- (1) Occurred in any county other than an eligible county, or
- (2) Was not the result of an eligible disaster as set forth in § 760.101.

§ 760.502 Eligible producers and stands.

(a) An eligible fruit tree, bush, and/or vine producer is one who bears financial responsibility and who has incurred costs of at least \$90 per acre for replanting, rehabilitation, cleanup, or debris removal, excluding crop production.

(b) An eligible stand must:

- (1) Be physically located in an eligible county;

- (2) Have been impacted during a 2005 hurricane as set forth in § 760.101; and
- (3) Be grown for commercial use.

§ 760.503 Application process.

(a) Applicants must submit a completed application and report of acreage identifying the geographic location and number of acres in the disaster-affected stand of claimed fruit trees, bushes, and vines in accordance with part 718 of this chapter, and any other supporting documentation for FSA to determine the eligibility of the applicant.

(b) Applicants must certify and provide adequate proof that the expenses incurred to eligible fruit trees, bushes, or vines occurred during the applicable disaster period and that the loss or damage was a direct result of a 2005 hurricane, as set forth in § 760.101.

(a) TIP payments shall be calculated by multiplying the following national payment rate for the applicable tier by the number of eligible acres, excluding but not limited to such things as drainage ditches and canals, in a stand of fruit trees, bushes, or vines by the producer's share in such crop:

- (1) Tier I—\$750;
- (2) Tier II—\$300;
- (3) Tier III—\$200; and
- (4) Tier IV—\$90.

(b) If the actual expenses incurred for damage are greater than the value associated with the tier based on the location of the stand, the applicant may submit documentation to FSA to request the stand be placed in the next lower-numbered tier which represents a greater level of loss and a higher payment rate. Regardless of the expenses incurred the stand can only be placed in the next lower-numbered tier.

Subpart G—Aquaculture Program

§ 760.601 Funds availability.

FSA will provide block grants to the states of Alabama, Florida, Louisiana, Mississippi, North Carolina and Texas where aquaculture was adversely affected by 2005 hurricanes as set forth in § 760.101. Producers in eligible counties in those states who raise aquaculture species in a controlled environment as part of a farming operation and who have not received assistance under other disaster programs for the same aquaculture losses are eligible to receive these funds. Subpart H—2006 Livestock Assistance Grant Program

§ 760.701 Funds availability.

FSA will administer a limited program to provide assistance to livestock producers where forage was adversely affected by drought in counties reaching D3 or D4 Drought on the U.S. Drought Monitor, during March 7 to August 31, 2006, in the States of: Alabama, Arizona, Arkansas, Colorado, Florida, Georgia, Kansas, Louisiana, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, Wisconsin and Wyoming. Under the Livestock Assistance Grant Program, FSA will provide grants to the State governments of these States to assist livestock producers who suffered forage losses as part of a farming operation in eligible counties. The amount of each grant will be based on the number of adult beef cattle and sheep from each eligible county uniformly prorated to insure that available funding is not exceeded. Producers in eligible counties in those States who suffered forage losses as part of a farming operation are eligible for assistance under these grants. Among other conditions of these grants, assistance provided by a State under such a grant to an applicant shall not exceed \$10,000, except for general partnerships and joint ventures in which case assistance shall not exceed \$10,000 times the number of mem-

bers that constitute the general partnership or joint venture.

However, to be eligible for assistance, the crop subject to the loss must have been planted or existed before February 28, 2007, or, in the case of prevented planting, would have been planted before February 28, 2007.

§ 760.801 Administration.

(a) The program will be administered under the general supervision of the Deputy Administrator for Farm Programs and will be carried out in the field by FSA State and county committees.

(b) State and county committees and representatives do not have the authority to modify or waive any of the provisions of this part.

(c) The State committee will take any action required by this part that has not been taken by a county committee. The State committee will also:

(2) Require a county committee to withhold taking or reverse any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee will prevent the Deputy Administrator for Farm Programs from determining any

question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs may authorize State and county committees to waive or modify non-statutory deadlines or other program requirements in cases where lateness or failure to meet such does not adversely affect the operation of the program.

§ 760.802 Definitions.

The following definitions apply to this part. The definitions in parts 718 and 1400 of this title also apply, except where they conflict with the definitions in this section.

Actual production means the total quantity of the crop appraised, harvested, or assigned, as determined by the FSA State or county committee in accordance with instructions issued by the Deputy Administrator for Farm Programs.

CCC means the Commodity Credit Corporation.

Controlled environment means, with respect to those crops for which a controlled environment is expected to be provided, including but not limited to ornamental nursery, aquaculture (including ornamental fish), and floriculture, an environment in which everything that can practicably be controlled with structures, facilities, growing media (including, but not limited to, water, soil, or nutrients) by the producer, is in fact controlled by the producer.

(3) For NAP covered crops with potential multiple harvests in 1 year or harvested over multiple years, that the producer has, by hand or mechanically, removed at least one mature crop from the field during the crop year;

(4) For mechanically-harvested NAP covered crops, that the crop has been removed from the field and placed in a truck or other conveyance, except hay is considered harvested when in the bale, whether removed from the field or not. Grazed land will not be considered harvested for the purpose of determining an unharvested or prevented planting payment factor. A crop that is intended for mechanical harvest, but subsequently grazed and not mechanically harvested, will have an unharvested factor applied.

Farm Service Agency, USDA

§ 760.804

of measure, per area of consideration, usually measured in acres.

§ 760.803 Eligibility.

(a) Participants will be eligible to receive disaster benefits under this part only if they incurred qualifying quantity or quality losses for the 2005, 2006, or 2007 crops, as further specified in this part, as a result of damaging weather or any related condition. Participants may not receive benefits with respect to volunteer stands of crops.

(b) Payments may be made for losses suffered by an eligible participant who, at the time of application, is a deceased individual or is a dissolved entity if a representative, who currently has authority to enter into a contract for the participant, signs the 2005, 2006, or 2007 Crop Disaster Program application. Participants must provide proof of the authority to sign legal documents for the deceased individual or dissolved entity. If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

(c) As a condition to receive benefits under this part, the Participant must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of part 12 of this title for the 2005, 2006, or 2007 crop year, as applicable, and must not otherwise be precluded from receiving benefits under parts 12 or 1400 of this title or any law.

§ 760.804 Time and method of application.

(a) The 2005, 2006, 2007 Crop Disaster Program application must be submitted on a completed FSA-840, or such other form designated for such application purpose by FSA, in the FSA county office in the participant's control county office before the close of business on a date that will be announced by the Deputy Administrator.

(b) Once signed by a participant, the application for benefits is considered to contain information and certifications of and pertaining to the participant regardless of who entered the information on the application.

(c) The participant requesting benefits under this program certifies the accuracy and truthfulness of the information provided in the application as well as any documentation filed with or in support of the application. All information is subject to verification by FSA. For example, as specified in § 760.818(f), the participant may be required to provide documentation to substantiate and validate quality standards and marketing contract prices. Refusal to allow FSA or any agency of the Department of Agriculture to verify any information provided will result in the participant's forfeiting eligibility under this program. Furnishing required information is voluntary; however without it, FSA is under no obligation to act on the application or approve benefits. Providing a false certification to the government is punishable by imprisonment, fines, and other penalties.

(d) FSA may require the participant to submit any additional information it deems necessary to implement or determine any eligibility provision of this part. For example, as specified in § 760.818(f), the participant may be required to provide documentation to substantiate and validate quality standards and marketing contract prices.

(e) The application submitted in accordance with paragraph (a) of this section is not considered valid and complete for issuance of payment under this part unless FSA determines all the applicable eligibility provisions have been satisfied and the participant has submitted all of following completed forms:

(1) If Item 16 on FSA-840 is answered "YES," FSA-840M, Crop Disaster Program for Multiple Crop—Same Acreage Certification;

(2) CCC-502, Farm Operating Plan for Payment Eligibility;

(3) CCC-526, Payment Eligibility Average Adjusted Gross Income Certification;

(4) AD-1026, Highly Erodible Land Conservation (HELC) and Wetland Conservation Certification; and

(5) FSA-578, Report of Acreage.

(f) Application approval and payment by FSA does not relieve a participant

§ 760.805

from having to submit any form required, but not filed, according to paragraph (e) of this section.

§ 760.805 Limitations on payments and other benefits.

(a) A participant may receive benefits for crop losses for only one of the 2005, 2006, or 2007 crop years as specified under this part.

(b) Payments will not be made under this part for grazing losses.

(c) Payments determined to be issued are considered due and payable not later than 60 days after a participant's application is completed with all information necessary for FSA to determine producer eligibility for benefits.

(d) FSA may divide and classify crops based on loss susceptibility, yield, and other factors.

(e) No person, as defined by part 1400 subpart B of this title, may receive more than a total of \$80,000 in disaster benefits under this part. In applying the \$80,000 per person payment limitation, regardless of whether 2005, 2006, or 2007 crop year benefits are at issue or sought, the most restrictive "person" determination for the participant in the years 2005, 2006, and 2007, will be used to limit benefits.

(f) No participant may receive disaster benefits under this part in an amount that exceeds 95 percent of the value of the expected production for the relevant period as determined by FSA. Accordingly, the sum of the value of the crop not lost, if any; the disaster payment received under this part; and any crop insurance payment or payments received under the NAP for losses to the same crop, cannot exceed 95 percent of what the crop's value would have been if there had been no loss.

(g) An individual or entity whose adjusted gross income is in excess of \$2.5 million, as defined by and determined under part 1400 subpart G of this title, is not eligible to receive disaster benefits under this part.

(h) Any participant in a county eligible for either of the following programs must complete a duplicate benefits certification. If the participant received a payment authorized by either of the following, the amount of that payment

7 CFR Ch. VII (1-1-09 Edition)

will be reduced from the calculated 2005-2007 CDP payment:

(1) The Hurricane Indemnity Program (subpart B of this part);

(2) The Hurricane Disaster Programs (subparts D, E, F, and G of part 1416 of this title);

(3) The 2005 Louisiana Sugarcane Hurricane Disaster Assistance Program; or

(4) The 2005 Crop Florida Sugarcane Disaster Program.

§ 760.806 Crop eligibility requirements.

(a) A participant on a farm is eligible for assistance under this section with respect to losses to an insurable commodity or NAP if the participant:

(1) In the case of an insurable commodity, obtained a policy or plan of insurance under the Federal Crop Insurance Act for the crop incurring the losses; or

(2) In the case of a NAP covered crop, filed the required paperwork and paid the administrative fee by the applicable filing deadline, for the noninsurable commodity under section 196 of the Federal Agriculture Improvement and Reform Act of 1996 for the crop incurring the losses.

(b) The reasons a participant either elected not to have coverage or did not have coverage mentioned in paragraphs (a)(1) or (2) of this section are not relevant to the determination of the participant's ineligibility under this section. In addition, such reasons for not having crop insurance coverage have no bearing for consideration under part 718, subpart D of this chapter.

§ 760.807 Miscellaneous provisions.

(a) A person is not eligible to receive disaster assistance under this part if it is determined by FSA that the person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of this part;

(2) Made any fraudulent representation;

(3) Misrepresented any fact affecting a program determination;

(4) Is ineligible under § 1400.5 of this title; or

(5) Does not have entitlement to an ownership share of the crop.

Farm Service Agency, USDA

§ 760.808

(i) Growers growing eligible crops under contract for crop owners are not eligible unless the grower can be determined to have a share of the crop.

(ii) Any verbal or written contract that precludes the grower from having an ownership share renders the grower ineligible for benefits under this part.

(b) A person ineligible under § 1437.15(c) of this title for any year is likewise ineligible for benefits under this part for that year or years.

(c) A person ineligible under § 400.458 of this title for any year is likewise ineligible for benefits under this part for that year or years.

(d) All persons with a financial interest in the operation receiving benefits under this part are jointly and severally liable for any refund, including related charges, which is determined to be due FSA for any reason.

(e) In the event that any request for assistance or payment under this part resulted from erroneous information or a miscalculation, the assistance or payment will be recalculated and any excess refunded to FSA with interest to be calculated from the date of the disbursement to the producer.

(f) The liability of anyone for any penalty or sanction under or in connection with this part, or for any refund to FSA or related charge is in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001, and 1014; 15 U.S.C. 714; and 31 U.S.C. 3729.

(g) The regulations in parts 11 and 780 of this title apply to determinations under this part.

(h) Any payment to any person will be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or its proceeds.

(i) For the purposes of the effect of lien on eligibility for Federal programs (28 U.S.C. 3201(e)), FSA waives the restriction on receipt of funds or benefits under this program but only as to beneficiaries who, as a condition of such waiver, agree to apply the benefits received under this part to reduce the amount of the judgment lien.

(j) Under this program, participants are either eligible or ineligible. Par-

ticipants in general, do not render performance or need to comply. They either suffered eligible losses or they did not. Accordingly, the provisions of § 718.304 of this chapter do not apply to this part.

§ 760.808 General provisions.

(a) For calculations of loss, the participant's existing unit structure will be used as the basis for the calculation established in accordance with:

(1) For insured crops, part 457 of this title; or

(2) For NAP covered crops, part 1437 of this title.

(b) County average yield for loss calculations will be the average of the 2001 through 2005 official county yields established by FSA, excluding the years with the highest and lowest yields, respectively.

(c) County committees will assign production or reduce the historic yield when the county committee determines:

(1) An acceptable appraisal or record of harvested production does not exist;

(2) The loss is due to an ineligible cause of loss or practices, soil type, climate, or other environmental factors that cause lower yields than those upon which the historic yield is based;

(3) The participant has a contract providing a guaranteed payment for all or a portion of the crop; or

(4) The crop was planted beyond the normal planting period for the crop.

(d) The county committee will establish a maximum average loss level that reflects the amount of production producers would have produced if not for the eligible damaging weather or related conditions in the area or county for the same crop. The maximum average loss level for the county will be expressed as either a percent of loss or yield per acre. The maximum average loss level will apply when:

(1) Unharvested acreage has not been appraised by FSA, or a company reinsured by FCIC; or

(2) Acceptable production records for harvested acres are not available from any source.

(e) Assignment of production or reduction in yield will apply for practices that result in lower yields than those for which the historic yield is based.

§ 760.809 Eligible damaging conditions.

(a) Except as provided in paragraphs (b) and (c) of this section, to be eligible for benefits under this part the loss of the crop, or reduction in quality, or prevented planting must be due to damaging weather or related conditions as defined in § 760.802.

(b) Benefits are not available under this part for any losses in quantity or quality, or prevented planting due to:

- (1) Poor farming practices;
- (2) Poor management decisions; or
- (3) Drifting herbicides.

(c) With the exception of paragraph (d) of this section, in all cases, the eligible damaging condition must have directly impacted the specific crop or crop acreage during its planting or growing period.

(d) If FSA has determined that there has been an eligible loss of surface irrigation water due to drought and such loss of surface irrigation water impacts eligible crop acreage, FSA may approve assistance to the extent permitted by section 760.814.

§ 760.810 Qualifying 2005, 2006, or 2007 quantity crop losses.

(a) To receive benefits under this part, the county committee must determine that because of eligible damaging weather or related condition specifically impacting the crop or crop acreage, the participant with respect to the 2005, 2006, or 2007 crop:

- (1) Was prevented from planting a crop;
- (2) Sustained a loss in excess of 35 percent of the expected production of a crop; or
- (3) Sustained a loss in excess of 35 percent of the value for value loss crops.

(b) Qualifying losses under this part do not include losses:

- (1) For the 2007 crop, those acres planted, or in the case of prevented planting, would have been planted, on or after February 28, 2007;
- (2) That are determined by FSA to be the result of poor management decisions, poor farming practices, or drifting herbicides;
- (3) That are the result of the failure of the participant to re-seed or replant the same crop in the county where it is

customary to re-seed or replant after a loss;

(4) That are not as a result of a damaging weather or a weather related condition specifically impacting the crop or crop acreage;

(5) To crops not intended for harvest in crop year 2005, 2006, or 2007;

(6) Of by-products resulting from processing or harvesting a crop, such as cottonseed, peanut shells, wheat, or oat straw;

(7) To home gardens;

(8) That are a result of water contained or released by any governmental, public, or private dam or reservoir project if an easement exists on the acreage affected for the containment or release of the water; or

(9) If losses could be attributed to conditions occurring outside of the applicable crop year growing season.

(c) Qualifying losses under this part for nursery stock will not include losses:

(1) For the 2007 crop, that nursery inventory acquired on or after February 28, 2007;

(2) Caused by a failure of power supply or brownouts;

(3) Caused by the inability to market nursery stock as a result of lack of compliance with State and local commercial ordinances and laws, quarantine, boycott, or refusal of a buyer to accept production;

(4) Caused by fire unless directly related to an eligible natural disaster;

(5) Affecting crops where weeds and other forms of undergrowth in the vicinity of the nursery stock have not been controlled; or

(6) Caused by the collapse or failure of buildings or structures.

(d) Qualifying losses under this part for honey, where the honey production by colonies or bees was diminished, will not include losses:

(1) For the 2007 crop, for production from those bees acquired on or after February 28, 2007;

(2) Where the inability to extract was due to the unavailability of equipment, the collapse or failure of equipment, or apparatus used in the honey operation;

(3) Resulting from storage of honey after harvest;

(4) To honey production because of bee feeding;

Farm Service Agency, USDA

§ 760.812

(5) Caused by the application of chemicals;

(6) Caused by theft, fire, or vandalism;

(7) Caused by the movement of bees by the producer or any other person; or

(8) Due to disease or pest infestation of the colonies.

(e) Qualifying losses for other value loss crops, except nursery, will not include losses for the 2007 crop that were acquired on or after February 28, 2007.

(f) Loss calculations will take into account other conditions and adjustments provided for in this part.

§ 760.811 Rates and yields; calculating payments.

(a)(1) Payments made under this part to a participant for a loss of quantity on a unit with respect to yield-based crops are determined by multiplying the average market price times 42 percent, times the loss of production which exceeds 35 percent of the expected production, as determined by FSA, of the unit.

(2) Payments made under this part to a participant for a quantity loss on a unit with respect to value-based crops are determined by multiplying the payment rate established for the crop by FSA times the loss of value that exceeds 35 percent of the expected production value, as determined by FSA, of the unit.

(3) As determined by FSA, additional quality loss payments may be made using a 25 percent quality loss threshold. The quality loss threshold is determined according to § 760.817.

(b) Payment rates for the 2005, 2006, or 2007 year crop losses will be 42 percent of the average market price.

(c) Separate payment rates and yields for the same crop may be established by the State committee as authorized by the Deputy Administrator, when there is supporting data from NASS or other sources approved by FSA that show there is a significant difference in yield or value based on a distinct and separate end use of the crop. Despite potential differences in yield or values, separate rates or yields will not be established for crops with different cultural practices, such as those grown organically or hydroponically.

(d) Production from all end uses of a multi-use crop or all secondary uses for multiple market crops will be calculated separately and summarized together.

(e) Each eligible participant's share of a disaster payment will be based on the participant's ownership entitlement share of the crop or crop proceeds, or, if no crop was produced, the share of the crop the participant would have received if the crop had been produced. If the participant has no ownership share of the crop, the participant is ineligible for assistance under this part.

(f) When calculating a payment for a unit loss:

(1) An unharvested payment factor will be applied to crop acreage planted but not harvested;

(2) A prevented planting factor will be applied to any prevented planted acreage eligible for payment; and

(3) Unharvested payment factors may be adjusted if costs normally associated with growing the crop are not incurred.

§ 760.812 Production losses; participant responsibility.

(a) Where available and determined accurate by FSA, RMA loss records will be used for insured crops.

(b) If RMA loss records are not available, or if the FSA county committee determines the RMA loss records are inaccurate or incomplete, or if the FSA county committee makes inquiry, participants are responsible for:

(1) Retaining or providing, when required, the best verifiable or reliable production records available for the crop;

(2) Summarizing all the production evidence;

(3) Accounting for the total amount of unit production for the crop, whether or not records reflect this production;

(4) Providing the information in a manner that can be easily understood by the county committee; and

(5) Providing supporting documentation if the county committee has reason to question the damaging weather event or question whether all production has been accounted for.

(c) In determining production under this section, the participant must supply verifiable or reliable production records to substantiate production to the county committee. If the eligible crop was sold or otherwise disposed of through commercial channels, production records include: commercial receipts; settlement sheets; warehouse ledger sheets; load summaries; or appraisal information from a loss adjuster acceptable to FSA. If the eligible crop was farm-stored, sold, fed to livestock, or disposed of in means other than commercial channels, production records for these purposes include: truck scale tickets; appraisal information from a loss adjuster acceptable to FSA; contemporaneous diaries; or other documentary evidence, such as contemporaneous measurements.

(d) Participants must provide all records for any production of a crop that is grown with an arrangement, agreement, or contract for guaranteed payment.

§ 760.813 Determination of production.

(a) Production under this part includes all harvested production, unharvested appraised production, and assigned production for the total planted acreage of the crop on the unit.

(b) The harvested production of eligible crop acreage harvested more than once in a crop year includes the total harvested production from all these harvests.

(c) If a crop is appraised and subsequently harvested as the intended use, the actual harvested production must be taken into account to determine benefits. FSA will analyze and determine whether a participant's evidence of actual production represents all that could or would have been harvested.

(d) For all crops eligible for loan deficiency payments or marketing assistance loans with an intended use of grain but harvested as silage, ensilage, cabbage, hay, cracked, rolled, or crimped, production will be adjusted based on a whole grain equivalent as established by FSA.

(e) For crops with an established yield and market price for multiple intended uses, a value will be calculated by FSA with respect to the intended use or uses for disaster purposes based

on historical production and acreage evidence provided by the participant and FSA will determine the eligible acres for each use.

(f) For crops sold in a market that is not a recognized market for the crop with no established county average yield and average market price, 42 percent of the salvage value received will be deducted from the disaster payment.

(g) If a participant does not receive compensation based upon the quantity of the commodity delivered to a purchaser, but has an agreement or contract for guaranteed payment for production, the determination of the production will be the greater of the actual production or the guaranteed payment converted to production as determined by FSA.

(h) Production that is commingled between units before it was a matter of record or combination of record and cannot be separated by using records or other means acceptable to FSA will be prorated to each respective unit by FSA. Commingled production may be attributed to the applicable unit, if the participant made the unit production of a commodity a matter of record before commingling and does any of the following, as applicable:

(1) Provides copies of verifiable documents showing that production of the commodity was purchased, acquired, or otherwise obtained from beyond the unit;

(2) Had the production measured in a manner acceptable to the county committee; or

(3) Had the current year's production appraised in a manner acceptable to the county committee.

(i) The county committee will assign production for the unit when the county committee determines that:

(1) The participant has failed to provide adequate and acceptable production records;

(2) The loss to the crop is because of a disaster condition not covered by this part, or circumstances other than natural disaster, and there has not otherwise been an accounting of this ineligible cause of loss;

(3) The participant carries out a practice, such as multiple cropping, that generally results in lower yields than the established historic yields;

Farm Service Agency, USDA

§760.815

(4) The participant has a contract to receive a guaranteed payment for all or a portion of the crop;

(5) A crop was late-planted;

(6) Unharvested acreage was not timely appraised; or

(7) Other appropriate causes exist for such assignment as determined by the Deputy Administrator.

(j) For peanuts, the actual production is all peanuts harvested for nuts, regardless of their disposition or use, as adjusted for low quality.

(k) For tobacco, the actual production is the sum of the tobacco: marketed or available to be marketed; destroyed after harvest; and produced but unharvested, as determined by an appraisal.

§760.814 Calculation of acreage for crop losses other than prevented planted.

(a) Payment acreage of a crop is limited to the lesser of insured acreage or NAP covered acreage of the crop, as applicable, or actual acreage of the crop planted for harvest.

(b) In cases where there is a repeat crop or a multiple planted crop in more than one planting period, or if there is multiple cropped acreage meeting criteria established in paragraph (c) or (d) of this section, each of these crops may be considered separate crops if the county committee determines that all of the following conditions are met:

(1) Were planted with the intent to harvest;

(2) Were planted within the normal planting period for that crop;

(3) Meet all other eligibility provisions of this part including good farming practices; and

(4) Could reach maturity if each planting was harvested or would have been harvested.

(c) In cases where there is multiple-cropped acreage, each crop may be eligible for disaster assistance separately if both of the following conditions are met:

(1) The specific crops are approved by the State committee as eligible multiple-cropping practices in accordance with procedures approved by the Deputy Administrator and separately meet all requirements, including insurance or NAP requirements; and

(2) The farm containing the multiple-cropped acreage has a history of successful multiple cropping more than one crop on the same acreage in the same crop year, in the year previous to the disaster, or at least 2 of the 4 crop years immediately preceding the disaster crop year based on timely filed crop acreage reports.

(d) A participant with multiple-cropped acreage not meeting the criteria in paragraph (c) of this section may be eligible for disaster assistance on more than one crop if the participant has verifiable records establishing a history of carrying out a successful multiple-cropping practice on the specific crops for which assistance is requested. All required records acceptable to FSA as determined by the Deputy Administrator must be provided before payments are issued.

(e) A participant with multiple-cropped acreage not meeting the criteria in paragraphs (c) or (d) of this section must select the crop for which assistance will be requested. If more than one participant has an interest in the multiple cropped acreage, all participants must agree to the crop designated for payment by the end of the application period or no payment will be approved for any crop on the multiple-cropped acreage.

(f) Benefits under this part apply to irrigated crops where, in cases determined by the Deputy Administrator, acreage was affected by a lack of surface irrigation water due to drought or contamination of ground water or surface irrigation water due to saltwater intrusion. In no case is a loss of ground water, for any reason, an eligible cause of loss.

§760.815 Calculation of prevented planted acreage.

(a) When determining losses under this part, prevented planted acreage will be considered separately from planted acreage of the same crop.

(b) For insured crops, or NAP covered crops, as applicable, disaster payments under this part for prevented planted acreage will not be made unless RMA or FSA, as applicable, documentation indicates that the eligible participant received a prevented planting payment

§ 760.815

7 CFR Ch. VII (1-1-09 Edition)

under either NAP or the RMA-administered program.

(c) The participant must prove, to the satisfaction of the county committee, an intent to plant the crop and that such crop could not be planted because of an eligible disaster. The county committee must be able to determine the participant was prevented from planting the crop by an eligible disaster that:

(1) Prevented other producers from planting on acreage with similar characteristics in the surrounding area;

(2) Occurred after the previous planting period for the crop; and

(3) Unless otherwise approved by the Deputy Administrator, began no earlier than the planting season for that crop.

(d) Prevented planted disaster benefits under this part do not apply to:

(1) Acreage not insured or NAP covered;

(2) Any acreage on which a crop other than a cover crop was harvested, hayed, or grazed during the crop year;

(3) Any acreage for which a cash lease payment is received for the use of the acreage the same crop year, unless the county committee determines the lease was for haying and grazing rights only and was not a lease for use of the land;

(4) Acreage for which the participant or any other person received a prevented planted payment for any crop for the same acreage, excluding share arrangements;

(5) Acreage for which the participant cannot provide verifiable proof to the county committee that inputs such as seed, chemicals, and fertilizer were available to plant and produce a crop with the expectation of producing at least a normal yield; and

(6) Any other acreage for which, for whatever reason, there is cause to question whether the crop could have been planted for a successful and timely harvest, or for which prevented planting credit is not allowed under the provisions of this part.

(e) Prevented planting payments are not provided on acreage that had either a previous or subsequent crop planted in the same crop year on the acreage, unless the county committee deter-

mines that all of the following conditions are met:

(1) There is an established practice of planting two or more crops for harvest on the same acreage in the same crop year;

(2) Both crops could have reached maturity if each planting was harvested or would have been harvested;

(3) Both the initial and subsequent planted crops were planted or prevented planting within the normal planting period for that crop;

(4) Both the initial and subsequent planted crops meet all other eligibility provisions of this part including good farming practices; and

(5) The specific crops meet the eligibility criteria for a separate crop designation as a repeat or approved multiple cropping practice set out in § 760.814.

(f)(1) Disaster benefits under this part do not apply to crops where the prevented planted acreage was affected by a disaster that was caused by drought unless on the final planting date or the late planting period for non-irrigated acreage, the area that was prevented from being planted had insufficient soil moisture for germination of seed and progress toward crop maturity because of a prolonged period of dry weather;

(2) Verifiable information collected by sources whose business or purpose is to record weather conditions, including, but not limited to, local weather reporting stations of the U.S. National Weather Service.

(g) Prevented planting benefits under this part apply to irrigated crops where adequate irrigation facilities were in place before the eligible disaster and the acreage was prevented from being planted due to a lack of water resulting from drought conditions or contamination by saltwater intrusion of an irrigation supply resulting from drought conditions.

(h) For NAP covered crops, prevented planting provisions apply according to part 718 of this chapter.

(i) Late-filed crop acreage reports for prevented planted acreage in previous years are not acceptable for CDP purposes.

§ 760.816 Value loss crops.

(a) Notwithstanding any other provisions of this part, this section applies to value loss crops and tropical crops. Unless otherwise specified, all the eligibility provisions of part 1437 of this title apply to value loss crops and tropical crops under this part.

(b) For value loss crops, benefits under this part are calculated based on the loss of value at the time of the damaging weather or related condition, as determined by FSA.

(c) For tropical crops:

(1) CDP benefits for 2005 are calculated according to general provisions of part 1437, but not subpart F, of this title.

(2) CDP benefits for 2006 and 2007 are calculated according to part 1437, subpart F of this title.

§ 760.817 Quality losses for 2005, 2006, and 2007 crops.

(a) Subject to other provisions of this part, assistance will be made available to participants determined eligible under this section for crop quality losses of 25 percent or greater of the value that all affected production of the crop would have had if the crop had not suffered a quality loss.

(b) The amount of payment for a quality loss will be equal to 65 percent of the quantity of the crop affected by the quality loss, not to exceed expected production based on harvested acres, multiplied by 42 percent of the per unit average market value based on percentage of quality loss for the crop as determined by the Deputy Administrator.

(c) This section applies to all crops eligible for 2005, 2006, and 2007 crop disaster assistance under this part, with the exceptions of value loss crops, honey, and maple sap, and applies to crop production that has a reduced economic value due to the reduction in quality.

(d) Participants may not be compensated under this section to the extent that such participants have received assistance under other provisions of this part, attributable in whole or in part to diminished quality.

§ 760.818 Marketing contracts.

(a) A marketing contract must meet all of the conditions outlined in paragraphs (b), (c), and (d) of this section.

(b) A marketing contract, at a minimum, must meet all of the following conditions:

(1) Be a legal contract in the State where executed;

(2) Specify the commodity under contract;

(3) Specify crop year;

(4) Be signed by both the participant, or legal representative, and the purchaser of the specified commodity;

(5) Include a commitment to deliver the contracted quantity;

(6) Include a commitment to purchase the contracted quantity that meets specified minimum quality standards and other criteria as specified;

(7) Define a determinable quantity by containing either a:

(i) Specified production quantity or

(ii) A specified acreage for which production quantity can be calculated;

(8) Define a determinable price by containing either a:

(i) Specified price or

(ii) Method to determine such a price;

(9) Contain a relationship between the price and the quality using either:

(i) Specified quality standards or

(ii) A method to determine such quality standards from published third party data; and

(10) Have been executed within 10 days after:

(i) End of insurance period for insured crops or

(ii) Normal harvest date for NAP covered crops as determined by FSA.

(c) The purchaser of the commodity specified in the marketing contract must meet at least one of the following:

(1) Be a licensed commodity warehouseman;

(2) Be a business enterprise regularly engaged in the processing of a commodity, that possesses all licenses and permits for marketing the commodity required by the State in which it operates, and that possesses or has contracted for facilities with enough equipment to accept and process the

§ 760.819

commodity within a reasonable amount of time after harvest; or

(3) Is able to physically receive the harvested production.

(d) In order for the commodity specified in the marketing contract to be considered sold pursuant to the marketing contract, the commodity must have been produced by the participant in the crop year specified in the contract, and at least one of the following conditions must be met:

(1) Commodity was sold under the terms of the contract or

(2) Participant attempted to deliver the commodity to the purchaser, but the commodity was rejected due to quality factors as specified in the contract.

(e) The amount of payment for affected production, as determined in § 760.817(b), sold pursuant to one or more marketing contracts will take into consideration the marketing contract price as determined by FSA.

(f) County committees have the authority to require a participant to provide necessary documentation, which may include, but is not limited to, previous marketing contracts fulfilled, to substantiate and validate quality standards in paragraph (b)(9) of this section and marketing contract price received for the commodity for which crop quality loss assistance is requested. In cases where the county committee has reason to believe the participant lacks the capacity or history to fulfill the quality provisions of the marketing contract the county committee will require such documentation.

§ 760.819 Misrepresentation, scheme, or device.

(a) A person is ineligible to receive assistance under this part if it is determined that such person has:

(1) Adopted any scheme or device that tends to defeat the purpose of this program;

(2) Made any fraudulent representation under this program;

(3) Misrepresented any fact affecting a program or person determination; or

(4) Has violated or been determined ineligible under § 1400.5 of this title.

7 CFR Ch. VII (1–1–09 Edition)

§ 760.820 Offsets, assignments, and debt settlement.

(a) Except as provided in paragraph (b) of this section, any payment to any person will be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this title apply to any payments made under this part.

(b) Any participant entitled to any payment may assign any payments in accordance with regulations governing the assignment of payments found at part 1404 of this title.

(c) A debt or claim may be settled according to part 792 of this chapter.

§ 760.821 Compliance with highly erodible land and wetland conservation.

(a) The highly erodible land and wetland conservation provisions of part 12 of this title apply to the receipt of disaster assistance for 2005, 2006, and 2007 crop losses made available under this authority.

(b) Eligible participants must be in compliance with the highly erodible land and wetland conservation compliance provisions for the year for which financial assistance is requested.

Subpart J—2005–2007 Livestock Indemnity Program

SOURCE: 72 FR 72867, Dec. 21, 2007, unless otherwise noted.

§ 760.900 Administration.

(a) The regulations in this subpart specify the terms and conditions applicable to the 2005–2007 Livestock Indemnity Program (2005–2007 LIP), which will be administered under the general supervision and direction of the Administrator, FSA.

(b) FSA representatives do not have authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State FSA committee will take any action required by the regulations of this subpart that the county

FSA committee has not taken. The State FSA committee will also:

(1) Correct, or require a county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this subpart; or

(2) Require a county committee to withhold taking any action that is not in accordance with this subpart.

(d) No delegation to a State or county FSA committee will preclude the Deputy Administrator for Farm Programs from determining any question arising under the program or from reversing or modifying any determination made by a State or county FSA committee.

§ 760.901 Applicability.

(a) This subpart establishes the terms and conditions under which the 2005–2007 LIP will be administered under Title IX of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007 (Pub. (b) Eligible livestock owners and contract growers will be compensated in accordance with § 760.909 for eligible livestock deaths that occurred in eligible counties as a direct result of an eligible disaster event. Drought is not an eligible disaster event except when anthrax, as a related condition that occurs as a result of drought, results in the death of eligible livestock.

§ 760.902 Eligible counties and disaster periods.

Counties are eligible for agricultural assistance under the 2005–2007 LIP if they received a timely Presidential designation, a timely Secretarial declaration, or a qualifying Administrator's Physical Loss Notice (APLN) determination in a county otherwise the subject of a timely Presidential declaration, or are counties contiguous to such counties. Subpart K—General Provisions for 2005–2007 Livestock Compensation and Catfish Grant Programs

SOURCE: 72 FR 72881, Dec. 21, 2007, unless otherwise noted.

§ 760.1000 Applicability.

(a) This subpart establishes the terms and conditions under which the

§ 760.1001

7 CFR Ch. VII (1–1–09 Edition)

following programs will be administered under Title IX of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007 for participants affected by eligible disaster events and located in counties that are eligible as specified in § 760.1001:

(1) The 2005–2007 Livestock Compensation Program (2005–2007 LCP); and

(2) The 2005–2007 Catfish Grant Program (2005–2007 CGP).

(b) Farm Service Agency (FSA) funds as are necessary for the programs in subparts L and M of this part are available under Title IX of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007.

§ 760.1001 Eligible counties, disaster events, and disaster periods.

(a) Except as provided in this subpart, FSA will provide assistance under the programs listed in § 760.1000 to eligible participants who have suffered certain losses due to eligible disaster events in eligible disaster counties provided in paragraph (c) of this section.

(b) The “Disaster Period” is the time period in which losses occurred for the particular disaster that may be considered eligible for the programs under subparts L and M of this part. The start and end dates for each eligible disaster period are specified at <http://disaster.fsa.usda.gov>.

(c) Eligible counties are those primary counties declared by the Secretary or designated for the applicable loss by the President, including counties contiguous to those counties, between January 1, 2005, and February 28, 2007 (that is after January 1, 2005 and before February 28, 2007). The listing is provided at <http://disaster.fsa.usda.gov>. For counties where there was an otherwise timely Presidential declaration, but the declarations do not cover agricultural physical loss, the subject counties may still be eligible if the counties were the subject of an approved Administrator's Physical Loss Notice (APLN) when the APLN applies to a natural disaster timely designated by the President.

§ 760.1002 Definitions.

The following definitions apply to the programs in subpart L and M of this part. The definitions in parts 718 and 1400 of this title also apply, except where they conflict with the definitions in this section.

(b) As specified in § 760.1106(c), the payment under the 2005–2007 LCP may not exceed the smaller of the calculated payment in § 760.1106(a) or the value of the producer's eligible feed loss, increased feed costs, or forage or grazing loss.

(c) A person may receive no more than \$80,000 under 2005–2007 LCP, subpart L of this part. In applying the \$80,000 per person payment limitation, regardless of whether the 2005, 2006, or 2007 calendar year benefits are at issue or sought, the most restrictive “person” determination for the participant in the years 2005, 2006, and 2007, will be used to limit benefits. The rules and definitions of part 1400 of this title apply in construing who is a qualified separate “person” for purposes of this limit. All payment eligibility requirements of part 1400 as they apply to any other payments, also apply to payments under subpart L of this part.

(d) For payments under 2005–2007 CGP, a farming operation may receive no more than \$80,000, except for general partnerships and joint ventures, in which case assistance will not exceed \$80,000 times the number of eligible members of the general partnership or joint venture. This limit must be enforced by the state government administering the grant program.

(e) The provisions of part 1400, subpart G, of this title apply to these programs. That is the rules that limit the eligibility for benefits of those individuals or entities with an adjusted gross income greater than a certain limit will be applied in the same manner to payments under subparts L and M of this part.

(f) As a condition to receive benefits under subparts L and M of this part, a participant must have been in compliance with the provisions of parts 12 and 718 of this title for the calendar year for which benefits are being requested and must not otherwise be precluded from receiving benefits under any law.

(g) An individual or entity determined to be a foreign person under part 1400 of this title is not eligible to receive benefits under subparts L and M of this part.

(h) In addition to limitations provided in subparts L and M of this part, participants cannot receive duplicate benefits under subparts L and M of this part for the same loss or any similar loss under:

(1) An agricultural disaster assistance provision contained in the announcement of the Secretary on January 26, 2006, or August 29, 2006;

(2) The Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006 (Pub. L. 109-234; 120 Stat. 418); or

(3) Any other disaster assistance program.

As provided in subpart K of this part, a producer may receive benefits for only one of the three program years, 2005, 2006, or 2007. The producer must indicate which year has been chosen. Payments are available only with respect to disaster-related feed losses in the period from January 2, 2005 through February 27, 2007, in eligible counties for losses during the times specified for the disaster periods as specified in § 760.1001(b).

(b) The preliminary LCP payment calculated in accordance with paragraph (a) of this section:

(1) Payment calculated in paragraph (a) of this section for that year; or

(2) Value of the producer's eligible feed loss, increased feed costs, or forage or grazing loss as determined by FSA for that year.

(d) The actual payment to the producer will be the amount provided for in paragraph (c) of this section subject to the adjustments and limits provided for in this section or in this part.

§ 760.1107 Appeals.

The appeal regulations in parts 11 and 780 of this title apply to determinations made under this subpart.

§ 760.1200 Administration.

FSA will administer a limited 2005–2007 CGP to provide assistance to catfish producers in eligible counties that suffered catfish feed and related losses between January 1, 2005, and February 28, 2007, that is after January 1, 2005, and before February 28, 2007. Under the 2005–2007 CGP, FSA will provide grants to State governments in those States that have catfish producers that are located in eligible counties and that have agreed to participate in the 2005–2007 CGP. The amount of each grant will be based on the total value of catfish feed and related losses suffered in eligible counties in the subject state. Each State must submit a work plan pro-

viding a summary of how the State will implement the 2005–2007 CGP.

Further, the feed loss or higher costs must be caused by the disaster that caused the county to qualify as an eligible county. The loss, moreover, to qualify for payment, must have occurred during the allowable time period provided in this part, namely the period beginning on January 2, 2005 and ending February 27, 2007. The producer must pick the year of the benefits sought.

(b) Subject to all adjustments and limits provided for in this part the amount of assistance provided to each participant from the State will be equal to the smaller of:

(1) Depending on the year chosen by the producer, the value of the participant's 2005, 2006, or 2007 catfish feed and related losses as a direct result of an

eligible disaster event, as determined by the State or

(3) To protect the Agency's lien or security;

(4) To accomplish a purpose for which such advance was made; or

(5) In the case of a deceased borrower, to continue to pay necessary farm expenses to protect Agency security in conjunction with the borrower's estate.

§ 761.55 Closing a supervised bank account.

(a) If the supervised bank account is no longer needed and the loan account is not paid in full, the Agency will determine the source of the remaining funds in the supervised bank account. If the funds are determined to be:

(1) Loan funds:

(i) From any loan type, except Youth loan, and the balance is less than \$1,000, the Agency will provide the balance to the borrower to use for authorized loan purposes;

(ii) From a Youth loan, and the balance is less than \$100, the Agency will provide the balance to the borrower to use for authorized loan purposes;

(2) Loan funds:

(i) From any loan type, except Youth loan, and the balance is \$1,000 or greater, the Agency will apply the balance to the FLP loan;

(ii) From a Youth loan, and the balance is \$100 or greater, the Agency will apply the balance to the FLP loan;

(3) Normal income funds, the Agency will apply the balance to the remaining current year's scheduled payments and pay any remaining balance to the borrower; and

(4) Basic security funds, the Agency will apply the balance to the FLP loan as an extra payment or the borrower may apply the balance toward the purchase of basic security, provided the Agency obtains a lien on such security and its security position is not diminished.

(b) If the borrower is uncooperative in closing a supervised bank account, the Agency will make written demand to the financial institution for the balance and apply it in accordance with paragraph (a) of this section.

(c) In the event of a borrower's death, the Agency may:

(1) Apply the balance to the borrower's FLP loan;

(2) Continue with a remaining borrower, provided the supervised bank account was established as a joint tenancy with right of survivorship account;

(3) Refund unobligated balances from other creditors in the supervised bank account for specific operating purposes in accordance with any prior written agreement between the Agency and the deceased borrower; or

(4) Continue to pay expenses from the supervised bank account in conjunction with the borrower's estate.

- (2) Revenues, by source;
- (3) Other sources of funds, including borrowed funds;
- (4) Operating expenses;
- (5) Interest;

- (3) Immediately notify the Agency of any proposed or actual significant change in the farming operation, any significant changes in family income, expenses, or the development of problem situations, or any losses or proposed significant changes in security.

(c) If the borrower fails to comply with these requirements, unless due to reasons outside the borrower's control, the non-compliance may adversely impact future requests for assistance.

§ 761.103 Farm assessment.

(a) The Agency assesses each farming operation to determine the applicant's financial condition, organizational structure, management strengths and weaknesses, appropriate levels of Agency oversight, credit counseling needs, and training needs. The applicant will participate in developing the assessment.

(b) The initial assessment must evaluate, at a minimum, the:

- (1) Farm organization and key personnel qualifications;
- (2) Type of farming operation;

§ 761.104 Developing the farm operating plan.

(a) An applicant or borrower must submit a farm operating plan to the Agency, upon request, for loan making or servicing purposes.

Farm Service Agency, USDA

§ 761.202

(1) Historical information will be used as a guide.

(2) Positive and negative trends, mutually agreed upon changes and improvements, and current input prices will be taken into consideration when arriving at reasonable projections.

(3) Projected yields will be calculated according to the following priorities:

(i) The applicant or borrower's own production records for the previous 3 years;

(ii) The per-acre actual production history of the crops produced by the farming operation used to determine Federal crop insurance payments, if available;

(iii) FSA Farm Program actual yield records;

(iv) County averages;

(v) State averages.

(4) If the applicant or borrower's production history has been substantially affected by a disaster declared by the President or designated by the Secretary of Agriculture, or the applicant or borrower has had a qualifying loss from such disaster but the farming operation was not located in a declared or designated disaster area, the applicant or borrower may:

(i) Use county average yields, or state average yields if county average yields are not available, in place of the disaster year yields; or

(ii) Exclude the production year with the lowest actual or county average yield if their yields were affected by disasters during at least 2 of the 3 years.

(d) Unit prices for agricultural commodities established by the Agency will generally be used. Applicants and borrowers that provide evidence that they will receive a premium price for a commodity may use a price above the price established by the Agency.

(e) Except as provided in paragraph (f) of this section, the applicant or borrower must sign the final farm operating plan prior to approval of any loan or servicing action.

(f) If the Agency believes the applicant or borrower's farm operating plan is inaccurate, or the information upon which it is based cannot be verified, the Agency will discuss and try to resolve the concerns with the applicant or borrower. If an agreement cannot be

reached, the Agency will make loan approval and servicing determinations based on the Agency's revised farm operating plan.

§ 761.105 Year-end analysis.

(a) The Agency conducts a year-end analysis at its discretion or if the borrower:

(1) Has received any direct loan, chattel subordination, or primary loan servicing action within the last year;

(2) Is financially distressed or delinquent;

(3) Has a loan deferred, excluding deferral of an installment under subpart B of part 766; or

(4) Is receiving a limited resource interest rate on any loan.

(b) To the extent practicable, the year-end analysis will be completed within 60 days after the end of the business year or farm budget planning period and must include:

§§ 761.106–761.200 [Reserved]

Subpart D—Allocation of Farm Loan Programs Funds to State Offices

§ 761.201 Purpose.

(a) This subpart addresses:

(1) The allocation of funds for direct and guaranteed FO and OL loans;

(2) The establishment of socially disadvantaged target participation rates; and

(3) The reservation of loan funds for beginning farmers.

(b) The Agency does not allocate EM loan funds to State Offices but makes funds available following a designated or declared disaster. EM loan funds are available on a first-come first-served basis.

(c) State funding information is available for review in any State Office.

§ 761.202 Timing of allocations.

The Agency's National Office allocates funds for FO and OL loans to the

§ 761.203

State Offices on a fiscal year basis, as made available by the Office of Management and Budget. However, the National Office will retain control over the funds when funding or administrative constraints make allocation to State Offices impractical.

§ 761.203 National reserves for Farm Ownership and Operating loans.

(a) *Reservation of funds.* At the start of each fiscal year, the National Office reserves a portion of the funds available for each direct and guaranteed loan program. These reserves enable the Agency to meet unexpected or justifiable program needs during the fiscal year.

(b) *Allocation of reserved funds.* The National Office distributes funds from the reserve to one or more State Offices to meet a program need or Agency objective.

§ 761.204 Methods of allocating funds to State Offices.

FO and OL loan funds are allocated to State Offices using one or more of the following allocation methods:

(a) Formula allocation, if data, as specified in § 761.205, is available to use the formula for the State.

(b) Administrative allocation, if the Agency cannot adequately meet program objectives with a formula allocation.

7 CFR Ch. VII (1–1–09 Edition)

tion. The National Office determines the amount of an administrative allocation on a case-by-case basis.

(c) Base allocation, to ensure funding for at least one loan in each State, District, or County Office. In making a base allocation, the National Office may use criteria other than those used in the formula allocation, such as historical Agency funding information.

§ 761.205 Computing the formula allocation.

(a) The formula allocation for FO or OL loan funds is equal to:

(1) The amount available for allocation by the Agency minus the amounts held in the National Office reserve and distributed by base and administrative allocation, multiplied by

(2) The State Factor, which represents the percentage of the total amount of the funds for a loan program that the National Office allocates to a State Office.

formula allocation = (amount available for allocation – national reserve – base allocation – administrative allocation) × State Factor

(b) To calculate the State Factor, the Agency:

(1) Uses the following criteria, data sources, and weights:

Criteria	Loan type criterion is used for	Data source	Weight for FO loans (percent)	Weight for OL loans (percent)
Farm operators with sales of \$2,500–\$39,999 and less than 200 days work off the farm.	FO and OL loans	U.S. Census of Agriculture.	15	15
Farm operators with sales of \$40,000 or more and less than 200 days work off farm.	FO and OL loans	U.S. Census of Agriculture.	35	35
Tenant farm operators	FO and OL loans	U.S. Census of Agriculture.	25	20
3-year average net farm income	FO and OL loans	USDA Economic Research Service.	15	15
Value of farm real estate assets	FO loans	USDA Economic Research Service.	10	N/A
Value of farm non-real estate assets	OL loans	USDA Economic Research Service.	N/A	15

(2) Determines each State's percentage of the national total for each criterion;

(3) Multiplies the percentage for each State determined in paragraph (b)(2) of this section by the applicable weight for that criterion;

(4) Sums the weighted criteria for each State to obtain the State factor.

§ 761.206 Pooling of unobligated funds allocated to State Offices.

The Agency periodically pools unobligated FO and OL loan funds that have been allocated to State Offices. When pooling these funds, the Agency places all unobligated funds in the appropriate National Office reserve. The

pooled funds may be retained in the national reserve or reallocated to the States.

§ 761.207 Distribution of loan funds by State Offices.

A State Office may distribute its allocation of loan funds to District or County level using the same allocation methods that are available to the National Office. State Offices may reserve a portion of the funds to meet unexpected or justifiable program needs during the fiscal year.

§ 761.208 Target participation rates for socially disadvantaged groups.

(a) *General.* (1) The Agency establishes target participation rates for providing FO and OL loans to members of socially disadvantaged groups.

(2) The Agency sets the target participation rates for State and County levels annually.

(3) When distributing loan funds in counties within Indian reservations, the Agency will allocate the funds on a reservation-wide basis.

(4) The Agency reserves and allocates sufficient loan funds to achieve these target participation rates. The Agency may also use funds that are not reserved and allocated for socially disadvantaged groups to make or guarantee loans to members of socially disadvantaged groups.

(b) *FO loans based on ethnicity or race.* The FO loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total rural population in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of rural population in the county who are members of such socially disadvantaged groups.

(c) *OL loans based on ethnicity or race.* The OL loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total number of farmers in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of the total number of farmers in the county who are members of socially disadvantaged ethnic groups.

(d) *Women farmers.* (1) The target participation rate for women farmers in each:

(i) State is equal to the percent of farmers in the State who are women.

(ii) County is equal to the percent of farmers in the county who are women.

(2) In developing target participation rates for women, the Agency will consider the number of women who are current farmers and potential farmers.

§ 761.209 Loan funds for beginning farmers.

Each fiscal year, the Agency reserves a portion of direct and guaranteed FO and OL loan funds for beginning farmers in accordance with section 346(b)(2) of the Act.

§ 761.210 Transfer of funds.

If sufficient unsubsidized guaranteed OL funds are available, then beginning on:

(a) August 1 of each fiscal year, the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers under the Beginning Farmer Downpayment loan program; and

(b) September 1 of each fiscal year the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers.

EFFECTIVE DATE NOTE: At 73 FR 74345, Dec. 8, 2008, § 761.210 was amended by revising paragraph (a), effective January 7, 2009. For the convenience of the user, the revised text is set forth as follows:

§§ 762.1–762.100 [Reserved]

§ 762.101 Introduction.

(a) *Scope.* This subpart contains regulations governing Operating Loans and Farm Ownership loans guaranteed by the Farm Service Agency. This subpart applies to lenders, holders, borrowers, Agency personnel, and other parties involved in making, guaranteeing, holding, servicing, or liquidating such loans.

(b) *Lender list.* The Agency maintains a current list of lenders who express a desire to participate in the guaranteed

7 CFR Ch. VII (1–1–09 Edition)

loan program. This list is made available to farmers upon request.

(c) *Lender classification.* Lenders who participate in the Agency guaranteed loan program will be classified into one of the following categories:

(1) Standard Eligible Lender under § 762.105;

(2) Certified Lender, or

(3) Preferred Lender under § 762.106.

(d) *Type of guarantee.* Guarantees are available for both a loan note or a line of credit. A loan note is used for a loan of fixed amount and term. A line of credit has a fixed term, but no fixed amount. The principal amount outstanding at any time, however, may not exceed the line of credit ceiling contained in the contract. Both guarantees are evidenced by the same loan guarantee form.

(e) *Termination of loan guarantee.* The loan guarantee will automatically terminate as follows:

(1) Upon full payment of the guaranteed loan. A zero balance within the period authorized for advances on a line of credit will not terminate the guarantee;

(2) Upon payment of a final loss claim; or

(3) Upon written notice from the lender to the Agency that a guarantee is no longer desired provided the lender holds all of the guaranteed portion of the loan. The loan guarantee will be returned to the Agency office for cancellation within 30 days of the date of the notice by the lender.

§ 762.102 Abbreviations and definitions.

Abbreviations and definitions for terms used in this part are provided in § 761.2 of this chapter.

[72 FR 63297, Nov. 8, 2007]

§ 762.103 Full faith and credit.

(a) *Fraud and misrepresentation.* The loan guarantee constitutes an obligation supported by the full faith and credit of the United States. The Agency may contest the guarantee only in cases of fraud or misrepresentation by a lender or holder, in which:

(1) The lender or holder had actual knowledge of the fraud or misrepresentation at the time it became the lender or holder, or

(2) The lender or holder participated in or condoned the fraud or misrepresentation.

(b) *Lender violations.* The loan guarantee cannot be enforced by the lender, regardless of when the Agency discovers the violation, to the extent that the loss is a result of:

(1) Violation of usury laws;

(2) Negligent servicing;

(3) Failure to obtain the required security; or,

(4) Failure to use loan funds for purposes specifically approved by the Agency.

(c) *Enforcement by holder.* The guarantee and right to require purchase will be directly enforceable by the holder even if:

(1) The loan guarantee is contestable based on the lender's fraud or misrepresentation; or

(2) The loan note guarantee is unenforceable by the lender based on a lender violation.

§ 762.104 Appeals.

(a) A decision made by the lender adverse to the borrower is not a decision by the Agency, whether or not concurred in by the Agency, and may not be appealed.

(b) The lender or Agency may request updated information from the borrower to implement an appeal decision.

(c) Appeals will be handled in accordance with parts 11 and 780 of this title.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 63297, Nov. 8, 2007]

§ 762.105 Eligibility and substitution of lenders.

(a) *General.* To participate in FSA guaranteed farm loan programs, a lender must meet the eligibility criteria in this part. The standard eligible lender must demonstrate eligibility and provide such evidence as the Agency may request.

(b) *Standard eligible lender eligibility criteria.* (1) A lender must have experience in making and servicing agricultural loans and have the capability to make and service the loan for which a guarantee is requested;

(2) The lenders must not have losses or deficiencies in processing and servicing guaranteed loans above a level which would indicate an inability to properly process and service a guaranteed agricultural loan.

(3) A lender must be subject to credit examination and supervision by an acceptable State or Federal regulatory agency;

(4) The lender must maintain an office near enough to the collateral's location so it can properly and efficiently discharge its loan making and loan servicing responsibilities or use Agency approved agents, correspondents, branches, or other institutions or persons to provide expertise to assist in carrying out its responsibilities. The lender must be a local lender unless it:

(i) Normally makes loans in the region or geographic location in which the applicant's operation being financed is located, or

(ii) Demonstrates specific expertise in making and servicing loans for the proposed operation.

(5) The lender, its officers, or agents must not be debarred or suspended from participation in Government contracts or programs or be delinquent on a Government debt.

(c) *Substitution of lenders.* A new eligible lender may be substituted for the original lender, upon the original lender's concurrence, under the following conditions:

(1) The Agency approves of the substitution in writing by executing a modification of the guarantee to identify the new lender, the amount of debt at the time of the substitution and any new loan terms if applicable.

(2) The new lender agrees in writing to:

(i) Assume all servicing and other responsibilities of the original lender and to acquire the unguaranteed portion of the loan;

(ii) Execute a lender's agreement if one is not in effect;

(iii) [Reserved]

(iv) Give any holder written notice of the substitution. If the rate and terms are changed, written concurrence from the holder is required.

(3) The original lender will:

(i) Assign their promissory note, lien instruments, loan agreements, and other documents to the new lender.

(ii) If the loan is subject to an existing interest assistance agreement, submit a request for subsidy for the partial year that it has owned the loan.

(d) *Lender name or ownership changes.*

(1) When a lender begins doing business under a new name or undergoes an ownership change the lender will notify the Agency.

(2) The lender's CLP or PLP status is subject to reconsideration when ownership changes.

(3) The lender will execute a new lender's agreement when ownership changes.

[64 FR 7378, Feb. 12, 1999, as amended at 66 FR 7567, Jan. 24, 2001]

§ 762.106 Preferred and certified lender programs.

(a) *General.* (1) Lenders who desire PLP or CLP status must prepare a written request addressing:

(i) The States in which they desire to receive PLP or CLP status and their branch offices which they desire to be considered by the Agency for approval; and

(ii) Each item of the eligibility criteria for PLP or CLP approval in this section, as appropriate.

(2) The lender may include any additional supporting evidence or other information the lender believes would be helpful to the Agency in making its determination.

(3) The lender must send its request to the Agency State office for the State in which the lender's headquarters is located.

(4) The lender must provide any additional information requested by the Agency to process a PLP or CLP request if the lender continues with the approval process.

(b) *CLP criteria.* The lender must meet the following requirements to obtain CLP status:

(1) Qualify as a standard eligible lender under § 762.105;

(2) Have a lender loss rate not in excess of the maximum CLP loss rate established by the Agency and published periodically in a FEDERAL REGISTER Notice. The Agency may waive the loss rate criteria for those lenders whose

loss rate was substantially affected by a disaster as defined in part 1945, subpart A, of this title.

(3) Have proven an ability to process and service Agency guaranteed loans by showing that the lender:

(i) Submitted substantially complete and correct guaranteed loan applications; and

(ii) Serviced all guaranteed loans according to Agency regulations;

(4) Have made the minimum number of guaranteed OL, FO, or Soil and Water (SW) loans established by the Agency and published periodically in a FEDERAL REGISTER Notice.

(5) Not be under any regulatory enforcement action such as a cease and desist order, written agreement, or an appointment of conservator or receiver, based upon financial condition;

(6) Designate a qualified person or persons to process and service Agency guaranteed loans for each of the lender offices which will process CLP loans. To be qualified, the person must meet the following conditions:

(ii) Agree to attend Agency sponsored training each year;

(7) Use forms acceptable to the Agency for processing, analyzing, securing, and servicing Agency guaranteed loans and lines of credit;

(c) *PLP criteria.* The lender must meet the following requirements to obtain PLP status:

(1) Meet the CLP eligibility criteria under this section.

(2) Have a credit management system, satisfactory to the Agency, based on the following:

(i) The lender's written credit policies and underwriting standards;

(ii) Loan documentation requirements;

(iii) Exceptions to policies;

(iv) Analysis of new loan requests;

(v) Credit file management;

(vi) Loan funds and collateral management system;

(vii) Portfolio management;

(viii) Loan reviews;

(ix) Internal credit review process;

(x) Loan monitoring system; and

(3) Have made the minimum number of guaranteed OL, FO, or SW loans established by the Agency and published periodically in a FEDERAL REGISTER Notice.

(4) Have a lender loss rate not in excess of the rate of the maximum PLP loss rate established by the Agency and published periodically in a FEDERAL REGISTER Notice. The Agency may waive the loss rate criteria for those lenders whose loss rate was substantially affected by a disaster as defined in part 1945, subpart A, of this title.

(5) Show a consistent practice of submitting applications for guaranteed loans containing accurate information supporting a sound loan proposal.

(6) Show a consistent practice of processing Agency guaranteed loans without recurring major or minor deficiencies.

(ii) Timely and effective servicing; and

(iii) Communication with the Agency.

(8) Designate a person or persons, either by name, title, or position within the organization, to process and service PLP loans for the Agency.

(d) *CLP and PLP approval.* (1) If a lender applying for CLP or PLP status is or has recently been involved in a merger or acquisition, all loans and losses attributed to both lenders will be considered in the eligibility calculations.

(2) The Agency will determine which branches of the lender have the necessary experience and ability to participate in the CLP or PLP program based on the information submitted in the lender application and on Agency experience.

(3) Lenders who meet the criteria will be granted CLP or PLP status for a period not to exceed 5 years.

(4) PLP status will be conditioned on the lender carrying out its credit management system as proposed in its request for PLP status and any additional loan making or servicing re-

quirements agreed to and documented the PLP lender's agreement. If the PLP lender's agreement does not specify any agreed upon process for a particular action, the PLP lender will act according to regulations governing CLP lenders.

(e) *Monitoring CLP and PLP lenders.* CLP and PLP lenders will provide information and access to records upon Agency request to permit the Agency to audit the lender for compliance with these regulations.

(f) *Renewal of CLP or PLP status.* (1) PLP or CLP status will expire within a period not to exceed 5 years from the date the lender's agreement is executed, unless a new lender's Agreement is executed.

(2) Renewal of PLP or CLP status is not automatic. A lender must submit a written request for renewal of a lender's agreement with PLP or CLP status which includes information:

(i) Updating the material submitted in the initial application; and,

(ii) Addressing any new criteria established by the Agency since the initial application.

(3) PLP or CLP status will be renewed if the applicable eligibility criteria under this section are met, and no cause exists for denying renewal under paragraph (g) of this section.

(g) *Revocation of PLP or CLP status.* (1) The Agency may revoke the lender's PLP or CLP status at any time during the 5 year term for cause.

(2) Any of the following instances constitute cause for revoking or not renewing PLP or CLP status:

(i) Violation of the terms of the lender's agreement;

(ii) Failure to maintain PLP or CLP eligibility criteria. The Agency may allow a PLP lender with a loss rate which exceeds the maximum PLP loss rate, to retain its PLP status for a two-year period, if:

(A) The lender documents in writing why the excessive loss rate is beyond their control;

(B) The lender provides a written plan that will reduce the loss rate to the PLP maximum rate within two years from the date of the plan, and

(C) The Agency determines that exceeding the maximum PLP loss rate standard was beyond the control of the

lender. Examples include, but are not limited to, a freeze with only local impact, economic downturn in a local area, drop in local land values, industries moving into or out of an area, loss of access to a market, and biological or chemical damage.

(D) The Agency will revoke PLP status if the maximum PLP loss rate is not met at the end of the two-year period, unless a second two year extension is granted under this subsection.

(iii) Knowingly submitting false or misleading information to the Agency;

(iv) Basing a request on information known to be false;

(v) Deficiencies that indicate an inability to process or service Agency guaranteed farm loan programs loans in accordance with this subpart;

(vi) Failure to correct cited deficiencies in loan documents upon notification by the Agency;

(viii) Failure to use forms, or follow credit management systems (for PLP lenders) accepted by the Agency; or

(ix) Failure to comply with the reimbursement requirements of §762.144(c)(7).

(3) A lender which has lost PLP or CLP status must be reconsidered for eligibility to continue as a Standard Eligible Lender (for former PLP and CLP lenders), or as a CLP lender (for former PLP lenders) in submitting loan guarantee requests. They may reapply for CLP or PLP status when the problem causing them to lose their status has been resolved.

§§ 762.107–762.109 [Reserved]

§ 762.110 Loan application.

(a) *Loans for \$125,000 or less.* All lenders except PLP lenders will submit the following items:

(1) A complete application for loans of \$125,000 or less must, at least, consist of:

- (iv) Cash flow budget;
- (v) Credit report;

(vi) A plan for servicing the loan.

(2) In addition to the minimum requirements, the lender will perform at least the same level of evaluation and documentation for a guaranteed loan that the lender typically performs for non-guaranteed loans of a similar type and amount.

(3) The \$125,000 threshold includes any single loan, or package of loans submitted for consideration at any one time. A lender must not split a loan into two or more parts to meet the threshold thereby avoiding additional documentation.

(4) The Agency may require lenders with a lender loss rate in excess of the rate for CLP lenders to assemble additional documentation from paragraph (b) of this section.

(b) *Loans over \$125,000.* A complete application for loans over \$50,000 will consist of the items required in paragraph (a) of this section plus the following:

- (1) Verification of income;

- (3) Three years financial history;
- (4) Three years of production history (for standard eligible lenders only);
- (5) Proposed loan agreements; and,
- (6) If construction or development is planned, a copy of the plans, specifications, and development schedule.

(c) *Applications from PLP lenders.* Notwithstanding paragraphs (a) and (b) of this section, a complete application for PLP lenders will consist of at least:

- (1) An application form;
- (2) A loan narrative; and
- (3) Any other items agreed to during the approval of the PLP lender's status and contained in the PLP lender agreement.

(d) *Submitting applications.* (1) All lenders must compile and maintain in their files a complete application for each guaranteed loan. See paragraphs (a), (b), and (c) of this section.

(2) The Agency will notify CLP lenders which items to submit to the Agency.

(3) PLP lenders will submit applications in accordance with their agreement with the Agency for PLP status.

(4) CLP and PLP lenders must certify that the required items, not submitted, are in their files.

(5) The Agency may request additional information from any lender or

Farm Service Agency, USDA

§ 762.120

review the lender's loan file as needed to make eligibility and approval decisions.

(e) *Incomplete applications.* If the lender does not provide the information needed to complete its application by the deadline established in an Agency request for the information, the application will be considered withdrawn by the lender.

(f) *Conflict of interest.* (1) When a lender submits the application for a guaranteed loan, the lender will inform the Agency in writing of any relationship which may cause an actual or potential conflict of interest.

(2) Relationships include:

(i) The lender or its officers, directors, principal stockholders (except stockholders in a Farm Credit System institution that have stock requirements to obtain a loan), or other principal owners having a financial interest (other than lending relationships in the normal course of business) in the applicant or borrower.

(ii) The applicant or borrower, a relative of the applicant or borrower, anyone residing in the household of the applicant or borrower, any officer, director, stockholder or other owner of the applicant or borrower holds any stock or other evidence of ownership in the lender.

(iii) The applicant or borrower, a relative of the applicant or borrower, or anyone residing in the household of the applicant or borrower is an Agency employee.

(iv) The officers, directors, principal stockholders (except stockholders in a Farm Credit System institution that have stock requirements to obtain a loan), or other principal owners of the lender have substantial business dealings (other than in the normal course of business) with the applicant or borrower.

(v) The lender or its officers, directors, principal stockholders, or other principal owners have substantial business dealings with an Agency employee.

(3) The lender must furnish additional information to the Agency upon request.

(4) The Agency will not approve the application until the lender develops acceptable safeguards to control any

actual or potential conflicts of interest.

(g) *Market placement program.* When the Agency determines that a direct applicant or borrower may qualify for guaranteed credit, the Agency may submit the applicant or borrower's financial information to one or more guaranteed lenders. If a lender indicates interest in providing financing to the applicant or borrower through the guaranteed loan program, the Agency will assist in completing the application for a guarantee.

§§ 762.111–762.119 [Reserved]

§ 762.120 Applicant eligibility.

Applicants must meet all of the following requirements to be eligible for a guaranteed OL or a guaranteed FO:

(a) *Agency loss.* (1) Except as provided in paragraph (a)(2) of this section, the applicant, and anyone who will execute the promissory note, has not caused the Agency a loss by receiving debt forgiveness on all or a portion of any direct or guaranteed loan made under the authority of the Act by debt write-down or write-off; compromise, adjustment, reduction, or charge-off under the provisions of section 331 of the Act; discharge in bankruptcy; or through payment of a guaranteed loss claim on:

(i) More than three occasions on or prior to April 4, 1996; or

(ii) Any occasion after April 4, 1996.

(2) The applicant may receive a guaranteed OL to pay annual farm and ranch operating and family living expenses, provided the applicant meets all other requirements for the loan, if the applicant and anyone who will execute the promissory note:

(i) Received a write-down under section 353 of the Act;

(ii) Is current on payments under a confirmed reorganization plan under chapter 11, 12, or 13 of title 11 of the United States Code; or

(iii) Received debt forgiveness on not more than one occasion after April 4, 1996, resulting directly and primarily from a Presidentially-designated emergency for a county or contiguous county in which the applicant operates.

Only applicants who were current on all existing direct and guaranteed FSA loans prior to the beginning date of the incidence period for a Presidentially-designated emergency and received debt forgiveness on that debt within three years after the designation of such emergency meet this exception.

(b) *Delinquent Federal debt.* The applicant, and anyone who will execute the promissory note, is not delinquent on any Federal debt, other than a debt under the Internal Revenue Code of 1986. (Any debt under the Internal Revenue Code of 1986 may be considered by the lender in determining cash flow and creditworthiness.)

(c) *Outstanding judgments.* The applicant, and anyone who will execute the promissory note, have no outstanding unpaid judgment obtained by the United States in any court. Such judgments do not include those filed as a result of action in the United States Tax Courts.

(d) *Citizenship.* (1) The applicant must be a citizen of the United States, a United States non-citizen national, or a qualified alien under applicable Federal immigration laws. For an entity applicant, the majority interest of the entity must be held by members who are United States citizens, United States non-citizen nationals, or qualified aliens under applicable Federal immigration laws.

(2) United States non-citizen nationals and qualified aliens must provide the appropriate documentation as to their immigration status as required by the United States Department of Homeland Security, Bureau of Citizenship and Immigration Services.

(e) *Legal capacity.* The applicant and all borrowers on the loan must possess the legal capacity to incur the obligations of the loan.

(f) *False or misleading information.* The applicant, in past dealings with the Agency, must not have provided the Agency with false or misleading documents or statements.

(g) *Credit history.* (1) The individual or entity applicant and all entity members must have acceptable credit history demonstrated by debt repayment.

(2) A history of failures to repay past debts as they came due when the ability to repay was within their control

will demonstrate unacceptable credit history.

(3) Unacceptable credit history will not include:

(i) Isolated instances of late payments which do not represent a pattern and were clearly beyond their control; or,

(ii) Lack of credit history.

(h) *Test for credit.* (1) The applicant is unable to obtain sufficient credit elsewhere without a guarantee to finance actual needs at reasonable rates and terms.

(2) The potential for sale of any significant nonessential assets will be considered when evaluating the availability of other credit.

(3) Ownership interests in property and income received by an individual or entity applicant, and any entity members as individuals will be considered when evaluating the availability of other credit to the applicant.

(i) *For OLs:*

(1) The individual or entity applicant must be an operator of not larger than a family farm after the loan is closed.

(2) In the case of an entity borrower:

(i) The entity must be authorized to operate, and own if the entity is also an owner, a farm in the State or States in which the farm is located; and

(ii) If the entity members holding a majority interest are related by marriage or blood, at least one member of the entity must operate the family farm; or,

(iii) If the entity members holding a majority interest are not related by marriage or blood, the entity members holding a majority interest must also operate the family farm.

(j) *For FOs:*

(1) The individual must be the operator and owner of not larger than a family farm after the loan is closed.

(2) In the case of an entity borrower:

(i) The entity must be authorized to own and operate a farm in the state or states in which the farm is located; and

(ii) If the entity members holding a majority interest are related by marriage or blood, at least one member of the entity also must operate the family farm and at least one member of the entity or the entity must own the family farm; or,

(iii) If the entity members holding a majority interest are not related by marriage or blood, the entity members holding a majority interest must operate the family farm and the entity members holding a majority interest or the entity must own the family farm.

(k) *For entity applicants.* Entity applicants must meet the following additional eligibility criteria:

(1) Each entity member's ownership interest may not exceed the family farm definition limits;

(2) The collective ownership interest of all entity members may exceed the family farm definition limits only if the following conditions are met:

(i) All of the entity members are related by blood or marriage;

(ii) All of the members are or will be operators of the entity; and,

(iii) The majority interest holders of the entity must meet the requirements of paragraphs (d), (f), (g), and (i) through (j) of this section;

(3) The entity must be controlled by farmers engaged primarily and directly in farming or ranching in the United States after the loan is made; and

(4) The entity members are not themselves entities.

(l) *Controlled substances.* The applicant, and anyone who will sign the promissory note, must not be ineligible as a result of a conviction for controlled substances according to 7 CFR part 718 of this chapter. If the lender uses the lender's Agency approved forms, the certification may be an attachment to the form.

§ 762.121 Loan purposes.

(a) *Operating Loan purposes.* (1) Loan funds disbursed under an OL guarantee may only be used for the following purposes:

(i) Payment of costs associated with reorganizing a farm to improve its profitability;

(ii) Purchase of livestock, including poultry, and farm equipment or fixtures, quotas and bases, and cooperative stock for credit, production, processing or marketing purposes;

(iii) Payment of annual farm operating expenses, examples of which in-

clude feed, seed, fertilizer, pesticides, farm supplies, repairs and improvements which are to be expensed, cash rent and family subsistence;

(iv) Payment of scheduled principal and interest payments on term debt provided the debt is for authorized FO or OL purposes;

(v) Other farm and ranch needs;

(vi) Payment of costs associated with land and water development for conservation or use purposes;

(vii) Refinancing indebtedness incurred for any authorized OL purpose, when the lender and applicant can demonstrate the need to refinance;

(viii) Payment of loan closing costs;

(ix) Payment of costs associated with complying with Federal or State-approved standards under the Occupational Safety and Health Act of 1970 (29 U.S.C. 655, 667). This purpose is limited to applicants who demonstrate that compliance with the standards will cause them substantial economic injury; and

(x) Payment of training costs required or recommended by the Agency.

(2) Loan funds under a line of credit may be advanced only for the following purposes:

(i) Payment of annual operating expenses, family subsistence, and purchase of feeder animals;

(ii) Payment of current annual operating debts advanced for the current operating cycle; (Under no circumstances can carry-over operating debts from a previous operating cycle be refinanced);

(iii) Purchase of routine capital assets, such as replacement of livestock, that will be repaid within the operating cycle;

(iv) Payment of scheduled, non-delinquent, term debt payments provided the debt is for authorized FO or OL purposes.

(v) Purchase of cooperative stock for credit, production, processing or marketing purposes; and

(vi) Payment of loan closing costs.

(b) *Farm ownership loan purposes.* Guaranteed FO are authorized only to:

(1) Acquire or enlarge a farm; examples include, but are not limited to, providing down payments, purchasing easements for the applicant's portion

of land being subdivided, and participating in the beginning farmer down-payment FO program under part 764 of this chapter;

(2) Make capital improvements; examples include, but are not limited to, the construction, purchase, and improvement of a farm dwelling, service buildings and facilities that can be made fixtures to the real estate, (Capital improvements to leased land may be financed subject to the limitations in § 762.122);

(3) Promote soil and water conservation and protection; examples include the correction of hazardous environmental conditions, and the construction or installation of tiles, terraces and waterways;

(4) Pay closing costs, including but not limited to, purchasing stock in a cooperative and appraisal and survey fees; and

(5) Refinancing indebtedness incurred for authorized FO and OL purposes, provided the lender and applicant demonstrate the need to refinance the debt.

(c) *Highly erodible land or wetlands conservation.* Loans may not be made for any purpose which contributes to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity. A decision by the Agency to reject an application for this reason may be appealable. An appeal questioning whether the presence of a wetland, converted wetland, or highly erodible land on a particular property must be filed directly with the USDA agency making the determination in accordance with the agency's appeal procedures.

(d) *Judgment debts.* Loans may not be used to satisfy judgments obtained in the United States District courts. However, Internal Revenue Service judgment liens may be paid with loan funds.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 63297, Nov. 8, 2007]

EFFECTIVE DATE NOTE: At 73 FR 74345, Dec. 8, 2008, § 762.121 was amended by removing the words "beginning farmer" in paragraph (b)(1), effective January 7, 2009.

§ 762.122 Loan limitations.

(a) *Dollar limits.* The Agency will not guarantee any loan that would result in the applicant's total indebtedness

exceeding the limits established in § 761.8 of this chapter.

(b) *OL term limitations.* (1) No guaranteed OL shall be made to any applicant after the 15th year that a applicant, or any individual signing the promissory note, received a direct or guaranteed OL.

(2) Notwithstanding paragraph (c)(1) of this section, if a borrower had any combination of direct or guaranteed OL closed in 10 or more prior calendar years prior to October 28, 1992, eligibility to receive new guaranteed OL is extended for 5 additional years from October 28, 1992, and the years need not run consecutively. However, in the case of a line of credit, each year in which an advance is made after October 28, 1992, counts toward the 5 additional years. Once determined eligible, a loan or line of credit may be approved for any authorized term.

(c) *Leased land.* When FO funds are used for improvements to leased land the terms of the lease must provide reasonable assurance that the applicant will have use of the improvement over its useful life, or provide compensation for any unexhausted value of the improvement if the lease is terminated.

(d) *Tax-exempt transactions.* The Agency will not guarantee any loan made with the proceeds of any obligation the interest on which is excluded from income under section 103 of the Internal Revenue Code of 1986. Funds generated through the issuance of tax-exempt obligations may not be used to purchase the guaranteed portion of any Agency guaranteed loan. An Agency guaranteed loan may not serve as collateral for a tax-exempt bond issue.

(e) *Floodplain restrictions.* The Agency will not guarantee any loan to purchase, build, or expand buildings located in a special 100 year floodplain as defined by FEMA flood hazard area maps unless flood insurance is available and purchased.

[64 FR 7378, Feb. 12, 1999; 64 FR 38298, July 16, 1999, as amended at 66 FR 7567, Jan. 24, 2001; 72 FR 63297, Nov. 8, 2007]

EFFECTIVE DATE NOTE: At 73 FR 74345, Dec. 8, 2008, § 762.122 was amended by removing the reference to "(c)(1) of this section" and adding in its place a reference to "(b)(1) of this

section'' in paragraph (b)(2), effective January 7, 2009.

§ 762.123 Insurance and farm inspection requirements.

(a) *Insurance.* (1) Lenders must require borrowers to maintain adequate property, public liability, and crop insurance to protect the lender and Government's interests.

(2) By loan closing, applicants must either:

(i) Obtain at least the catastrophic risk protection (CAT) level of crop insurance coverage, if available, for each crop of economic significance, as defined by part 402 of this title, or

(ii) Waive eligibility for emergency crop loss assistance in connection with the uninsured crop. EM loan assistance under part 764 of this chapter is not considered emergency crop loss assistance for purposes of this waiver and execution of the waiver does not render the borrower ineligible for EM loans.

(3) Applicants must purchase flood insurance if buildings are or will be located in a special flood hazard area as defined by FEMA flood hazard area maps and if flood insurance is available.

(4) Insurance, including crop insurance, must be obtained as required by the lender or the Agency based on the strengths and weaknesses of the loan.

(b) *Farm inspections.* Before submitting an application the lender must make an inspection of the farm to assess the suitability of the farm and to determine any development that is needed to make it a suitable farm.

[64 FR 7378, Feb. 12, 1999, as amended at 70 FR 56107, Sept. 26, 2005; 72 FR 63297, Nov. 8, 2007]

§ 762.124 Interest rates, terms, charges, and fees.

(a) *Interest rates.* (1) The interest rate on a guaranteed loan or line of credit may be fixed or variable as agreed upon between the borrower and the lender. The lender may charge different rates on the guaranteed and the non-guaranteed portions of the note. The guaranteed portion may be fixed while the unguaranteed portion may be variable, or vice versa. If both portions are variable, different bases may be used.

(2) If a variable rate is used, it must be tied to a rate specifically agreed to between the lender and borrower in the loan instruments. Variable rates may change according to the normal practices of the lender for its average agricultural loan customer, but the frequency of change must be specified in the loan or line of credit instrument.

(3) Neither the interest rate on the guaranteed portion nor the unguaranteed portion may exceed the rate the lender charges its average agricultural loan customer. At the request of the Agency, the lender must provide evidence of the rate charged the average agricultural loan customer. This evidence may consist of average yield data, or documented administrative differential rate schedule formulas used by the lender.

(4) Interest must be charged only on the actual amount of funds advanced and for the actual time the funds are outstanding. Interest on protective advances made by the lender to protect the security will be charged at the note rate but limited to paragraph (a)(3) of this section.

(5) The lender and borrower may collectively obtain a temporary reduction in the interest rate through the interest assistance program in accordance with § 762.150.

(b) *OL terms.* (1) Loan funds or advances on a line of credit used to pay annual operating expenses will be repaid when the income from the year's operation is received, except when the borrower is establishing a new enterprise, developing a farm, purchasing feed while feed crops are being established, or recovering from disaster or economic reverses.

(2) The final maturity date for each loan cannot exceed 7 years from the date of the promissory note or line of credit agreement. Advances for purposes other than for annual operating expenses will be scheduled for repayment over the minimum period necessary considering the applicant's ability to repay and the useful life of the security, but not in excess of 7 years.

(3) All advances on a line of credit must be made within 5 years from the date of the Loan Guarantee.

(c) *FO terms.* Each loan must be scheduled for repayment over a period

§ 762.125

7 CFR Ch. VII (1–1–09 Edition)

not to exceed 40 years from the date of the note or such shorter period as may be necessary to assure that the loan will be adequately secured, taking into account the probable depreciation of the security.

(d) *Balloon installments under loan note guarantee.* Balloon payment terms are permitted on FO or OL subject to the following:

(1) Extended repayment schedules may include equal, unequal, or balloon installments if needed on any guaranteed loan to establish a new enterprise, develop a farm, or recover from a disaster or an economical reversal.

(2) Loans with balloon installments must have adequate collateral at the time the balloon installment comes due. Crops, livestock other than breeding livestock, or livestock products produced are not sufficient collateral for securing such a loan.

(3) The borrower must be projected to be able to refinance the remaining debt at the time the balloon payment comes due based on the expected financial condition of the operation, the depreciated value of the collateral, and the principal balance on the loan.

(e) *Charges and fees.* (1) The lender may charge the applicant and borrower fees for the loan provided they are no greater than those charged to unguaranteed customers for similar transactions. Similar transactions are those involving the same type of loan requested (for example, operating loans or farm real estate loans).

(2) Late payment charges (including default interest charges) are not covered by the guarantee. These charges may not be added to the principal and interest due under any guaranteed note or line of credit. However, late payment charges may be made outside of the guarantee if they are routinely made by the lender in similar types of loan transactions.

(3) Lenders may not charge a loan origination and servicing fee greater than 1 percent of the loan amount for the life of the loan when a guaranteed loan is made in conjunction with a down payment FO for beginning farmers under part 764 of this chapter.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 17358, Apr. 9, 2007; 72 FR 63297, Nov. 8, 2007]

EFFECTIVE DATE NOTE: At 73 FR 74345, Dec. 8, 2008, § 762.124 was amended by removing the words “for beginning farmers” from paragraph (e)(3), effective January 7, 2009.

§ 762.125 Financial feasibility.

(a) *General.* (1) Notwithstanding any other provision of this section, PLP lenders will follow their internal procedures on financial feasibility as agreed to by the Agency during PLP certification.

(2) The applicant's proposed operation must project a feasible plan as defined in § 762.102(b).

(3) For standard eligible lenders, the projected income and expenses of the borrower and operation used to determine a feasible plan must be based on the applicant's proven record of production and financial management.

(4) For CLP lenders, the projected income and expenses of the borrower and the operation must be based on the applicant's financial history and proven record of financial management.

(5) For those farmers without a proven history, a combination of any actual history and any other reliable source of information that are agreeable with the lender, the applicant, and the Agency will be used.

(6) The cash flow budget analyzed to determine a feasible plan must represent the predicted cash flow of the operating cycle.

(7) Lenders must use price forecasts that are reasonable and defensible. Sources must be documented by the lender and acceptable to the Agency.

(8) When a feasible plan depends on income from other sources in addition to income from owned land, the income must be dependable and likely to continue.

(9) The lender will analyze business ventures other than the farm operation to determine their soundness and contribution to the operation. Guaranteed loan funds will not be used to finance a nonfarm enterprise. Nonfarm enterprises include, but are not limited to: raising earthworms, exotic birds, tropical fish, dogs, or horses for nonfarm purposes; welding shops; boarding horses; and riding stables.

(10) When the applicant has or will have a cash flow budget developed in conjunction with a proposed or existing

Agency direct loan, the two cash flow budgets must be consistent.

(b) *Estimating production.* (1) Standard eligible lenders must use the best sources of information available for estimating production in accordance with this subsection when developing cash flow budgets.

(2) Deviations from historical performance may be acceptable, if specific to changes in operation and adequately justified and acceptable to the Agency.

(3) For existing farmers, actual production for the past 3 years will be utilized.

(4) For those farmers without a proven history, a combination of any actual history and any other reliable source of information that are agreeable with the lender, the applicant, and the Agency will be used.

(5) When the production of a growing commodity can be estimated, it must be considered when projecting yields.

(6) When the applicant's production history has been so severely affected by a declared disaster that an accurate projection cannot be made, the following applies:

(i) County average yields are used for the disaster year if the applicant's disaster year yields are less than the county average yields. If county average yields are not available, State average yields are used. Adjustments can be made, provided there is factual evidence to demonstrate that the yield used in the farm plan is the most probable to be realized.

(ii) To calculate a historical yield, the crop year with the lowest actual or county average yield may be excluded, provided the applicant's yields were affected by disasters at least 2 of the previous 5 consecutive years.

(c) *Refinancing.* Loan guarantee requests for refinancing must ensure that a reasonable chance for success still exists. The lender must demonstrate that problems with the applicant's operation that have been identified, can be corrected, and the operation returned to a sound financial basis.

[64 FR 7378, Feb. 12, 1999, as amended at 66 FR 7567, Jan. 24, 2001]

§ 762.126 Security requirements.

(a) *General.* (1) The lender is responsible for ensuring that proper and ade-

quate security is obtained and maintained to fully secure the loan, protect the interest of the lender and the Agency, and assure repayment of the loan or line of credit.

(2) The lender will obtain a lien on additional security when necessary to protect the Agency's interest.

(b) *Guaranteed and unguaranteed portions.* (1) All security must secure the entire loan or line of credit. The lender may not take separate security to secure only that portion of the loan or line of credit not covered by the guarantee.

(2) The lender may not require compensating balances or certificates of deposit as means of eliminating the lender's exposure on the unguaranteed portion of the loan or line of credit. However, compensating balances or certificates of deposit as otherwise used in the ordinary course of business are allowed for both the guaranteed and unguaranteed portions.

(c) *Identifiable security.* The guaranteed loan must be secured by identifiable collateral. To be identifiable, the lender must be able to distinguish the collateral item and adequately describe it in the security instrument.

(d) *Type of security.* (1) Guaranteed loans may be secured by any property if the term of the loan and expected life of the property will not cause the loan to be undersecured.

(2) For loans with terms greater than 7 years, a lien must be taken on real estate.

(3) Loans can be secured by a mortgage on leasehold properties if the lease has a negotiable value and is subject to being mortgaged.

(4) The lender or Agency may require additional personal and corporate guarantees to adequately secure the loan. These guarantees are separate from, and in addition to, the personal obligations arising from members of an entity signing the note as individuals.

(e) *Lien position.* All guaranteed loans will be secured by the best lien obtainable. Provided that:

(1) Any chattel-secured guaranteed loan must have a higher lien priority (including purchase money interest) than an unguaranteed loan secured by the same chattels and held by the same lender.

(2) Junior lien positions are acceptable only if the total amount of debt with liens on the security, including the debt in junior lien position, is less than or equal to 85 percent of the value of the security. Junior liens on crops or livestock products will not be relied upon for security unless the lender is involved in multiple guaranteed loans to the same borrower and also has the first lien on the collateral.

(3) When taking a junior lien, prior lien instruments will not contain future advance clauses (except for taxes, insurance, or other reasonable costs to protect security), or cancellation, summary forfeiture, or other clauses that jeopardize the Government's or the lender's interest or the borrower's ability to pay the guaranteed loan, unless any such undesirable provisions are limited, modified, waived or subordinated by the lienholder for the benefit of the Agency and the lender.

(f) Additional security, or any loan of \$10,000 or less may be secured by the best lien obtainable on real estate without title clearance or legal services normally required, provided the lender believes from a search of the county records that the applicant can give a mortgage on the farm and provided that the lender would, in the normal course of business, waive the title search. This exception to title clearance will not apply when land is to be purchased.

(g) *Multiple owners.* If security has multiple owners, all owners must execute the security documents for the loan.

(h) *Exceptions.* The Deputy Administrator for Farm Loan Programs has the authority to grant an exception to any of the requirements involving security, if the proposed change is in the best interest of the Government and the collection of the loan will not be impaired.

[64 FR 7378, Feb. 12, 1999, as amended at 70 FR 56107, Sept. 26, 2005]

§ 762.127 Appraisal requirements.

(a) *General.* The Agency may require a lender to obtain an appraisal based on the type of security, loan size, and whether it is primary or additional security. Except for authorized liquidation expenses, the lender is responsible

for all appraisal costs, which may be passed on to the borrower, or a transferee in the case of a transfer and assumption.

(b) *Exception.* Notwithstanding other provisions of this section, an appraisal is not required for any additional security, or for loans of \$50,000 or less if a strong equity position exists.

(c) *Chattel appraisals.* A current appraisal (not more than 12 months old) of primary chattel security is generally required on all loans. An appraisal for loans or lines of credit for annual production purposes that are secured by crops is only required when a guarantee is requested late in the current production year and actual yields can be reasonably estimated. The appraised value of chattel property will be based on public sales of the same, or similar, property in the market area. In the absence of such public sales, reputable publications reflecting market values may be used. Appraisal reports may be on the Agency's appraisal of chattel property form or on any other appraisal form containing at least the same information. Chattel appraisals will be performed by appraisers who possess sufficient experience or training to establish market (not retail) values as determined by the Agency.

(d) *Real estate appraisals.* A current real estate appraisal is required when real estate will be primary security. Agency officials may accept an appraisal that is not current if there have been no significant changes in the market or on the subject real estate and the appraisal was either completed within the past 12 months or updated by a qualified appraisal if not completed within the past 12 months.

(1) *Appraiser qualifications.* On loan transactions of \$250,000 or less, the lender must demonstrate to the Agency's satisfaction that the appraiser possesses sufficient experience or training to estimate the market value of agricultural property. On loan transactions greater than \$250,000, which includes principal plus accrued interest through the closing date, the appraisal must be completed by a State certified general appraiser.

(2) *Appraisals.* Real estate appraisals must be completed in accordance with the Uniform Standards of Professional

Appraisal Practice. Appraisals may be either a complete or limited appraisal provided in a self-contained or summary format. Restricted reports, as defined in the Uniform Standards of Professional Appraisal Practice, are not acceptable.

§ 762.128 Environmental and special laws.

(a) *Environmental requirements.* The requirements found in part 1940, subpart G, of this title must be met for guaranteed OL and FO. CLP and PLP lenders may certify that they have documentation in their file to demonstrate compliance with paragraph (c) of this section. Standard eligible lenders must submit evidence supporting compliance with this section.

(b) *Determination.* The Agency determination of whether an environmental problem exists will be based on:

(1) The information supplied with the application;

(2) The Agency Official's personal knowledge of the operation;

(3) Environmental resources available to the Agency including, but not limited to, documents, third parties, and governmental agencies;

(4) A visit to the farm operation when the available information is insufficient to make a determination;

(5) Other information supplied by the lender or applicant upon Agency request. If necessary, information not supplied with the application will be requested by the Agency.

(c) *Special requirements.* Lenders will assist in the environmental review process by providing environmental information. In all cases, the lender must retain documentation of their investigation in the applicant's case file.

(1) A determination must be made as to whether there are any potential impacts to a 100 year floodplain as defined by Federal Emergency Management Agency floodplain maps, Natural Resources Conservation Service data, or other appropriate documentation.

(2) The lender will assist the borrower in securing any applicable permits or waste management plans. The lender may consult with the Agency

for guidance on activities which require consultation with State regulatory agencies, special permitting or waste management plans.

(3) The lender will examine the security property to determine if there are any structures or archeological sites which are listed or may be eligible for listing in the National Register of Historic Places. The lender may consult with the Agency for guidance on which situations will need further review in accordance with the National Historical Preservation Act and part 1940, subpart G.

(4) The applicant must certify they will not violate the provisions of § 363 of the Act, the Food Security Act of 1985, and Executive Order 11990 relating to Highly Erodible Land and Wetlands.

(5) All lenders are required to ensure that due diligence is performed in conjunction with a request for guarantee of a loan involving real estate. Due diligence is the process of evaluating real estate in the context of a real estate transaction to determine the presence of contamination from release of hazardous substances, petroleum products, or other environmental hazards and determining what effect, if any, the contamination has on the security value of the property. The Agency will accept as evidence of due diligence the most current version of the American Society of Testing Materials (ASTM) transaction screen questionnaire available from 100 Barr Harbor Drive, West Conshohocken, Pennsylvania 19428-2959, or similar documentation, approved for use by the Agency, supplemented as necessary by the ASTM phase I environmental site assessments form.

(d) *Equal opportunity and non-discrimination.* (1) With respect to any aspect of a credit transaction, the lender will not discriminate against any applicant on the basis of race, color, religion, national origin, sex, marital status, or age, provided the applicant can execute a legal contract. Nor will the lender discriminate on the basis of whether all or a part of the applicant's income derives from any public assistance program, or whether the applicant in good faith, exercises any rights under the Consumer Protection Act.

§ 762.129

(2) Where the guaranteed loan involves construction, the contractor or subcontractor must file all compliance reports, equal opportunity and non-discrimination forms, and otherwise comply with all regulations prescribed by the Secretary of Labor pursuant to Executive Orders 11246 and 11375.

(e) *Other Federal, State and local requirements.* Lenders are required to coordinate with all appropriate Federal, State, and local agencies and comply with special laws and regulations applicable to the loan proposal.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 63297, Nov. 8, 2007]

§ 762.129 Percent of guarantee and maximum loss.

(a) *General.* The percent of guarantee will not exceed 90 percent based on the credit risk to the lender and the Agency both before and after the transaction. The Agency will determine the percentage of guarantee.

(b) *Exceptions.* The guarantee will be issued at 95 percent in any of the following circumstances:

(1) The sole purpose of a guaranteed FO or OL is to refinance an Agency direct farm loan. When only a portion of the loan is used to refinance a direct Agency loan, a weighted percentage of a guarantee will be provided;

(2) When the purpose of an FO guarantee is to participate in the downpayment loan program;

(3) When a guaranteed OL is made to a farmer who is participating in the Agency's down payment loan program. The guaranteed OL must be made during the period that a borrower has the down payment loan outstanding; or

(4) When a guaranteed OL is made to a farmer whose farm land is subject to the jurisdiction of an Indian tribe and whose loan is secured by one or more security instruments that are subject to the jurisdiction of an Indian tribe.

(c) *CLP and PLP guarantees.* All guarantees issued to CLP or PLP lenders will not be less than 80 percent.

(d) *Maximum loss.* The maximum amount the Agency will pay the lender under the loan guarantee will be any loss sustained by such lender on the guaranteed portion including:

(1) The pro rata share of principal and interest indebtedness as evidenced

7 CFR Ch. VII (1–1–09 Edition)

by the note or by assumption agreement;

(2) Any loan subsidy due and owing;

(3) The pro rata share of principal and interest indebtedness on secured protective and emergency advances made in accordance with this subpart; and

(4) Principal and interest indebtedness on recapture debt pursuant to a shared appreciation agreement. Provided that the lender has paid the Agency its pro rata share of the recapture amount due.

(2) CLP and PLP lenders.

(i) Complete applications from CLP or PLP lenders will be approved or rejected not later than 14 calendar days after receipt.

(ii) For PLP lenders, if this time frame is not met, the proposed guaranteed loan will automatically be approved, subject to funding, and receive an 80 or 95 percent guarantee, as appropriate.

(3) Complete applications. For purposes of determining the application processing timeframes, an application will be not be considered complete until all information required to make an approval decision, including the information for an environmental review, is received by the Agency.

(4) The Agency will confirm the date an application is received with a written notification to the lender.

(b) *Funding preference.* Loans are approved subject to the availability of funding. When it appears that there are not adequate funds to meet the needs of all approved applicants, applications that have been approved will be placed on a preference list according to the date of receipt of a complete application. If approved applications have been received on the same day, the following will be given priority:

Farm Service Agency, USDA

(c) *Conditional commitment.* (1) The lender must meet all of the conditions specified in the conditional commitment to secure final Agency approval of the guarantee.

(2) The lender, after reviewing the conditions listed on the conditional commitment, will complete, execute, and return the form to the Agency. If the conditions are not acceptable to the lender, the Agency may agree to alternatives or inform the lender and the applicant of their appeal rights.

(d) *Lender requirements prior to issuing the guarantee.* (1) Lender certification. The lender will certify as to the following on the appropriate Agency form:

(i) No major changes have been made in the lender's loan or line of credit conditions and requirements since submission of the application (except those approved in the interim by the Agency in writing);

(x) There has been no material adverse change in the borrower's condition, financial or otherwise, since submission of the application; and

(xi) All other requirements specified in the conditional commitment have been met.

(2) Inspections. The lender must notify the Agency of any scheduled inspections during construction and after the guarantee has been issued. The Agency may attend these field inspections. Any inspections or review performed by the Agency, including those with the lender, are solely for the benefit of the Agency. Agency inspections do not relieve any other parties of their inspection responsibilities, nor can these parties rely on Agency inspections for any purpose.

(3) Execution of lender's agreement. The lender must execute the Agency's lender's agreement and deliver it to the Agency.

(4) Closing report and guarantee fees.

(i) The lender must complete an Agency closing report form and return it to the Agency along with any guarantee fees.

(ii) Guarantee fees are 1 percent and are calculated as follows: $\text{Fee} = \text{Loan Amount} \times \% \text{ Guaranteed} \times .01$. The non-refundable fee is paid to the Agency by the lender. The fee may be passed on to the borrower and included in loan funds.

Individual liability can be waived by the Agency for members holding less than 10 percent ownership in the entity if the collectability of the loan will not be impaired; and

(5) When the loan purpose is to refinance or restructure the lender's own debt, the lender may continue to use the existing debt instrument and attach an allonge that modifies the terms of the original note.

(f) *Replacement of loan guarantee, or assignment guarantee agreement.* If the guarantee or assignment guarantee agreements are lost, stolen, destroyed, mutilated, or defaced, except where the evidence of debt was or is a bearer instrument, the Agency will issue a replacement to the lender or holder upon receipt of acceptable documentation including a certificate of loss and an indemnity bond.

(2) The lender cannot enforce the guarantee to the extent that a loss results from a violation of usury laws or negligent servicing.

(b) *Borrower supervision.* The lender's responsibilities regarding borrower supervision include, but are not limited to the following:

(1) Ensuring loan funds are not used for unauthorized purposes.

(2) Ensuring borrower compliance with the covenants and provisions contained in the promissory note, loan agreement, mortgage, security instruments, any other agreements, and this part. Any violations which indicate non-compliance on the part of the borrower must be reported, in writing, to both the Agency and the borrower.

(3) Ensuring the borrower is in compliance with all laws and regulations applicable to the loan, the collateral, and the operations of the farm.

(4) Receiving all payments of principal and interest on the loan as they fall due and promptly disbursing to any holder its pro-rata share according to the amount of interest the holder has in the loan, less only the lender's servicing fee.

(5) Performing an annual analysis of the borrower's financial condition to determine the borrower's progress. The annual analysis will include:

(i) For loans secured by real estate only, the analysis for standard eligible lenders must include an analysis of the borrower's balance sheet. CLP lenders

will determine the need for the annual analysis based on the financial strength of the borrower and document the file accordingly. PLP lenders will perform an annual analysis in accordance with the requirements established in the lender's agreement.

(2) Making periodic inspections during construction to ensure that any development is properly completed within a reasonable period of time; and

(d) *Loan installments.* When a lender receives a payment from the sale of encumbered property, loan installments will be paid in the order of lien priority. When a payment is received from the sale of unencumbered property or other sources of income, loan installments will be paid in order of their due date. Agency approval is required for any other proposed payment plans.

[64 FR 7378, Feb. 12, 1999, as amended at 69 FR 44579, July 27, 2004]

§ 762.141 Reporting requirements.

Lenders are responsible for providing the local Agency credit officer with all of the following information on the loan and the borrower:

(a) When the guaranteed loan becomes 30 days past due, and following the lender's meeting or attempts to meet with the borrower, all lenders will submit the appropriate Agency

form showing guaranteed loan borrower default status. The form will be resubmitted every 60 days until the default is cured either through restructuring or liquidation.

(b) All lenders will submit the appropriate guaranteed loan status reports as of March 31 and September 30 of each year;

(c) CLP lenders also must provide the following:

(1) A written summary of the lender's annual analysis of the borrower's operation. This summary should describe the borrower's progress and prospects for the upcoming operating cycle. This annual analysis may be waived or postponed if the borrower is financially strong. The summary will include a description of the reasons an analysis was not necessary.

(2) For lines of credit, an annual certification stating that a cash flow projecting at least a feasible plan has been developed, that the borrower is in compliance with the provisions of the line of credit agreement, and that the previous year income and loan funds and security proceeds have been accounted for.

(d) In addition to the requirements of paragraphs (a), (b), and (c) of this section, the standard eligible lender also will provide:

(1) Borrower's balance sheet, and income and expense statement for the previous year.

(2) For lines of credit, the cash flow for the borrower's operation that projects a feasible plan or better for the upcoming operating cycle. The standard eligible lender must receive approval from the Agency before advancing future years' funds.

(3) An annual farm visit report or collateral inspection.

(e) PLP lenders will submit additional reports as required in their lender's agreement.

(f) A lender receiving a final loss payment must complete and return an annual report on its collection activities for each unsatisfied account for 3 years following payment of the final loss claim.

§ 762.142 Servicing related to collateral.

(a) *General.* The lender's responsibilities regarding servicing collateral include, but are not limited to, the following:

(1) Obtain income and insurance assignments when required.

(2) Ensure the borrower has or obtains marketable title to the collateral.

(3) Inspect the collateral as often as deemed necessary to properly service the loan.

(4) Ensure the borrower does not convert loan security.

(5) Ensure the proceeds from the sale or other disposition of collateral are accounted for and applied in accordance with the lien priorities on which the guarantee is based or used for the purchase of replacement collateral.

(6) Ensure the loan and the collateral are protected in the event of foreclosure, bankruptcy, receivership, insolvency, condemnation, or other litigation.

(7) Ensure taxes, assessments, or ground rents against or affecting the collateral are paid.

(8) Ensure adequate insurance is maintained.

(9) Ensure that insurance loss payments, condemnation awards, or similar proceeds are applied on debts in accordance with lien priorities on which the guarantee was based, or used to rebuild or acquire needed replacement collateral.

(b) *Partial releases.* (1) A lender may release guaranteed loan security without FSA concurrence as follows:

(i) When the security item is being sold for market value and the proceeds will be applied to the loan in accordance with lien priorities. In the case of term loans, proceeds will be applied as extra payments and not as a regular installment on the loan.

(ii) The security item will be used as a trade-in or source of down payment funds for a like item that will be taken as security.

(iii) The security item has no present or prospective value.

(2) A partial release of security may be approved in writing by the Agency upon the lender's request when:

(i) Proceeds will be used to make improvements to real estate that increase the value of the security by an amount equal to or greater than the value of the security being released.

(ii) Security will be released outright with no consideration, but the total unpaid balance of the guaranteed loan is less than or equal to 75 percent of the value of the security for the loan after the release, excluding the value of growing crops or planned production, based on a current appraisal of the security.

(iii) Significant income generating property will not be released unless it is being replaced and business assets will not be released for use as a gift or any similar purpose.

(iv) Agency concurrence is provided in writing to the lender's written request. Standard eligible lenders and CLP lenders will submit the following to the Agency:

(A) A current balance sheet on the borrower; and

(B) A current appraisal of the security. Based on the level of risk and estimated equity involved, the Agency will determine what security needs to be appraised. Any required security appraisals must meet the requirements of § 762.127; and

(C) A description of the purpose of the release; and

(D) Any other information requested by the Agency to evaluate the proposed servicing action.

(3) The lender will provide the Agency copies of any agreements executed to carry out the servicing action.

(4) PLP lenders will request servicing approval in accordance with their agreement with the Agency at the time of PLP status certification.

(c) *Subordinations.* (1) The Agency may subordinate its security interest on a direct loan when a guaranteed loan is being made if the requirements of the regulations governing Agency direct loan subordinations are met and only in the following circumstances:

(i) To permit a guaranteed lender to advance funds and perfect a security interest in crops, feeder livestock, livestock offspring, or livestock products;

(ii) When the lender requesting the guarantee needs the subordination of the Agency's lien position to maintain

its lien position when servicing or restructuring;

(iii) When the lender requesting the guarantee is refinancing the debt of another lender and the Agency's position on real estate security will not be adversely affected; or

(iv) To permit a line of credit to be advanced for annual operating expenses.

(2) The Agency may subordinate its basic security in a direct loan to permit guaranteed line of credit only when both of the following additional conditions are met:

(i) The total unpaid balance of the direct loans is less than or equal to 75 percent of the value of all of the security for the direct loans, excluding the value of growing crops or planned production, at the time of the subordination. The direct loan security value will be determined by an appraisal. The lender requesting the subordination and guarantee is responsible for providing the appraisal and may charge the applicant a reasonable appraisal fee.

(ii) The applicant cannot obtain sufficient credit through a conventional guaranteed loan without a subordination.

(3) The lender may not subordinate its interest in property which secures a guaranteed loan except as follows:

(i) The lender may subordinate its security interest in crops, feeder livestock, livestock offspring, or livestock products when no funds have been advanced from the guaranteed loan for their production, so a lender can make a loan for annual production expenses; or

(ii) The lender may, with written Agency approval, subordinate its interest in basic security in cases where the subordination is required to allow another lender to refinance an existing prior lien, no additional debt is being incurred, and the lender's security position will not be adversely affected by the subordination.

(iii) The Agency's national office may provide an exception to the subordination prohibition if such action is in the Agency's best interest. However, in no case can the loan made under the subordination include tax exempt financing.

(d) *Transfer and assumption.* Transfers and assumptions are subject to the following conditions:

(1) For standard eligible and CLP lenders, the servicing action must be approved by the Agency in writing.

(2) For standard eligible and CLP lenders, the transferee must apply for a loan in accordance with § 762.110, including a current appraisal, unless the lien position of the guaranteed loan will not change, and any other information requested by the Agency to evaluate the transfer and assumption.

(3) PLP lenders may process transfers and assumptions in accordance with their agreement with the Agency.

(4) Any required security appraisals must meet the requirements of § 762.127.

(5) The Agency will review, approve or reject the request in accordance with the time frames in § 762.130.

(6) The transferee must meet the eligibility requirements and loan limitations for the loan being transferred, all requirements relating to loan rates and terms, loan security, feasibility, and environmental and other laws applicable to a applicant under this part.

(7) The lender will use its own assumption agreements or conveyance instruments, providing they are legally sufficient to obligate the transferee for the total outstanding debt. The lender will provide the Agency copies of any agreements executed to carry out the servicing action.

(8) The Agency approves the transfer and assumption by executing a modification of the guarantee to designate the party that assumed the guaranteed debt, the amount of debt at the time of the assumption, including interest that is being capitalized, and any new loan terms, if applicable.

(9) The lender must give any holder notice of the transfer. If the rate and terms are changed, written concurrence from the holder is required.

(10) The Agency will agree to releasing the transferor or any guarantor from liability only if the requirements of § 762.146(c) are met.

[64 FR 7378, Feb. 12, 1999, as amended at 66 FR 7567, Jan. 24, 2001; 69 FR 44579, July 27, 2004]

§ 762.143

§ 762.143 Servicing distressed accounts.

(a) A borrower is in default when 30 days past due on a payment or in violation of provisions of the loan documents.

(b) In the event of a borrower default, SEL and CLP lenders will:

(1) Report to the Agency in accordance with § 762.141.

(2) Determine whether it will repurchase the guaranteed portion from the holder in accordance with § 762.144, if the guaranteed portion of the loan was sold on the secondary market.

(3) Arrange a meeting with the borrower within 15 days of default (45 days after payment due date for monetary defaults) to identify the nature of the delinquency and develop a course of action that will eliminate the delinquency and correct the underlying problems. Non-monetary defaults will be handled in accordance with the lender's note, loan agreements and any other applicable loan documents.

(i) The lender and borrower will prepare a current balance sheet and cash flow projection in preparation for the meeting. If the borrower refuses to cooperate, the lender will compile the best financial information available.

(ii) The lender or the borrower may request the attendance of an Agency official. If requested, the Agency official will assist in developing solutions to the borrower's financial problems.

(iii) The lender will summarize the meeting and proposed solutions on the Agency form for guaranteed loan borrower default status completed after the meeting. The lender will indicate the results on this form for the lender's consideration of the borrower for interest assistance in conjunction with rescheduling under § 762.145(b).

(iv) The lender must decide whether to restructure or liquidate the account within 90 days of default, unless the lender can document circumstances that justify an extension by the Agency.

(v) The lender may not initiate foreclosure action on the loan until 60 days after eligibility of the borrower to participate in the interest assistance programs has been determined by the Agency. If the lender or the borrower does not wish to consider servicing op-

tions under this section, this should be documented, and liquidation under § 762.149 should begin.

(vi) If a borrower is current on a loan, but will be unable to make a payment, a restructuring proposal may be submitted in accordance with § 762.145 prior to the payment coming due.

(c) PLP lenders will service defaulted loans according to their lender's agreement.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 63297, Nov. 8, 2007]

§ 762.144 Repurchase of guaranteed portion from a secondary market holder.

(a) *Request for repurchase.* The holder may request the lender to repurchase the unpaid guaranteed portion of the loan when:

(1) The borrower has not made a payment of principal and interest due on the loan for at least 60 days; or

(2) The lender has failed to remit to the holder its pro-rata share of any payment made by the borrower within 30 days of receipt of a payment.

(b) *Repurchase by the lender.* (1) When a lender is requested to repurchase a loan from the holder, the lender must consider the request according to the servicing actions that are necessary on the loan. In order to facilitate servicing and simplified accounting of loan transactions, lenders are encouraged to repurchase the loan upon the holder's request.

(2) The repurchase by the lender will be for an amount equal to the portion of the loan held by the holder plus accrued interest.

(3) The guarantee will not cover separate servicing fees that the lender accrues after the repurchase.

(c) *Repurchase by the Agency.* (1) If the lender does not repurchase the loan, the holder must inform the Agency in writing that demand was made on the lender and the lender refused. Following the lender's refusal, the holder may continue as holder of the guaranteed portion of the loan or request that the Agency purchase the guaranteed portion. Within 30 days after written demand to the Agency from the holder with required attachments, the Agency will forward to the holder payment of

the unpaid principal balance, with accrued interest to the date of repurchase. If the holder does not desire repurchase or purchase of a defaulted loan, the lender must forward the holder its pro-rata share of payments, liquidation proceeds and Agency loss payments.

(2) With its demand on the Agency, the holder must include:

(i) A copy of the written demand made upon the lender.

(ii) Originals of the guarantee and note properly endorsed to the Agency, or the original of the assignment of guarantee.

(iii) A copy of any written response to the demand of the holder by the lender.

(iv) An account to which the Agency can forward the purchase amount via electronic funds transfer.

(3) The amount due the holder from the Agency includes unpaid principal, unpaid interest to the date of demand, and interest which has accrued from the date of demand to the proposed payment date.

(i) Upon request by the Agency, the lender must furnish upon Agency request a current statement, certified by a bank officer, of the unpaid principal and interest owed by the borrower and the amount due the holder.

(ii) Any discrepancy between the amount claimed by the holder and the information submitted by the lender must be resolved by the lender and the holder before payment will be approved by the Agency. The Agency will not participate in resolution of any such discrepancy. When there is a discrepancy, the 30 day Agency payment requirement to the holder will be suspended until the discrepancy is resolved.

(iii) In the case of a request for Agency purchase, the Agency will only pay interest that accrues for up to 90 days from the date of the demand letter to the lender requesting the repurchase. However, if the holder requested repurchase from the Agency within 60 days of the request to the lender and for any reason not attributable to the holder and the lender, the Agency cannot make payment within 30 days of the holder's demand to the Agency, the

holder will be entitled to interest to the date of payment.

(4) At the time of purchase by the Agency, the original assignment of guarantee will be assigned by the holder to the Agency without recourse, including all rights, title, and interest in the loan.

(5) Purchase by the Agency does not change, alter, or modify any of the lender's obligations to the Agency specified in the lender's agreement or guarantee; nor does the purchase waive any of the Agency's rights against the lender.

(6) The Agency succeeds to all rights of the holder under the Guarantee including the right of set-off against the lender.

(7) Within 180 days of the Agency's purchase, the lender will reimburse the Agency the amount of repurchase, with accrued interest, through one of the following ways:

(i) By liquidating the loan security and paying the Agency its pro-rata share of liquidation proceeds; or

(ii) Paying the Agency the full amount the Agency paid to the holder plus any accrued interest.

(8) The lender will be liable for the purchase amount and any expenses incurred by the Agency to maintain the loan in its portfolio or liquidate the security. While the Agency holds the guaranteed portion of the loan, the lender will transmit to the Agency any payment received from the borrower, including the pro-rata share of liquidation or other proceeds.

(9) If the borrower files for reorganization under the provisions of the bankruptcy code or pays the account current while the purchase by the Government is being processed, the Agency may hold the loan as long it determines this action to be in the Agency's interest. If the lender is not proceeding expeditiously to collect the loan or reimbursement is not waived under this paragraph, the Agency will demand payment by the lender and collect the purchase amount through administrative offset of any claims due the lender.

(10) The Agency may sell a purchased guaranteed loan on a non-recourse basis if it determines that selling the portion of the loan that it holds is in the Government's best interest. A non-

recourse purchase from the Agency requires a written request to the Agency from the party that wishes to purchase it, and written concurrence from the lender;

(d) *Repurchase for servicing.* (1) If, due to loan default or imminent loan restructuring, the lender determines that repurchase is necessary to adequately service the loan, the lender may repurchase the guaranteed portion of the loan from the holder, with the written approval of the Agency.

(2) The lender will not repurchase from the holder for arbitrage purposes. With its request for Agency concurrence, the lender will notify the Agency of its plans to resell the guaranteed portion following servicing.

(3) The holder will sell the guaranteed portion of the loan to the lender for an amount agreed to between the lender and holder.

§ 762.145 Restructuring guaranteed loans.

(a) *General.* (1) To restructure guaranteed loans standard eligible lenders must:

(i) Obtain prior written approval of the Agency for all restructuring actions; and,

(ii) Provide the items in paragraph (b) and (e) of this section to the Agency for approval.

(2) If the standard eligible lender's proposal for servicing is not agreed to by the Agency, the Agency approval official will notify the lender in writing within 14 days of the lender's request.

(3) To restructure guaranteed loans CLP lenders must:

(i) Obtain prior written approval of the Agency only for debt write down under this section.

(ii) Submit all calculations required in paragraph (e) of this section for debt writedown.

(iii) For restructuring other than write down, provide FSA with a certification that each requirement of this section has been met, a narrative outlining the circumstances surrounding the need for restructuring, and copies of any applicable calculations.

(4) PLP lenders will restructure loans in accordance with their lender's agreement.

(5) All lenders will submit copies of any restructured notes or lines of credit to the Agency.

(b) *Requirements.* For any restructuring action, the following conditions apply:

(1) The borrower meets the eligibility criteria of § 762.120, except the provisions regarding prior debt forgiveness and delinquency on a federal debt do not apply.

(2) The borrower's ability to make the amended payment is documented by the following:

(i) A feasible plan as defined in § 762.102(b).

(ii) Current financial statements from all liable parties.

(iii) Verification of nonfarm income.

(iv) Verification of all debts of \$1,000 or more.

(v) Applicable credit reports.

(vi) Financial history (and production history for standard eligible lenders) for the past 3 years to support the cash flow projections.

(3) A final loss claim may be reduced, adjusted, or rejected as a result of negligent servicing after the concurrence with a restructuring action under this section.

(4) Loans secured by real estate and/or equipment can be restructured using a balloon payment, equal installments, or unequal installments. Under no circumstances may livestock or crops alone be used as security for a loan to be rescheduled using a balloon payment. If a balloon payment is used, the projected value of the real estate and/or equipment security must indicate that the loan will be fully secured when the balloon payment becomes due. The projected value will be derived from a current appraisal adjusted for depreciation of depreciable property, such as buildings and other improvements, that occurs until the balloon payment is due. For equipment security, a current appraisal is required. The lender is required to project the security value of the equipment at the time the balloon payment is due based on the remaining life of the equipment, or the depreciation schedule on the borrower's Federal income tax return.

Loans restructured with a balloon payment that are secured by real estate will have a minimum term of 5 years, and other loans will have a minimum term of 3 years before the scheduled balloon payment. If statutory limits on terms of loans prevent the minimum terms, balloon payments may not be used. If the loan is rescheduled with unequal installments, a feasible plan, as defined in § 762.102(b), must be projected for when installments are scheduled to increase.

(5) If a borrower is current on a loan, but will be unable to make a payment, a restructuring proposal may be submitted prior to the payment coming due.

(6) The lender may capitalize the outstanding interest when restructuring the loan as follows:

(i) As a result of the capitalization of interest, a rescheduled promissory note may increase the amount of principal the borrower is required to pay. However, in no case will such principal amount exceed the statutory loan limits contained in § 761.8 of this chapter.

(ii) When accrued interest causes the loan amount to exceed the statutory loan limits, rescheduling may be approved without capitalization of the amount that exceeds the limit. Non-capitalized interest may be scheduled for repayment over the term of the rescheduled note.

(iii) Only interest that has accrued at the rate indicated on the borrower's original promissory notes may be capitalized. Late payment fees or default interest penalties that have accrued due to the borrower's failure to make payments as agreed are not covered under the guarantee and may not be capitalized.

(iv) The Agency will execute a modification of guarantee form to identify the new loan principal and the guaranteed portion if greater than the original loan amounts, and to waive the restriction on capitalization of interest, if applicable, to the existing guarantee documents. The modification form will be attached to the original guarantee as an addendum.

(v) Approved capitalized interest will be treated as part of the principal and interest that accrues thereon, in the event that a loss should occur.

(7) The lender's security position will not be adversely affected because of the restructuring. New security instruments may be taken if needed, but a loan does not have to be fully secured in order to be restructured, unless it is restructured with a balloon payment. When a loan is restructured using a balloon payment the lender must take a lien on all assets and project the loan to be fully secured at the time the balloon payment becomes due, in accordance with paragraph (b)(4) of this section.

(8) Any holder agrees to any changes in the original loan terms. If the holder does not agree, the lender must repurchase the loan from the holder for any loan restructuring to occur.

(9) After a guaranteed loan is restructured, the lender must provide the Agency with a copy of the restructured promissory note.

(c) *Rescheduling.* The following conditions apply when a guaranteed loan is rescheduled or reamortized:

(1) Payments will be rescheduled within the following terms:

(i) FO and existing SW may be amortized over the remaining term of the note or rescheduled with an uneven payment schedule. The maturity date cannot exceed 40 years from the date of the original note.

(ii) OL notes must be rescheduled over a period not to exceed 15 years from the date of the rescheduling. An OL line of credit may be rescheduled over a period not to exceed 7 years from the date of the rescheduling or 10 years from the date of the original note, whichever is less. Advances cannot be made against a line of credit loan that has had any portion of the loan rescheduled.

(2) The interest rate for a rescheduled loan is the negotiated rate agreed upon by the lender and the borrower at the time of the action, subject to the loan limitations for each type of loan.

(3) A new note is not necessary when rescheduling occurs. However, if a new note is not taken, the existing note or line of credit agreement must be modified by attaching an allonge or other legally effective amendment, evidencing the revised repayment schedule and any interest rate change. If a new note is taken, the new note must reference

the old note and state that the indebtedness evidenced by the old note or line of credit agreement is not satisfied. The original note or line of credit agreement must be retained.

(d) *Deferrals.* The following conditions apply to deferrals:

(1) Payments may be deferred up to 5 years, but the loan may not be extended beyond the final due date of the note.

(2) The principal portion of the payment may be deferred either in whole or in part.

(3) Interest may be deferred only in part. Payment of a reasonable portion of accruing interest as indicated by the borrower's cash flow projections is required for multi-year deferrals.

(4) There must be a reasonable prospect that the borrower will be able to resume full payments at the end of the deferral period.

(e) *Debt writedown.* The following conditions apply to debt writedown:

(1) A lender may only write down a delinquent guaranteed loan or line of credit in an amount sufficient to permit the borrower to develop a feasible plan as defined in § 762.102(b).

(2) The lender will request other creditors to negotiate their debts before a writedown is considered.

(3) The borrower cannot develop a feasible plan after consideration is given to rescheduling and deferral under this section.

(4) The present value of the loan to be written down, based on the interest rate of the rescheduled loan, will be equal to or exceed the net recovery value of the loan collateral.

(5) The loan will be restructured with regular payments at terms no shorter than 5 years for a line of credit and OL note and no shorter than 20 years for FO, unless required to be shorter by § 762.145(c)(1)(i) and (ii).

(6) No further advances may be made on a line of credit that is written down.

(7) Loans may not be written down with interest assistance. If a borrower's loan presently on interest assistance requires a writedown, the writedown will be considered without interest assistance.

(8) The writedown is based on writing down the shorter-term loans first.

(9) When a lender requests approval of a writedown for a borrower with multiple loans, the security for all of the loans will be cross-collateralized and continue to serve as security for the loan that is written down. If a borrower has multiple loans and one loan is written off entirely through debt writedown, the security for that loan will not be released and will remain as security for the other written down debt. Additional security instruments will be taken if required to cross-collateralize security and maintain lien priority.

(10) The writedown will be evidenced by an allonge or amendment to the existing note or line of credit reflecting the writedown.

(11) The borrower executes an Agency shared appreciation agreement for loans which are written down and secured by real estate.

(i) The lender will attach the original agreement to the restructured loan document.

(ii) The lender will provide the Agency a copy of the executed agreement, and

(iii) Security instruments must ensure future collection of any appreciation under the agreement.

(12) The lender will prepare and submit the following to the Agency:

(i) A current appraisal of all security in accordance with § 762.127.

(ii) A completed report of loss on the appropriate Agency form for the proposed writedown loss claim.

(iii) Detailed writedown calculations as follows:

(A) Calculate the present value.

(B) Determine the net recovery value.

(C) If the net recovery value exceeds the present value, writedown is unavailable; liquidation becomes the next servicing consideration. If the present value equals or exceeds the net recovery value, the debt may be written down to the present value.

(iv) The lender will make any adjustment in the calculations as requested by the Agency.

[64 FR 7378, Feb. 12, 1999; 64 FR 38298, July 16, 1999, as amended at 66 FR 7567, Jan. 24, 2001; 69 FR 44579, July 27, 2004; 70 FR 56107, Sept. 26, 2005; 72 FR 17358, Apr. 9, 2007]

§ 762.146 Other servicing procedures.

(a) *Additional loans and advances.* (1) Notwithstanding any provision of this section, the PLP lender may make additional loans or advances in accordance with the lender's agreement with the Agency.

(2) SEL and CLP lenders must not make additional loans or advances without prior written approval of the Agency, except as provided in the borrower's loan or line of credit agreement.

(3) In cases of a guaranteed line of credit, lenders may make an emergency advance when a line of credit has reached its ceiling. The emergency advance will be made as an advance under the line and not as a separate note. The lender's loan documents must contain sufficient language to provide that any emergency advance will constitute a debt of the borrower to the lender and be secured by the security instrument. The following conditions apply:

(i) The loan funds to be advanced are for authorized operating loan purposes;

(ii) The financial benefit to the lender and the Government from the advance will exceed the amount of the advance; and

(iii) The loss of crops or livestock is imminent unless the advance is made.

(4) Protective advance requirements are found in § 762.149.

(b) *Release of liability upon withdrawal.* An individual who is obligated on a guaranteed loan may be released from liability by a lender, with the written consent of the Agency, provided the following conditions have been met:

(1) The individual to be released has withdrawn from the farming or ranching operation;

(2) A divorce decree or final property settlement does not hold the withdrawing party responsible for the loan payments;

(3) The withdrawing party's interest in the security is conveyed to the individual or entity with whom the loan will be continued;

(4) The ratio of the amount of debt to the value of the remaining security is less than or equal to .75, or the withdrawing party has no income or assets from which collection can be made; and

(5) Withdrawal of the individual does not result in legal dissolution of the entity to which the loans are made. Individually liable members of a general or limited partnership may not be released from liability.

(6) The remaining liable party projects a feasible plan (see § 762.102(b)).

(c) *Release of liability after liquidation.* After a final loss claim has been paid on the borrower's account, the lender may release the borrower or guarantor from liability if;

(1) The Agency agrees to the release in writing;

(2) The lender documents its consideration of the following factors concerning the borrower or guarantors:

(i) The likelihood that the borrower or guarantor will have a sufficient level of income in the reasonably near future to contribute to a meaningful reduction of the debt;

(ii) The prospect that the borrower or guarantor will inherit assets in the near term that may be attached by the Agency for payment of a significant portion of the debt;

(iii) Whether collateral has been properly accounted for, and whether liability should be retained in order to take action against the borrower or a third party for conversion of security;

(iv) The availability of other income or assets which are not security;

(v) The possibility that assets have been concealed or improperly transferred;

(vi) The effect of other guarantors on the loan; and

(vii) Cash consideration or other collateral in exchange for the release of liability.

(3) The lender will use its own release of liability documents.

(d) *Interest rate changes.* (1) The lender may change the interest rate on a performing (nondelinquent) loan only with the borrower's consent.

(2) If the loan has been sold on the secondary market, the lender must repurchase the loan or obtain the holder's written consent.

(3) To change a fixed rate of interest to a variable rate of interest or vice versa, the lender and the borrower must execute a legally effective allonge or amendment to the existing note.

§ 762.147

7 CFR Ch. VII (1-1-09 Edition)

(4) If a new note is taken, it will be attached to and refer to the original note.

(5) The lender will inform the Agency of the rate change.

(e) *Consolidation.* Two or more Agency guaranteed loans may be consolidated, subject to the following conditions:

(1) The borrower must project a feasible plan after the consolidation. See § 762.102(b) for definition of feasible plan.

(2) Only OL may be consolidated.

(3) Existing lines of credit may only be consolidated with a new line of credit if the final maturity date and conditions for advances of the new line of credit are made the same as the existing line of credit.

(4) Guaranteed OL may not be consolidated with a line of credit, even if the line of credit has been rescheduled.

(5) Guaranteed loans made prior to October 1, 1991, cannot be consolidated with those loans made on or after October 1, 1991.

(6) OL secured by real estate or with an outstanding interest assistance agreement or shared appreciation agreement cannot be consolidated.

(7) A new note or line of credit agreement will be taken. The new note or line of credit agreement must describe the note or line of credit agreement being consolidated and must state that the indebtedness evidenced by the note or line of credit agreement is not satisfied. The original note or line of credit agreement must be retained.

(8) The interest rate for a consolidated OL loan is the negotiated rate agreed upon by the lender and the borrower at the time of the action, subject to the loan limitations for each type of loan.

(9) The Agency approves the consolidation by executing a modification of guarantee. The modification will indicate the consolidated loan amount, new terms, and percentage of guarantee, and will be attached to the originals of the guarantees being consolidated. If loans with a different guarantee percentage are consolidated, the new guarantee will be at the lowest percentage of guarantee being consolidated.

(10) Any holders must consent to the consolidation, or the guaranteed portion must be repurchased by the lender.

[64 FR 7378, Feb. 12, 1999, as amended at 66 FR 7567, Jan. 24, 2001]

§ 762.147 Servicing shared appreciation agreements.

(a) *Lender responsibilities.* The lender is responsible for:

(1) Monitoring the borrower's compliance with the shared appreciation agreement;

(2) Notifying the borrower of the amount of recapture due; and,

(3) Beginning October 1, 1999, a notice of the agreement's provisions not later than 12 months before the end of the agreement; and

(4) Reimbursing the Agency for its pro-rata share of recapture due.

(b) *Recapture.* (1) Recapture of any appreciation of real estate security will take place at the end of the term of the agreement, or sooner if the following occurs:

(i) On the conveyance of the real estate security (or a portion thereof) by the borrower.

(A) If only a portion of the real estate is conveyed, recapture will only be triggered against the portion conveyed. Partial releases will be handled in accordance with § 762.141(b).

(B) Transfer of title to the spouse of the borrower on the death of such borrower will not be treated as a conveyance under the agreement.

(ii) On repayment of the loan; or

(iii) If the borrower ceases farming.

(2) Calculating recapture.

(i) The amount of recapture will be based on the difference between the value of the security at the time recapture is triggered and the value of the security at the time of writedown, as shown on the shared appreciation agreement.

(ii) Security values will be determined through appraisals obtained by the lender and meeting the requirements of § 762.127.

(iii) All appraisal fees will be paid by the lender.

(iv) The amount of recapture will not exceed the amount of writedown shown on the shared appreciation agreement.

(v) If recapture is triggered within 4 years of the date of the shared appreciation agreement, the lender shall recapture 75 percent of any positive appreciation in the market value of the property securing the loan or line of credit agreement.

(vi) If recapture is triggered after 4 years from the date of the shared appreciation agreement, the lender shall recapture 50 percent of any positive appreciation in the market value of the property securing the loan or line of credit agreement.

(3) Servicing recapture debt.

(i) If recapture is triggered under the shared appreciation agreement and the borrower is unable to pay the recapture in a lump sum, the lender may:

(A) Reschedule the recapture debt with the consent of the Agency, provided the lender can document the borrower's ability to make amortized payments on the recapture debt, plus pay all other obligations. In such case, the recapture debt will not be covered by the guarantee;

(B) Pay the Agency its pro rata share of the recapture due. In such case, the recapture debt of the borrower will be covered by the guarantee; or

(C) Service the account in accordance with § 762.149.

(ii) If recapture is triggered, and the borrower is able but unwilling to pay the recapture in a lump sum, the lender will service the account in accordance with § 762.149.

(4) Paying the Agency. Any shared appreciation recaptured by the lender will be shared on a pro-rata basis between the lender and the Agency.

§ 762.148 Bankruptcy.

(a) *Lender responsibilities.* The lender must protect the guaranteed loan debt and all collateral securing the loan in bankruptcy proceedings. The lender's responsibilities include, but are not limited to:

(1) Filing a proof of claim where required and all the necessary papers and pleadings;

(2) Attending, and where necessary, participating in meetings of the creditors and court proceedings;

(3) Protecting the collateral securing the guaranteed loan and resisting any

adverse changes that may be made to the collateral;

(4) Seeking a dismissal of the bankruptcy proceeding when the operation as proposed by the borrower to the bankruptcy court is not feasible;

(5) When permitted by the bankruptcy code, requesting a modification of any plan of reorganization if it appears additional recoveries are likely.

(6) Monitor confirmed plans under chapters 11, 12 and 13 of the bankruptcy code to determine borrower compliance. If the borrower fails to comply, the lender will seek a dismissal of the reorganization plan; and

(7) Keeping the Agency regularly informed in writing on all aspects of the proceedings.

(i) The lender will submit a default status report when the borrower defaults and every 60 days until the default is resolved or a final loss claim is paid.

(ii) The default status report will be used to inform the Agency of the bankruptcy filing, the reorganization plan confirmation date and effective date, when the reorganization plan is complete, and when the borrower is not in compliance with the reorganization plan.

(b) *Bankruptcy expenses.* (1) Reorganization.

(i) Expenses, such as legal fees and the cost of appraisals incurred by the lender as a direct result of the borrower's chapter 11, 12, or 13 reorganization, are covered under the guarantee, provided they are reasonable, customary, and provide a demonstrated economic benefit to the lender and the Agency.

(ii) Lender's in-house expenses, which are those expenses which would normally be incurred for administration of the loan, including in-house lawyers, are not covered by the guarantee.

(2) Liquidation expenses in bankruptcy.

(i) Reasonable and customary liquidation expenses may be deducted from the proceeds of the collateral in liquidation bankruptcy cases.

(ii) In-house expenses are not considered customary liquidation expenses, may not be deducted from collateral proceeds, and are not covered by the guarantee.

(c) *Estimated loss claims in reorganization*—(1) *At confirmation.* The lender may submit an estimated loss claim upon confirmation of the reorganization plan in accordance with the following:

(i) The estimated loss payment will cover the guaranteed percentage of the principal and accrued interest written off, plus any allowable costs incurred as of the effective date of the plan.

(ii) The lender will submit supporting documentation for the loss claim, and any additional information requested by the Agency, including justification for the legal fees included on the claim.

(iii) The estimated loss payment may be revised as consistent with a court-approved reorganization plan.

(iv) Protective advances made and approved in accordance with § 762.149 may be included in an estimated loss claim associated with a reorganization, if:

(A) They were incurred in connection with the initiation of liquidation action prior to bankruptcy filing; or

(B) The advance is required to provide repairs, insurance, etc. to protect the collateral as a result of delays in the case, or failure of the borrower to maintain the security.

(2) *Interest only losses.* The lender may submit an estimated loss claim for interest only after confirmation of the reorganization plan in accordance with the following:

(i) The loss claims may cover interest losses sustained as a result of a court-ordered, permanent interest rate reduction.

(ii) The loss claims will be processed annually on the anniversary date of the effective date of the reorganization plan.

(iii) If the borrower performs under the terms of the reorganization plan, annual interest reduction loss claims will be submitted on or near the same date, beyond the period of the reorganization plan.

(3) *Actual loss.*

(i) Once the reorganization plan is complete, the lender will provide the Agency with documentation of the actual loss sustained.

(ii) If the actual loss sustained is greater than the prior estimated loss payment, the lender may submit a re-

vised estimated loss claim to obtain payment of the additional amount owed by the Agency under the guarantee.

(iii) If the actual loss is less than the prior estimated loss, the lender will reimburse the Agency for the overpayment plus interest at the note rate from the date of the payment of the estimated loss.

(4) *Payment to holder.* In reorganization bankruptcy, if a holder makes demand upon the Agency, the Agency will pay the holder interest to the plan's effective date. Accruing interest thereafter will be based upon the provisions of the reorganization plan.

(d) *Liquidation under the bankruptcy code.* (1) Upon receipt of notification that a borrower has filed for protection under Chapter 7 of the bankruptcy code, or a liquidation plan under chapter 11, the lender must proceed according to the liquidation procedures of this part.

(2) If the property is abandoned by the trustee, the lender will conduct the liquidation according to § 762.149.

(3) Proceeds received from partial sale of collateral during bankruptcy may be used by the lender to pay reasonable costs, such as freight, labor and sales commissions, associated with the partial sale. Reasonable use of proceeds for this purpose must be documented with the final loss claim in accordance with § 762.149(a)(vi).

[64 FR 7378, Feb. 12, 1999, as amended at 71 FR 43957, Aug. 3, 2006; 73 FR 32637, June 10, 2008]

§ 762.149 Liquidation.

(a) *Mediation.* When it has been determined that default cannot be cured through any of the servicing options available, or if the lender does not wish to utilize any of the authorities provided in this part, the lender must:

(1) Participate in mediation according to the rules and regulations of any State which has a mandatory farmer-creditor mediation program;

(2) Consider private mediation services in those States which do not have a mandatory farmer-creditor mediation program; and

(3) Not agree to any proposals to rewrite the terms of a guaranteed loan which do not comply with this part.

Any agreements reached as a result of mediation involving defaults and or loan restructuring must have written concurrence from the Agency before they are implemented.

(b) *Liquidation plan.* If a default cannot be cured after considering servicing options and mediation, the lender will proceed with liquidation of the collateral in accordance with the following:

(1) Within 150 days after the payment due date, all lenders will prepare a liquidation plan. Standard eligible and CLP lenders will submit a written liquidation plan to the Agency which includes:

(i) Current balance sheets from all liable parties or, if the parties are not cooperative, the best information available, or in liquidation bankruptcies, a copy of the bankruptcy schedules or discharge notice;

(ii) A proposed method of maximizing the collection of debt which includes specific plans to collect any remaining loan balances on the guaranteed loan after loan collateral has been liquidated, including possibilities for judgment;

(A) If the borrower has converted loan security, the lender will determine whether litigation is cost effective. The lender must address, in the liquidation plan, whether civil or criminal action will be pursued. If the lender does not pursue the recovery, the reason must be documented when an estimated loss claim is submitted.

(B) Any proposal to release the borrower from liability will be addressed in the liquidation plan in accordance with § 762.146(c)(2);

(iii) An independent appraisal report on all collateral securing the loan that meets the requirements of § 762.127 and a calculation of the net recovery value of the security as defined in § 762.102. The appraisal requirement may be waived by the Agency in the following cases:

(A) The bankruptcy trustee is handling the liquidation and the lender has submitted the trustee's determination of value;

(B) The lender's proposed method of liquidation rarely results in receipt of less than market value for livestock and used equipment; or

(C) A purchase offer has already been received for more than the debt;

(iv) An estimate of time necessary to complete the liquidation;

(v) An estimated loss claim must be filed no later than 150 days past the payment due date unless the account has been completely liquidated and then a final loss claim must be filed.

(vi) An estimate of reasonable liquidation expenses; and

(vii) An estimate of any protective advances.

(2) PLP lenders will submit a liquidation plan as required by their lender's agreement.

(c) *Agency approval of the liquidation plan.* (1) CLP lender's or standard eligible lender's liquidation plan, and any revisions of the plan, must be approved by the Agency.

(2) If, within 20 calendar days of the Agency's receipt of the liquidation plan, the Agency fails to approve it or fails to request that the lender make revisions, the lender may assume the plan is approved. The lender may then proceed to begin liquidation actions at its discretion as long as it has been at least 60 days since the borrower's eligibility for interest assistance was considered.

(3) At its option, the Agency may liquidate the guaranteed loan as follows:

(i) Upon Agency request, the lender will transfer to the Agency all rights and interests necessary to allow the Agency to liquidate the loan. The Agency will not pay the lender for any loss until after the collateral is liquidated and the final loss is determined; and

(ii) If the Agency conducts the liquidation, interest accrual will cease on the date the Agency notifies the lender in writing that it assumes responsibility for the liquidation.

(d) *Estimated loss claims.* An estimated loss claim must be submitted by all lenders no later than 150 days after the payment due date unless the account has been completely liquidated and then a final loss claim must be filed. The estimated loss will be based on the following:

(1) The Agency will pay the lender the guaranteed percentage of the total outstanding debt, less the net recovery

value of the remaining security, less any unaccounted for security; and

(2) The lender will discontinue interest accrual on the defaulted loan at the time the estimated loss claim is paid by the Agency. The Agency will not pay interest beyond 210 days from the payment due date. If the lender estimates that there will be no loss after considering the costs of liquidation, an estimated loss of zero will be submitted and interest accrual will cease upon the approval of the estimated loss and never later than 210 days from the payment due date. The following exceptions apply:

(i) In the case of a Chapter 7 bankruptcy, in cases where the lender filed an estimated loss claim, the Agency will pay the lender interest that accrues during and up to 45 days after the discharge on the portion of the chattel only secured debt that was estimated to be secured, but upon final liquidation was found to be unsecured, and up to 90 days after the date of discharge on the portion of real estate secured debt that was estimated to be secured, but was found to be unsecured upon final disposition.

(ii) The Agency will pay the lender interest that accrues during and up to 90 days after the time period the lender is unable to dispose of acquired property due to state imposed redemption rights on any unsecured portion of the loan during the redemption period, if an estimated loss claim was paid by the Agency during the liquidation action.

(3) Packager fees and outside consultant fees for servicing of guaranteed loans are not covered by the guarantee, and will not be paid in an estimated loss claim.

(e) *Protective advances.* (1) Prior written authorization from the Agency is required for all protective advances in excess of \$5,000 for CLP lenders and \$3,000 for standard eligible lenders. The dollar amount of protective advances allowed for PLP lenders will be specified when PLP status is awarded by the Agency or as contained in the lender's agreement.

(2) The lender may claim recovery for the guaranteed portion of any loss of monies advanced as protective advances as allowed in this part, plus in-

terest that accrues on the protective advances.

(3) Payment for protective advances is made by the Agency when the final loss claim is approved, except in bankruptcy actions.

(4) Protective advances are used only when the borrower is in liquidation, liquidation is imminent, or when the lender has taken title to real property in a liquidation action.

(5) Legal fees are not a protective advance.

(6) Protective advances may only be made when the lender can demonstrate the advance is in the best interest of the lender and the Agency.

(7) Protective advances must constitute a debt of the borrower to the lender and be secured by the security instrument.

(8) Protective advances must not be made in lieu of additional loans.

(f) *Unapproved loans or advances.* The amount of any payments made by the borrower on unapproved loans or advances outside of the guarantee will be deducted from any loss claim submitted by the lender on the guaranteed loan, if that loan or advance was paid prior to, and to the detriment of, the guaranteed loan.

(g) *Acceleration.* (1) If the borrower is not in bankruptcy, the lender shall send the borrower notice that the loan is in default and the entire debt has been determined due and payable immediately after other servicing options have been exhausted.

(2) The loan cannot be accelerated until after the borrower has been considered for interest assistance and the conclusion of mandatory mediation in accordance with § 762.149.

(3) The lender will submit a copy of the acceleration notice or other document to the Agency.

(h) *Foreclosure.* (1) The lender is responsible for determining the necessary parties to any foreclosure action, or who should be named on a deed of conveyance taken in lieu of foreclosure.

(2) When the property is liquidated, the lender will apply the net proceeds to the guaranteed loan debt.

(3) When it is necessary to enter a bid at a foreclosure sale, the lender may bid the amount that it determines is

reasonable to protect its and the Agency's interest. At a minimum, the lender will bid the lesser of the net recovery value or the unpaid guaranteed loan balance.

(i) *Final loss claims.* (1) Lenders must submit a final loss claim when the security has been liquidated and all proceeds have been received and applied to the account. All proceeds must be applied to principal first and then toward accrued interest if the interest is still accruing. The application of the loss claim payment to the account does not automatically release the borrower of liability for any portion of the borrower's debt to the lender. The lender will continue to be responsible for collecting the full amount of the debt and sharing these future recoveries with the Agency in accordance with paragraph (j) of this section.

(2) If a lender acquires title to property either through voluntary conveyance or foreclosure proceeding, the lender will submit a final loss claim after disposing of the property. The lender may pay reasonable maintenance expenses to protect the value of the property while it is owned by the lender. These may be paid as protective advances or deducted as liquidation expenses from the sales proceeds when the lender disposes of the property. The lender must obtain Agency written concurrence before incurring maintenance expenses which exceed the amounts allowed in § 762.149(e)(1). Packager fees and outside consultant fees for servicing of guaranteed loans are not covered by the guarantee, and will not be paid in a final loss claim.

(3) The lender will make its records available to the Agency for the Agency's audit of the propriety of any loss payment.

(4) All lenders will submit the following documents with a final loss claim:

- (i) An accounting of the use of loan funds;
- (ii) An accounting of the disposition of loan security and its proceeds;
- (iii) A copy of the loan ledger indicating loan advances, interest rate changes, protective advances, and application of payments, rental proceeds, and security proceeds, including a running outstanding balance total; and

(iv) Documentation, as requested by the Agency, concerning the lender's compliance with the requirements of this part.

(5) The Agency will notify the lender of any discrepancies in the final loss claim or, approve or reject the claim within 40 days. Failure to do so will result in additional interest being paid to the lender for the number of days over 40 taken to process the claim.

(6) The Agency will reduce a final loss claim based on its calculation of the dollar amount of loss caused by the lender's negligent servicing of the account. Loss claims may be reduced or rejected as a result of the following:

(i) A loss claim may be reduced by the amount caused by the lender's failure to secure property after a default, and will be reduced by the amount of interest that accrues when the lender fails to contact the borrower or takes no action to cure the default, once it occurs. Losses incurred as a result of interest accrual during excessive delays in collection, as determined by the Agency, will not be paid.

(ii) Unauthorized release of security proceeds, failure to verify ownership or possession of security to be purchased, or failure to inspect collateral as often required so as to ensure its maintenance.

(7) Losses will not be reduced for the following:

(i) Servicing deficiencies that did not contribute materially to the dollar amount of the loss.

(ii) Unaccounted security, as long as the lender's efforts to locate and recover the missing collateral was equal to that which would have been expended in the case of an unguaranteed loan in the lender's portfolio.

(8) Default interest, late charges, and loan servicing fees are not payable under the loss claim.

(9) The final loss will be the remaining outstanding balance after application of the estimated loss payment and the application of proceeds from the liquidation of the security.

(10) If the final loss is less than the estimated loss, the lender will reimburse the Agency for the overpayment, plus interest at the note rate from the date of the estimated loss payment.

(11) The lender will return the original guarantee marked paid after receipt of a final loss claim.

(j) *Future Recovery.* The lender will remit any recoveries made on the account after the Agency's payment of a final loss claim to the Agency in proportion to the percentage of guarantee, in accordance with the lender's agreement, until the account is paid in full or otherwise satisfied.

(k) *Overpayments.* The lender will repay any final loss overpayment determined by the Agency upon request.

(l) *Electronic funds transfer.* The lender will designate one or more financial institutions to which any Agency payments will be made via electronic funds transfer.

(m) *Establishment of Federal debt.* Any amounts paid by the Agency on account of liabilities of the guaranteed loan borrower will constitute a Federal debt owing to the Agency by the guaranteed loan borrower. In such case, the Agency may use all remedies available to it, including offset under the Debt Collection Improvement Act of 1996, to collect the debt from the borrower. Interest charges will be established at the note rate of the guaranteed loan on the date the final loss claim is paid.

§ 762.150 Interest assistance program.

(a) *Requests for interest assistance.* In addition to the loan application items required by § 762.110, to apply for interest assistance the lender's cash flow budget for the guaranteed applicant must reflect the need for interest assistance and the ability to cash flow with the subsidy. Interest assistance is available only on new guaranteed Operating Loans (OL).

(b) *Eligibility requirements.* The lender must document that the following conditions have been met for the applicant to be eligible for interest assistance:

(1) A feasible plan cannot be achieved without interest assistance, but can be achieved with interest assistance.

(2) If significant changes in the borrower's cash flow budget are anticipated after the initial 12 months, then the typical cash flow budget must demonstrate that the borrower will still

have a feasible plan following the anticipated changes, with or without interest assistance.

(3) The typical cash flow budget must demonstrate that the borrower will have a feasible plan throughout the term of the loan.

(4) The borrower, including members of an entity borrower, does not own any significant assets that do not contribute directly to essential family living or farm operations. The lender must determine the market value of any such non-essential assets and prepare a cash flow budget and interest assistance calculations based on the assumption that these assets will be sold and the market value proceeds used for debt reduction. If a feasible plan can then be achieved, the borrower is not eligible for interest assistance.

(5) A borrower may only receive interest assistance if their total debts (including personal debts) prior to the new loan exceed 50 percent of their total assets (including personal assets). An entity's debt to asset ratio will be based upon a financial statement that consolidates business and personal debts and assets of the entity and its members. Beginning farmers and ranchers, as defined in § 762.102, are excluded from this requirement.

(c) *Maximum assistance.* The maximum total guaranteed OL debt on which a borrower can receive interest assistance is \$400,000, regardless of the number of guaranteed loans outstanding. This is a lifetime limit.

(d) *Maximum time for which interest assistance is available.* (1) A borrower may only receive interest assistance for one 5-year period. The term of the interest assistance agreement executed under this section shall not exceed 5 consecutive years from the date of the initial agreement signed by the applicant, including any entity members, or the outstanding term of the loan, whichever is less. This is a lifetime limit.

(2) Beginning farmers and ranchers, as defined in § 762.102, however, may be considered for two 5-year periods. The applicant must meet the definition of a beginning farmer and meet the other eligibility requirements outlined in paragraph (b) of this section at the onset of each 5-year period. A needs

test will be completed in the fifth year of IA eligibility for beginning farmers, to determine continued eligibility for a second 5-year period.

(3) Notwithstanding the limitation of paragraph (d)(1) of this section, a new interest assistance agreement may be approved for eligible borrowers to provide interest assistance through June 8, 2009, provided the total period does not exceed 10 years from the effective date of the original interest assistance agreement.

(e) *Multiple loans.* In the case of a borrower with multiple guaranteed loans with one lender, interest assistance can be applied to each loan, only to one loan or any distribution the lender selects, as necessary to achieve a feasible plan, subject to paragraph (c) of this section.

(f) *Terms.* The typical term of scheduled loan repayment will not be reduced solely for the purpose of maximizing eligibility for interest assistance. A loan must be scheduled over the maximum term typically used by lenders for similar type loans within the limits in § 762.124. An OL for the purpose of providing annual operating and family living expenses will be scheduled for repayment when the income is scheduled to be received from the sale of the crops, livestock, and/or livestock products which will serve as security for the loan. An OL for purposes other than annual operating and family living expenses (i.e. purchase of equipment or livestock, or refinancing existing debt) will be scheduled over 7 years from the effective date of the proposed interest assistance agreement, or the life of the security, whichever is less.

(g) *Rate of interest.* The lender may charge a fixed or variable interest rate, but not in excess of what the lender charges its average agricultural loan customer.

(h) *Agreement.* The lender and borrower must execute an interest assistance agreement as prescribed by the Agency.

(i) *Interest assistance claims and payments.* To receive an interest assistance payment, the lender must prepare and submit a claim on the appropriate Agency form. The following conditions apply:

(1) Interest assistance payments will be four (4) percent of the average daily principal loan balance prorated over the number of days the loan has been outstanding during the payment period. For loans with a note rate less than four (4) percent, interest assistance payments will be the weighted average interest rate multiplied by the average daily principal balance.

(2) The lender may select at the time of loan closing the date that they wish to receive an interest assistance payment. That date will be included in the interest assistance agreement.

(i) The initial and final claims submitted under an agreement may be for a period less than 12 months. All other claims will be submitted for a 12-month period, unless there is a lender substitution during the 12-month period in accordance with this section.

(ii) In the event of liquidation, the final interest assistance claim will be submitted with the estimated loss claim or the final loss claim if an estimated loss claim was not submitted. Interest will not be paid beyond the interest accrual cutoff dates established in the loss claims according to § 762.149(d)(2).

(3) A claim should be filed within 60 days of its due date. Claims not filed within 1 year from the due date will not be paid, and the amount due the lender will be permanently forfeited.

(4) All claims will be supported by detailed calculations of average daily principal balance during the claim period.

(5) Requests for continuation of interest assistance for agreements dated prior to June 8, 2007 will be supported by the lender's analysis of the applicant's farming operation and need for continued interest assistance as set out in their Interest Assistance Agreements. The following information will be submitted to the Agency:

(i) A summary of the operation's actual financial performance in the previous year, including a detailed income and expense statement.

(ii) A narrative description of the causes of any major differences between the previous year's projections and actual performance, including a detailed income and expense statement.

(iii) A current balance sheet.
 (iv) A cash-flow budget for the period being planned. A monthly cash-flow budget is required for all lines of credit and operating loans made for annual operating purposes. All other loans may include either an annual or monthly cash-flow budget.

(v) A copy of the interest assistance needs analysis portion of the application form which has been completed based on the planned period's cash-flow budget.

(6) Interest Assistance Agreements dated June 8, 2007 or later do not require a request for continuation of interest assistance. The lender will only be required to submit an Agency IA payment form and the average daily principal balance for the claim period, with supporting documentation.

(7) Lenders may not charge or cause a borrower with an interest assistance agreement to be charged a fee for preparation and submission of the items required for an annual interest assistance claim.

(j) *Transfer, consolidation, and writedown.* Loans covered by interest assistance agreements cannot be consolidated. Such loans can be transferred only when the transferee was liable for the debt on the effective date of the interest assistance agreement. Loans covered by interest assistance can be transferred to an entity if the entity is eligible in accordance with § 762.120 and § 762.150(b) and at least one entity member was liable for the debt on the effective date of the interest assistance agreement. Interest assistance will be discontinued as of the date of any writedown on a loan covered by an interest assistance agreement.

(k) *Rescheduling and deferral.* When a borrower defaults on a loan with interest assistance or the loan otherwise requires rescheduling or deferral, the interest assistance agreement will remain in effect for that loan at its existing terms. The lender may reschedule the loan in accordance with § 762.145. For Interest Assistance Agreements dated June 8, 2007 or later increases in the restructured loan amount above the amount originally obligated do not require additional funding; however, interest assistance is not available on that portion of the loan as interest as-

sistance is limited to the original loan amount.

(1) *Bankruptcy.* In cases where the interest on a loan covered by an interest assistance agreement is reduced by court order in a reorganization plan under the bankruptcy code, interest assistance will be terminated effective on the date of the court order. Guaranteed loans which have had their interest reduced by bankruptcy court order are not eligible for interest assistance.

(m) *Termination of interest assistance payments.* Interest assistance payments will cease upon termination of the loan guarantee, upon reaching the expiration date contained in the agreement, or upon cancellation by the Agency under the terms of the interest assistance agreement. In addition, for loan guarantees sold into the secondary market, Agency purchase of the guaranteed portion of a loan will terminate the interest assistance.

(n) *Excessive interest assistance.* Upon written notice to the lender, borrower, and any holder, the Agency may amend or cancel the interest assistance agreement and collect from the lender any amount of interest assistance granted which resulted from incomplete or inaccurate information, an error in computation, or any other reason which resulted in payment that the lender was not entitled to receive.

(o) *Condition for cancellation.* The Interest Assistance Agreement is incontestable except for fraud or misrepresentation, of which the lender or borrower have actual knowledge at the time the interest assistance agreement is executed, or which the lender or borrower participates in or condones.

(p) *Substitution.* If there is a substitution of lender, the original lender will prepare and submit to the Agency a claim for its final interest assistance payment calculated through the effective date of the substitution. This final claim will be submitted for processing at the time of the substitution.

(1) Interest assistance will continue automatically with the new lender.

(2) The new lender must follow paragraph (i) of this section to receive their initial and subsequent interest assistance payments.

Farm Service Agency, USDA

§ 762.160

(q) *Exception Authority.* The Deputy Administrator for Farm Loan Programs has the authority to grant an exception to any requirement involving interest assistance if it is in the best interest of the Government and is not inconsistent with other applicable law.

§§ 762.151–762.158 [Reserved]

§ 762.159 Pledging of guarantee.

A lender may pledge all or part of the guaranteed or unguaranteed portion of the loan as security to a Federal Home Loan Bank, a Federal Reserve Bank, a Farm Credit System Bank, or any other funding source determined acceptable by the Agency.

[70 FR 56107, Sept. 26, 2005]

§ 762.160 Assignment of guarantee.

(a) The following general requirements apply to assigning guaranteed loans:

(1) Subject to Agency concurrence, the lender may assign all or part of the guaranteed portion of the loan to one or more holders at or after loan closing, if the loan is not in default. However, a line of credit cannot be assigned. The lender must always retain the unguaranteed portion in their portfolio, regardless of how the loan is funded.

(2) The Agency may refuse to execute the Assignment of Guarantee and prohibit the assignment in case of the following:

(i) The Agency purchased and is holder of a loan that was assigned by the lender that is requesting the assignment.

(ii) The lender has not complied with the reimbursement requirements of § 762.144(c)(7), except when the 180 day reimbursement or liquidation requirement has been waived by the Agency.

(3) The lender will provide the Agency with copies of all appropriate forms used in the assignment.

(4) The guaranteed portion of the loan may not be assigned by the lender until the loan has been fully disbursed to the borrower.

(5) The lender is not permitted to assign any amount of the guaranteed or unguaranteed portion of the loan to

the applicant or borrower, or members of their immediate families, their officers, directors, stockholders, other owners, or any parent, subsidiary, or affiliate.

(6) Upon the lender's assignment of the guaranteed portion of the loan, the lender will remain bound to all obligations indicated in the Guarantee, Lender's Agreement, the Agency program regulations, and to future program regulations not inconsistent with the provisions of the Lenders Agreement. The lender retains all rights under the security instruments for the protection of the lender and the United States.

(b) The following will occur upon the lender's assignment of the guaranteed portion of the loan:

(1) The holder will succeed to all rights of the Guarantee pertaining to the portion of the loan assigned.

(2) The lender will send the holder the borrower's executed note attached to the Guarantee.

(3) The holder, upon written notice to the lender and the Agency, may assign the unpaid guaranteed portion of the loan. The holder must assign the guaranteed portion back to the original lender if requested for servicing or liquidation of the account.

(4) The Guarantee or Assignment of Guarantee in the holder's possession does not cover:

(i) Interest accruing 90 days after the holder has demanded repurchase by the lender, except as provided in the Assignment of Guarantee and § 762.144(c)(3)(iii).

(ii) Interest accruing 90 days after the lender or the Agency has requested the holder to surrender evidence of debt repurchase, if the holder has not previously demanded repurchase.

(c) Negotiations concerning premiums, fees, and additional payments for loans are to take place between the holder and the lender. The Agency will participate in such negotiations only as a provider of information.

(b) Provide written notice to the applicant that the application is complete.

(c) Within 60 calendar days after receiving a complete loan application, the Agency will complete the processing of the loan request and notify the applicant of the decision reached, and the reason for any disapproval.

(e) In the absence of funds for a direct loan, the Agency will keep an approved loan application on file until funding is available. (f) If funding becomes available, the Agency will resume processing of approved loans in accordance with this part.

§ 764.54 Preferences when there is limited funding.

(a) *First priority.* When there is a shortage of loan funds, approved applications will be funded in the order of the date the application was received, whether or not complete.

§§ 764.55–764.100 [Reserved]

Subpart C—Requirements for All Direct Program Loans

§ 764.101 General eligibility requirements.

The following requirements must be met unless otherwise provided in the eligibility requirements for the particular type of loan.

(a) *Controlled substances.* The applicant, and anyone who will sign the promissory note, must not be ineligible for loans as a result of a conviction for

controlled substances according to 7 CFR part 718 of this chapter.

(b) *Legal capacity.* The applicant, and anyone who will sign the promissory note, must possess the legal capacity to incur the obligation of the loan. A Youth loan applicant will incur full personal liability upon execution of the promissory note without regard to the applicant's minority status.

(c) *Citizenship.* The applicant, and anyone who will sign the promissory note, must be a citizen of the United States, United States non-citizen national, or a qualified alien under applicable Federal immigration laws.

(d) *Credit history.* The applicant must have acceptable credit history demonstrated by debt repayment.

(1) As part of the credit history, the Agency will determine whether the applicant will carry out the terms and conditions of the loan and deal with the Agency in good faith. In making this determination, the Agency may examine whether the applicant has properly fulfilled its obligations to other parties, including other agencies of the Federal Government.

(2) When the applicant caused the Agency a loss by receiving debt forgiveness, the applicant may be ineligible for assistance in accordance with eligibility requirements for the specific loan type. If the debt forgiveness is cured by repayment of the Agency's loss, the Agency may still consider the debt forgiveness in determining the applicant's credit worthiness.

(3) A history of failures to repay past debts as they came due when the ability to repay was within the applicant's control will demonstrate unacceptable credit history. The following circumstances, for example, do not automatically indicate an unacceptable credit history:

(i) Foreclosures, judgments, delinquent payments of the applicant which occurred more than 36 months before the application, if no recent similar situations have occurred, or Agency delinquencies that have been resolved through loan servicing programs available under 7 CFR part 766.

(ii) Isolated incidents of delinquent payments which do not represent a general pattern of unsatisfactory or slow payment.

(iii) "No history" of credit transactions by the applicant.

(iv) Recent foreclosure, judgment, bankruptcy, or delinquent payment when the applicant can satisfactorily demonstrate that the adverse action or delinquency was caused by circumstances that were of a temporary nature and beyond the applicant's control; or the result of a refusal to make full payment because of defective goods or services or other justifiable dispute relating to the purchase or contract for goods or services.

(e) *Availability of credit elsewhere.* The applicant, and all entity members in the case of an entity, must be unable to obtain sufficient credit elsewhere to finance actual needs at reasonable rates and terms. The Agency will evaluate the ability to obtain credit based on factors including, but not limited to:

(1) Loan amounts, rates, and terms available in the marketplace; and

(2) Property interests, income, and significant non-essential assets.

(f) *Not in delinquent status on Federal debt.* As provided in 31 CFR part 285, except for EM loan applicants, the applicant, and anyone who will sign the promissory note, must not be in delinquent status on any Federal debt, other than a debt under the Internal Revenue Code of 1986 at the time of loan closing. All delinquent debts, however, will be considered in determining credit history and ability to repay under this part.

(g) *Outstanding judgments.* The applicant, and anyone who will sign the promissory note, must have no outstanding unpaid judgments obtained by the United States in any court. Such judgments do not include those filed as a result of action in the United States Tax Courts.

(h) *Federal crop insurance violation.* The applicant, and all entity members in the case of an entity, must not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718.

(i) *Managerial ability.* The applicant must have sufficient managerial ability to assure reasonable prospects of loan repayment, as determined by the Agency. The applicant must demonstrate this managerial ability by:

(1) Education. For example, the applicant obtained a 4-year college degree in agricultural business, horticulture, animal science, agronomy, or other agricultural-related field.

(2) On-the-job training. For example, the applicant is currently working on a farm as part of an apprenticeship program.

(3) Farming experience. For example, the applicant has been an owner, manager, or operator of a farm business for at least one entire production cycle. The farming experience must have been obtained within the last 5 years.

(j) *Borrower training.* The applicant must agree to meet the training requirements in subpart J of this part.

(k) *Operator of a family farm.* (1) The applicant must be the operator of a family farm after the loan is closed.

(2) For an entity applicant, if the entity members holding a majority interest are:

(i) Related by blood or marriage, at least one member must be the operator of a family farm;

(ii) Not related by blood or marriage, the entity members holding a majority interest must be operators of a family farm.

(3) Except for EM loans, the collective interests of the members may be larger than a family farm only if:

(i) Each member's ownership interest is not larger than a family farm;

(ii) All of the members of the entity are related by blood or marriage; and

(iii) All of the members are or will become operators of the family farm; and

(4) If the entity applicant has an operator and ownership interest for farm ownership loans and emergency loans for farm ownership loan purposes, in any other farming operation, that farming operation must not exceed the requirements of a family farm.

(1) *Entity composition.* If the applicant is an entity, the entity members are not themselves entities.

§ 764.102 General limitations.

(a) Limitations specific to each loan program are contained in subparts D through H of this part.

(b) The total principal balance owed to the Agency at any one time by the applicant, or any one who will sign the

promissory note, cannot exceed the limits established in § 761.8 of this chapter.

(c) The funds from the FLP loan must be used for farming operations located in the United States.

(d) The Agency will not make a loan if the proceeds will be used:

(1) For any purpose that contributes to excessive erosion of highly erodible land, or to the conversion of wetlands;

(2) To drain, dredge, fill, level, or otherwise manipulate a wetland; or

(3) To engage in any activity that results in impairing or reducing the flow, circulation, or reach of water, except in the case of activity related to the maintenance of previously converted wetlands as defined in the Food Security Act of 1985.

(e) Any construction financed by the Agency must comply with the standards established in § 761.10 of this chapter.

(f) Loan funds will not be used to establish or support a non-eligible enterprise, even if the non-eligible enterprise contributes to the farm.

§ 764.103 General security requirements.

(a) Security requirements specific to each loan program are outlined in subparts D through H of this part.

(b) All loans must be secured by assets having a security value of at least 100 percent of the loan amount, except for EM loans as provided in subpart H of this part. If the applicant's assets do not provide adequate security, the Agency may accept:

(1) A pledge of security from a third party; or

(2) Interests in property not owned by the applicant (such as leases that provide a mortgageable value, water rights, easements, mineral rights, and royalties).

(c) An additional amount of security up to 150 percent of the loan amount will be taken when available, except for beginning farmer downpayment loans and youth loans.

(d) The Agency will choose the best security available when there are several alternatives that meet the Agency's security requirements.

(e) The Agency will take a lien on all assets that are not essential to the

farming operation and are not being converted to cash to reduce the loan amount when each such asset, or aggregate value of like assets (such as stocks), has a value in excess of \$5,000. The value of this security is not included in the Agency's additional security requirement stated in paragraph (c) of this section. This requirement does not apply to beginning farmer downpayment loans and youth loans.

EFFECTIVE DATE NOTE: At 73 FR 74345, Dec. 8, 2008, § 764.103 was amended by removing the words "beginning farmer" from paragraphs (c) and (e), effective January 7, 2009.

§ 764.104 General real estate security requirements.

(a) *Agency lien position requirements.* If real estate is pledged as security for a loan, the Agency must obtain a first lien, if available. When a first lien is not available, the Agency may take a junior lien under the following conditions:

(1) The prior lien does not contain any provisions that may jeopardize the Agency's interest or the applicant's ability to repay the FLP loan;

(2) Prior lienholders agree to notify the Agency prior to foreclosure;

(3) The applicant must agree not to increase an existing prior lien without the written consent of the Agency; and

(4) Equity in the collateral exists.

(b) *Real estate held under a purchase contract.* If the real estate offered as security is held under a recorded purchase contract:

(1) The applicant must provide a security interest in the real estate;

(2) The applicant and the purchase contract holder must agree in writing that any insurance proceeds received for real estate losses will be used only for one or more of the following purposes:

(i) To replace or repair the damaged real estate improvements which are essential to the farming operation;

(ii) To make other essential real estate improvements; or

(iii) To pay any prior real estate lien, including the purchase contract.

(3) The purchase contract must provide the applicant with possession, control and beneficial use of the property, and entitle the applicant to market-

able title upon fulfillment of the contract terms.

(4) The purchase contract must not:

(i) Be subject to summary cancellation upon default;

(ii) Contain provisions which jeopardize the Agency's security position or the applicant's ability to repay the loan.

(5) The purchase contract holder must agree in writing to:

(i) Not sell or voluntarily transfer their interest without prior written consent of the Agency;

(ii) Not encumber or cause any liens to be levied against the property;

(iii) Not take any action to accelerate, forfeit, or foreclose the applicant's interest in the security property until a specified period of time after notifying the Agency of the intent to do so;

(iv) Consent to the Agency making the loan and taking a security interest in the applicant's interest under the purchase contract as security for the FLP loan;

(v) Not take any action to foreclose or forfeit the interest of the applicant under the purchase contract because the Agency has acquired the applicant's interest by foreclosure or voluntary conveyance, or because the Agency has subsequently sold or assigned the applicant's interest to a third party who will assume the applicant's obligations under the purchase contract;

(vi) Notify the Agency in writing of any breach by the applicant; and

(vii) Give the Agency the option to rectify the conditions that amount to a breach within 30 days after the date the Agency receives written notice of the breach.

(6) If the Agency acquires the applicant's interest under the purchase contract by foreclosure or voluntary conveyance, the Agency will not be deemed to have assumed any of the applicant's obligations under the contract, provided that if the Agency fails to perform the applicant's obligations while it holds the applicant's interest is grounds for terminating the purchase contract.

(c) *Tribal lands held in trust or restricted.* The Agency may take a lien on Indian Trust lands as security provided

§ 764.105

the applicant requests the Bureau of Indian Affairs to furnish Title Status Reports to the agency and the Bureau of Indian Affairs provides the reports and approves the lien.

(d) *Security for more than one loan.* The same real estate may be pledged as security for more than one direct or guaranteed loan.

(e) *Loans secured by leaseholds.* A loan may be secured by a mortgage on a leasehold, if the leasehold has negotiable value and can be mortgaged.

§ 764.105 General chattel security requirements.

The same chattel may be pledged as security for more than one direct or guaranteed loan.

§ 764.106 Exceptions to security requirements.

Notwithstanding any other provision of this part, the Agency will not take a security interest:

(a) When adequate security is otherwise available and the lien will prevent the applicant from obtaining credit from other sources;

(b) When the property could have significant environmental problems or costs as described in subpart G of 7 CFR part 1940;

(c) When the Agency cannot obtain a valid lien;

(d) When the property is the applicant's personal residence and appurtenances and:

(1) They are located on a separate parcel; and

(2) The real estate that serves as security for the FLP loan plus crops and chattels are greater than or equal to 150 percent of the unpaid balance due on the loan;

(e) When the property is subsistence livestock, cash, working capital accounts the applicant uses for the farming operation, retirement accounts, personal vehicles necessary for family living, household contents, or small equipment such as hand tools and lawn mowers; or

(f) On marginal land and timber that secures an outstanding ST loan.

7 CFR Ch. VII (1–1–09 Edition)

(a) *Establishing value for real estate.* The value of real estate will be established by an appraisal completed in accordance with § 761.7 of this chapter.

(b) *Establishing value for chattels.* The value of chattels will be established as follows:

(1) *Annual production.* The security value of annual livestock and crop production is presumed to be 100 percent of the amount loaned for annual operating and family living expenses, as outlined in the approved farm operating plan.

(2) *Livestock and equipment.* The value of livestock and equipment will be established by an appraisal completed in accordance with § 761.7 of this chapter.

§ 764.108 General insurance requirements.

The applicant must obtain and maintain insurance, equal to the lesser of the value of the security at the time of loan closing or the principal of all FLP and non-FLP loans secured by the property, subject to the following:

(a) All security, except growing crops, must be covered by hazard insurance if it is readily available (sold by insurance agents in the applicant's normal trade area) and insurance premiums do not exceed the benefit. The Agency must be listed as loss payee for the insurance indemnity payment or as a beneficiary in the mortgagee loss payable clause.

(b) Real estate security located in flood or mudslide prone areas must be covered by flood or mudslide insurance. The Agency must be listed as a beneficiary in the mortgagee loss payable clause.

(c) Growing crops used to provide adequate security must be covered by crop insurance if such insurance is available. The Agency must be listed as loss payee for the insurance indemnity payment.

(d) Prior to closing the loan, the applicant must have obtained at least the catastrophic risk protection level of crop insurance coverage for each crop which is a basic part of the applicant's total operation, if such insurance is

Farm Service Agency, USDA

(ii) To establish a new site for farm dwelling and service buildings outside of a flood or mudslide area; and

(iii) To replace land from the farm that was sold or conveyed, if such land is necessary for the farming operation to be effective.

(2) *Chattel losses.* EM loan funds for chattel physical losses may only be used to repair or replace essential property damaged or destroyed as a result of a disaster as follows:

§ 764.352

7 CFR Ch. VII (1–1–09 Edition)

(i) Purchase livestock, farm equipment, quotas and bases, and cooperative stock for credit, production, processing, or marketing purposes;

(ii) Pay customary costs associated with obtaining and closing a loan that an applicant cannot pay from other sources (e.g., fees for legal, architectural, and other technical services, but not fees for agricultural management consultation, or preparation of Agency forms);

(iii) Repair or replace household contents damaged in the disaster;

(iv) Pay the costs to restore perennials, which produce an agricultural commodity, to the stage of development the damaged perennials had obtained prior to the disaster;

(v) Pay essential family living and farm operating expenses, in the case of an operation that has suffered livestock losses not from breeding stock, or losses to stored crops held for sale; and

(vi) Refinance farm-related debts other than real estate to improve farm profitability, if the applicant has refinanced direct or guaranteed loans four times or fewer and one of the following conditions is met:

(A) A designated or declared disaster caused the need for refinancing; or

(B) The debts to be refinanced are owed to a creditor other than the USDA.

(b) *Production losses.* EM loan funds for production losses to agricultural commodities (except the losses associated with the loss of livestock) may be used to:

(1) Pay costs associated with reorganizing the farm to improve its profitability except that such costs must not include the payment of bankruptcy expenses;

(2) Pay annual operating expenses, which include, but are not limited to, feed, seed, fertilizer, pesticides, farm supplies, and cash rent;

(3) Pay costs associated with Federal or State-approved standards under the Occupational Safety and Health Act of 1970 (29 U.S.C. 655 and 667) if the applicant can show that compliance or non-compliance with the standards will cause substantial economic injury;

(4) Pay borrower training costs required or recommended by the Agency;

(5) Pay essential family living expenses;

(6) Refinance farm-related debts other than real estate to improve farm profitability, if the applicant has refinanced direct or guaranteed loans four times or fewer and one of the following conditions is met:

(i) A designated or declared disaster caused the need for refinancing; or

(ii) The debts to be refinanced are owed to a creditor other than the USDA; and

(7) Replace lost working capital.

§ 764.352 Eligibility requirements.

The applicant:

(a) Must comply with the general eligibility requirements established at § 764.101;

(b) Must be an established farmer;

(c) Must be the owner-operator or tenant-operator as follows:

(1) For a loan made under § 764.351(a)(1), must have been:

(i) The owner-operator of the farm at the time of the disaster; or

(ii) The tenant-operator of the farm at the time of the disaster whose lease on the affected real estate exceeds the term of the loan. The operator will provide prior notification to the Agency if the lease is proposed to terminate during the term of the loan. The lessor will provide the Agency a mortgage on the real estate as security for the loan;

(2) For a loan made under § 764.351(a)(2) or (b), must have been the operator of the farm at the time of the disaster; and

(3) In the case of an entity, the entity must be:

(i) Engaged primarily and directly in farming in the United States;

(ii) Authorized to operate and own the farm, if the funds are used for farm ownership loan purposes, in the State in which the farm is located;

(d) Must demonstrate the intent to continue the farming operation after the designated or declared disaster;

(e) And all entity members must be unable to obtain sufficient credit elsewhere at reasonable rates and terms. To establish this, the applicant must obtain written declinations of credit, specifying the reasons for declination, from legally organized commercial

lending institutions within reasonable proximity of the applicant as follows:

(1) In the case of a loan in excess of \$300,000, two written declinations of credit are required;

(2) In the case of a loan of \$300,000 or less, one written declination of credit is required; and

(3) In the case of a loan of \$100,000 or less, the Agency may waive the requirement for obtaining a written declination of credit, if the Agency determines that it would pose an undue burden on the applicant, the applicant certifies that they cannot get credit elsewhere, and based on the applicant's circumstances credit is not likely to be available;

(4) Notwithstanding the applicant's submission of the required written declinations of credit, the Agency may contact other commercial lending institutions within reasonable proximity of the applicant and make an independent determination of the applicant's ability to obtain credit elsewhere;

(f) And all entity members in the case of an entity, must not have received debt forgiveness from the Agency on more than one occasion on or before April 4, 1996, or any time after April 4, 1996.

(g) Must submit an application to be received by the Agency no later than 8 months after the date the disaster is declared or designated in the county of the applicant's operation.

(h) For production loss loans, must have a disaster yield that is at least 30 percent below the normal production yield of the crop, as determined by the Agency, which comprises a basic part of an applicant's total farming operation.

(i) For physical loss loans, must have suffered disaster-related damage to chattel or real estate essential to the farming operation, or to household contents that must be repaired or replaced, to harvested or stored crops, or to perennial crops.

(j) Must meet all of the following requirements if the ownership structure of the family farm changes between the time of a qualifying loss and the time an EM loan is closed:

(1) The applicant, including all owners must meet all of the eligibility requirements;

(2) The individual applicant, or all owners of an entity applicant, must have had an ownership interest in the farming operation at the time of the disaster; and

(3) The amount of the loan will be based on the percentage of the former farming operation transferred to the applicant and in no event will the individual portions aggregated equal more than would have been authorized for the former farming operation.

(k) Must agree to repay any duplicative Federal assistance to the agency providing such assistance. An applicant receiving Federal assistance for a major disaster or emergency is liable to the United States to the extent that the assistance duplicates benefits available to the applicant for the same purpose from another source.

§ 764.353 Limitations.

(a) EM loans must comply with the general limitations established at § 764.102.

(b) EM loans may not exceed the lesser of:

(1) The amount of credit necessary to restore the farming operation to its pre-disaster condition;

(2) In the case of a physical loss loan, the total eligible physical losses caused by the disaster; or

(3) In the case of a production loss loan, 100 percent of the total actual production loss sustained by the applicant as calculated in paragraph (c) of this section.

(c) For production loss loans, the applicant's actual crop production loss will be calculated as follows:

(1) Subtract the disaster yield from the normal yield to determine the per acre production loss;

(2) Multiply the per acre production loss by the number of acres of the farming operation devoted to the crop to determine the volume of the production loss;

(3) Multiply the volume of the production loss by the market price for such crop as determined by the Agency to determine the dollar value for the production loss; and

(4) Subtract any other disaster related compensation or insurance indemnities received or to be received by the applicant for the production loss.

(d) For a physical loss loan, the applicant's total eligible physical losses will be calculated as follows:

(1) Add the allowable costs associated with replacing or repairing chattel covered by hazard insurance (excluding labor, machinery, equipment, or materials contributed by the applicant to repair or replace chattel);

(2) Add the allowable costs associated with repairing or replacing real estate, covered by hazard insurance;

(3) Add the value of replacement livestock and livestock products for which the applicant provided:

(i) Written documentation of inventory on hand immediately preceding the loss;

(ii) Records of livestock product sales sufficient to allow the Agency to establish a value;

(4) Add the allowable costs to restore perennials to the stage of development the damaged perennials had obtained prior to the disaster;

(5) Add, in the case of an individual applicant, the allowable costs associated with repairing or replacing household contents, not to exceed \$20,000; and

(6) Subtract any other disaster related compensation or insurance indemnities received or to be received by the applicant for the loss or damage to the chattel or real estate.

(e) EM loan funds may not be used for physical loss purposes unless:

(1) The physical property was covered by general hazard insurance at the time that the damage caused by the natural disaster occurred. The level of the coverage in effect at the time of the disaster must have been the tax or cost depreciated value, whichever is less. Chattel property must have been covered at the tax or cost depreciated value, whichever is less, when such insurance was readily available and the benefit of the coverage was greater than the cost of the insurance; or

(2) The loan is to a poultry farmer to cover the loss of a chicken house for which the applicant did not have hazard insurance at the time of the loss and the applicant:

(i) Applied for, but was unable to obtain hazard insurance for the chicken house;

(ii) Uses the loan to rebuild the chicken house in accordance with industry standards in effect on the date the applicant submits an application for the loan;

(iii) Obtains, for the term of the loan, hazard insurance for the full market value of the chicken house; and

(iv) Meets all other requirements for the loan.

(f) EM loan funds may not be used to refinance consumer debt, such as automobile loans, or credit card debt unless such credit card debt is directly attributable to the farming operation.

§ 764.354 Rates and terms.

(a) *Rates.* (1) The interest rate is the Agency's Emergency Loan Actual Loss rate, available in each Agency office.

(2) The interest rate charged will be the lower rate in effect at the time of loan approval or loan closing.

(b) *Terms.* (1) The Agency schedules repayment of EM loans based on the useful life of the security, the applicant's repayment ability, and the type of loss.

(2) The repayment schedule must include at least one payment every year.

(3) EM loans for annual operating expenses, except expenses associated with establishing a perennial crop that are subject to paragraph (b)(4), must be repaid within 12 months. The Agency may extend this term to not more than 18 months to accommodate the production cycle of the agricultural commodities.

(4) EM loans for production losses or physical losses to chattel (including, but not limited to, assets with an expected life between one and 7 years) may not exceed 7 years. The Agency may extend this term up to a total length not to exceed 20 years, if necessary to improve the applicant's repayment ability and real estate security is available.

(5) The repayment schedule for EM loans for physical losses to real estate is based on the applicant's repayment ability and the useful life of the security, but in no case will the term exceed 40 years.

Farm Service Agency, USDA

§ 764.401

§ 764.355 Security requirements.

(a) EM loans made under § 764.351(a)(1) must comply with the general security requirements established at §§ 764.103, 764.104 and 764.155(b).

(b) EM loans made under § 764.351(a)(2) and (b) must comply with the general security requirements established at §§ 764.103, 764.104 and 764.255(b).

(c) Notwithstanding the requirements of paragraphs (a) and (b) of this section, when adequate security is not available because of the disaster, the loan may be approved if the Agency determines, based on an otherwise feasible plan, there is a reasonable assurance that the applicant has the ability to repay the loan provided:

(1) The applicant has pledged as security for the loan all available personal and business security, except as provided in § 764.106;

(2) The farm operating plan, approved by the Agency, indicates the loan will be repaid based upon the applicant's production and income history; addresses applicable pricing risks through the use of marketing contracts, hedging, options, or other revenue protection mechanisms, and includes a marketing plan or similar risk management practice;

(3) The applicant has had positive net cash farm income in at least 3 of the past 5 years; and

(4) The applicant has provided the Agency an assignment on any USDA program payments to be received.

(d) For loans over \$25,000, title clearance is required when real estate is taken as security.

(e) For loans of \$25,000 or less, when real estate is taken as security, a certification of ownership in real estate is required. Certification of ownership may be in the form of an affidavit which is signed by the applicant, names the record owner of the real estate in question and lists the balances due on all known debts against the real estate. Whenever the Agency is uncertain of the record owner or debts against the real estate security, a title search is required.

§ 764.356 Appraisal and valuation requirements.

(a) In the case of physical losses associated with livestock, the applicant must have written documentation of the inventory of livestock and records of livestock product sales sufficient to allow the Agency to value such livestock or livestock products just prior to the loss.

(b) In the case of farm assets damaged by the disaster, the value of such security shall be established as of the day before the disaster occurred.

§§ 764.357–764.400 [Reserved]

Subpart I—Loan Decision and Closing

§ 764.401 Loan decision.

(a) *Loan approval.* (1) The Agency will approve a loan only if it determines that:

(i) The applicant's farm operating plan reflects a feasible plan, which includes repayment of the proposed loan and demonstrates that all other credit needs can be met;

(ii) The proposed use of loan funds is authorized for the type of loan requested;

(iii) The applicant has been determined eligible for the type of loan requested;

(iv) All security requirements for the type of loan requested have been, or will be met before the loan is closed;

(v) The applicant's total indebtedness to the Agency, including the proposed loan, will not exceed the maximum limits established in § 761.8 of this chapter;

(vi) There have been no significant changes in the farm operating plan or the applicant's financial condition since the time the Agency received a complete application; and

(vii) All other pertinent requirements have been, or will be met before the loan is closed.

(2) The Agency will place conditions upon loan approval it determines necessary to protect its interest and maximize the applicant's potential for success.

(b) *Loan denial.* The Agency will not approve a loan if it determines that:

§ 764.402

(1) The applicant's farm operating plan does not reflect a feasible plan;

(2) The proposed use of loan funds is not authorized for the type of loan requested;

(3) The applicant does not meet the eligibility requirements for the type of loan requested;

(4) There is inadequate security for the type of loan requested;

(5) Approval of the loan would cause the applicant's total indebtedness to the Agency to exceed the maximum limits established in § 761.8 of this chapter;

(6) The applicant's circumstances may not permit continuous operation and management of the farm; or

(7) The applicant, the farming operation, or other circumstances surrounding the loan are inconsistent with the authorizing statutes, other Federal laws, or Federal credit policies.

(c) *Overtake of an Agency decision by appeal.* If an FLP loan denial is overturned on administrative appeal, the Agency will not automatically approve the loan. Unless prohibited by the final appeal determination or otherwise advised by the Office of General Counsel, the Agency will:

(1) Request current financial information from the applicant as necessary to determine whether any changes in the applicant's financial condition or agricultural conditions which occurred after the Agency's adverse decision was made will adversely affect the applicant's farming operation;

(2) Approve a loan for crop production:

(i) Only if the Agency can determine that the applicant will be able to produce a crop in the production cycle for which the loan is requested; or

(ii) For the next production cycle, upon review of current financial data and a farm operating plan for the next production cycle, if the Agency determines the loan can be repaid. The new farm operating plan must reflect any financial issues resolved in the appeal.

(3) Determine whether the applicant's farm operating plan, as modified based on the appeal decision, reflects a feasible plan, which includes repayment of the proposed loan and dem-

onstrates that all other credit needs can be met.

§ 764.402 Loan closing.

(a) *Signature requirements.* Signatures on loan documents are required as follows:

(1) For individual applicants, only the applicant is required to sign the promissory note.

(2) For entity applicants, the promissory note will be executed to evidence the liability of the entity and the individual liability of all members of the entity.

(3) Despite minority status, a youth executing a promissory note for a Youth loan will incur full personal liability for the debt.

(4) A cosigner will be required to sign the promissory note if they assist the applicant in meeting the repayment requirements for the loan requested.

(5) All signatures needed for the Agency to acquire the required security interests will be obtained according to State law.

(b) *Payment of fees.* The applicant, or in the case of a real estate purchase, the applicant and seller, must pay all filing, recording, notary, lien search, and any other fees necessary to process and close a loan.

(c) *Chattel-secured loans.* The following requirements apply to loans secured by chattel:

(1) The Agency will close a chattel loan only when it determines the Agency requirements for the loan have been satisfied;

(2) A financing statement is required for every loan except when a filed financing statement covering the applicant's property is still effective, covers all types of chattel property that will serve as security for the loan, describes the land on which crops and fixtures are or will be located, and complies with the law of the jurisdiction where filed;

(3) A new security agreement is required for new loans, as necessary to secure the loan under State law, prior to the disbursement of loan funds.

(d) *Real estate-secured loans.* (1) The Agency will close a real estate loan only when it determines that the Agency requirements for the loan have been satisfied and the closing agent can

Farm Service Agency, USDA

§ 764.452

issue a policy of title insurance or final title opinion as of the date of closing. The title insurance or final title opinion requirement may be waived:

- (i) For loans of \$10,000 or less;
- (ii) As provided in § 764.355 for EM loans;
- (iii) When the real estate is considered additional security by the Agency; or
- (iv) When the real estate is a non-essential asset.

(2) The title insurance or final title opinion must show title vested as required by the Agency, the lien of the Agency's security instrument in the priority required by the Agency, and title to the security property, subject only to those exceptions approved in writing by the Agency.

(3) The Agency must approve agents who will close FLP loans. Closing agents must meet all of the following requirements to the Agency's satisfaction:

- (i) Be licensed in the state where the loan will be closed;
- (ii) Not be debarred or suspended from participating in any Federal programs;
- (iii) Maintain liability insurance;
- (iv) Have a fidelity bond that covers all employees with access to loan funds;
- (v) Have current knowledge of the requirements of State law in connection with the loan closing and title clearance;
- (vi) Not represent both the buyer and seller in the transaction;
- (vii) Not be related as a family member or business associate with the applicant; and
- (viii) Act promptly to provide required services.

(e) *Disbursement of funds.* (1) Loan funds will be made available to the applicant within 15 days of loan approval, subject to the availability of funding.

(2) If the loan is not closed within 90 days of loan approval or if the applicant's financial condition changes significantly, the Agency must reconfirm the requirements for loan approval prior to loan closing. The applicant may be required to provide updated information for the Agency to reconfirm approval and proceed with loan closing.

(3) The Agency or closing agent will be responsible for disbursing loan funds. The electronic funds transfer process, followed by Treasury checks, are the Agency's preferred methods of loan funds disbursement. The Agency will use these processes on behalf of borrowers to disburse loan proceeds directly to creditors being refinanced with loan funds or to sellers of chattel property that is being acquired with loan funds. A supervised bank account will be used according to subpart B of part 761 of this chapter when these processes are not practicable.

§§ 764.403–764.450 [Reserved]

(d) An applicant who applies for a loan to finance a new enterprise, such as a new crop or a new type of livestock, must agree to complete production training with regard to that enterprise, even if production training requirements were waived or satisfied under a previous loan request, unless the Agency provides a waiver in accordance with § 764.453.

(e) Even if a waiver is granted, the borrower must complete borrower training as a condition for future loans if and when Agency supervision provided in 7 CFR part 761 subpart C reflects that such training is needed.

§ 764.454 Actions that an applicant must take when training is required.

(a) *Deadline for completion of training.*

(1) If the Agency requires an applicant to complete training, at loan closing the applicant must agree in writing to complete all required training within 2 years.

(2) The Agency will grant a one-year extension to complete training if the applicant is unable to complete training within the 2-year period due to circumstances beyond the applicant's control.

(3) The Agency will grant an extension longer than one year for extraordinary circumstances as determined by the Agency.

(4) An applicant who does not complete the required training within the specified time-period will be ineligible for additional direct FLP loans until the training is completed.

(b) *Arranging training with a vendor.* The applicant must select and contact an Agency approved vendor and make all arrangements to begin training.

(c) *Payment of training fees.* (1) The applicant is responsible for the cost of training and must include training fees in the farm operating plan as a farm operating expense.

Subpart A—Overview

§ 765.1 Introduction.

(a) *Purpose.* This part describes the policies for servicing direct FLP loans, except for borrowers who are delinquent, financially distressed, or otherwise in default on their loan.

(b) *Servicing actions.* Servicing actions described in this part include:

- (1) Limited resource reviews;
- (2) Graduation to commercial credit;
- (3) Application of payments;
- (4) Maintaining and disposing of security;
- (5) Transfer of security and assumption of debt; and
- (6) Servicing accounts of deceased borrowers.

(c) *Loans covered.* The Agency services direct FLP loans under the policies contained in this part. This part is not applicable to Non-program loans, except where noted.

§ 765.2 Abbreviations and definitions.

Abbreviations and definitions for terms used in this part are provided in § 761.2 of this chapter.

§§ 765.3–765.50 [Reserved]

Subpart B—Borrowers With Limited Resource Interest Rate Loans

§ 765.51 Annual review.

(a) A borrower with limited resource interest rate loans is required to provide the Agency annually the operation's financial information to determine if the borrower can afford to pay a higher interest rate on the loan. The Agency will review the information provided in accordance with § 761.105 of this chapter.

(b) If the borrower's farm operating plan shows that the debt service margin exceeds 110 percent, the Agency will increase the interest rate on the loans with a limited resource interest rate until:

(1) A further increase in the interest rate results in a debt service margin of less than 110 percent; or

(2) The interest rate is equal to the interest rate currently in effect for the type of loan.

(c) Except as provided in paragraph (d) of this section, the Agency will increase the limited resource interest rate to the current interest rate for the type of loan, if the borrower:

(1) Purchases items not planned during the term of the loan;

(2) Refuses to submit information the Agency requests for use in reviewing the borrower's financial condition;

(3) Ceases farming, as described in § 765.253; or

(4) Is ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718.

(d) If the borrower has limited resource interest rate loans that are deferred, the Agency will not change the interest rate during the deferral period.

§ 765.52–765.100 [Reserved]

Subpart C—Borrower Graduation

§ 765.101 Borrower graduation requirements.

(a) In accordance with the promissory note and security instruments, the borrower must graduate to another source of credit if the Agency determines that:

(1) The borrower has the ability to obtain credit from other sources; and

(2) Adequate credit is available from other sources at reasonable rates and terms.

(b) The Agency may require partial or full graduation.

(1) In a partial graduation, all FLP loans of one type (i.e. all chattel loans or all real estate loans) must be paid in full by refinancing with other credit with or without an Agency guarantee.

(2) In a full graduation, all FLP loans are paid in full by refinancing with other credit with or without an Agency guarantee.

(3) A loan made for chattel and real estate purposes will be categorized according to how the majority of the loan's funds are expended.

(c) The borrower must submit all information that the Agency requests in conjunction with the review of the borrower's financial condition.

(d) The Agency may provide a borrower's prospectus to lenders in an attempt to identify sources of non-Agency credit and assess the lenders' interest in refinancing the borrower's loan. The Agency will notify the borrower when the borrower's prospectus is provided to one or more lenders.

(e) If a lender expresses an interest in refinancing the borrower's FLP loan, the borrower must:

(1) Apply for a loan from the interested lender within 30 days of notice; or

(2) Seek guaranteed loan assistance under the market placement program in accordance with § 762.110(g) of this chapter.

(f) The borrower will be responsible for any application fees or purchase of stock in conjunction with graduation.

§ 765.102 Borrower noncompliance with graduation requirements.

Borrower failure to fulfill all graduation requirements within the time-period specified by the Agency constitutes default on the loan. The Agency will accelerate the borrower's loan without offering servicing options provided in 7 CFR part 766.

§ 765.103 Transfer and assignment of Agency liens.

The Agency may assign its lien to the new lender when the borrower is graduating and all FLP debt will be paid in full.

§§ 765.104–765.150 [Reserved]

Subpart D—Borrower Payments

§ 765.151 Handling payments.

(a) *Borrower payments.* Borrowers must submit their loan payments in a form acceptable to the Agency, such as checks, cash, and money orders. Forms of payment not acceptable to the Agency include, but are not limited to, foreign currency, foreign checks, and sight drafts.

(b) *Crediting account.* The Agency credits the borrower's account as of the date the Agency receives payment.

§ 765.152 Types of payments.

(a) *Regular payments.* Regular payments are derived from, but are not limited to:

(1) The sale of normal income security;

(2) The sale of farm products;

(3) Lease income, including mineral lease signing bonus;

(4) Program or disaster-related disbursements from USDA or crop insurance entities; and

(5) Non-farm income.

(b) *Extra payments.* Extra payments are derived from any of the following:

(1) Sale of chattel security other than normal income security;

(2) Sale of real estate security;

(3) Refinancing of FLP debt;

(4) Cash proceeds of insurance claims received on Agency security, if not being used to repair or replace the security;

Farm Service Agency, USDA

§ 765.202

(5) Any transaction that results in a loss in the value of any Agency basic security;

(6) Refunds of duplicate disaster program benefits to be applied on an EM loan; or

(7) Refunds of unused loan funds.

(c) *Payments from sale of real estate.* Notwithstanding any other provision of this section, payments derived from the sale of real estate security will be treated as regular payments at the Agency's discretion, if the FLP loans will be adequately secured after the transaction.

§ 765.153 Application of payments.

(a) *Regular payments.* A regular payment is credited to a scheduled installment on program and non-program loans. Regular payments are applied to loans in the following order:

(1) Annual operating loan;

(2) Delinquent FLP installments, paying least secured loans first;

(3) Non-delinquent FLP installments due in the current production cycle in order of security priority, paying least secured loans first;

(4) Any future installments due.

(b) *Extra payments.* An extra payment is not credited to a scheduled installment and does not relieve the borrower's responsibility to make scheduled loan installments, but will reduce the borrower's FLP indebtedness. Extra payments are applied to FLP loans in order of lien priority except for refunds of unused loan funds, which shall be applied to the loan for which the funds were advanced.

§ 765.154 Distribution of payments.

The Agency applies both regular and extra payments to each loan in the following order, as applicable:

(a) Recoverable costs and protective advances plus interest;

(b) Deferred non-capitalized interest;

(c) Accrued deferred interest;

(d) Interest accrued to date of payment; and

(e) Loan principal.

§ 765.155 Final loan payments.

(a) *General.* (1) Unless the Agency has reservations regarding the validity of the payment, the Agency may release the borrower's security instruments at

the time payment is made, if the borrower makes a final payment by one of the following methods:

(i) Cash;

(ii) U.S. Treasury check;

(iii) Cashier's check; or

(iv) Certified check.

(2) Security instruments will only be released when all loans secured by the instruments have been paid in full or otherwise satisfied.

(3) The Agency will return the paid note and satisfied security instruments to the borrower after the Agency processes the final payment and determines that the total indebtedness is paid in full.

(b) *Borrower refunds.* If the borrower refunds the entire loan after the loan is closed, the borrower must pay interest from the date of the note to the date the Agency received the funds.

(c) *Overpayments.* If an Agency miscalculation of a final payment results in an overpayment by the borrower of less than \$10, the borrower must request a refund from the Agency in writing. Overpayments of \$10 or more automatically will be refunded by the Agency.

(d) *Underpayments.* If an Agency miscalculation of a final payment amount results in an underpayment, the Agency may collect all account balances resulting from its error. If the Agency cannot collect an underpayment from the borrower, the Agency will attempt to settle the debt in accordance with subpart B of 7 CFR part 1956.

§§ 765.156–765.200 [Reserved]

Subpart E—Protecting the Agency's Security Interest

§ 765.201 General policy.

All Agency servicing actions regarding preservation and protection of Agency security will be consistent with the covenants and agreements contained in all loan agreements and security instruments.

§ 765.202 Borrower responsibilities.

The borrower must:

(a) Comply with all provisions of the loan agreements;

§ 765.203

(1) Non-compliance with the provisions of loan agreements and documents, other than failure to meet scheduled loan repayment installments contained in the promissory note, constitutes non-monetary default on FLP loans by the borrower;

(2) Borrower non-compliance will be considered by the Agency when making eligibility determinations for future requests for assistance and may adversely impact such requests;

(b) Maintain, protect, and account for all security;

(c) Pay the following, unless State law requires the Agency to pay:

(1) Fees for executing, filing or recording financing statements, continuation statements or other security instruments; and

(2) The cost of lien search reports;

(d) Pay taxes on property securing FLP loans when they become due;

(e) Maintain insurance coverage in an amount specified by the Agency;

(f) Protect the interests of the Agency when a third party brings suit or takes other action that could affect Agency security.

§ 765.203 Protective advances.

When necessary to protect the Agency's security interest, costs incurred for the following actions will be charged to the borrower's account:

(a) Maintain abandoned security property;

(b) Preserve inadequately maintained security;

(c) Pay real estate taxes and assessments;

(d) Pay property, hazard, or flood insurance;

(e) Pay harvesting costs;

(f) Maintain Agency security instruments;

(g) Pay ground rents;

(h) Pay expenses for emergency measures to protect the Agency's collateral; and

(i) Protect the Agency from actions by third parties.

§ 765.204 Notifying potential purchasers.

(a) *States with Central Filing System (CFS).* The Agency participates and complies with central filing systems in States where CFS has been organized.

7 CFR Ch. VII (1-1-09 Edition)

In a State with a CFS, the Agency is not required to additionally notify potential purchasers that the Agency has a lien on a borrower's chattel security, unless specifically required by State law.

(b) *States without CFS.* In a State without CFS, the Agency follows the filing requirements specified for perfecting a lien on a borrower's chattel security under State law. The Agency will distribute the list of chattel and crop borrowers to sale barns, warehouses, and other businesses that buy or sell chattels or crops. In addition, the Agency may provide the list of borrowers to potential purchasers upon request.

§ 765.205 Subordination of liens.

(a) *Borrower application requirements.* The borrower must submit the following, unless it already exists in the Agency's file and is still current as determined by the Agency:

(1) Completed Agency application for subordination form;

(2) A current financial statement, including, in the case of an entity, financial statements from all entity members;

(3) Documentation of compliance with the Agency's environmental regulations contained in subpart G of 7 CFR part 1940;

(4) Verification of all non-farm income;

(5) The farm's operating plan, including a projected cash flow budget reflecting production, income, expenses, and debt repayment plan; and

(6) Verification of all debts.

(b) *Real estate security.* For loans secured by real estate, the Agency will approve a request for subordination if all of the following conditions are met:

(1) The borrower is not in default or will not be in default on FLP loans by the time the subordination closing is complete;

(2) The loan will be used for an authorized loan purpose or is made in conjunction with a guaranteed loan;

(3) The credit is essential to the farming operation, and the borrower cannot obtain the credit without a subordination;

(4) The borrower can demonstrate, through a current farm operating plan,

the ability to repay all debt payments scheduled, and to be scheduled, during the production cycle;

(5) The FLP loan is still adequately secured after the subordination, or the value of the loan security will be increased by an amount at least equal to the advance to be made under the subordination;

(6) The borrower is not able to graduate;

(7) If the borrower is an entity and the Agency has taken real estate as additional security on property owned by a member, a subordination for any authorized loan purpose may be approved when it is needed for the entity member to finance a separate farming operation, provided the subordination does not cause the unpaid principal and interest on the FLP loans to exceed the value of loan security or otherwise adversely affect the security;

(8) The borrower must not be ineligible as a result of a conviction for controlled substances according to 7 CFR part 718 of this chapter;

(9) The borrower must not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718 of this chapter;

(10) The borrower will not use loan funds in a way that will contribute to erosion of highly erodible land or conversion of wetlands as described in subpart G of 7 CFR part 1940;

(11) There is no other subordination outstanding with another lender in connection with the same security;

(12) The subordination is limited to a specific amount; the loan made in conjunction with the subordination will be closed within a reasonable time and has a definite maturity date;

(13) In the case of real property purchase or exchange, the Agency will obtain a valid mortgage and the required lien position on the real property. The Agency will require title clearance and loan closing for the property in accordance with § 764.402 of this chapter;

(14) Any planned development of real estate security will be performed as directed by the creditor, approved by the Agency, and will comply with the terms and conditions of § 761.10 of this chapter;

(15) Subordinations of SAA mortgages may only be approved when there is no increase in the debt which is prior to the SAA debt; and

(16) If a borrower has only a Non-program loan, the Agency does not permit subordination. The Agency may subordinate Non-program security when it is also security for a program loan with the same borrower in accordance with this section.

(c) *Chattel security.* (1) For loans secured by chattel, the subordination must meet the conditions contained in paragraphs (b)(1) through (12) of this section.

(2) The Agency will approve a request for a second subordination to enable a borrower to obtain crop insurance, if the following conditions are met:

(i) The creditor to whom the first subordination was given did not provide for payment of the current year's crop insurance premium, and consents in writing to the provisions of the second subordination to pay insurance premiums from the crop or insurance proceeds;

(ii) The borrower assigns the insurance proceeds to the Agency or names the Agency in the loss payable clause of the policy; and

(iii) The subordination meets the conditions under paragraphs (b)(1) through (12) of this section.

(d) *Appraisals.* An appraisal of the property that secures the FLP loan will be required when the Agency determines it necessary to protect its interest. Appraisals will be obtained in accordance with § 761.7 of this chapter.

§ 765.206 Junior liens.

(a) *General policy.* The borrower will not give a lien on Agency security without the consent of the Agency. Failure to obtain Agency consent will be considered by the Agency when making eligibility determinations for future requests for assistance and may adversely impact such requests.

(b) *Conditions for consent.* The Agency will consent to the terms of a junior lien if all of the following conditions are met:

(1) The borrower's ability to make scheduled loan payments is not jeopardized;

§ 765.207

(2) The borrower provides the Agency a copy of the farm operating plan submitted to the junior lienholder, and the plan is consistent with the Agency operating plan;

(3) The total debt against the security does not exceed the security's market value;

(4) The junior lienholder agrees in writing not to foreclose the security instrument unless written notice is provided to the Agency;

(5) The borrower is unable to graduate; and

(6) The junior lien will not otherwise adversely impact the Agency's financial interests.

§ 765.207 Conditions for severance agreements.

For loans secured by real estate, a borrower may request Agency consent to a severance agreement or similar instrument so that future chattel acquired by the borrower will not become part of the real estate securing the FLP debt. The Agency will consent to severance agreements if all of the following conditions are met:

(a) The financing arrangements are in the financial interest of the Agency and the borrower;

(b) The transaction will not adversely affect the Agency's security position;

(c) The borrower is unable to graduate;

(d) The transaction will not jeopardize the borrower's ability to pay all outstanding debts to the Agency and other creditors; and

(e) The property acquired is consistent with authorized loan purposes.

§§ 765.208–765.250 [Reserved]

Subpart F—Required Use and Operation of Agency Security

§ 765.251 General.

(a) A borrower is required to be the operator of Agency security in accordance with loan purposes, loan agreements, and security instruments.

(b) A borrower who fails to operate the security without Agency consent is in violation of loan agreements and security instruments.

7 CFR Ch. VII (1–1–09 Edition)

(c) The Agency will consider a borrower's request to lease or cease to operate the security as provided in §§ 765.252 and 765.253.

§ 765.252 Lease of security.

(a) *Real estate leases.* The borrower may lease real estate security provided the following conditions are met:

(1) The Agency approves the borrower's request;

(2) The term of consecutive leases does not exceed 3 years, or 5 years if the borrower and the lessee are related by blood or marriage;

(3) The lease does not contain an option to purchase; and

(4) The requirements of § 765.253 have been met.

(b) *Mineral leases.* The borrower must request Agency consent to lease any mineral rights used as security for FLP loans.

(1) For loans secured by real estate before December 23, 1985, the Agency has a security interest in any mineral rights the borrower has on the real estate pledged as collateral.

(2) For loans secured by real estate on or after December 23, 1985, the Agency has a security interest in any mineral rights if the mineral rights were included in an appraisal.

(3) The Agency may consent to a mineral lease if the proposed use of the leased rights will not adversely affect either:

(i) The Agency's security interest; or

(ii) Compliance with any applicable environmental requirements of subpart G of 7 CFR part 1940.

(c) *Lease of chattel security.* Lease of chattel security is not authorized.

(d) *Lease proceeds.* Lease proceeds are considered normal income security and may be used in accordance with § 765.303.

(e) *Lease of allotments.* (1) The Agency will not approve any crop allotment lease that will adversely affect its security interest in the allotment.

(2) The borrower must assign all rental proceeds from an allotment lease to the Agency.

§ 765.253 Ceasing to operate security.

If the borrower requests Agency consent to cease operating the security or

if the Agency discovers that the borrower is failing to operate the security, the Agency will give consent if:

(a) Such action is in the Agency's best interests;

(b) The borrower is unable to graduate;

(c) The borrower is not ineligible as a result of disqualification for Federal crop insurance violation according to 7 CFR part 718;

(d) The borrower has leased the security according to § 765.252(a)(2); and

(e) Any one of the following conditions is met:

(1) The borrower is involved in the day-to-day operational activities, management decisions, costs and returns of the farming operation, and will continue to reside in the immediate farming community for reasonable management and operation involvement;

(2) The borrower's failure to operate the security is due to age or poor health, and the borrower continues to reside in the immediate farming community for reasonable management and operation involvement; or

(3) The borrower's failure to operate the security is beyond the borrower's control, and the borrower will resume the farming operation within 3 years.

§§ 765.254–765.300 [Reserved]

Subpart G—Disposal of Chattel Security

§ 765.301 General.

(a) The borrower must account for all security.

(b) The borrower may not dispose of chattel security for an amount less than its market value. All proceeds, including any amount in excess of the market value, must be distributed to lienholders for application to the borrower's account in the order of lien priority.

(1) The Agency considers the market value of normal income security to be the prevailing market price of the commodity in the area in which the farm is located.

(2) The market value for basic security is determined by an appraisal obtained in accordance with § 761.7 of this chapter.

(c) When the borrower sells chattel security, the property and proceeds remain subject to the Agency lien until the lien is released by the Agency.

(d) The Agency and all other lienholders must provide written consent before a borrower may use proceeds for a purpose other than payment of lienholders in the order of lien priority.

(e) The transaction must not interfere with the borrower's farming operation or jeopardize the borrower's ability to repay the FLP loan.

(f) The disposition must enhance the program objectives of the FLP loan.

(g) When the borrower exchanges security property for other property or purchases new property with sale proceeds, the acquisition must be essential to the farming operation as well as meet the program objectives, purposes, and limitations for the type of loan.

(h) All checks, drafts, or money orders which the borrower receives from the sale of Agency security must be payable to the borrower and the Agency. If all FLP loan installments and any past due installments, for the period of the agreement for the use of proceeds have been paid, however, these payments from the sale of normal income security may be payable solely to the borrower.

§ 765.302 Use and maintenance of the agreement for the use of proceeds.

(a) The borrower and the Agency will execute an agreement for the use of proceeds for each production cycle, including proceeds from the sale of milk, crops on hand or in storage, planned proceeds from Government payments, crop insurance and insurance proceeds derived from the loss of security.

(b) The agreement for the use of proceeds will remain in effect until the proper disposition of all listed chattel security has been accomplished, or the remaining chattel security has been transferred to a new agreement for the use of proceeds.

(c) The borrower must report any disposition of basic or normal income security immediately to the Agency.

(d) If a borrower wants to dispose of chattel security not listed or in a way

§ 765.303

7 CFR Ch. VII (1–1–09 Edition)

different than provided on the agreement for the use of proceeds, the borrower must obtain the Agency's consent before the disposition.

(e) If the borrower sells security to a purchaser not listed in the agreement for the use of proceeds, the borrower must immediately notify the Agency of what property has been sold and of the name and business address of the purchaser.

(f) The borrower must provide the Agency with the necessary information to update the farm operating plan and the agreement for the use of proceeds in accordance with § 761.102 of this chapter.

(g) Changes to the agreement on the use of proceeds will be recorded, dated and initialed by the borrower and the Agency.

(h) The borrower must maintain records of dispositions of chattel security and the actual use of proceeds. The borrower must make these records available to the Agency at the end of the period covered by the agreement for the use of proceeds.

§ 765.303 Use of proceeds from chattel security.

(a) *General.* (1) Proceeds from the sale of basic security and normal income security must be remitted to lienholders in order of lien priority.

(2) Proceeds remitted to the Agency may be used as follows:

(i) Applied to the FLP loan;

(ii) Pay customary costs appropriate to the transaction.

(3) With the concurrence of all lienholders, proceeds may be used to preserve the security because of a natural disaster or other severe catastrophe, when funds cannot be obtained by other means in time to prevent the borrower and the Agency from suffering a substantial loss.

(4) Security may be consumed as follows:

(i) Livestock may be used by the borrower's family for subsistence;

(ii) If crops serve as security and usually would be marketed, the Agency may allow such crops to be fed to the borrower's livestock, if this is preferable to marketing, provided the Agency obtains a lien or assignment on

the livestock, and livestock products, at least equal to the lien on the crops.

(b) *Proceeds from the sale of normal income security.* In addition to the uses specified in paragraph (a) of this section, the agreement for the use of proceeds will allow for release of proceeds from the sale of normal income security to be used to pay essential family living and farm operating expenses. Such releases will be terminated when an account is accelerated.

(c) *Proceeds from the sale of basic security.* In addition to the uses specified in paragraph (a) of this section:

(1) Proceeds from the sale of basic security may not be used for any family living and farm operating expenses.

(2) Security may be exchanged for chattel property better suited to the borrower's needs if the Agency will acquire a lien on the new property at least equal in value to the lien held on the property exchanged.

(3) Proceeds may be used to purchase chattel property better suited to the borrower's needs if the Agency will acquire a lien on the purchased property. The value of the purchased property, together with any proceeds applied to the FLP loan, must at least equal the value of the Agency lien on the old security.

§ 765.304 Unapproved disposition.

(a) If a borrower disposes of chattel security without Agency approval, or misuses proceeds, the borrower must:

(1) Make restitution to the Agency within 30 days of Agency notification; or

(2) Provide disposition or use information to enable the Agency to consider post-approval within 30 days of Agency notification.

(b) Failure to cure the first unauthorized disposition in accordance with paragraph (a) of this section, or a second unauthorized disposition, whether or not cured, constitutes a non-monetary default, will be considered by the Agency when making eligibility determinations for future requests for assistance, may adversely impact such requests, and may result in civil or criminal action.

§ 765.305 Release of security interest.

(a) When Agency security is sold, exchanged, or consumed in accordance with the agreement for the use of proceeds, the Agency will release its security interest to the extent of the value of the security disposed.

(b) Security interests on wool and mohair may be released when the security is marketed by consignment, provided all of the following conditions are met:

(1) The borrower assigns to the Agency the proceeds of any advances made, or to be made, on the wool or mohair by the broker, less shipping, handling, processing, and marketing costs;

(2) The borrower assigns to the Agency the proceeds of the sale of the wool or mohair, less any remaining costs in shipping, handling, processing, and marketing, and less the amount of any advance (including any interest which may have accrued on the advance) made by the broker against the wool or mohair; and

(3) The borrower and broker agree that the net proceeds of any advances on, or sale of, the wool or mohair will be paid by checks made payable jointly to the borrower and the Agency.

§§ 765.306–765.350 [Reserved]

Subpart H—Partial Release of Real Estate Security

§ 765.351 Requirements to obtain Agency consent.

The borrower must obtain prior consent from the Agency for any transactions affecting the real estate security, including, but not limited to, sale or exchange of security, a right-of-way across security, and a partial release. The Agency may consent to such transactions provided the conditions in this section are met.

(a) *General.* The following conditions apply to all transactions affecting real estate:

(1) The transaction will enhance the objectives for which the FLP loan or loans were made;

(2) The transaction will not jeopardize the borrower's ability to repay the FLP loan, or is necessary to place the borrower's farming operation on a sound basis;

(3) The amount received for the security being disposed of or the rights being granted is not less than the market value;

(4) Any proceeds in excess of the market value are remitted to lienholders in the order of lien priority;

(5) The transaction must not interfere with the borrower's farming operation;

(6) The market value of the remaining security is adequate to secure the FLP loans, or if the market value of the security before the transaction was inadequate to fully secure the FLP loans, the Agency's equity in the security is not diminished;

(7) The environmental requirements of subpart G of 7 CFR part 1940 must be met;

(8) The borrower cannot graduate to other credit;

(9) The borrower must not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718; and

(10) The disposition of real estate security for an outstanding ST loan will only be authorized if the transaction will result in full repayment of the loan.

(b) *Sale of timber, gravel, oil, gas, coal, or other minerals.* (1) Agency security instruments require that the borrower request and receive written consent from the Agency prior to certain transactions, including, but not limited to, cutting, removal, or lease of timber, gravel, oil, gas, coal, or other minerals, except small amounts used by the borrower for ordinary household purposes.

(i) The sale of timber from real estate that secures an FLP loan will be considered a disposition of a portion of the security.

(ii) For loans secured by real estate before December 23, 1985, the Agency has a security interest in mineral products, gravel, oil, gas, coal, or other resources and the sale by unit or lump sum payment will be considered a disposition of security.

(iii) For loans secured by real estate on or after December 23, 1985, the Agency has a security interest in mineral products, gravel, oil, gas, coal, or other resources if the value of such products was included in an appraisal. When the Agency has a security interest, the sale

§ 765.352

7 CFR Ch. VII (1–1–09 Edition)

of such products will be considered a disposition of a portion of the security.

(2) Any compensation the borrower may receive for damages to the surface of the real estate security resulting from exploration for, or recovery of, minerals must be assigned to the Agency. Such proceeds will be used to repair the damage, and any remaining funds must be remitted to lienholders in the order of lien priority or, with all lienholders' consent, used for an authorized loan purpose.

(c) *Exchange of security property.* (1) When an exchange of security results in a balance owing to the borrower, the proceeds must be used in accordance with § 765.352.

(2) Property acquired by the borrower must meet program objectives, purposes and limitations relating to the type of loan involved as well as applicable requirements for appraisal, title clearance and security.

(d) *Sale under contract for deed.* A borrower may sell a portion of the security for not less than its market value under a contract for deed subject to the following:

(1) Not less than 10 percent of the purchase price will be paid as a down payment and remitted to lienholders in the order of lien priority;

(2) Payments will not exceed 10 annual installments of principal plus interest or the remaining term of the FLP loan, whichever is less. The interest rate will be the current rate being charged on a regular FO loan plus 1 percent or the rate on the borrower's notes, whichever is greater. Payments may be in equal or unequal installments with a balloon final installment;

(3) The Agency's security rights, including the right to foreclose on either the portion being sold or retained, will not be impaired;

(4) Any subsequent payments must be assigned to the lienholders and remitted in order of lien priority, or with lienholder's approval, used in accordance with § 765.352;

(5) The mortgage on the property sold will not be released prior to either full payment of the borrower's account or receipt of the full amount of sale proceeds;

(6) The sale proceeds applied to the borrower's loan accounts will not re-

lieve the borrower from obligations under the terms of the note or other agreements approved by the Agency;

(7) All other requirements of this section are met.

(e) *Transfer of allotments.* (1) The Agency will not approve any crop allotment lease that will adversely affect its security interest.

(2) The sale of an allotment must comply with all conditions of this subpart.

(3) The borrower may transfer crop allotments to another farm owned or controlled by the borrower. Such transfer will be treated as a lease under § 765.252.

§ 765.352 Use of proceeds.

(a) Proceeds from transactions affecting the real estate security may only be used as follows:

(1) Applied on liens in order of priority;

(2) To pay customary costs appropriate to the transaction, which meet the following conditions:

(i) Are reasonable in amount;

(ii) Cannot be paid by the borrower;

(iii) Will not be paid by the purchaser;

(iv) Must be paid to consummate the transaction; and

(v) May include postage and insurance when it is necessary for the Agency to present the promissory note to the recorder to obtain a release of a portion of the real estate from the mortgage.

(3) For development or enlargement of real estate owned by the borrower as follows:

(i) Development or enlargement must be necessary to improve the borrower's debt repayment ability, place the borrower's farming operation on a sound basis, or otherwise enhance the objectives of the loan;

(ii) Such use will not conflict with the loan purposes, restrictions or requirements of the type of loan involved;

(iii) Funds will be deposited in a supervised bank account in accordance with subpart B of part 761 of this chapter;

(iv) The Agency has, or will obtain, a lien on the real estate developed or enlarged;

(v) Construction and development will be completed in accordance with § 761.10 of this chapter.

(b) After acceleration, the Agency may approve transactions only when all the proceeds will be applied to the liens against the security in the order of their priority, after deducting customary costs appropriate to the transaction. Such approval will not cancel or delay liquidation, unless all loan defaults are otherwise cured.

§ 765.353 Determining market value.

(a) *Security proposed for disposition.* (1) The Agency will obtain an appraisal of the security proposed for disposition.

(2) The Agency may waive the appraisal requirement when the estimated value is less than \$25,000.

(b) *Security remaining after disposition.* The Agency will obtain an appraisal of the remaining security if it determines that the transaction will reduce the value of the remaining security.

(c) *Appraisal requirements.* Appraisals, when required, will be conducted in accordance with § 761.7 of this chapter.

§§ 765.354–765.400 [Reserved]

Subpart I—Transfer of Security and Assumption of Debt

§ 765.401 Conditions for transfer of real estate and chattel security.

(a) *General conditions.* (1) Approval of a security transfer and corresponding loan assumption obligates a new borrower to repay an existing FLP debt.

(2) All transferees will become personally liable for the debt and assume the full responsibilities and obligations of the debt transferred when the transfer and assumption is complete. If the transferee is an entity, the entity and each member must assume personal liability for the loan.

(3) A transfer and assumption will only be approved if the Agency determines it is in the Agency's financial interest.

(b) *Agency consent.* A borrower must request and obtain written Agency consent prior to selling or transferring security to another party.

§ 765.402 Transfer of security and loan assumption on same rates and terms.

An eligible applicant may assume an FLP loan on the same rates and terms as the original note if:

(a) The original borrower has died and the spouse, other relative, or joint tenant who is not obligated on the note inherits the security property;

(b) A family member of the borrower or an entity comprised solely of family members of the borrower assumes the debt along with the original borrower;

(c) An individual with an ownership interest in the borrower entity buys the entire ownership interest of the other members and continues to operate the farm in accordance with loan requirements. The new owner must assume personal liability for the loan;

(d) A new entity buys the borrower entity and continues to operate the farm in accordance with loan requirements; or

(e) The original loan is an EM loan for physical or production losses and persons who were directly involved in the farm's operation at the time of the loss will assume the loan. If the original loan was made to:

(1) An individual borrower, the transferee must be a family member of the original borrower or an entity that is comprised solely of family members of the original borrower.

(2) A trust, partnership or joint operation, the transferee must have been a member, partner or joint operator when the Agency made the original loan or remain an entity comprised solely of people who were original members, partners or joint operators when the entity received the original loan.

(3) A corporation, including limited liability company, or cooperative, the transferee must:

(i) Have been a corporate stockholder or a cooperative member when the Agency made the original loan or will be an entity comprised solely of people who were corporate stockholders or cooperative members when the entity received the loan; and

(ii) Assume only the portion of the physical or production loss loan equal

§ 765.403

to the transferee's percentage of ownership. In the case of entity transferees, the transferee must assume that portion of the loan equal to the combined percentages of ownership of the individual stockholders or members in the transferee.

§ 765.403 Transfer of security to and assumption of debt by eligible applicants.

(a) *Transfer of real estate and chattel security.* The Agency may approve transfers of security with assumption of FLP debt, other than EM loans for physical or production losses, by transferees eligible for the type of loan being assumed if:

(1) The transferee meets all loan and security requirements in part 764 of this chapter for the type of loan being assumed; and

(2) The outstanding loan balance (principal and interest) does not exceed the maximum loan limit for the type of loan as contained in § 761.8 of this chapter.

(b) *Assumption of Non-program loans.* Applicants eligible for FO loans under part 764 of this chapter may assume Non-program loans made for real estate purposes if the Agency determines the property meets program requirements. In such case, the Agency will reclassify the Non-program loan as an FO loan.

(c) *Loan types that the Agency no longer makes.* Real estate loan types the Agency no longer makes (*i.e.* EE, RL, RHF) may be assumed and reclassified as FO loans if the transferee is eligible for an FO loan under part 764 of this chapter and the property proposed for transfer meets program requirements.

(d) *Amount of assumption.* The transferee must assume the lesser of:

(1) The outstanding balance of the transferor's loan; or

(2) The market value of the security, less prior liens and authorized costs, if the outstanding loan balance exceeds the market value of the property.

(e) *Rates and terms.* The interest rate and loan term will be determined according to rates and terms established in part 764 of this chapter for the type of loan being assumed.

7 CFR Ch. VII (1-1-09 Edition)

§ 765.404 Transfer of security to and assumption of debt by ineligible applicants.

(a) *General.* (1) The Agency will allow the transfer of real estate and chattel security property to applicants who are ineligible for the type of loan being assumed only on Non-program loan rates and terms.

(2) The Agency will reclassify the assumed loan as a Non-program loan.

(b) *Eligibility.* Transferees must:

(1) Provide written documentation verifying their credit worthiness and debt repayment ability;

(2) Not have received debt forgiveness from the Agency;

(3) Not be ineligible for loans as a result of a conviction for controlled substances according to 7 CFR part 718; and

(4) Not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718.

(c) *Assumption amount.* The transferee must assume the total outstanding FLP debt or if the value of the property is less than the entire amount of debt, an amount equal to the market value of the security less any prior liens. The total outstanding FLP debt will include any unpaid deferred interest that accrued on the loan to the extent that the debt does not exceed the security's market value.

(d) *Downpayment.* Non-program transferees must make a downpayment to the Agency of not less than 10 percent of the lesser of the market value or unpaid debt.

(e) *Interest rate.* The interest rate will be the Non-program interest rate in effect at the time of loan approval.

(f) *Loan terms.* (1) For a Non-program loan secured by real estate, the Agency schedules repayment in 25 years or less, based on the applicant's repayment ability.

(2) For a Non-program loan secured by chattel property only, the Agency schedules repayment in 5 years or less, based on the applicant's repayment ability.

§ 765.405 Payment of costs associated with transfers.

The transferor and transferee are responsible for paying transfer costs such

Farm Service Agency, USDA

§ 765.452

as real estate taxes, title examination, attorney's fees, surveys, and title insurance. When the transferor is unable to pay its portion of the transfer costs, the transferee, with Agency approval, may pay these costs provided:

(a) Any cash equity due the transferor is applied first to payment of costs and the transferor does not receive any cash payment above these costs;

(b) The transferee's payoff of any junior liens does not exceed \$5,000;

(c) Fees are customary and reasonable;

(d) The transferee can verify that personal funds are available to pay transferor and transferee fees; and

(e) Any equity due the transferor is held in escrow by an Agency designated closing agent and is disbursed at closing.

§ 765.406 Release of transferor from liability.

(a) *General.* Agency approval of an assumption does not automatically release the transferor from liability.

(b) *Requirements for release.* (1) The Agency may release the transferor from liability when all of the security is transferred and the total outstanding debt is assumed.

(2) If an outstanding debt balance will remain and only part of the transferor's Agency security is transferred, the written request for release of liability will not be approved, unless the deficiency is otherwise resolved to the Agency's satisfaction.

(3) If an outstanding balance will remain and all of the transferor's security has been transferred, the transferor may pay the remaining balance or request debt settlement in accordance with subpart B of 7 CFR part 1956.

(4) Except for loans in default being serviced under 7 CFR part 766, if an individual who is jointly liable for repayment of an FLP loan withdraws from the farming operation and conveys all of their interest in the security to the remaining borrower, the withdrawing party may be released from liability under the following conditions:

(i) A divorce decree or property settlement states that the withdrawing party is no longer responsible for repaying the loan;

(ii) All of the withdrawing party's interests in the security are conveyed to the persons with whom the loan will be continued; and

(iii) The persons with whom the loan will be continued can demonstrate the ability to repay all of the existing and proposed debt obligations.

§§ 765.407–765.450 [Reserved]

Subpart J—Deceased Borrowers

§ 765.451 Continuation of FLP debt and transfer of security.

(a) *Individuals who are liable.* Following the death of a borrower, the Agency will continue the loan with any individual who is liable for the indebtedness provided that the individual complies with the obligations of the loan and security instruments.

(b) *Individuals who are not liable.* The Agency will continue the loan with a person who is not liable for the indebtedness in accordance with subpart I of this part.

§ 765.452 Borrowers with Non-program loans.

(a) *Loan continuation.* (1) The Agency will continue the loan with a jointly liable borrower if the remaining borrower continues to pay the deceased borrower's loan in accordance with the loan and security instruments.

(2) The Agency may continue the loan with an individual who inherits title to the property and is not liable for the indebtedness provided the individual makes payments as scheduled and fulfills all other responsibilities of the borrower according to the loan and security instruments.

(b) *Loan assumption.* A deceased borrower's loan may be assumed by an individual not liable for the indebtedness in accordance with subpart I of this part.

(c) *Loan discontinuation.* (1) The Agency will not continue a loan for any subsequent transfer of title by the heirs, or sale of interests between heirs to consolidate title; and

(2) The Agency treats any subsequent transfer of title as a sale subject to requirements listed in subpart I of this part.

§§ 765.453–765.500 [Reserved]

Subpart K—Exception Authority

§ 765.501 Agency exception authority.

On an individual case basis, the Agency may consider granting an exception to any regulatory requirement or policy of this part if:

(a) The exception is not inconsistent with the authorizing statute or other applicable law; and

(b) The Agency's financial interest would be adversely affected by acting in accordance with published regulations or policies and granting the exception would resolve or eliminate the adverse effect upon the Agency's financial interest.

§§ 766.3–766.50 [Reserved]

Subpart B—Disaster Set-Aside

§ 766.51 General.

(a) DSA is available to borrowers with program loans who suffered losses as a result of a natural disaster.

(b) DSA is not intended to circumvent other servicing available under this part.

(c) Non-program loans may be serviced under this subpart for borrowers who also have program loans.

§ 766.52 Eligibility.

(a) *Borrower eligibility.* The borrower must meet all of the following requirements to be eligible for a DSA:

(1) The borrower must have operated the farm in a county designated or declared a disaster area or a contiguous county at the time of the disaster. Farmers who have rented out their land base for cash are not operating the farm.

(2) The borrower must have acted in good faith, and the borrower's inability to make the upcoming scheduled loan payments must be for reasons not within the borrower's control.

(3) The borrower cannot have more than one installment set aside on each loan.

(4) As a direct result of the natural disaster, the borrower does not have sufficient income available to pay all family living and farm operating expenses, other creditors, and debts to the Agency. This determination will be based on:

- (i) The borrower's actual production, income and expense records for the year the natural disaster occurred;
- (ii) Any other records required by the Agency;
- (iii) Compensation received for losses; and
- (iv) Increased expenses incurred because of the natural disaster.

(5) For the next production cycle, the borrower must develop a feasible plan showing that the borrower will at least be able to pay all operating expenses

§ 766.53

and taxes due during the year, essential family living expenses, and meet scheduled payments on all debts, including FLP debts. The borrower must provide any documentation required to support the farm operating plan.

(6) The borrower must not be in non-monetary default.

(7) The borrower must not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718.

(8) The borrower must not become 165 days past due before the appropriate Agency DSA documents are executed.

(b) *Loan eligibility.* (1) Any FLP loan to be considered for DSA must have been outstanding at the time the natural disaster occurred.

(2) All of the borrower's program and non-program loans must be current after the Agency completes a DSA of the scheduled installment.

(3) All FLP loans must be current or less than 90 days past due at the time the application for DSA is complete.

(4) The Agency has not accelerated or applied any special servicing action under this part to the loan since the natural disaster occurred.

(5) For any loan that will receive a DSA, the remaining term of the loan must equal or exceed 2 years from the due date of the installment set-aside.

(6) The loan must not have a DSA in place.

§ 766.53 Disaster Set-Aside amount limitations.

(a) The DSA amount is limited to the lesser of:

(1) The first or second scheduled annual installment on the FLP loans due after the disaster occurred; or

(2) The amount the borrower is unable to pay the Agency due to the disaster. Borrowers are required to pay any portion of an installment they are able to pay.

(b) The amount set aside will be the unpaid balance remaining on the installment at the time the DSA is complete. This amount will include the unpaid interest and any principal that would be credited to the account as if the installment were paid on the due date, taking into consideration any payments applied to principal and interest since the due date.

7 CFR Ch. VII (1-1-09 Edition)

(c) Recoverable cost items may not be set aside.

§ 766.54 Borrower application requirements.

(a) *Requests for DSA.* (1) A borrower must submit a request for DSA in writing within eight months from the date the natural disaster was designated.

(2) All borrowers must sign the DSA request.

(b) *Required financial information.* (1) The borrower must submit actual production, income, and expense records for the production cycle in which the disaster occurred unless the Agency already has this information.

(2) The Agency may request other information needed to make an eligibility determination.

§ 766.55 Eligibility determination.

Within 30 days of a complete DSA application, the Agency will determine if the borrower meets the eligibility requirements for DSA.

§ 766.56 Security requirements.

If, prior to executing the appropriate DSA Agency documents, the borrower is not current on all FLP loans, the borrower must execute and provide to the Agency a best lien obtainable on all of their assets except those listed under § 766.112(b).

§ 766.57 Borrower acceptance of Disaster Set-Aside.

The borrower must execute the appropriate Agency documents within 45 days after the borrower receives notification of Agency approval of DSA.

§ 766.58 Installment to be set aside.

(a) The Agency will set-aside the first installment due immediately after the disaster occurred.

(b) If the borrower has already paid the installment due immediately after the disaster occurred, the Agency will set-aside the next annual installment.

§ 766.59 Payments toward set-aside installments.

(a) *Interest accrual.* (1) Interest will accrue on any principal portion of the set-aside installment at the same rate charged on the balance of the loan.

(2) If the borrower's set-aside installment is for a loan with a limited resource rate and the Agency modifies that limited resource rate, the interest rate on the set-aside portion will be modified concurrently.

(b) *Due date.* The amount set-aside, including interest accrued on the principal portion of the set-aside, is due on or before the final due date of the loan.

(c) *Applying payments.* The Agency will apply borrower payments toward set-aside installments first to interest and then to principal.

§ 766.60 Canceling a Disaster Set-Aside.

The Agency will cancel a DSA if:

(b) The borrower pays the current market value buyout in accordance with § 766.113; or

(c) The borrower pays the set-aside installment.

§ 766.61 Reversal of a Disaster Set-Aside.

(4) Have filed bankruptcy;

(5) Request this information;

(6) Request voluntary conveyance of security;

(e) The borrower need not submit any information under this section that already exists in the Agency's file and is still current as determined by the Agency.

(2) If the borrower cannot develop a feasible plan with the 110 percent debt service margin, the Agency will reduce the debt service margin by one percent and reconsider all available servicing authorities. This process will be repeated until a feasible plan has been developed or it has been determined that a feasible plan is not possible with a 100 percent margin.

(3) The borrower must be able to develop a feasible plan with at least a 100 percent debt service margin to be considered for the servicing options listed in paragraphs (a)(1) through (4) of this section.

(iv) The borrower, if eligible in accordance with § 766.113, may buy out the loans at the current market value within 90 days.

(v) The borrower may request homestead protection if the borrower's primary residence was pledged as security by providing the information required under § 766.151.

(4) The Agency has not referred the borrower's account to OGC or the U.S. Attorney, and the Agency does not plan to refer the account to either of these two offices in the near future;

(5) The borrower is in compliance with the Highly Erodible Land and Wetland Conservation requirements of 7 CFR part 12, if applicable; and

(6) The loan is not currently deferred, as described in § 766.109, or set-aside, as described in subpart B of this part. The Agency may reschedule loans upon cancellation of the deferral or DSA.

(b) *Reamortized loan terms.* (1) Except as provided in paragraph (b)(2), the Agency will reamortize loans within the remaining term of the original loan or assumption agreement unless a feasible plan cannot be developed or debt forgiveness will be required to develop a feasible plan.

(2) If the Agency extends the loan term, the repayment period from the original loan date may not exceed the maximum number of years for the type of loan being reamortized in paragraphs (2)(i) through (iv), or the useful life of the security, whichever is less.

(ii) The limited resource interest rate for that type of loan on the date of restructure; or

(iii) The original loan note rate of the note being reamortized.

(3) At the time of reamortization, the Agency may reduce the interest rate to a limited resource rate, if available, if:

(i) The borrower meets the requirements for the limited resource interest rate; and

(ii) A feasible plan cannot be developed at the regular interest rate and maximum terms permitted in this section.

(4) Loans reamortized at the limited resource interest rate will be subject to annual limited resource review in accordance with § 765.51 of this chapter.

(5) SA payment agreements will be reamortized at the current SA amortization rate in effect on the date of approval or the rate on the original payment agreement, whichever is less.

(d) *Capitalizing accrued interest and adding protective advances to the loan principal.* (1) The Agency capitalizes the amount of outstanding accrued interest on the loan at the time of reamortization.

(2) The Agency adds protective advances for the payment of real estate taxes to the principal balance at the time of reamortization.

(3) The borrower must resolve all other protective advances not capitalized prior to closing the reamortization.

(e) *Installments.* If there are no deferred installments, the first installment payment under the reamortization will be at least equal to the interest amount which will accrue on the new principal between the date the promissory note is executed and the next installment due date.

§ 766.109 Deferral.

(a) *Conditions for approving deferrals.* The Agency will only consider deferral of loan payments if:

(1) The borrower meets the loan servicing eligibility requirements in § 766.104;

(2) Rescheduling, consolidation, and reamortization of all the borrower's loans, will not result in a feasible plan with 110 percent debt service margin;

(4) The borrower develops feasible first-year deferral and post-deferral farm operating plans subject to the following:

Farm Service Agency, USDA

§766.110

(i) The deferral will not create excessive net cash reserves beyond that necessary to develop a feasible plan.

(ii) The Agency will consider a partial deferral if deferral of the total Agency payment would result in the borrower developing more cash availability than necessary to meet debt repayment obligations.

(b) *Deferral period.* (1) The deferral term will not exceed 5 years and will be determined based on the post-deferral plan that results in the:

(i) Greatest improvement over the first year cash available to service FLP debt;

(ii) The shortest possible deferral period.

(2) The Agency will distribute interest accrued on the deferred principal portion of the loan equally to payments over the remaining loan term after the deferral period ends.

(c) *Agency actions when borrower's repayment ability improves.* (1) If during the deferral period the borrower's repayment ability has increased to allow the borrower to make payments on the deferred loans, the borrower must make supplemental payments, as determined by the Agency. If the borrower agrees to make supplemental payments, but does not do so, the borrower will be considered to be in non-monetary default.

(2) If the Agency determines that the borrower's improved repayment ability will allow graduation, the Agency will require the borrower to graduate in accordance with part 765, subpart C of this chapter.

(d) *Associated loan servicing.* (1) The Agency must cancel an existing deferral if the Agency approves any new primary loan servicing action.

(2) Loans deferred will also be serviced in accordance with §§766.107, 766.108 and 766.111, as appropriate.

§766.110 Conservation Contract.

(a) *General.* (1) A debtor with only SA or Non-program loans is not eligible for a Conservation Contract. However, an SA or Non-program loan may be considered for a Conservation Contract if the borrower also has program loans.

(2) A current or financially distressed borrower may request a Conservation

Contract at any time prior to becoming 90 days past due.

(3) A delinquent borrower may request a Conservation Contract during the same 60-day time period in which the borrower may apply for primary loan servicing. The borrower eligibility requirements in §766.104 will apply.

(4) A Conservation Contract may be established for conservation, recreation, and wildlife purposes.

(5) The land under a Conservation Contract cannot be used for the production of agricultural commodities during the term of the contract.

(6) Only loans secured by the real estate that will be subject to the easement, may be considered for a Conservation Contract.

(b) *Eligible lands.* The following types of lands are eligible to be considered for a Conservation Contract by the Conservation Contract review team:

(1) Wetlands or highly erodible lands; and

(2) Uplands that meet any one of the following criteria:

(i) Land containing aquatic life, endangered species, or wildlife habitat of local, State, tribal, or national importance;

(ii) Land in 100-year floodplains;

(iii) Areas of high water quality or scenic value;

(iv) Historic or cultural properties listed in or eligible for the National Register of Historic Places;

(v) Aquifer recharge areas of local, regional, State, or tribal importance;

(vii) Areas that contain soils generally not suited for cultivation; or

(viii) Areas within or adjacent to Federal, State, tribal, or locally administered conservation areas.

(c) *Unsuitable acreage.* Acreage is unsuitable for Conservation Contract if:

(1) It is not suited or eligible for the program due to legal restrictions;

(2) It has on-site or off-site conditions that prohibit the use of the land for conservation, wildlife, or recreational purposes; or

(3) The Conservation Contract review team determines that the land is not suitable for conservation, wildlife, or recreational purposes.

§ 766.110

7 CFR Ch. VII (1–1–09 Edition)

(d) *Conservation Contract terms.* The borrower selects the term of the contract, which may be 10, 30, or 50 years.

(e) *Conservation management plan.* The Agency, through the recommendations of the Conservation Contract review team, is responsible for approving the conservation management plan.

(f) *Management authority.* The Agency has enforcement authority over the Conservation Contract. The Agency, however, may delegate contract management to another entity if doing so is in the Agency's interest.

(g) *Limitations.* The Conservation Contract must meet the following conditions:

(1) Result in a feasible plan for current borrowers; or

(2) Result in a feasible plan with or without primary loan servicing for financially distressed or delinquent borrowers; and

(3) Improve the borrower's ability to repay the remaining balance of the loan.

(h) *Maximum debt reduction for a financially distressed or current borrower.* The amount of debt reduction by a Conservation Contract is calculated as follows:

(1) Divide the contract acres by the total acres that secure the borrower's FLP loans to determine the contract acres percentage.

$$\frac{\text{Contract acres}}{\text{Total acres}} \text{ divided by } \frac{\text{Contract acres}}{\text{Total acres}} = \frac{\text{Contract acres}}{\text{Total acres}}$$

(2) Multiply the borrower's total unpaid FLP loan balance (principal, interest, and recoverable costs already paid by the Agency) by the percentage

calculated under paragraph (h)(1) of this section to determine the amount of FLP debt that is secured by the contract acreage.

$$\frac{\text{Total FLP debt}}{\text{Total FLP debt}} \times \frac{\text{Percent calculated under (h)(1)}}{\text{Percent calculated under (h)(1)}} = \frac{\text{Total FLP debt}}{\text{Total FLP debt}}$$

(3) Multiply the borrower's total unpaid FLP loan balance (principal, in-

terest, and recoverable costs already paid by the Agency) by 33 percent.

$$\frac{\text{Total FLP debt}}{\text{Total FLP debt}} \times 33\% = \frac{\text{Total FLP debt}}{\text{Total FLP debt}}$$

(4) The lesser of the amounts calculated in paragraphs (h)(2) and (h)(3) of this section is the maximum amount of debt reduction for a 50-year contract.

(5) The borrower will receive 60 percent of the amount calculated in paragraph (h)(4) of this section for a 30-year contract.

$$\frac{\text{Result from (h)(4)}}{\text{Result from (h)(4)}} \times 60\% = \frac{\text{Result from (h)(4)}}{\text{Result from (h)(4)}}$$

Farm Service Agency, USDA

\$766.110

(6) The borrower will receive 20 percent of the amount calculated in paragraph (h)(4) of this section for a 10-year contract.

$$\frac{\text{Result from (h)(4)}}{\text{Maximum debt reduction for a 10-year contract}} \times 20\% =$$

(i) *Maximum debt reduction for a delinquent borrower.* The amount of debt reduction by a Conservation Contract is calculated as follows:

(1) Divide the contract acres by the total acres that secure the borrower's FLP loans to determine the contract acres percentage.

$$\frac{\text{Contract acres}}{\text{Total acres}} \text{ divided by } = \frac{\text{Percent of contract acres to total acres}}$$

(2) Multiply the borrower's total unpaid FLP loan balance (principal, interest, and recoverable costs already paid by the Agency) by the percentage

calculated in paragraph (i)(1) of this section to determine the amount of FLP debt that is secured by the contract acreage.

$$\frac{\text{Total FLP debt}}{\text{Percent calculated in (i)(1)}} \times = \text{FLP debt secured by contract acres}$$

(3) Multiply the market value of the total acres, less contributory value of any structural improvements, that secure the borrower's FLP loans by the

percent calculated in paragraph (i)(1) of this section to determine the current value of the acres in the contract.

$$\frac{\text{Market value of total acres less contributory value of structural improvements}}{\text{Percent calculated in (i)(1)}} \times = \frac{\text{Market value of acres in the contract}}$$

(4) Subtract the market value of the contract acres calculated in paragraph (i)(3) of this section from the FLP debt

secured by the contract acres as calculated in paragraph (i)(2) of this section.

$$\frac{\text{Result from (i)(2)}}{\text{Result from (i)(3)}} = \text{Difference}$$

§ 766.111

7 CFR Ch. VII (1–1–09 Edition)

(5) Select the greater of the amounts calculated in either paragraphs (i)(3) and (i)(4) of this section.

(6) The lesser of the amounts calculated in paragraphs (i)(2) and (i)(5) of this section will be the maximum

amount of debt reduction for a 50-year contract term.

(7) The borrower will receive 60 percent of the amount calculated in paragraph (i)(6) of this section for a 30-year contract term.

$$\frac{\text{Result from (i)(6)}}{\text{Maximum debt cancellation for a 30-year term}} \times 60\% =$$

(8) The borrower will receive 20 percent of the amount calculated in para-

graph (i)(6) of this section for a 10-year contract term.

$$\frac{\text{Result from (i)(6)}}{\text{Maximum debt cancellation for a 10-year term}} \times 20\% =$$

(j) *Conservation Contract Agreement.* The borrower must sign the Conservation Contract Agreement establishing the contract's terms and conditions.

(k) *Transferring title to land under Conservation Contract.* If the borrower or any subsequent landowner transfers title to the property, the Conservation Contract will remain in effect for the duration of the contract term.

(l) *Borrower appeals of technical decisions.* Borrower appeals of the Natural Resources Conservation Service's (NRCS) technical decisions made in connection with a Conservation Contract, will be handled in accordance with applicable NRCS regulations. Other aspects of the denial of a conservation contract may be appealed in accordance with 7 CFR parts 11 and 780.

§ 766.111 Writedown.

(a) *Eligibility.* The Agency will only consider a writedown if the borrower:

(1) Meets the eligibility criteria in § 766.104;

(2) Is delinquent;

(3) Has not previously received debt forgiveness on any FLP direct loan; and

(4) Complies with the Highly Erodible Land and Wetland Conservation requirements of 7 CFR part 12.

(b) *Conditions.* (1) Rescheduling, consolidation, reamortization, deferral or

some combination of these options on all of the borrower's loans would not result in a feasible plan with a 110 percent debt service margin. If a feasible plan, including writedown is achieved with a debt service margin of 101 percent or more, the Agency will determine if a feasible plan can be achieved without a writedown. If a feasible plan is achieved with and without a writedown and the borrower meets all the eligibility requirements, both options will be offered and the borrower may choose one option.

(2) The present value of the restructured loan must be greater than or equal to the net recovery value of Agency security and any non-essential assets.

(3) The writedown amount, excluding debt reduction received through Conservation Contract, does not exceed \$300,000.

(4) A borrower who owns real estate must execute an SAA in accordance with § 766.201.

(c) *Associated loan servicing.* Loans written down will also be serviced in accordance with §§ 766.107 and 766.108, as appropriate.

§ 766.112 Additional security for restructured loans.

(a) If the borrower is delinquent prior to restructuring, the borrower, and all

Farm Service Agency, USDA

§766.115

entity members in the case of an entity, must execute and provide to the Agency a lien on all of their assets, except as provided in paragraph (b) of this section, when the Agency is servicing a loan.

(b) The Agency will take the best lien obtainable on all assets the borrower owns, except:

(1) When taking a lien on such property will prevent the borrower from obtaining credit from other sources;

(2) When the property could have significant environmental problems or costs as described in subpart G of 7 CFR part 1940;

(3) When the Agency cannot obtain a valid lien;

(4) When the property is subsistence livestock, cash, special collateral accounts the borrower uses for the farming operation, retirement accounts, personal vehicles necessary for family living, household contents, or small equipment such as hand tools and lawn mowers; or

(5) When a contractor holds title to a livestock or crop enterprise, or the borrower manages the enterprise under a share lease or share agreement.

§766.113 Buyout of loan at current market value.

(a) *Borrower eligibility.* A delinquent borrower may buy out the borrower's FLP loans at the current market value of the loan security, including security not in the borrower's possession, and all non-essential assets if:

(1) The borrower has not previously received debt forgiveness on any other FLP direct loan;

(2) The borrower has acted in good faith;

(3) The borrower does not have non-essential assets for which the net recovery value is sufficient to pay the account current;

(4) The borrower is unable to develop a feasible plan through primary loan servicing programs or a Conservation Contract, if requested;

(5) The present value of the restructured loans is less than the net recovery value of Agency security;

(6) The borrower pays the amount required in a lump sum without guaranteed or direct credit from the Agency; and

(7) The amount of debt forgiveness does not exceed \$300,000.

(b) *Buyout time frame.* After the Agency offers current market value buyout of the loan, the borrower has 90 days from the date of Agency notification to pay that amount.

§766.114 State-certified mediation or voluntary meeting of creditors.

(a) A borrower who is unable to develop a feasible plan but is otherwise eligible for primary loan servicing may request:

(1) State-certified mediation; or

(2) Voluntary meeting of creditors when a State does not have a certified mediation program.

(b) Any negotiation of the Agency's appraisal must be completed before State-certified mediation or voluntary meeting of creditors.

§766.115 Challenging the Agency appraisal.

(a) A borrower considered for primary loan servicing who does not agree with the Agency's appraisal of the borrower's assets may:

(1) Obtain a technical appraisal review of the Agency's appraisal and provide it at the reconsideration or appeal hearing;

(2) Obtain an independent appraisal completed in accordance with §761.7 as part of the appeals process. The borrower must:

(i) Pay for this appraisal;

(ii) Choose which appraisal will be used in Agency calculations, if the difference between the two appraisals is five percent or less.

(3) Negotiate the Agency's appraisal by obtaining a second appraisal.

(i) If the difference between the two appraisals is five percent or less, the borrower will choose the appraisal to be used in Agency calculations.

(ii) If the difference between the two appraisals is greater than five percent, the borrower may request a third appraisal. The Agency and the borrower will share the cost of the third appraisal equally. The average of the two appraisals closest in value will serve as the final value.

§§ 766.116–766.150

7 CFR Ch. VII (1–1–09 Edition)

(iii) A borrower may request a negotiated appraisal only once in connection with an application for primary loan servicing.

(iv) The borrower may not appeal a negotiated appraisal.

(b) If the appraised value of the borrower's assets changes as a result of the appealed appraisal or the negotiated appraisal, the Agency will recon-

sider its previous loan servicing decision using the new appraisal value.

(c) If the appeal process results in a determination that the borrower is eligible for primary loan servicing, the Agency will use the information utilized to make the appeal decision, unless stated otherwise in the appeal decision letter.

To apply, you must complete, where applicable, and provide all items required in paragraph (f).

(a) **Primary Loan Servicing Programs**

Eligibility

You must meet the following eligibility requirements to obtain primary loan servicing:

- (1) You are financially distressed or delinquent due to one of the following circumstances beyond your control:
 - (i) Illness, injury, or death of a borrower or other individual who operates the farm;
 - (ii) Natural disaster, adverse weather, disease, or insect damage which caused severe loss of agricultural production;
 - (iii) Widespread economic conditions such as low commodity prices;
 - (iv) Damage or destruction of property essential to the farming operation; or
 - (v) Loss of, or reduction in, your or your spouse's essential non-farm income.
- (2) You do not have non-essential assets for which the net recovery value is sufficient to resolve your financial distress. The Agency cannot write down or write off debt that you could pay with the value of your equity in these assets.
- (3) If you are in non-monetary default as a result of non-compliance with the Agency's loan agreements, you must resolve the non-monetary default prior to closing the servicing action.
- (4) You must have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

Time limits

If the Agency determines that you are eligible for primary loan servicing and can develop a feasible plan, you will have 45 days from notice to accept the Agency's offer for loan servicing.

Lien requirements

If you are delinquent, are offered loan servicing, and accept the offer, you must agree to give the Agency a lien on your other assets and you must provide this lien at closing.

Payment of interest

You must pay a portion of the interest that has accrued on your loans prior to closing the servicing action.

Youth Loans

If you have a Youth Loan, it is not eligible for debt writedown, current market value buyout, or limited resource interest rates, but can be rescheduled or deferred. This has no effect on any other loans you may have with the Agency.

Loan consolidation, rescheduling, and reamortization

In loan consolidation, the unpaid principal and interest of two or more operating loans can be combined into one larger operating loan.

In loan rescheduling, the repayment schedule may be changed to cure the financial distress or delinquency and give you new terms to repay loans made for equipment, livestock, or annual operating purposes.

In loan reamortization, the repayment schedule may be changed to cure the financial distress or delinquency and give you a new schedule of repayment on loans made for real estate purposes.

When loans are consolidated, rescheduled or reamortized the interest rate will be the lesser of:

- (1) The interest rate for that type of loan on the date a complete servicing application was received;
- (2) The interest rate for that type of loan on the date of restructure; or
- (3) The lowest original loan note rate on any of the original notes being restructured.

In addition, the Agency will consider the maximum loan terms.

Limited resource interest rate

Limited resource interest rates are available for certain types of loans. If you have existing loans which are not at the limited resource rate, and a limited resource rate is available, the Agency will consider reducing the rate of the loans. The limited resource interest rate can be as low as five percent, however, this rate may change depending on what it costs the Government to borrow money.

For information about current interest rates, contact this office.

Loan deferral

Partial or full payments of principal and interest may be temporarily delayed for up to 5 years. You will only be considered for loan deferral if the loan servicing programs discussed above will not allow you to pay all essential family living and farm operating expenses, maintain your property, and pay your debts.

You must be able to show through a farm operating plan that you are unable to pay all essential family living and farm operating expenses, maintain your property, and pay your debts. The farm operating plan must also show that you will be able to pay your full installment at the end of the deferral period.

The interest that accrues during the deferral period must be paid in yearly payments for the rest of the loan term after the deferral period ends.

Debt writedown

Debt writedown can reduce the principal and interest on your loan. The Agency offers a writedown only to delinquent borrowers when the loan servicing programs discussed above and the Conservation Contract Program, if requested, will not result in a feasible plan. To receive debt writedown, the value of your restructured loan must be equal to or greater than the recovery value to the Agency from foreclosure and repossession of your security property.

The recovery value is the market value of:

- (1) The collateral pledged as security for your FLP loans minus expenses (such as the sale costs, attorneys' fees, management costs, taxes, and payment of prior liens) on the collateral that the Agency would have to pay if it foreclosed, or repossessed, and sold the collateral;
- (2) Any collateral that is not in your possession and has not been released for sale by the Agency in writing; and
- (3) Any other non-essential assets you may own.

A qualified appraiser determines the value of the collateral and any other assets you own. You may receive a writedown only if you are delinquent on your FLP loan and you have not previously received any form of debt forgiveness on any other FLP direct loan. The maximum amount of debt that can be written down on all direct loans is \$300,000.

Shared Appreciation Agreement

If you own real estate and receive a debt writedown, you must sign a Shared Appreciation Agreement. The term of the agreement is 5 years. Under the terms of the agreement you must repay all or a part of the amount written down at the maturity of your Shared Appreciation Agreement if your real estate collateral increased in value.

Payment of shared appreciation will be required prior to the maturity of your Shared Appreciation Agreement if you:

- (1) Sell or convey the real estate;
- (2) Stop farming;
- (3) Pay off your entire FLP debt; or
- (4) Have your FLP accounts accelerated by the Agency.

If any of these events occur within the first 4 years of the agreement, you will have to pay 75 percent of the increase in value of the real estate. If any of these events occur after the fourth anniversary of the agreement, or if the Shared Appreciation Agreement matures without having previously been fully triggered, you will have to pay only 50 percent of the increase in value. You will not have to pay more than the amount of the debt written down.

(b) Conservation Contract Program

You may request a Conservation Contract to protect highly erodible land, wetlands, or wildlife habitats located on your real estate property that serves as security for your FLP debt. In exchange for such contract, the Agency would reduce your FLP debt. The amount of land left after the contract must be sufficient to continue your farming operation.

(c) Current Market Value Buyout

If you are delinquent and the analysis of your debt shows that you cannot achieve a feasible plan even if the present value of your FLP debt is reduced to the value of the security, the Agency may offer you buyout of your FLP debt. You would pay the market value of all FLP security and non-essential assets, minus any prior liens. The market value is determined by a current appraisal completed by a qualified appraiser. In exchange, your loans would be satisfied.

Limits

To receive a current market value buyout offer:

- (1) You must not have previously received any form of debt forgiveness from the Agency on any other direct FLP loan;
- (2) The maximum debt to be written off with buyout does not exceed \$300,000; and
- (3) You must not have non-essential assets with a net recovery value sufficient to pay your account current.

Eligibility

To qualify, you must prove that:

- (1) You cannot repay your delinquent FLP debt due to circumstances beyond your control; and
- (2) You have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

Time limits

To buyout your FLP debt at the current market value, you must pay the Agency within 90 days of the date you receive the offer.

Method of payment

To buyout your FLP debt at the current market value, you must pay by cash, cashier's check, or U.S. Treasury check. The Agency will not make or guarantee a loan for this purpose.

(d) **Homestead Protection Program**

Under the Homestead Protection Program, you may repurchase your primary residence, certain outbuildings, and up to 10 acres of land. If you cannot pay cash or Agency financing is not available, you may lease your primary residence. The lease will include an option for you to purchase the property you lease.

This program may apply when primary loan servicing or the Conservation Contract Program are not available or are not accepted.

You must agree to give the Agency title to your land at the time the Agency signs the Homestead Protection Agreement with you. The Agency will compute the costs of taking title including the cost of paying other creditors with outstanding liens on the property. The Agency will take title only if it can obtain a positive recovery.

Eligibility requirements

- (1) Your gross annual income from the farming operation must have been similar to other comparable operations in your area in at least two of the last 6 years.
- (2) Sixty percent (60%) of your gross annual income in at least two of the last 6 years must have come from the farming operation.
- (3) You must have lived in your homestead property for 6 years immediately before your application. If you had to leave for less than 12 months during the 6-year period and you had no control over the circumstances, you may still qualify.
- (4) You must be the owner of the property immediately prior to the Agency obtaining title.

Property restrictions and easements

The Agency may place restrictions or easements on your property which restrict your use if the property is located in a special area or has special characteristics. These restrictions and easements will be placed in leases and in deeds on properties containing wetlands, floodplains, endangered species, wild and scenic rivers, historic and cultural properties, coastal barriers, and highly erodible lands.

Leasing the homestead property

- (1) You must pay rent to the Agency to lease the property determined eligible for homestead protection. The rent the Agency charges will be similar to comparable property in your area.
- (2) You must maintain the property in good condition during the term of the lease.
- (3) You may lease the property for up to 5 years but no less than 3 years.
- (4) You cannot sublease the property.
- (5) If you do not make the rental payments to the Agency, the Agency will cancel the lease and take legal action to force you to leave.
- (6) Lease payments are not applied toward the final purchase price of the property.

Purchasing the homestead protection property

You can repurchase your homestead property at market value at any time during the lease. The market value of the property will be decided by a qualified appraiser and will reflect the value of the land after any placement of a restriction or easement such as a wetland conservation easement.

(e) Debt Settlement Programs

You can apply for debt settlement at any time; however, these programs are usually used only after it has been determined that primary loan servicing programs and the Conservation Contract Program cannot help you. Under the debt settlement programs, the FLP debt you owe the Agency may be settled for less than the amount you owe. These programs are subject to the discretion of the Agency and are not a matter of entitlement or right. The Agency will not finance these alternatives.

Settlement alternatives

Settlement alternatives include:

- (1) Compromise: A lump-sum payment of less than the total FLP debt owed;
- (2) Adjustment: Two or more payments of less than the total amount owed to the Agency. Payments can be spread out over a maximum of 5 years if the Agency determines you will be able to make the payments as they become due; and
- (3) Cancellation: Satisfaction of Agency debt without payment.

Processing and requirements

If you sell loan collateral, you must apply the proceeds from the sale to your FLP loans before you can be considered for debt settlement. In the case of compromise or adjustment you may keep your collateral, if you pay the Agency the market value of your collateral along with any additional amount the Agency determines you are able to pay.

Debt amounts which are collectible through administrative offset, judgment, or by the Department of the Treasury will not be settled through debt settlement procedures. You must certify that you do not have assets or income in addition to what you stated in your application. If you qualify, your application must also be approved by the State Executive Director or the Administrator, depending on the amount of the debt to be settled.

(f) Forms, documentation, and information needed to apply

A complete application for primary loan servicing must include items (1) through (10). Additional information is required as noted if you want to be considered for the Conservation Contract Program or debt settlement programs. If you need help to complete the required forms, you may request an Agency official to assist you. The forms for requirements (1) through (8) and (11) are included with this package.

(1) FSA-2513, "Borrower Response to Notice of the Availability of Loan Servicing – For Borrowers who Received FSA-2512" signed by all borrowers.

(2) FSA-2001, "Request for Direct Loan Assistance."

(3) FSA-2002, "Three Year Financial History" or other financial records, including copies of your income tax returns and any supporting documents, for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. If your copies of tax returns are not readily available, you can obtain copies from the Internal Revenue Service.

(4) FSA-2003, "Three Year Production History," or any other format that provides production and expense history for crops, livestock, livestock products, etc., for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. You must be able to support this information with farm records.

(5) FSA-2004, "Authorization to Release Information." The Agency will use this form to verify your debts and assets, as well as your non-farm income.

(6) FSA-2005, "Creditor List." The Agency will use this form to verify your debts. Any debts less than \$1,000 can be verified by a credit report. If debts of \$1,000 or more appear on your credit report and the creditor is not listed on FSA 2005, the application cannot be considered complete.

(7) FSA-2037, "Farm Business Plan Worksheet – Balance Sheet." In the case of an entity, the entity and all entity members must provide current financial statements.

(8) FSA-2038, "Farm Business Plan Worksheet – Projected/Actual Income and Expenses," or other acceptable farm operating plan.

(9) AD-1026, "Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification." You will be required to complete this form if the one you have on file does not reflect all the land you own and lease.

(10) SCS-CPA-026, "Highly Erodible Land and Wetland Conservation Determination." This form must be obtained from and completed by the Natural Resources Conservation Service office, if not already on file with the Agency.

(11) RD 1956-1, "Application for Settlement of Indebtedness." Complete this form only if you wish to apply for debt settlement. You must also comply with any Agency request for additional information needed to process a debt settlement request.

(12) If you are applying for a Conservation Contract, a map or aerial photo of your farm identifying the portion of the land and approximate number of acres to be considered.

Divorced spouses

If you are an FLP borrower who has left the farming operation due to divorce, you may request release of liability. To be released of liability after a divorce, you must present the Agency with the following within 60 days of receiving this notice:

(1) A divorce decree or property settlement document which states the remaining party will be responsible for all repayment to the Agency;

(2) Evidence that you have conveyed your ownership interest in FLP security to the remaining party; and

(3) Evidence that you do not have any repayment ability for the FLP loan through cash, income, or other non-essential assets.

The Agency will make a determination on your request and will inform you of the decision within 60 days of receiving your request.

If you are not released of liability, you will need to include all of your relevant financial information if applying for primary loan servicing, homestead protection, or debt settlement programs.

(g) **How to get copies of Agency handbooks and forms**

Copies of the forms for requirements (f)(1) through (f)(8) and (f)(11) have been included in this package. You may obtain copies of Agency handbooks, which include the pertinent regulations, describing available programs or additional copies of forms from this office.

(h) **Reconsideration, mediation, negotiation, and appeal rights**

Reconsideration, mediation, negotiation, and appeal rights will be provided to you if the Agency makes an adverse decision on your request for loan servicing or prior to acceleration of your account.

Reconsideration

If you are determined by the Agency to be ineligible for loan servicing, or if you cannot develop a feasible plan, you may request a reconsideration meeting with the Agency. You must request reconsideration within 30 days of the date you receive the adverse decision. At a reconsideration meeting, you may present additional information to the Agency and explain why you believe the adverse decision to be in error. If the meeting does not change the Agency decision, you will be notified and provided 30 days to request mediation, negotiation, or appeal as outlined below.

Mediation

Mediation is a process for resolution of a disagreement. A trained neutral mediator assists two or more parties in dispute to look at the issues, consider all available options, and attempt to agree on an acceptable solution. If your State has a mediation program approved by the USDA, the Agency will participate in mediation. If there is no State mediation program, the Agency may help you to set up a meeting with your other creditors. If you wish to request mediation, you must make such request within 30 days of your receipt of an adverse Agency decision. If you request mediation prior to requesting an appeal, the 30-day time period for requesting an appeal will be temporarily suspended. If mediation fails to resolve your dispute with the Agency, only the balance of the 30 days will remain to request an appeal.

Negotiation of the appraisal

If you timely submit a complete application for primary loan servicing, but disagree with the appraisal used by the Agency for processing your primary loan servicing request, you will have 30 days to obtain, at your own expense, an independent appraisal which conforms to published Agency appraisal standards. If this independent appraised value is within five percent of the value of the Agency appraisal, you must choose one of these two appraisals for the Agency to use to continue processing your request. If the appraisals differ by more than five percent, you may request a third appraisal for which you must pay half of the cost, and the average of the two appraisals closest in value is taken as the final appraised value to be used in considering your request. If you wish to request both negotiation of the appraisal and mediation, these should be requested at the same time so the negotiation of the appraisal can be concluded prior to mediation. If not requested at the same time, negotiation of the appraisal must be requested first. Negotiated appraisals are not appealable but other issues can still be appealed after negotiation. If you request negotiation of the appraisal prior to requesting an appeal, the 30-day time period for requesting an appeal will be temporarily suspended. If negotiation of the appraisal fails to resolve your dispute with the Agency, only the balance of the 30-day time frame will remain to request an appeal on issues other than the negotiated appraisal.

Appeal

Appeal is a process under which you present evidence to USDA's National Appeals

Division which demonstrates why you believe that the Agency's adverse decision is wrong. Subject to the deadline suspensions discussed above, your request for an appeal must be postmarked no later than 30 days from the date you received the Agency's adverse decision.

(i) **The right not to be discriminated against**

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

The servicing programs described by this Notice are subject to applicable Agency regulations published at 7 CFR Part 766.

**NOTICE OF AVAILABILITY OF LOAN SERVICING
TO BORROWERS WHO ARE 90 DAYS PAST DUE**

This notice informs you that you are seriously delinquent with your Farm Loan Programs (FLP) loan payment and notifies you of options that may be available to you. The Agency's primary loan servicing programs, Conservation Contract Program, current market value buyout, Homestead Protection Program, and debt settlement programs may help you repay your loan or retain your farm property and settle your FLP debt.

How to apply

To apply, you must complete, where applicable, and provide all items required in paragraph (f), within 60 days of the date you receive this notice.

Help in responding to this notice

The servicing options available to you may become complicated. You may need help to understand them and their impact on your operation. You may want to ask an attorney to help you or there are organizations that give free or low-cost advice to farmers. You may contact your State Department of Agriculture or the U. S. Note: Agency employees cannot recommend a particular attorney or organization.

Who will decide if you qualify?

After you submit a complete application, the Agency will determine if you meet all eligibility requirements and can develop a farm operating plan that shows that you can pay all debts and expenses.

What happens if you do not bring the account current or apply within 60 days?

The Agency will accelerate your loans if you do not bring your account current or timely apply for loan servicing. This means the Agency will take legal action to collect all the money you owe to the Agency under FLP. After acceleration of your loan accounts, the Agency will start foreclosure proceedings. The Agency will repossess or take legal action to sell your real estate, personal property, crops, livestock, equipment, or any other assets in which the Agency has a security interest. The Agency will also obtain and file judgments against you and your property or refer your account to the Department of the Treasury for collection.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its program and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (a) **Primary Loan Servicing Programs**

Eligibility

You must meet the following eligibility requirements to obtain primary loan servicing:

- (1) You cannot repay your FLP debt due to one of the following circumstances beyond your control:

- (i) Illness, injury, or death of a borrower or other individual who operates the farm;
- (ii) Natural disaster, adverse weather, disease, or insect damage which caused severe loss of agricultural production;
- (iii) Widespread economic conditions such as low commodity prices;
- (iv) Damage or destruction of property essential to the farming operation; or
- (v) Loss of, or reduction in, your or your spouse's essential non-farm income.

(2) You do not have non-essential assets for which the net recovery value is sufficient to pay the delinquent portion of the loan. The Agency cannot write down or write off debt that you could pay with the value of your equity in these assets.

(3) If you are in non-monetary default as a result of non-compliance with the Agency's loan agreements, you must resolve the non-monetary default prior to closing the servicing action.

(4) You must have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

Time limits

If the Agency determines that you can develop a feasible plan and are eligible for primary loan servicing, you will have 45 days from the date you receive the Agency's offer to accept loan servicing.

Lien requirements

If you are offered loan servicing and accept the offer, you must agree to give the Agency a lien on your other assets and you must provide this lien at closing.

Youth Loans

If you have a Youth Loan, it is not eligible for debt writedown, current market value buyout, or limited resource interest rates, but can be rescheduled or deferred. This has no effect on any other loans you may have with the Agency.

Loan consolidation, rescheduling, and reamortization

In loan consolidation, the unpaid principal and interest of two or more operating loans can be combined into one larger operating loan.

In loan rescheduling, the repayment schedule may be changed to cure the delinquency and give you new terms to repay loans made for equipment, livestock, or annual operating purposes.

In loan reamortization, the repayment schedule may be changed to cure the delinquency and give you a new schedule of repayment on loans made for real estate purposes.

When loans are consolidated, rescheduled or reamortized the interest rate will be the lesser of:

- (1) The interest rate for that type of loan on the date a complete servicing application was received;
- (2) The interest rate for that type of loan on the date of restructure; or
- (3) The lowest original loan note rate on any of the original notes being restructured.

In addition, the Agency will consider the maximum loan terms.

Limited resource interest rate

Limited resource interest rates are available for certain types of loans. If you have existing loans which are not at the limited resource rate, and a limited resource rate is available, the Agency will consider reducing the rate of the loans. The limited resource interest rate can be as low as five percent, however, this rate may change depending on what it costs the Government to borrow money.

For information about current interest rates, contact this office.

Loan deferral

Partial or full payments of principal and interest may be temporarily delayed for up to 5 years. You will only be considered for loan deferral if the loan servicing programs discussed above will not allow you to pay all essential family living and farm operating expenses, maintain your property, and pay your debts.

You must be able to show through a farm operating plan that you are unable to pay all essential family living and farm operating expenses, maintain your property, and pay your debts. The farm operating plan must also show that you will be able to pay your full installment at the end of the deferral period.

The interest that accrues during the deferral period must be paid in yearly payments for the rest of the loan term after the deferral period ends.

Debt writedown

Debt writedown can reduce the principal and interest on your loan. The Agency offers a writedown only when the loan servicing programs discussed above and the Conservation Contract Program, if requested, will not result in a feasible plan. To receive debt writedown, the value of your restructured loan must be equal to or greater than the recovery value to the Agency from foreclosure and repossession of your security property.

The recovery value is the market value of:

- (1) The collateral pledged as security for FLP loans minus expenses (such as the sale costs, attorneys' fees, management costs, taxes, and payment of prior liens) on the collateral that the Agency would have to pay if it foreclosed, or repossessed, and sold the collateral;

- (2) Any collateral that is not in your possession and has not been released for sale by the Agency in writing; and
- (3) Any other non-essential assets you may own.

A qualified appraiser determines the value of the collateral and any other assets you own. You may receive a writedown only if you have not previously received any form of debt forgiveness on any other FLP direct loan. The maximum amount of debt that can be written down on all direct loans is \$300,000.

Shared Appreciation Agreement

If you own real estate and receive a debt writedown, you must sign a Shared Appreciation Agreement. The term of the agreement is 5 years. Under the terms of the agreement you must repay all or a part of the amount written down at the maturity of your Shared Appreciation Agreement if your real estate collateral increased in value. Payment of shared appreciation will be required prior to the maturity of your Shared Appreciation Agreement if you:

- (1) Sell or convey the real estate;
- (2) Stop farming;
- (3) Pay off your entire FLP debt; or
- (4) Have your FLP accounts accelerated by the Agency.

If any of these events occur within the first 4 years of the agreement, you will have to pay 75 percent of the increase in value of the real estate. If any of these events occur after the fourth anniversary of the agreement, or if the Shared Appreciation Agreement matures without having previously been fully triggered, you will have to pay only 50 percent of the increase in value. You will not have to pay more than the amount of the debt written down.

Time limits

To buyout your FLP debt at the current market value, you must pay the Agency within 90 days of the date you receive the offer.

Method of payment

To buyout your FLP debt at the current market value, you must pay by cash, cashier's check, or U.S. Treasury check. The Agency will not make or guarantee a loan for this purpose.

(b) Homestead Protection Program

Under the Homestead Protection Program, you may repurchase your primary residence, certain outbuildings, and up to 10 acres of land. If you cannot pay cash or Agency financing is not available, you may lease your primary residence. The lease will include an option for you to purchase the property you lease.

This program may apply when primary loan servicing, the Conservation Contract Program, or current market value buyout is not available or not accepted.

You must agree to give the Agency title to your land at the time the Agency signs the Homestead Protection Agreement with you. The Agency will compute the costs of taking title including the cost of paying other creditors with outstanding liens on the property. The Agency will take title only if it can obtain a positive recovery.

(c) **Conservation Contract Program**

You may request a Conservation Contract to protect highly erodible land, wetlands, or wildlife habitats located on your real estate property that serves as security for your FLP debt. In exchange for such contract, the Agency would reduce your FLP debt. The amount of land left after the contract must be sufficient to continue your farming operation.

(d) **Current Market Value Buyout**

If the analysis of your debt shows that you cannot achieve a feasible plan even if the present value of your FLP debt is reduced to the value of the security, the Agency may offer you buyout of your FLP debt. You would pay the market value of all FLP security and non-essential assets, minus any prior liens. The market value is determined by a current appraisal completed by a qualified appraiser. In exchange, your loans would be satisfied.

Limits

To receive a current market value buyout offer:

- (1) You must not have previously received any form of debt forgiveness from the Agency on any other direct FLP loan;
- (2) The maximum debt to be written off with buyout does not exceed \$300,000; and
- (3) You must not have non-essential assets with a net recovery value sufficient to pay your account current.

Eligibility

To qualify, you must prove that:

- (1) You cannot repay your delinquent FLP debt due to circumstances beyond your control; and
- (2) You have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

Eligibility requirements

- (1) Your gross annual income from the farming operation must have been similar to other comparable operations in your area in at least two of the last 6 years.
- (2) Sixty percent (60%) of your gross annual income in at least two of the last 6 years must have come from the farming operation.
- (3) You must have lived in your homestead property for 6 years immediately before your application. If you had to leave for less than 12 months during the 6-year period and you had no control over the circumstances, you may still qualify.
- (4) You must be the owner of the property immediately prior to the Agency obtaining title.

Property restrictions and easements

The Agency may place restrictions or easements on your property which restrict your use if the property is located in a special area or has special characteristics. These restrictions and easements will be placed in leases and in deeds on properties containing wetlands, floodplains, endangered species, wild and scenic rivers, historic and cultural properties, coastal barriers, and highly erodible lands.

Leasing the homestead property

- (1) You must pay rent to the Agency to lease the property determined eligible for homestead protection. The rent the Agency charges will be similar to comparable property in your area.
- (2) You must maintain the property in good condition during the term of the lease.
- (3) You may lease the property for up to 5 years but no less than 3 years.
- (4) You cannot sublease the property.
- (5) If you do not make the rental payments to the Agency, the Agency will cancel the lease and take legal action to force you to leave.
- (6) Lease payments are not applied toward the final purchase price of the property.

Purchasing the homestead protection property

You can repurchase your homestead property at market value at any time during the lease. The market value of the property will be decided by a qualified appraiser and will reflect the value of the land after any placement of a restriction or easement such as a wetland conservation easement.

(e) Debt Settlement Programs

You can apply for debt settlement at any time; however, these programs are usually used only after it has been determined that primary loan servicing programs and the Conservation Contract Program cannot help you. Under the debt settlement programs, the debt you owe the Agency under FLP may be settled for less than the amount you owe. These programs are subject to the discretion of the Agency and are not a matter of entitlement or right. If you do not have any Agency security, you may apply for debt settlement only. If you do not apply, or do not receive approval of a debt settlement request, your FLP loan accounts will be forwarded to the Department of the Treasury for collection.

Settlement alternatives

Settlement alternatives include:

- (1) Compromise: A lump-sum payment of less than the total FLP debt owed;
- (2) Adjustment: Two or more payments of less than the total amount owed to the Agency. Payments can be spread out over a maximum of 5 years if the Agency determines you will be able to make the payments as they become due; and
- (3) Cancellation: Satisfaction of Agency debt without payment.

Note: The Agency will not finance these alternatives.

Processing and requirements

If you sell loan collateral, you must apply the proceeds from the sale to your FLP loans before you can be considered for debt settlement. In the case of compromise or adjustment you may keep your collateral, if you pay the Agency the market value of your collateral along with any additional amount the Agency determines you are able to pay.

Debt amounts which are collectible through administrative offset, judgment, or by the Department of the Treasury will not be settled through debt settlement procedures. You must certify that you do not have assets or income in addition to what you stated in your application. If you qualify, your application must also be approved by the State Executive Director or the Administrator, depending on the amount of the debt to be settled.

(f) **Forms, documentation, and information needed to apply**

A complete application for primary loan servicing must include items (1) through (10). Additional information is required as noted if you want to be considered for the Conservation Contract Program or debt settlement programs. If you need help to complete the required forms, you may request an Agency official to assist you. The forms for requirements (1) through (8) and (11) are included with this package.

(1) FSA-2511, "Borrower Response to Notice of the Availability of Loan Servicing – For Borrowers who Received FSA-2510," signed by all borrowers.

(2) FSA-2001, "Request for Direct Loan Assistance."

(3) FSA-2002, "Three Year Financial History," or other financial records, including copies of your income tax returns and any supporting documents, for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. If your copies of tax returns are not readily available, you can obtain copies from the Internal Revenue Service.

(4) FSA-2003, "Three Year Production History," or any other format that provides production and expense history for crops, livestock, livestock products, etc., for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. You must be able to support this information with farm records.

(5) FSA-2004, "Authorization to Release Information." The Agency will use this form to verify your debts and assets, as well as your non-farm income.

(6) FSA-2005, "Creditor List." The Agency will use this form to verify your debts. Any debts less than \$1,000 can be verified by a credit report. If debts of \$1,000 or more appear on your credit report and the creditor is not listed on FSA 2005, the application cannot be considered complete.

(7) FSA-2037, "Farm Business Plan Worksheet – Balance Sheet." In the case of an entity, the entity and all entity members must provide current financial statements.

(8) FSA-2038, "Farm Business Plan Worksheet – Projected/Actual Income and Expenses," or other acceptable farm operating plan.

(9) AD-1026, "Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification." You will be required to complete this form if the one you have on file does not reflect all the land you own and lease.

(10) SCS-CPA-026, "Highly Erodible Land and Wetland Conservation Determination." This form must be obtained from and completed by the Natural Resources Conservation Service office, if not already on file with the Agency.

(11) RD 1956-1, "Application for Settlement of Indebtedness." Complete this form only if you wish to apply for debt settlement. You must also comply with any Agency request for additional information needed to process a debt settlement request.

(12) If you are applying for a Conservation Contract, a map or aerial photo of your farm identifying the portion of the land and approximate number of acres to be considered.

Divorced spouses

If you are an FLP borrower who has left the farming operation due to divorce, you may request release of liability. To be released of liability after a divorce, you must present the Agency with the following within 60 days of receiving this notice:

(1) A divorce decree or property settlement document which states the remaining party will be responsible for all repayment to the Agency;

(2) Evidence that you have conveyed your ownership interest in FLP security to the remaining party; and

(3) Evidence that you do not have any repayment ability for the FLP loan through cash, income, or other non-essential assets.

The Agency will make a determination on your request and will inform you of the decision within 60 days of receiving your request.

If you are not released of liability, you will need to include all of your relevant financial information if applying for primary loan servicing, homestead protection, or debt settlement programs.

(g) **How to get copies of Agency handbooks and forms**

Copies of the forms for requirements (f)(1) through (f)(8) and (f)(11) have been included in this package. You may obtain copies of Agency handbooks, which include the pertinent regulations, describing available programs or additional copies of forms from this office.

(h) **Reconsideration, mediation, negotiation, and appeal rights**

Reconsideration, mediation, negotiation, and appeal rights will be provided to you if the Agency makes an adverse decision on your request for loan servicing or prior to acceleration of your account.

Reconsideration

If you are determined by the Agency to be ineligible for loan servicing, or if you cannot develop a feasible plan, you may request a reconsideration meeting with the Agency. You must request reconsideration within 30 days of the date you receive the adverse decision. At a reconsideration meeting, you may present additional information to the Agency and explain why you believe the adverse decision to be in error. If the meeting does not change the Agency decision, you will be notified and provided 30 days to request mediation, negotiation, or appeal as outlined below.

Mediation

Mediation is a process for resolution of a disagreement. A trained neutral mediator assists two or more parties in dispute to look at the issues, consider all available options, and attempt to agree on an acceptable solution. If your State has a mediation program approved by the USDA, the Agency will participate in mediation. If there is no State mediation program, the Agency may help you to set up a meeting with your other creditors. If you wish to request mediation, you must make such request within 30 days of your receipt of an adverse Agency decision. If you request mediation prior to requesting an appeal, the 30-day time period for requesting an appeal will be temporarily suspended. If mediation fails to resolve your dispute with the Agency, only the balance of the 30 days will remain to request an appeal.

Negotiation of the appraisal

If you timely submit a complete application for primary loan servicing, but disagree with the appraisal used by the Agency for processing your primary loan servicing request, you will have 30 days to obtain, at your own expense, an independent appraisal which conforms to published Agency appraisal standards. If this independent appraised value is within five percent of the value of the Agency appraisal, you must choose one of these two appraisals for the Agency to use to continue processing your request. If the appraisals differ by more than five percent, you may request a third appraisal for which you must pay half of the cost, and the average of the two appraisals closest in value is taken as the final appraised value to be used in considering your request. If you wish to request both negotiation of the appraisal and mediation, these should be requested at the same time so the negotiation of the appraisal can be concluded prior to mediation. If not requested at the same time, negotiation of the appraisal must be requested first. Negotiated appraisals are not appealable but other issues can still be appealed after negotiation. If you request negotiation of the appraisal prior to requesting an appeal, the 30-day time period for requesting an appeal will be temporarily suspended. If negotiation of the appraisal fails to resolve your dispute with the Agency, only the balance of the 30 day time frame will remain to request an appeal on issues other than the negotiated appraisal.

Appeal

Appeal is a process under which you present evidence to USDA's National Appeals Division which demonstrates why you believe that the Agency's adverse decision is wrong. Subject to the deadline suspensions discussed above, your request for an appeal must be postmarked no later than 30 days from the date you received the Agency's adverse decision.

(i) Acceleration and foreclosure

If you do not appeal an adverse determination, if you appeal, but are denied relief on appeal, or if you do not otherwise resolve your delinquency, the Agency will accelerate your loan accounts and demand payment of the entire debt. You may prevent Agency foreclosure on the loan collateral, if with prior Agency approval, you:

- (1) Sell all loan collateral for not less than its market value and apply all proceeds to your creditors in order of lien priority.
- (2) Transfer the collateral to someone else and have that person assume all or part of your FLP debt.
- (3) Transfer the collateral to the Agency.

If any of these options result in payment of less than you owe, you may apply for debt settlement, even if you applied before and were denied. However, applications for debt settlement filed after the 60-day time period provided in this notice will not delay acceleration, administrative offset, and foreclosure.

If the Agency determines that you cannot qualify for debt settlement, you can:

- (1) Pay your FLP loan accounts current;
- (2) Pay your FLP loan accounts in full;
- (3) Request reconsideration, mediation or appeal.

If your real estate security contains your primary residence and becomes inventory property of the Agency, homestead protection rights will be provided.

(j) The right not to be discriminated against

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

The servicing programs described by this Notice are subject to applicable Agency regulations published at 7 CFR Part 766.

How to apply

To apply, you must complete, where applicable, and provide all items required in paragraph (f), within 60 days of the date you receive this notice.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. Help in responding to this notice

The servicing options available to you may become complicated. You may need help to understand them and their impact on your operation. You may want to ask an attorney to help you or there are organizations that give free or low-cost advice to farmers. You may contact your State Department of Agriculture or the U. S. Department of Agriculture (USDA) Extension Service for available services in your State.

Note: Agency employees cannot recommend a particular attorney or organization.

Who will decide if you qualify?

After you submit a complete application, the Agency will determine if you meet all eligibility requirements and can develop a farm operating plan that shows that you can pay all debts and expenses.

What happens if you do not resolve the default or apply within 60 days?

The Agency will accelerate your loans if you do not resolve the default, or apply for loan servicing. This means the Agency will take legal action to collect all the money you owe to the Agency under FLP. After acceleration of your loan accounts, the Agency will start foreclosure proceedings. The Agency will repossess or take legal action to sell your real estate, personal property, crops, livestock, equipment, or any other assets in which the Agency has a security interest. The Agency will also obtain and file judgments against you and your property or refer your account to the Department of the Treasury for collection.

Included with this notice you will find information on:

- (a) Primary loan servicing programs;
- (b) Conservation Contract Program;
- (c) Current market value buyout;
- (d) Homestead Protection Program;
- (e) Debt settlement programs;
- (f) Forms, documentation, and information needed to apply;
- (g) How to get copies of Agency handbooks and forms;
- (h) Reconsideration, mediation, negotiation, and appeal rights;
- (i) Acceleration and foreclosure;
- (j) The right not to be discriminated against.

(a) **Primary Loan Servicing Programs**Eligibility

You must meet the following eligibility requirements to obtain primary loan servicing:

- (1) You must resolve all non-monetary defaults prior to closing the servicing action.
- (2) You must have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.
- (3) If you are also financially distressed or delinquent, it must be due to one of the following circumstances beyond your control:
 - (i) Illness, injury, or death of a borrower or other individual who operates the farm;
 - (ii) Natural disaster, adverse weather, disease, or insect damage which caused severe loss of agricultural production;
 - (iii) Widespread economic conditions such as low commodity prices;
 - (iv) Damage or destruction of property essential to the farming operation; or
 - (v) Loss of, or reduction in, your or your spouse's essential non-farm income.

(4) You do not have non-essential assets for which the net recovery value is sufficient to pay any delinquent portion of the loan. The Agency cannot write down or write off debt that you could pay with the value of your equity in these assets.

Time limits

If the Agency determines that you can develop a feasible plan and are eligible for primary loan servicing, you will have 45 days from the date you receive the Agency's offer to accept loan servicing.

Lien requirements

If you are offered loan servicing and accept the offer, you must agree to give the Agency a lien on your other assets and you must provide this lien at closing.

Youth Loans

If you have a Youth Loan, it is not eligible for debt writedown, current market value buyout, or limited resource interest rates, but can be rescheduled or deferred. This has no effect on any other loans you may have with the Agency.

Loan consolidation, rescheduling, and reamortization

In loan consolidation, the unpaid principal and interest of two or more operating loans can be combined into one larger operating loan.

In loan rescheduling, the repayment schedule may be changed to cure the delinquency and give you new terms to repay loans made for equipment, livestock, or annual operating purposes.

In loan reamortization, the repayment schedule may be changed to cure the delinquency and give you a new schedule of repayment on loans made for real estate purposes.

When loans are consolidated, rescheduled or reamortized the interest rate will be the lesser of:

- (1) The interest rate for that type of loan on the date a complete servicing application was received;
- (2) The interest rate for that type of loan on the date of restructure; or
- (3) The lowest original loan note rate on any of the original notes being restructured.

In addition, the Agency will consider the maximum loan terms.

Limited resource interest rate

Limited resource interest rates are available for certain types of loans. If you have existing loans which are not at the limited resource rate, and a limited resource rate is available, the Agency will consider reducing the rate of the loans. The limited resource interest rate can be as low as five percent, however, this rate may change depending on what it costs the Government to borrow money.

For information about current interest rates, contact this office.

Loan deferral

Partial or full payments of principal and interest may be temporarily delayed for up to 5 years. You will only be considered for loan deferral if the loan servicing programs discussed above will not allow you to pay all essential family living and farm operating expenses, maintain your property, and pay your debts.

You must be able to show through a farm operating plan that you are unable to pay all essential family living and farm operating expenses, maintain your property, and pay your debts. The farm operating plan must also show that you will be able to pay your full installment at the end of the deferral period.

The interest that accrues during the deferral period must be paid in yearly payments for the rest of the loan term after the deferral period ends.

Debt writedown

Debt writedown can reduce the principal and interest on your loan. The Agency offers a writedown only to delinquent borrowers when the loan servicing programs discussed above and the Conservation Contract Program, if requested, will not result in a feasible plan. To receive debt writedown, the value of your restructured loan must be equal to or greater than the recovery value to the Agency from foreclosure and repossession of your security property.

The recovery value is the market value of:

- (1) The collateral pledged as security for FLP loans minus expenses (such as the sale costs, attorneys' fees, management costs, taxes, and payment of prior liens) on the collateral that the Agency would have to pay if it foreclosed, or repossessed, and sold the collateral;
- (2) Any collateral that is not in your possession and has not been released for sale by the Agency in writing; and
- (3) Any other non-essential assets you may own.

A qualified appraiser determines the value of the collateral and any other assets you own. You may receive a writedown only if you have not previously received any form of debt forgiveness on any other FLP direct loan. The maximum amount of debt that can be written down on all direct loans is \$300,000.

Shared Appreciation Agreement

If you own real estate and receive a debt writedown, you must sign a Shared Appreciation Agreement. The term of the agreement is 5 years. Under the terms of the agreement you must repay all or a part of the amount written down at the maturity of your Shared Appreciation Agreement if your real estate collateral increased in value. Payment of shared appreciation will be required prior to the maturity of your Shared Appreciation Agreement if you:

- (1) Sell or convey the real estate;
- (2) Stop farming;
- (3) Pay off your entire FLP debt; or
- (4) Have your FLP accounts accelerated by the Agency.

If any of these events occur within the first 4 years of the agreement, you will have to pay 75 percent of the increase in value of the real estate. If any of these events occur after the fourth anniversary of the agreement, or if the Shared Appreciation Agreement matures without having previously been fully triggered, you will have to pay only 50 percent of the increase in value. You will not have to pay more than the amount of the debt written down.

(b) Conservation Contract Program

You may request a Conservation Contract to protect highly erodible land, wetlands, or wildlife habitats located on your real estate property that serves as security for your FLP debt. In exchange for such contract, the Agency would reduce your FLP debt. The amount of land left after the contract must be sufficient to continue your farming operation.

(c) Current Market Value Buyout

If you are delinquent and the analysis of your debt shows that you cannot achieve a feasible plan even if the present value of your FLP debt is reduced to the value of the security, the Agency may offer you buyout of your FLP debt. You would pay the market value of all FLP security and non-essential assets, minus any prior liens. The market value is determined by a current appraisal completed by a qualified appraiser. In exchange, your loans would be satisfied.

Limits

To receive a current market value buyout offer:

- (1) You must not have previously received any form of debt forgiveness from the Agency on any other direct FLP loan;
- (2) The maximum debt to be written off with buyout does not exceed \$300,000; and
- (3) You must not have non-essential assets with a net recovery value sufficient to pay your account current if you are delinquent.

Eligibility

To qualify, you must prove that:

- (1) You cannot repay your delinquent FLP debt due to circumstances beyond your control; and
- (2) You have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

Time limits

To buyout your FLP debt at the current market value, you must pay the Agency within 90 days of the date you receive the offer.

Method of payment

To buyout your FLP debt at the current market value, you must pay by cash, cashier's check, or U.S. Treasury check. The Agency will not make or guarantee a loan for this purpose.

(d) Homestead Protection Program

Under the Homestead Protection Program, you may repurchase your primary residence, certain outbuildings, and up to 10 acres of land. If you cannot pay cash or Agency financing is not available, you may lease your primary residence. The lease will include an option for you to purchase the property you lease.

This program may apply when primary loan servicing, the Conservation Contract Program, or current market value buyout is not available or not accepted.

You must agree to give the Agency title to your land at the time the Agency signs the Homestead Protection Agreement with you. The Agency will compute the costs of taking title including the cost of paying other creditors with outstanding liens on the property. The Agency will take title only if it can obtain a positive recovery.

Eligibility requirements

- (1) Your gross annual income from the farming operation must have been similar to other comparable operations in your area in at least two of the last 6 years.
- (2) Sixty percent (60%) of your gross annual income in at least two of the last 6 years must have come from the farming operation.
- (3) You must have lived in your homestead property for 6 years immediately before your application. If you had to leave for less than 12 months during the 6-year period and you had no control over the circumstances, you may still qualify.
- (4) You must be the owner of the property immediately prior to the Agency obtaining title.

Property restrictions and easements

The Agency may place restrictions or easements on your property which restrict your use if the property is located in a special area or has special characteristics. These restrictions and easements will be placed in leases and in deeds on properties containing wetlands, floodplains, endangered species, wild and scenic rivers, historic and cultural properties, coastal barriers, and highly erodible lands.

Leasing the homestead property

- (1) You must pay rent to the Agency to lease the property determined eligible for homestead protection. The rent the Agency charges will be similar to comparable property in your area.
- (2) You must maintain the property in good condition during the term of the lease.
- (3) You may lease the property for up to 5 years but no less than 3 years.
- (4) You cannot sublease the property.
- (5) If you do not make the rental payments to the Agency, the Agency will cancel the lease and take legal action to force you to leave.
- (6) Lease payments are not applied toward the final purchase price of the property.

Purchasing the homestead protection property

You can repurchase your homestead property at market value at any time during the lease. The market value of the property will be decided by a qualified appraiser and will reflect the value of the land after any placement of a restriction or easement such as a wetland conservation easement.

(e) Debt Settlement Programs

You can apply for debt settlement at any time; however, these programs are usually used only after it has been determined that primary loan servicing programs and the Conservation Contract Program cannot help you. Under the debt settlement programs, the debt you owe the Agency under FLP may be settled for less than the amount you owe. These programs are subject to the discretion of the Agency and are not a matter of entitlement or right. If you do not have any Agency security, you may apply for debt settlement only. If you do not apply, or do not receive approval of a debt settlement request, your FLP loan accounts will be forwarded to the Department of the Treasury for collection.

Settlement alternatives

Settlement alternatives include:

- (1) Compromise: A lump-sum payment of less than the total FLP debt owed;
- (2) Adjustment: Two or more payments of less than the total amount owed to the Agency. Payments can be spread out over a maximum of 5 years if the Agency determines you will be able to make the payments as they become due; and
- (3) Cancellation: Satisfaction of Agency debt without payment.

Note: The Agency will not finance these alternatives.

Processing and requirements

If you sell loan collateral, you must apply the proceeds from the sale to your FLP loans before you can be considered for debt settlement. In the case of compromise or adjustment you may keep your collateral, if you pay the Agency the market value of your collateral along with any additional amount the Agency determines you are able to pay.

Debt amounts which are collectible through administrative offset, judgment, or by the Department of the Treasury will not be settled through debt settlement procedures. You must certify that you do not have assets or income in addition to what you stated in your application. If you qualify, your application must also be approved by the State Executive Director or the Administrator, depending on the amount of the debt to be settled.

(f) Forms, documentation, and information needed to apply

A complete application for primary loan servicing must include items (1) through (10). Additional information is required as noted if you want to be considered for the Conservation Contract Program or debt settlement programs. If you need help to complete the required forms, you may request an Agency official to assist you. The forms for requirements (1) through (8) and (11) are included with this package.

If your copies of tax returns are not readily available, you can obtain copies from the Internal Revenue Service.
- (4) FSA-2003, "Three Year Production History," or any other format that provides production and expense history for crops, livestock, livestock products, etc., for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. - (7) FSA-2037, "Farm Business Plan Worksheet – Balance Sheet." In the case of an entity, the entity and all entity members must provide current financial statements.

(9) AD-1026, “Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification.” You will be required to complete this form if the one you have on file does not reflect all the land you own and lease.

(10) SCS-CPA-026, “Highly Erodible Land and Wetland Conservation Determination.” This form must be obtained from and completed by the Natural Resources Conservation Service office, if not already on file with the Agency.

(11) RD-1956-1, “Application for Settlement of Indebtedness.” Complete this form only if you wish to apply for debt settlement. You must also comply with any Agency request for additional information needed to process a debt settlement request.

(12) If you are applying for a Conservation Contract, a map or aerial photo of your farm identifying the portion of the land and approximate number of acres to be considered.

Divorced spouses

If you are an FLP borrower who has left the farming operation due to divorce, you may request release of liability. To be released of liability after a divorce, you must present the Agency with the following within 60 days of receiving this notice:

(1) A divorce decree or property settlement document which states the remaining party will be responsible for all repayment to the Agency;

(2) Evidence that you have conveyed your ownership interest in FLP security to the remaining party; and

(3) Evidence that you do not have any repayment ability for the FLP loan through cash, income, or other non-essential assets.

The Agency will make a determination on your request and will inform you of the decision within 60 days of receiving your request.

If you are not released of liability, you will need to include all of your relevant financial information if applying for primary loan servicing, homestead protection, or debt settlement programs.

(g) How to get copies of Agency handbooks and forms

Copies of the forms for requirements (f)(1) through (f)(8) and (f)(11) have been included in this package. You may obtain copies of Agency handbooks, which include the pertinent regulations, describing available programs or additional copies of forms from this office.

(h) Reconsideration, mediation, negotiation, and appeal rights

Reconsideration, mediation, negotiation, and appeal rights will be provided to you if the Agency makes an adverse decision on your request for loan servicing or prior to acceleration of your account.

Reconsideration

If you are determined by the Agency to be ineligible for loan servicing, or if you cannot develop a feasible plan, you may request a reconsideration meeting with the Agency. You must request reconsideration within 30 days of the date you receive the adverse decision. At a reconsideration meeting, you may present additional information to the Agency and explain why you believe the adverse decision to be in error. If the meeting does not change the Agency decision, you will be notified and provided 30 days to request mediation, negotiation, or appeal as outlined below.

Mediation

Mediation is a process for resolution of a disagreement. A trained neutral mediator assists two or more parties in dispute to look at the issues, consider all available options, and attempt to agree on an acceptable solution. If your State has a mediation program approved by the USDA, the Agency will participate in mediation. If there is no State mediation program, the Agency may help you to set up a meeting with your other creditors. If you wish to request mediation, you must make such request within 30 days of your receipt of an adverse Agency decision. If you request mediation prior to requesting an appeal, the 30-day time period for requesting an appeal will be temporarily suspended. If mediation fails to resolve your dispute with the Agency, only the balance of the 30 days will remain to request an appeal.

Negotiation of the appraisal

If you timely submit a complete application for primary loan servicing, but disagree with the appraisal used by the Agency for processing your primary loan servicing request, you will have 30 days to obtain, at your own expense, an independent appraisal which conforms to published Agency appraisal standards. If this independent appraised value is within five percent of the value of the Agency appraisal, you must choose one of these two appraisals for the Agency to use to continue processing your request. If the appraisals differ by more than five percent, you may request a third appraisal for which you must pay half of the cost, and the average of the two appraisals closest in value is taken as the final appraised value to be used in considering your request. If you wish to request both negotiation of the appraisal and mediation, these should be requested at the same time so the negotiation of the appraisal can be concluded prior to mediation. If not requested at the same time, negotiation of the appraisal must be requested first. Negotiated appraisals are not appealable but other issues can still be appealed after negotiation. If you request negotiation of the appraisal prior to requesting an appeal, the 30-day time period for requesting an appeal will be temporarily suspended. If negotiation of the appraisal fails to resolve your dispute with the Agency, only the balance of the 30 day time frame will remain to request an appeal on issues other than the negotiated appraisal.

Appeal

Appeal is a process under which you present evidence to USDA's National Appeals Division which shows that the Agency's adverse decision is wrong. Subject to the deadline suspensions discussed above, your request for an appeal must be postmarked no later than 30 days from the date you received the Agency's adverse decision.

(i) Acceleration and foreclosure

If you do not appeal an adverse determination, if you appeal, but are denied relief on appeal, or if you do not otherwise resolve your delinquency, the Agency will accelerate your loan accounts and demand payment of the entire debt. You may prevent Agency foreclosure on the loan collateral, if with prior Agency approval, you:

- (1) Sell all loan collateral for not less than its market value and apply all proceeds to your creditors in order of lien priority.
- (2) Transfer the collateral to someone else and have that person assume all or part of your FLP debt.
- (3) Transfer the collateral to the Agency.

If any of these options result in payment of less than you owe, you may apply for debt settlement, even if you applied before and were denied. However, applications for debt settlement filed after the 60-day time period provided in this notice will not delay acceleration, administrative offset, and foreclosure.

If the Agency determines that you cannot qualify for debt settlement, you can:

- (1) Pay your FLP loan accounts current;
- (2) Pay your FLP loan accounts in full;
- (3) Request reconsideration, mediation or appeal.

If your real estate security contains your primary residence and becomes inventory property of the Agency, homestead protection rights will be provided.

(j) **The right not to be discriminated against**

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

The servicing programs described by this Notice are subject to applicable Agency regulations published at 7 CFR part 766.

§ 766.151 Applying for Homestead Protection.

(a) *Pre-acquisition*—(1) *Notification*. If the borrower requested primary loan servicing but cannot develop a feasible plan, the Agency will notify the borrower of any additional information needed to process the homestead protection request. The borrower must provide this information within 30 days of Agency notification.

(2) *Borrower does not respond*. If the borrower does not timely provide the information requested, the Agency will deny the homestead protection request and provide appeal rights.

§ 766.152 Eligibility.

§ 766.153 Homestead Protection transferability.

Homestead protection rights are not transferable or assignable, unless the eligible party dies or becomes legally incompetent, in which case the homestead protection rights may be transferred to the spouse only, upon the spouse's agreement to comply with the terms and conditions of the lease.

§ 766.154 Homestead Protection leases.

(a) *General.* (1) The Agency may approve a lease-purchase agreement on the appropriate Agency form subject to obtaining title to the property.

(2) If a third party obtains title to the property:

(i) The applicant and the property are no longer eligible for homestead protection;

(ii) The Agency will not implement any outstanding lease-purchase agreement.

(3) The borrower may request homestead protection for property subject to third party redemption rights. In such case, homestead protection will not begin until the Agency obtains title to the property.

(b) *Lease terms and conditions.* (1) The amount of rent will be based on equivalent rents charged for similar residential properties in the area in which the dwelling is located.

(2) All leases will include an option to purchase the homestead protection property as described in paragraph (c) of this section.

(3) The lease term will not be less than 3 years and will not exceed 5 years.

(c) *Lease-purchase options.* (1) The lessee may exercise in writing the purchase option and complete the homestead protection purchase at any time prior to the expiration of the lease provided all lease payments are current.

(2) The purchase price is the market value of the property when the option is exercised as determined by a current appraisal obtained by the Agency.

(3) The lessee may purchase homestead protection property with cash or other credit source.

(4) The lessee may receive Agency Non-program financing provided:

(i) The lessee has not received previous debt forgiveness;

(ii) The Agency has funds available to finance the purchase of homestead protection property; and

(e) *Appraisal of homestead protection property.* The Agency will use an appraisal obtained within six months

§ 766.155

from the date of the application for considering homestead protection. If a current appraisal does not exist, the applicant will select an independent real estate appraiser from a list of appraisers approved by the Agency.

§ 766.155 Conflict with State law.

If there is a conflict between a borrower's homestead protection rights and any provisions of State law relating to redemption rights, the State law prevails.

§§ 766.156–766.200 [Reserved]

Subpart E—Servicing Shared Appreciation Agreements and Net Recovery Buyout Agreements

§ 766.201 Shared Appreciation Agreement.

(a) *When a SAA is required.* The Agency requires a borrower to enter into a SAA with the Agency covering all real estate security when the borrower:

- (1) Owns any real estate that serves or will serve as loan security; and
- (2) Accepts a writedown in accordance with § 766.111.

(b) *When SAA is due.* The borrower must repay the calculated amount of shared appreciation after a term of 5 years from the date of the writedown, or earlier if:

- (1) The borrower sells or conveys all or a portion of the Agency's real estate security, unless real estate is conveyed upon the death of a borrower to a spouse who will continue farming;
- (2) The borrower repays or satisfies all FLP loans;
- (3) The borrower ceases farming; or
- (4) The Agency accelerates the borrower's loans.

§ 766.202 Determining the shared appreciation due.

(a) The value of the real estate security at the time of maturity of the SAA (market value) will be the appraised value of the security at the highest and best use, less the increase in the value of the security resulting from capital improvements added during the term of the SAA (contributory value). The market value of the real estate security property will be deter-

mined based on a current appraisal completed within the previous 12 months in accordance with § 761.7 of this chapter, and subject to the following:

(1) Prior to completion of the appraisal, the borrower will identify any capital improvements that have been added to the real estate security since the execution of the SAA.

(2) The appraisal must specifically identify the contributory value of capital improvements made to the real estate security during the term of the SAA to make deductions for that value.

(3) For calculation of shared appreciation recapture, the contributory value of capital improvements added during the term of the SAA will be deducted from the market value of the property. Such capital improvements must also meet at least one of the following criteria:

(i) It is the borrower's primary residence. If the new residence is affixed to the real estate security as a replacement for a residence which existed on the security property when the SAA was originally executed, or, the living area square footage of the original residence was expanded, only the value added to the real property by the new or expanded portion of the original residence (if it added value) will be deducted from the market value.

(ii) It is an improvement to the real estate with a useful life of over one year and is affixed to the property, the following conditions must be met:

(A) The item must have been capitalized and not taken as an annual operating expense on the borrower's Federal income tax returns. The borrower must provide copies of appropriate tax returns to verify that capital improvements claimed for shared appreciation recapture reduction are capitalized.

(B) If the new item is affixed to the real estate as a replacement for an item that existed on the real estate at the time the SAA was originally executed, only the value added by the new item will be deducted from the market value.

(b) In the event of a partial sale, an appraisal of the property being sold may be required to determine the market value at the time the SAA was

signed if such value cannot be obtained through another method.

§ 766.203 Payment of recapture.

(a) The borrower must pay on the due date or 30 days from Agency notification, whichever is later:

(1) Seventy-five percent of the appreciation in the real estate security if the agreement is triggered within 4 years or less from the date of the writedown; or

(2) Fifty percent of such appreciation if the agreement is triggered more than 4 years from the date of the writedown or when the agreement matures.

(b) If the borrower sells a portion of the security, the borrower must pay shared appreciation only on the portion sold. Shared appreciation on the remaining portion will be due in accordance with paragraph (a) of this section.

(c) The amount of recapture cannot exceed the amount of the debt written off through debt writedown.

§ 766.204 Amortization of recapture.

(a) The Agency will amortize the recapture into a Shared Appreciation Payment Agreement provided the borrower:

(1) Has not ceased farming and the borrower's account has not been accelerated;

(2) Provides a complete application in accordance with § 764.51(b), by the recapture due date or within 60 days of Agency notification of the amount of recapture due, whichever is later;

(3) Is unable to pay the recapture and cannot obtain funds from any other source;

(4) Develops a feasible plan that includes repayment of the shared appreciation amount;

(5) Provides a lien on all assets, except those listed in § 766.112(b); and

(6) Signs loan agreements and security instruments as required.

(b) If the borrower later becomes delinquent or financially distressed, re-amortization of the Shared Appreciation Payment Agreement can be considered under subpart C of this part.

§ 766.205 Shared Appreciation Payment Agreement rates and terms.

(a) The interest rate for Shared Appreciation Payment Agreements is the Agency's SA amortization rate.

(b) The term of the Shared Appreciation Payment Agreement is based on the borrower's repayment ability and the useful life of the security. The term will not exceed 25 years.

§ 766.206 Net Recovery Buyout Recapture Agreement.

(a) *Servicing existing Net Recovery Buyout Recapture Agreements.* Prior to July 3, 1996, the Agency was authorized to offer borrowers buy out their loans at the net recovery value. A Net Recovery Buyout Agreement was required for borrowers who bought out their loans at the net recovery value. The Agency services existing Net Recovery Buyout Recapture Agreements as described in this section.

(b) *Requirements and terms.* (1) The term of a Net Recovery Buyout Recapture Agreement is 10 years. Net Recovery Buyout Recapture Agreements are secured by a lien on the former borrower's real estate.

(2) If the former borrower sells or conveys real estate within the 10-year term, the former borrower must repay the Agency the lesser of:

(i) The market value of the real estate parcel at the time of sale or conveyance, as determined by an Agency appraisal, minus the portion of the recovery value of the real estate paid to the Agency in the buyout;

(ii) The market value of the real estate parcel at the time of the sale or conveyance, as determined by an Agency appraisal, minus:

(A) The unpaid balance of prior liens at the time of the sale or conveyance; and

(B) The net recovery value of the real estate the borrower paid to the Agency in the buyout if this amount has not been accounted for as a prior lien;

(iii) The total amount of the FLP debt the Agency wrote off for loans secured by real estate.

(3) If the former borrower does not pay the amount due, the Agency will liquidate the Net Recovery Buyout account in accordance with subpart H of this part.

(4) If the former borrower does not sell or convey the real estate within the 10-year term, no recapture is due.

§§ 766.207–766.250 [Reserved]

Subpart F—Unauthorized Assistance

§ 766.251 Repayment of unauthorized assistance.

(a) Except where otherwise specified, the borrower is responsible for repaying any unauthorized assistance in full within 90 days of Agency notice. The Agency may reverse any unauthorized loan servicing actions, when possible.

(b) The borrower has the opportunity to meet with the Agency to discuss or refute the Agency's findings.

§ 766.252 Unauthorized assistance resulting from submission of false information.

A borrower is ineligible for continued Agency assistance if the borrower, or a third party on the borrower's behalf, submits information to the Agency that the borrower knows to be false.

§ 766.253 Unauthorized assistance resulting from submission of inaccurate information by borrower or Agency error.

(a) *Borrower options.* (1) The borrower may repay the amount of the unauthorized assistance in a lump sum within 90 days of Agency notice.

(2) If the borrower is unable to repay the entire amount in a lump sum, the Agency will accept partial repayment of the unauthorized assistance within 90 days of Agency notice to the extent of the borrower's ability to repay.

(3) If the borrower is unable to repay all or part of the unauthorized amount, the loan will be converted to a Non-program loan under the following conditions:

(i) The borrower did not provide false information;

(ii) It is in the interest of the Agency;

(iii) The debt will be subject to the interest rate for Non-program loans;

(iv) The debt will be serviced as a Non-program loan;

(v) The term of the Non-program loan will be as short as feasible, but in no case will exceed:

(A) The remaining term of the FLP loan;

(B) Twenty-five (25) years for real estate loans; or

(C) The life of the security for chattel loans.

(b) *Borrower refusal to pay.* If the borrower is able to pay the unauthorized assistance amount but refuses to do so, the Agency will notify the borrower of the availability of loan servicing in accordance with subpart C of this part.

§§ 766.254–766.300 [Reserved]

Subpart G—Loan Servicing For Borrowers in Bankruptcy

§ 766.301 Notifying borrower in bankruptcy of loan servicing.

If a borrower files for bankruptcy, the Agency will provide written notification to the borrower's attorney with a copy to the borrower as follows:

(a) *Borrower not previously notified.* The Agency will provide notice of all loan servicing options available under subpart C of this part, if the borrower has not been previously notified of these options.

(b) *Borrower with prior notification.* If the borrower received notice of all loan servicing options available under subpart C of this part prior to the time of bankruptcy filing but all loan servicing was not completed, the Agency will provide notice of any remaining loan servicing options available.

§ 766.302 Loan servicing application requirements for borrowers in bankruptcy.

(a) *Borrower not previously notified.* To be considered for loan servicing, the borrower or borrower's attorney must sign and return the appropriate response form and any forms or information requested by the Agency within 60 days of the date of receipt of Agency notice on loan servicing options.

(b) *Borrower previously notified.* To be considered for continued loan servicing, the borrower or borrower's attorney must sign and return the appropriate response form and any forms or information requested by the Agency within the greater of:

(1) Sixty days after the borrower's attorney received the notification of any remaining loan servicing options; or

(2) The remaining time from the Agency's previous notification of all servicing options that the Agency suspended when the borrower filed bankruptcy.

(c) *Court approval.* The borrower is responsible for obtaining court approval prior to exercising any available servicing rights.

§ 766.303 Processing loan servicing requests from borrowers in bankruptcy.

(a) *Considering borrower requests for servicing.* Any request for servicing is the borrower's acknowledgment that the Agency will not interfere with any rights or protections under the Bankruptcy Code and its automatic stay provisions.

(b) *Borrowers with confirmed bankruptcy plans.* If a plan is confirmed before servicing and any appeal is completed under 7 CFR part 11, the Agency will complete the servicing or appeals process and may consent to a post-confirmation modification of the plan if it is consistent with the Bankruptcy Code and subpart C of this part, as appropriate.

(c) *Chapter 7 borrowers.* A borrower filing for bankruptcy under chapter 7 of the Bankruptcy Code may not receive primary loan servicing unless the borrower reaffirms the entire FLP debt. A borrower who filed chapter 7 does not have to reaffirm the debt in order to be considered for homestead protection.

§§ 766.304–766.350 [Reserved]

Subpart H—Loan Liquidation

§ 766.351 Liquidation.

(a) *General.* (1) When a borrower cannot or will not meet a loan obligation, the Agency will consider liquidating the borrower's account in accordance with this subpart.

(2) The Agency will charge protective advances against the borrower's account as necessary to protect the Agency's interests during liquidation in accordance with § 765.203 of this chapter.

(3) When no surviving family member or third party assumes or repays a deceased borrower's loan in accordance with part 765, subpart J, of this chapter, or when the estate does not otherwise fully repay or sell loan security to repay a deceased borrower's FLP loans, the Agency will liquidate the security as quickly as possible in accordance with State and local requirements.

(b) *Liquidation for Program borrowers.*

(1) If the borrower does not apply, does not accept, or is not eligible for primary loan servicing, conservation contract, market value buyout or homestead protection, and all administrative appeals are concluded, the Agency will accelerate the borrower's account in accordance with §§ 766.355 and 766.356, as appropriate.

(2) Borrowers may voluntarily liquidate their security in accordance with §§ 766.352, 766.353 and 766.354. In such case, the Agency will:

(i) Not delay involuntary liquidation action.

(ii) Notify the borrower in accordance with subpart C of this part, prior to acting on the request for voluntary liquidation, if the conditions of paragraph (b)(1) of this section have not been met.

(c) *Liquidation for Non-program borrowers.* If a borrower has both program and Non-program loans, the borrower's account will be handled in accordance with paragraph (b) of this section. If a borrower with only Non-program loans is in default, the borrower may liquidate voluntarily, subject to the following:

(1) The Agency may delay involuntary liquidation actions when in the Agency's financial interest for a period not to exceed 60 days.

(2) The borrower must obtain the Agency's consent prior to the sale of the property.

(3) If the borrower will not pay the Agency in full, the minimum sales price must be the market value of the property as determined by the Agency.

(4) The Agency will accept a conveyance offer only when it is in the Agency's financial interest.

(5) If a Non-program borrower does not cure the default, or cannot or will not voluntarily liquidate, the Agency will accelerate the loan.

§ 766.352

§ 766.352 Voluntary sale of real property and chattel.

(a) *General.* A borrower may voluntarily sell real property or chattel security to repay FLP debt in lieu of involuntary liquidation if all applicable requirements of this section are met. Partial dispositions are handled in accordance with part 765, subparts G and H, of this chapter.

(1) The borrower must sell all real property and chattel that secure FLP debt until the debt is paid in full or until all security has been liquidated.

(2) The Agency must approve the sale and approve the use of proceeds.

(3) The sale proceeds are applied in order of lien priority, except that proceeds may be used to pay customary costs appropriate to the transaction provided:

(i) The costs are reasonable in amount;

(ii) The borrower is unable to pay the costs from personal funds or have the purchaser pay;

(iii) The costs must be paid to complete the sale;

(iv) Costs are not for postage and insurance of the note while in transit when required for the Agency to present the promissory note to the recorder to obtain a release of a portion of the real property from the mortgage.

(4) The Agency will approve the sale of property when the proceeds do not cover the borrower's full debt only if:

(i) The sales price must be equal to or greater than the market value of the property; and

(ii) The sale is in the Agency's financial interest.

(5) If an unpaid loan balance remains after the sale, the Agency will continue to service the loan in accordance with subpart B of 7 CFR part 1956.

(b) *Voluntary sale of chattel.* If the borrower complies with paragraph (a) of this section, the borrower may sell chattel security by:

(1) Public sale if the borrower obtains the agreement of lienholders as necessary to complete the public sale; or

(2) Private sale if the borrower:

(i) Sells all of the security for not less than the market value;

(ii) Obtains the agreement of lienholders as necessary to complete the sale;

7 CFR Ch. VII (1-1-09 Edition)

(iii) Has a buyer who is ready and able to purchase the property; and

(iv) Obtains the Agency's agreement for the sale.

§ 766.353 Voluntary conveyance of real property.

(a) *Requirements for conveying real property.* The borrower must supply the Agency with the following:

(4) A warranty deed or other deed acceptable to the Agency;

(5) A resolution approved by the governing body that authorizes the conveyance in the case of an entity;

(6) Assignment of all leases to the Agency. The borrower must put all oral leases in writing;

(7) Title insurance or title record for the security, if available;

(8) Complete debt settlement application in accordance with subpart B of 7 CFR part 1956 before or in conjunction with the voluntary conveyance offer if the value of the property to be conveyed is less than the FLP debt; and

(9) Any other documentation required by the Agency to evaluate the request.

(b) *Conditions for conveying real property.* The Agency will accept voluntary conveyance of real property by a borrower if:

(1) Conveyance is in the Agency's financial interest;

(2) The borrower conveys all real property securing the FLP loan; and

(3) The borrower has received prior notification of the availability of loan servicing in accordance with subpart C of this part.

(c) *Prior and junior liens.* (1) The Agency will pay prior liens to the extent consistent with the Agency's financial interest.

(2) Before conveyance, the borrower must pay or obtain releases of all junior liens, real estate taxes, judgments, and other assessments. If the borrower is unable to pay or obtain a release of the liens, the Agency may attempt to negotiate a settlement with the

lienholder if it is in the Agency's financial interest.

(d) *Charging and crediting the borrower's account.* (1) The Agency will charge the borrower's account for all recoverable costs incurred in connection with a conveyance.

(2) The Agency will credit the borrower's account for the amount of the market value of the property less any prior liens, or the debt, whichever is less. In the case of an American Indian borrower whose loans are secured by real estate located within the boundaries of a Federally recognized Indian reservation, however, the Agency will credit the borrower's account with the greater of the market value of the security or the borrower's FLP debt.

(e) *Right of possession.* After voluntary conveyance, the borrower or former owner retains no statutory, implied, or inherent right of possession to the property beyond those rights under an approved lease-purchase agreement executed according to § 766.154 or required by State law.

§ 766.354 Voluntary conveyance of chattel.

(a) *Requirements for conveying chattel.* The borrower must supply the Agency with the following:

- (5) A resolution approved by the governing body that authorizes the conveyance in the case of an entity borrower;
- (6) Complete debt settlement application in accordance with subpart B of 7 CFR part 1956 before or in conjunction with the voluntary conveyance offer if the value of the property to be conveyed is less than the debt.

(b) *Conditions for conveying chattel.* The Agency will accept conveyance of chattel only if:

- (1) The borrower has made every possible effort to sell the property voluntarily;

(2) The borrower can convey the chattel free of other liens;

(3) The conveyance is in the Agency's financial interest;

(4) The borrower conveys all chattel securing the FLP loan; and

(5) The borrower has received prior notification of the availability of loan servicing in accordance with subpart C of this part.

(c) *Charging and crediting the borrower's account.* (1) The Agency will charge the borrower's account for all recoverable costs incurred in connection with the conveyance.

§ 770.4 Authorized loan uses.

Loan funds may only be used to:

(a) Acquire land and interests therein (including fractional interests, rights-of-way, water rights, easements, and other appurtenances (excluding improvements) that would normally pass with the land or are necessary for the proposed operation of the land) located within the Native American tribe's reservation which will be used for the benefit of the tribe or its members.

(b) Pay costs incidental to land acquisition, including but not limited to, title clearance, legal services, land surveys, and loan closing.

(c) Refinance non-United States Department of Agriculture preexisting debts the applicant incurred to purchase the land provided the following conditions exist:

(1) Prior to the acquisition of such land, the applicant filed a loan application regarding the purchase of such land and received the Agency's approval for the land purchase;

(2) The applicant could not acquire an option on such land;

(3) The debt for such land is a short term debt with a balloon payment that cannot be paid by the applicant and that cannot be extended or modified to enable the applicant to satisfy the obligation; and

(4) The purchase of such land is consistent with all other applicable requirements of this part.

(d) Pay for the costs of any appraisal conducted pursuant to this part.

§ 770.5 Loan limitations.

(a) Loan funds may not be used for any land improvement or development purposes, acquisition or repair of buildings or personal property, payment of operating costs, payment of finder's fees, or similar costs, or for any purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agriculture commodity as further established in exhibit M to subpart G of part 1940 of this title.

(b) The amount of loan funds used to acquire land may not exceed the market value of the land (excluding the value of any improvements) as determined by a current appraisal.

Farm Service Agency, USDA

§ 770.10

(c) Loan funds for a land purchase must be disbursed over a period not to exceed 24 months from the date of loan approval.

(d) The sale of assets that are not renewable within the life of the loan will require a reduction in loan principal equal to the value of the assets sold.

§ 770.6 Rates and terms.

(a) *Term.* Each loan will be scheduled for repayment over a period not to exceed 40 years from the date of the note.

(b) *Interest rate.* The interest rate charged by the Agency will be the lower of the interest rate in effect at the time of the loan approval or loan closing, which is the current rate available in any FSA office. Except as provided in § 770.10(b) the interest rate will be fixed for the life of the loan.

§ 770.7 Security requirements.

(a) The applicant will take appropriate action to obtain and provide security for the loan.

(b) A mortgage or deed of trust on the land to be purchased by the applicant will be taken as security for a loan, except as provided in paragraph (c) of this section.

(1) If a mortgage or deed of trust is to be obtained on trust or restricted land and the applicant's constitution or charter does not specifically authorize mortgage of such land, the mortgage must be authorized by tribal referendum.

(2) All mortgages or deeds of trust on trust or restricted land must be approved by the Department of the Interior.

(c) The Agency may take an assignment of income in lieu of a mortgage or deed of trust provided:

(1) The Agency determines that an assignment of income provides as good or better security; and

(2) Prior approval of the Administrator has been obtained.

§ 770.8 Use of acquired land.

(a) *General.* Subject to § 770.5(d) land acquired with loan funds, or other property serving as the security for a loan under this part, may be leased, sold, exchanged, or subject to a subordination of the Agency's interests, provided:

(1) The Agency provides prior written approval of the action;

(2) The Agency determines that the borrower's loan obligations to the Agency are adequately secured; and

(3) The borrower's ability to repay the loan is not impaired.

(b) *Title.* Title to land acquired with a loan made under this part may, with the approval of the Secretary of the Interior, be taken by the United States in trust for the tribe or tribal corporation.

§ 770.9 Appraisals.

(a) The applicant or the borrower, as appropriate, will pay the cost of any appraisal required under this part.

(b) Appraisals must be completed in accordance with § 761.7 of this chapter.

§ 770.10 Servicing.

(a) *Reamortization*—(1) *Eligibility.* The Agency may consider reamortization of a loan provided:

(i) The borrower submits a completed Agency application form; and

(ii) The account is delinquent due to circumstances beyond the borrower's control and cannot be brought current within 1 year; or

(iii) The account is current, but due to circumstances beyond the borrower's control, the borrower will be unable to meet the annual loan payments.

(2) *Terms.* The term of a loan may not be extended beyond 40 years from the date of the original note.

(i) Reamortization within the remaining term of the loan will be predicated on a projection of the tribe's operating expenses indicating the ability to meet the new payment schedule; and

(ii) No intervening lien exists on the security for the loan which would jeopardize the Government's security priority.

(3) *Consolidation of notes.* If one or more notes are to be reamortized, consolidation of the notes is authorized.

(b) *Interest rate reduction.* The Agency may consider a reduction of the interest rate for an existing loan to the current interest rate as available from any Agency office provided:

(1) The borrower submits a completed Agency application form;

(2) The loan was made more than 5 years prior to the application for the interest reduction; and

(3) The Department of the Interior and the borrower certify that the borrower meets at least one of the criteria contained in paragraph (e)(2) of this section.

(c) *Deferral.* The Agency may consider a full or partial deferral for a period not to exceed 5 years provided:

(1) The borrower submits a completed Agency application form;

(2) The borrower presents a plan which demonstrates that due to circumstances beyond their control, they will be unable to meet all financial commitments unless the Agency payment is deferred; and

(3) The borrower will be able to meet all financial commitments, including the Agency payments, after the deferral period has ended.

(d) *Land exchanges.* In the cases where a borrower proposes to exchange any portion of land securing a loan for other land, title clearance and a new mortgage on the land received by the borrower in exchange, which adequately secures the unpaid principal balance of the loan, will be required unless the Agency determines any remaining land or other loan security is adequate security for the loan.

(e) *Debt write-down*—(1) *Application.* The Agency will consider debt write-down under either the land value option or rental value option, as requested by the borrower.

(i) The borrower must submit a completed Agency application form;

(ii) If the borrower applies and is determined eligible for a land value and a rental value write-down, the borrower will receive a write-down based on the write-down option that provides the greatest debt reduction.

(2) *Eligibility.* To be eligible for debt write-down, the borrower (in the case of a tribal corporation, the Native American tribe of the borrower) must:

(i) Be located in a county which is identified as a persistent poverty county by the United States Department of Agriculture, Economic Research Service pursuant to the most recent data from the Bureau of the Census; and

(ii) Have a socio-economic condition over the immediately preceding 5 year

period that meets the following two factors as certified by the Native American tribe and the Department of the Interior:

(A) The Native American tribe has a per capita income for individual enrolled tribal members which is less than 50 percent of the Federally established poverty income rate established by the Department of Health and Human Services;

(B) The tribal unemployment rate exceeds 50 percent;

(3) *Land value write-down.* The Agency may reduce the unpaid principal and interest balance on any loan made to the current market value of the land that was purchased with loan funds provided:

(i) The market value of such land has declined by at least 25 percent since the land was purchased as established by a current appraisal;

(ii) Land value decrease is not attributed to the depletion of resources contained on or under the land;

(iii) The loan was made more than 5 years prior to the application for land value write-down;

(iv) The loan has not previously been written down under paragraph (e)(4) of this section and has not been written down within the last 5 years under this paragraph, and

(v) The borrower must meet the eligibility requirements of paragraphs (a)(1)(ii) or (iii) of this section.

(4) *Rental value write-down.* The Agency may reduce the unpaid principal and interest on any loan, so the annual loan payment for the remaining term of each loan equals the average of annual rental value of the land purchased by each such loan for the immediately preceding 5-year period provided:

(i) The loan was made more than 5 years prior to the rental value writedown;

(ii) The description of the land purchased with the loan funds and the rental values used to calculate the 5 year average annual rental value of the land have been certified by the Department of the Interior;

(iii) The borrower provides a record of any actual rents received for the land for the preceding 5 years, which will be used to calculate the average

rental value. This record must be certified by the Department of the Interior. For land that has not been leased or has not received any rental income, the borrower must provide a market value rent study report for the preceding 5 years, which identifies the average annual rental value based on the market data. The market value rent study report must be prepared by a certified general appraiser and meet the requirements of USPAP.

(iv) The borrower has not previously received a write-down under this paragraph and has not had a loan written down within the last 5 years under paragraph (e)(3) of this section, and

(v) The borrower must meet the eligibility requirements of paragraph (a)(1)(ii) or (iii) of this section.

(f) *Release of reserve.* Existing reserve accounts may be released for the purpose of making ITLAP loan payments or to purchase additional lands, subject to the following:

(1) A written request is received providing details of the use of the funds;

(2) The loan is not delinquent;

(3) The loan adequately secured by a general assignment of tribal income.

§ 771.13 Loan closing.

(a) *Conditions.* The applicant must meet all conditions specified by the loan approval official in the notification of loan approval prior to closing.

(4) The subordination is for a specific amount.

(5) The borrower is unable, as determined by the Agency, to refinance its loan and graduate in accordance with this subpart.

(4) The lease prohibits amendments to the lease or subleasing arrangements without prior written approval from the Agency;

(5) The lease terms provide that the Agency is a lienholder on the subject property and, as such, the lease is subordinate to the rights and claims of the Agency as lienholder; and

(6) The lease is for less than 3 years and does not constitute a lease/purchase arrangement, unless the transfer and assumption provisions of this subpart are met.

(b) *Application.* The borrower must submit a written request for Agency consent to lease the property.

§ 772.8 Sale or exchange of security property.

(a) For AMP loans.

Farm Service Agency, USDA

§ 772.9

(1) Sale of all or a portion of the security property may be approved when all of the following conditions are met:

(i) The property is sold for market value based on a current appraisal prepared in accordance with § 761.7 of this chapter.

(ii) The sale will not prevent carrying out the original purpose of the loan. The borrower must execute an Assurance Agreement as prescribed by the Agency. The covenant involved will remain in effect as long as the property continues to be used for the same or similar purposes for which the loan was made. The instrument of conveyance will contain the following non-discrimination covenant:

Such provisions apply for as long as the property continues to be used for the same or similar purposes for which the Federal assistance was extended, or for so long as the purchaser owns it, whichever is later.

(iii) The remaining security for the loan is adequate or will not change after the transaction.

(iv) Sale proceeds remaining after paying any reasonable and necessary selling expenses are applied to the Minor Program loan according to lien priority.

(2) Exchange of all or a portion of security property for an AMP loan may be approved when:

(c) *Servicing of debt not satisfied through liquidation*. Balances remaining after sale or liquidation of the security will be subject to administrative offset in accordance with 7 CFR part 3, Department of Treasury Offset Program (TOP) and Treasury Cross-Servicing regulations at 31 CFR part 285 and Federal Claims Collections Standards at 31 CFR parts 900-904. § 772.14 Reamortization of AMP loans.

The Agency may approve reamortization of AMP loans provided:

(a) There is no extension of the final maturity date of the loan;

(b) No intervening lien exists on the security for the loan which would jeopardize the Government's security position;

(c) If the account is delinquent, it cannot be brought current within one year and the borrower has presented a cash flow budget which demonstrates the ability to meet the proposed new payment schedule; and

(d) If the account is current, the borrower will be unable to meet the annual loan payments due to circumstances beyond the borrower's control.

§ 772.15 Protective advances.

(a) The Agency may approve, without regard to any loan or total indebtedness limitation, vouchers to pay costs, including insurance and real estate taxes, to preserve and protect the security, the lien, or the priority of the lien securing the debt owed to the Agency if the debt instrument provides that the

Agency may voucher the account to protect its lien or security.

(b) The Agency may pay protective advances only when it determines it to be in the Government's best financial interest.

(c) Protective advances are immediately due and payable.

§ 772.16 Liquidation.

When the Agency determines that continued servicing will not accomplish the objectives of the loan and the delinquency or financial distress cannot be cured by the options in § 772.13, or the loan is in non-monetary default, the borrower will be encouraged to dispose of the Agency security voluntarily through sale or transfer and assumption in accordance with this part. If such a transfer or voluntary sale is not carried out, the loan will be liquidated according to 7 CFR part 766. For AMP loans, appeal rights under 7 CFR part 11 are provided in the notice of acceleration. For IMP loans, appeal rights must be exhausted before acceleration, and the notice of acceleration is not appealable.

§ 772.18 Exception authority.

§ 773.1 Introduction.

This part contains the terms and conditions for loans made under the Special Apple Loan Program. These regulations are applicable to applicants, borrowers, and other parties involved in making, servicing, and liquidating these loans. The program objective is to assist producers of apples suffering from economic loss as a result of low apple prices.

§ 773.2 Definitions.

As used in this part, the following definitions apply:

Agency is the Farm Service Agency, its employees, and any successor agency.

Apple producer is a farmer in the United States or its territories that produced apples, on not less than 10 acres, for sale in 1999 or 2000.

Applicant is the individual or business entity applying for the loan.

Business entity is a corporation, partnership, joint operation, trust, limited liability company, or cooperative.

Cash flow budget is a projection listing all anticipated cash inflows (including all farm income, nonfarm income and all loan advances) and all cash outflows (including all farm and nonfarm debt service and other expenses) to be incurred by the borrower during the period of the budget. A cash flow budget may be completed either for a 12 month period, a typical production cycle or the life of the loan, as appropriate.

Domestically owned enterprise is an entity organized in the United States under the law of the state or states in which the entity operates and a majority of the entity is owned by members meeting the citizenship test.

False information is information provided by an applicant, borrower, or other source to the Agency which information is known by the provider to be incorrect, and was given to the Agency in order to obtain benefits for which the applicant or borrower would not otherwise have been eligible.

Feasible plan is a plan that demonstrates that the loan will be repaid as agreed, as determined by the Agency.

Security is real or personal property pledged as collateral to assure repayment of a loan in the event there is a default on the loan.

USPAP is Uniform Standards of Professional Appraisal Practice.

§ 773.3 Appeals.

A loan applicant or borrower may request an appeal or review of an adverse decision made by the Agency in accordance with 7 CFR part 11.

§§ 773.4-773.5 [Reserved]**§ 773.6 Eligibility requirements.**

Loan applicants must meet all of the following requirements to be eligible for a Special Apple Program Loan:

(a) The loan applicant must be an apple producer;

(b) The loan applicant must be a citizen of the United States or an alien lawfully admitted to the United States for permanent residence under the Immigration and Nationalization Act. For a business entity applicant, the majority of the business entity must be owned by members meeting the citizenship test or, other entities that are domestically owned. Aliens must provide the appropriate Immigration and Naturalization Service forms to document their permanent residency;

(c) The loan applicant and anyone who will execute the promissory note must possess the legal capacity to enter into contracts, including debt instruments;

Farm Service Agency, USDA

§ 773.9

(d) At loan closing the loan applicant and anyone who will execute the promissory note must not be delinquent on any Federal debt, other than a debt under the Internal Revenue Code of 1986;

(e) At loan closing the loan applicant and anyone who will execute the promissory note must not have any outstanding unpaid judgments obtained by the United States in any court. Such judgments do not include those filed as a result of action in the United States Tax Courts;

(f) The loan applicant, in past or present dealings with the Agency, must not have provided the Agency with false information; and

(g) The individual or business entity loan applicant and all entity members must have acceptable credit history demonstrated by debt repayment. A history of failure to repay past debts as they came due (including debts to the Internal Revenue Service) when the ability to repay was within their control will demonstrate unacceptable credit history. Unacceptable credit history will not include isolated instances of late payments which do not represent a pattern and were clearly beyond the applicant's control or lack of credit history.

§ 773.7 Loan uses.

Loan funds may be used for any of the following purposes related to the production or marketing of apples:

(a) Payment of costs associated with reorganizing a farm to improve its profitability;

(b) Payment of annual farm operating expenses;

(c) Purchase of farm equipment or fixtures;

(d) Acquiring, enlarging, or leasing a farm;

(e) Making capital improvements to a farm;

(f) Refinancing indebtedness;

(g) Purchase of cooperative stock for credit, production, processing or marketing purposes; or

(h) Payment of loan closing costs.

§ 773.8 Limitations.

(a) The maximum loan amount any individual or business entity may re-

ceive under the Special Apple Loan Program is limited to \$500,000.

(b) The maximum loan is further limited to \$300 per acre of apple trees in production in 1999 or 2000, whichever is greater.

(c) Loan funds may not be used to pay expenses incurred for lobbying or related activities.

(d) Loans may not be made for any purpose which contributes to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

§ 773.9 Environmental compliance.

(a) Except as otherwise specified in this section, prior to approval of any loan, an environmental evaluation will be completed by the Agency to determine if the proposed action will have any adverse impacts on the human environment and cultural resources. Loan applicants will provide all information necessary for the Agency to make its evaluation.

(b) The following loan actions were reviewed for the purpose of compliance with the National Environmental Policy Act (NEPA), 40 CFR parts 1500 through 1508, and determined not to have a significant impact on the quality of the human environment, either individually or cumulatively. Therefore the following loan actions are categorically excluded from the requirements of an environmental evaluation:

(1) Payment of legal costs associated with reorganizing a farm to improve its profitability as long as there will be no changes in the land's use or character;

(2) Purchase of farm equipment which will not be affixed to a permanent mount or position;

(3) Acquiring or leasing a farm;

(4) Refinancing an indebtedness not greater than \$30,000;

(5) Purchase of stock in a credit association or in a cooperative which deals with the production, processing or marketing of apples; and

(6) Payment of loan closing costs.

(c) The loan actions listed in paragraph (b) of this section were also reviewed in accordance with section 106 of the National Historic Preservation Act (NHPA). It was determined that these loan actions are non-under-takings with no potential to affect or

§ 773.10

alter historic properties and therefore, will not require consultation with the State Historic Preservation Officer, Tribal Historic Preservation Officer, or other interested parties.

(d) If adverse environmental impacts, either direct or indirect, are identified, the Agency will complete an environmental assessment in accordance with the Council on Environmental Quality's Regulations for Implementing the Procedural Provisions of NEPA to the extent required by law.

(e) In order to minimize the financial risk associated with contamination of real property from hazardous waste and other environmental concerns, the Agency will complete an environmental risk evaluation of the environmental risks to the real estate collateral posed by the presence of hazardous substances and other environmental concerns.

(1) The Agency will not accept real estate as collateral which has significant environmental risks.

(2) If the real estate offered as collateral contains significant environmental risks, the Agency will provide the applicant with the option of properly correcting or removing the risk, or offering other non-contaminated property as collateral.

§ 773.10 Other Federal, State, and local requirements.

Borrowers are required to comply with all applicable:

- (a) Federal, State, or local laws;
- (b) Regulatory commission rules; and
- (c) Regulations which are presently in existence, or which may be later adopted including, but not limited to, those governing the following:

(1) Borrowing money, pledging security, and raising revenues for repayment of debt;

(2) Accounting and financial reporting; and

(3) Protection of the environment.

§§ 773.11–773.17 [Reserved]

(b) Except as required in § 773.19(e), the Agency will waive requirements for a complete application, listed in paragraphs (a)(5) and (a)(6) of this section, for requests of \$30,000 or less.

§ 773.19 Interest rate, terms, security requirements, and repayment.

(a) *Interest rate.* The interest rate will be fixed for the term of the loan. The rate will be established by the Agency and available in each Agency Office, based upon the cost of Government borrowing for loans of similar maturities.

(b) *Terms.* The loan term will be for up to 3 years, based upon the useful life of the security offered.

(c) *Security requirements.* The Agency will take a lien on the following security, if available, as necessary to adequately secure the loan:

(2) Chattels;

(3) Crops;

(4) Other assets owned by the applicant; and

(5) Assets owned and pledged by a third party.

(d) *Documentation of security value.* (1) For loans that are for \$30,000 or less, collateral value will be based on the best available, verifiable information.

value will be based on tax assessment of real estate and depreciation schedules of chattels, as applicable, less any existing liens.

(3) For loans of greater than \$30,000 where the applicant's balance sheet shows a net worth of less than three times the loan amount, collateral value will be based on an appraisal. Such appraisals must be obtained by the applicant, at the applicant's expense and acceptable to the Agency. Appraisals of real estate must be completed in accordance with USPAP.

(e) *Repayment.* (1) All loan applicants must demonstrate that the loan can be repaid.

(2) For loans that are for \$30,000 or less where the applicant's balance sheet shows a net worth of less than three times the loan amount or greater, repayment ability will be considered adequate without further documentation.

(3) For loans that are for \$30,000 or less where the applicant's balance sheet shows a net worth of less than three times the loan amount, repayment ability must be demonstrated using the farm's operating plan, including a projected cash flow budget based on historical performance. Such operating plan is required notwithstanding § 773.18 of this part.

(4) For loans that are for more than \$30,000, repayment ability must be demonstrated using the farm's operating plan, including a projected cash flow budget based on historical performance.

(f) *Creditworthiness.* All loan applicants must have an acceptable credit history demonstrated by debt repayment. A history of failure to repay past debts as they came due (including debts to the Internal Revenue Service) when the ability to repay was within their control will demonstrate unacceptable credit history. Unacceptable credit history will not include isolated instances of late payments which do not represent a pattern and were clearly beyond the applicant's control or lack of credit history.

§ 773.20 Funding applications.

Loan requests will be funded based on the date the Agency approves the application. Loan approval is subject to the availability of funds.

§ 773.21 Loan decision, closing, and fees.

- (i) The loan can be repaid;
- (ii) The proposed use of loan funds is authorized;

(2) There must have been no significant changes in the plan of operation or the applicant's financial condition since the loan was approved; and

(2) The applicant will execute all loan instruments and legal documents required by the Agency to evidence the debt, perfect the required security interest in property securing the loan, and protect the Government's interests, in accordance with applicable State and Federal laws. In the case of an entity applicant, all officers or partners and any board members also will be required to execute the promissory notes as individuals.

(c) *Fees.* The applicant will pay all loan closing fees including credit report fees, fees for appraisals, fees for recording any legal instruments determined to be necessary, and all notary, lien search, and similar fees incident to loan transactions. No fees will be assessed for work performed by Agency employees.

AUTHORITY: 5 U.S.C. 301 and 574; 7 U.S.C. 6995; 15 U.S.C. 714b and 714c; 16 U.S.C. 590h.

SOURCE: 70 FR 43266, July 27, 2005, unless otherwise noted.

§ 780.1 General.

This part sets forth rules applicable to appealability reviews, reconsiderations, appeals and alternative dispute resolution procedures comprising in aggregate the informal appeals process of FSA. FSA will apply these rules to facilitate and expedite participants' submissions and FSA reviews of documentary and other evidence material to resolution of disputes arising under agency program regulations.

§ 780.2 Definitions.

For purposes of this part:

1994 Act means the Federal Crop Insurance Reform and Department of Agriculture Reorganization Act of 1994 (Pub. L. 103-354).

Adverse decision means a program decision by an employee, officer, or committee of FSA that is adverse to the participant. The term includes any denial of program participation, benefits, written agreements, eligibility, etc., that results in a participant receiving less funds than the participant believes should have been paid or not receiving a program benefit to which the participant believes the participant was entitled.

Agency means FSA and its county and State committees and their personnel, CCC, NRCS, and any other agency or office of the Department which the Secretary may designate, or any successor agency.

Agency record means all documents and materials maintained by FSA that are related to the adverse decision under review that are compiled and reviewed by the decision-maker or that are compiled in the record provided to the next level reviewing authority.

Appeal means a written request by a participant asking the next level reviewing authority within FSA to review a decision. However, depending on the context, the term may also refer to a request for review by NAD.

Appealability review means review of a decision-maker's determination that a decision is not appealable under this part. That decision is, however, subject

to review according to § 780.5 or 7 CFR part 11 to determine whether the decision involves a factual dispute that is appealable or is, instead, an attempt to challenge generally applicable program policies, provisions, regulations, or statutes that were not appealable.

Appellant means any participant who appeals or requests reconsideration or mediation of an adverse decision in accordance with this part or 7 CFR part 11.

Authorized representative means a person who has obtained a Privacy Act waiver and is authorized in writing by a participant to act for the participant in a reconsideration, mediation, or appeal.

CCC means the Commodity Credit Corporation, a wholly owned Government corporation within USDA.

Certified State means, in connection with mediation, a State with a mediation program, approved by the Secretary, that meets the requirements of 7 CFR part 785.

Confidential mediation means a mediation process in which neither the mediator nor parties participating in mediation will disclose to any person oral or written communications provided to the mediator in confidence, except as allowed by 5 U.S.C. 574 or 7 CFR part 785.

County committee means an FSA county or area committee established in accordance with section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)).

Determination of NRCS means a decision by NRCS made pursuant to Title XII of the Food Security Act of 1985 (16 U.S.C. 3801 *et seq.*), as amended.

FSA means the Farm Service Agency, an agency within USDA.

Final decision means a program decision rendered by an employee or officer of FSA pursuant to delegated authority, or by the county or State committee upon written request of a participant. A decision that is otherwise final shall remain final unless the decision is timely appealed to the State committee or NAD. A decision of FSA made by personnel subordinate to the county committee is considered "final" for the purpose of appeal to NAD only after that decision has been

appealed to the county committee under the provisions of this part.

Hearing means an informal proceeding on an appeal to afford a participant opportunity to present testimony, documentary evidence, or both to show why an adverse decision is in error and why the adverse decision should be reversed or modified.

Implement means the taking of action by FSA, NRCS, or CCC that is necessary to effectuate fully and promptly a final decision.

Mediation means a technique for resolution of disputes in which a mediator assists disputing parties in voluntarily reaching mutually agreeable settlement of issues within the laws, regulations, and the agency's generally applicable program policies and procedures, but in which the mediator has no authoritative decision making power.

Mediator means a neutral individual who functions specifically to aid the parties in a dispute during a mediation process.

NAD means the USDA National Appeals Division established pursuant to the 1994 Act.

NAD rules means the NAD rules of procedure published at 7 CFR part 11, implementing title II, subtitle H of the 1994 Act.

Non-certified State means a State that is not approved to participate in the certified mediation program under 7 CFR part 785, or any successor regulation.

NRCS means the Natural Resources Conservation Service of USDA.

Participant means any individual or entity who has applied for, or whose right to participate in or receive, a payment, loan, loan guarantee, or other benefit in accordance with any program of FSA to which the regulations in this part apply is affected by a decision of FSA. The term includes anyone meeting this definition regardless of whether, in the particular proceeding, the participant is an appellant or a third party respondent. The term does not include individuals or entities whose claim(s) arise under the programs excluded in the definition of "participant" published at 7 CFR 11.1.

Qualified mediator means a mediator who meets the training requirements established by State law in the State

in which mediation services will be provided or, where a State has no law prescribing mediator qualifications, an individual who has attended a minimum of 40 hours of core mediator knowledge and skills training and, to remain in a qualified mediator status, completes a minimum of 20 hours of additional training or education during each 2-year period. Such training or education must be approved by USDA, by an accredited college or university, or by one of the following organizations: State Bar of a qualifying State, a State mediation association, a State approved mediation program, or a society of dispute resolution professionals.

Reconsideration means a subsequent consideration of a program decision by the same level of decision-maker or reviewing authority.

Reviewing authority means a person or committee assigned the responsibility of making a decision on reconsideration or an appeal filed by a participant in accordance with this part.

State committee means an FSA State committee established in accordance with Section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) including, where appropriate, the Director of the Caribbean Area FSA office for Puerto Rico and the Virgin Islands.

State Executive Director means the executive director of an FSA State office with administrative responsibility for a FSA State office as established under the Reorganization Act.

USDA means the U.S. Department of Agriculture.

Verbatim transcript means an official, written record of proceedings in an appeal hearing or reconsideration of an adverse decision appealable under this part.

§ 780.3 Reservations of authority.

(a) Representatives of FSA and CCC may correct all errors in data entered on program contracts, loan agreements, and other program documents and the results of the computations or calculations made pursuant to the contract or agreement. FSA and CCC will

Farm Service Agency, USDA

§ 780.5

furnish appropriate notice of such corrections when corrections are deemed necessary.

(b) Nothing contained in this part shall preclude the Secretary, or the Administrator of FSA, Executive Vice President of CCC, the Chief of NRCS, if applicable, or a designee, from determining at any time any question arising under the programs within their respective authority or from reversing or modifying any decision made by a subordinate employee of FSA or its county and State committees, or CCC.

§ 780.4 Applicability.

(a)(1) Except as provided in other regulations, this part applies to decisions made under programs and by agencies, as set forth herein:

(vi) Other programs to which this part is made applicable by specific program regulations or notices in the FEDERAL REGISTER.

(2) The procedures contained in this part may not be used to seek review of statutes or regulations issued under Federal law or review of FSA's generally applicable interpretations of such laws and regulations.

(3) For covered programs, this part is applicable to any decision made by an employee of FSA or of its State and

county committees, CCC, the personnel of FSA, or CCC, and by the officials of NRCS to the extent otherwise provided in this part, and as otherwise may be provided in individual program requirements or by the Secretary.

(b) With respect to matters identified in paragraph (a) of this section, participants may request appealability review, reconsideration, mediation, or appeal under the provisions of this part, of decisions made with respect to:

(1) Denial of participation in a program;

(2) Compliance with program requirements;

(3) Issuance of payments or other program benefits to a participant in a program; and

(4) Determinations under Title XII of the Food Security Act of 1985, as amended, made by NRCS.

(c) Only a participant directly affected by a decision may seek administrative review under § 780.5(c).

§ 780.5 Decisions that are not appealable.

(a) Decisions that are not appealable under this part shall include the following:

(1) Any general program provision or program policy or any statutory or regulatory requirement that is applicable to similarly situated participants;

(2) Mathematical formulas established under a statute or program regulation and decisions based solely on the application of those formulas;

(3) Decisions made pursuant to statutory provisions that expressly make agency decisions final or their implementing regulations;

(4) Decisions on equitable relief made by a State Executive Director or State Conservationist pursuant to Section 1613 of the Farm Security and Rural Investment Act of 2002, Pub. L. 107-171;

(6) Requirements and conditions designated by law to be developed by agencies other than FSA.

(b) A participant directly affected by an adverse decision that is determined

§ 780.6

7 CFR Ch. VII (1–1–09 Edition)

not to be subject to appeal under this part may request an appealability review of the determination by the State Executive Director of the State from which the underlying decision arose in accordance with § 780.15.

(c) Decisions that FSA renders under this part may be reviewed by NAD under part 11 of this title to the extent otherwise allowed by NAD under its rules and procedures. An appealability determination of the State Executive Director in an administrative review is considered by FSA to be a new decision.

§ 780.6 Appeal procedures available when a decision is appealable.

(a) For covered programs administered by FSA for CCC, the following procedures are available:

(1) Appeal to the county committee of decisions of county committee subordinates;

(2) Reconsideration by the county committee;

(3) Appeal to the State committee;

(4) Reconsideration by the State committee;

(5) Appeal to NAD;

(6) Mediation under guidelines specified in § 780.9.

(b) For decisions in agricultural credit programs administered by FSA, the following procedures are available:

(1) Reconsideration under § 780.7;

(2) Mediation under § 780.9;

(3) Appeal to NAD.

(c) For programs and regulatory requirements under Title XII of the Food Security Act of 1985, as amended, to the extent not covered by paragraph (a) of this section, the following procedures are available:

(1) Appeal to the county committee;

(2) Appeal to the State committee;

(3) Mediation under § 780.9;

(4) Appeal to NAD.

§ 780.7 Reconsideration.

(a) A request for reconsideration must be submitted in writing by a participant or by a participant's authorized representative and addressed to the FSA decision maker as will be instructed in the adverse decision notification.

(b) A participant's right to request reconsideration is waived if, before re-

questing reconsideration, a participant:

(1) Has requested and begun mediation of the adverse decision;

(2) Has appealed the adverse decision to a higher reviewing authority in FSA; or

(3) Has appealed to NAD.

(c) Provided a participant has not waived the right to request reconsideration, FSA will consider a request for reconsideration of an adverse decision under these rules except when a request concerns a determination of NRCS appealable under the procedures in § 780.11, the decision has been mediated, the decision has previously been reconsidered, or the decision-maker is the Administrator, Deputy Administrator, or other FSA official outside FSA's informal appeals process.

(d) A request for reconsideration will be deemed withdrawn if a participant requests mediation or appeals to a higher reviewing authority within FSA or requests an appeal by NAD before a request for reconsideration has been acted upon.

(e) The Federal Rules of Evidence do not apply to reconsiderations. Proceedings may be confined to presentations of evidence to material facts, and evidence or questions that are irrelevant, unduly repetitious, or otherwise inappropriate may be excluded.

(f) The official decision on reconsideration will be the decision letter that is issued following disposition of the reconsideration request.

(g) A decision on reconsideration is a new decision that restarts applicable time limitations periods under § 780.15 and part 11 of this title.

[70 FR 43266, July 27, 2005, as amended at 71 FR 30573, May 30, 2006]

§ 780.8 County committee appeals.

(a) A request for appeal to a county committee concerning a decision of a subordinate of the county committee must be submitted by a participant or by a participant's authorized representative in writing and must be addressed to the office in which the subordinate is employed.

(b) The Federal Rules of Evidence do not apply to appeals to a county committee. However, a county committee may confine presentations of evidence

to material facts and may exclude evidence or questions that are irrelevant, unduly repetitious, or otherwise inappropriate.

(c) The official county committee decision on an appeal will be the decision letter that is issued following disposition of the appeal.

(d) Deliberations shall be in confidence except to the extent that a county committee may request the assistance of county committee or FSA employees during deliberations.

§ 780.9 Mediation.

(a) Any request for mediation must be submitted after issuance of an adverse decision but before any hearing in an appeal of the adverse decision to NAD.

(b) An adverse decision and any particular issues of fact material to an adverse decision may be mediated only once:

(1) If resolution of an adverse decision is not achieved in mediation, a participant may exercise any remaining appeal rights under this part or appeal to NAD in accordance with part 11 of this title and NAD procedures.

(2) If an adverse decision is modified as a result of mediation, a participant may exercise any remaining appeal rights as to the modified decision under this part or appeal to NAD, unless such appeal rights have been waived pursuant to agreement in the mediation.

(c) Any agreement reached during, or as a result of, the mediation process shall conform to the statutory and regulatory provisions governing the program and FSA's generally applicable interpretation of those statutes and regulatory provisions.

(d) FSA will participate in mediation in good faith and to do so will take steps that include the following:

(1) Designating a representative in the mediation;

(2) Instructing the representative that any agreement reached during, or as a result of, the mediation process must conform to the statutes, regulations, and FSA's generally applicable interpretations of statutes and regulations governing the program;

(3) Assisting as necessary in making pertinent records available for review

and discussion during the mediation; and

(4) Directing the representative to forward any written agreement proposed in mediation to the appropriate FSA official for approval.

(e) Mediations will be treated in a confidential manner consistent with the purposes of the mediation.

(f) For requests for mediation in a Certified State, if the factual issues implicated in an adverse decision have not previously been mediated, notice to a participant of an adverse decision will include notice of the opportunity for mediation, including a mailing address and facsimile number, if available, that the participant may use to submit a written request for mediation.

(1) If the participant desires mediation, the participant must request mediation in writing by contacting the certified mediation program or such other contact as may be designated by FSA in an adverse decision letter. The request for mediation must include a copy of the adverse decision to be mediated.

(2) Participants in mediation may be required to pay fees established by the mediation program.

(3) A listing of certified State mediation programs and means for contact may be found on the FSA Web site at <http://www.usda.gov/fsa/disputemediation.htm>.

(g) For requests for mediation in a Non-certified State, if the factual issues implicated in an adverse decision have not previously been mediated, notice to a participant of an adverse decision will, as appropriate, include notice of the opportunity for mediation, including the mailing address of the State Executive Director and a facsimile number, if available, that the participant may use to submit a written request for mediation.

(1) It is the duty of the participant to contact the State Executive Director in writing to request mediation. The request for mediation must include a copy of the adverse decision to be mediated.

(2) If resources are available for mediation, the State Executive Director will select a qualified mediator and

§ 780.10

7 CFR Ch. VII (1–1–09 Edition)

provide written notice to the participant that mediation is available and the fees that the participant will incur for mediation.

(3) If the participant accepts such mediation, FSA may give notice of the mediation to interested parties and third parties whose interests are known to FSA.

(h) Mediation will be considered to be at an end on that date set out in writing by the mediator or mediation program, as applicable, or when the participant receives written notice from the State Executive Director that the State Executive Director believes the mediation is at an impasse, whichever is earlier.

(i) To provide for mediator impartiality:

(1) No person shall be designated as mediator in an adverse program dispute who has previously served as an advocate or representative for any party in the mediation.

(2) As a condition of retention to mediate in an adverse program dispute under this part, the mediator shall agree not to serve thereafter as an advocate or representative for a participant or party in any other proceeding arising from or related to the mediated dispute, including, without limitation, representation of a mediation participant before an administrative appeals entity of USDA, or any other Federal Government department.

[70 FR 43266, July 27, 2005, as amended at 71 FR 30573, May 30, 2006]

§ 780.10 State committee appeals.

(a) A request for appeal to the State committee from a decision of a county committee must be submitted by a participant or by a participant's authorized representative in writing and addressed to the State Executive Director.

(b) A participant's right to appeal a decision to a State committee is waived if a participant has appealed the adverse decision to NAD before requesting an appeal to the State Committee.

(c) If a participant requests mediation or requests an appeal to NAD before a request for an appeal to the State Committee has been acted upon, the appeal to the State Committee will

be deemed withdrawn. The deemed withdrawal of a participant's appeal to the State Committee will not preclude a subsequent request for a State Committee hearing on appealable matters not resolved in mediation.

(d) The Federal Rules of Evidence do not apply in appeals to a State committee. Notwithstanding, a State committee may confine presentations of evidence to material facts and exclude evidence or questions as irrelevant, unduly repetitious, or otherwise inappropriate.

(e) The official record of a State committee decision on an appeal will be the decision letter that is issued following disposition of the appeal.

(f) Deliberations shall be in confidence except to the extent that a State committee may request the assistance of FSA employees during deliberations.

(a) Notwithstanding any other provision of this part, a determination of NRCS issued to a participant pursuant to Title XII of the Food Security Act of 1985, as amended, including a wetland determination, may be appealed to the county committee in accordance with the procedures in this part.

(b) If the county committee hears the appeal and believes that the challenge to the NRCS determination is not frivolous, the county committee shall refer the case with its findings on other issues to the NRCS State Conservationist to review the determination, or may make such a referral in advance of resolving other issues.

(c) A decision of the county committee not to refer the case with its findings to the NRCS State Conservationist may be appealed to the State Committee.

(d) The county or State committee decision must incorporate, and be based upon, the results of the NRCS State Conservationist's review and subsequent determination.

§ 780.13 Verbatim transcripts.

(a) Appellants and their representatives are precluded from making any electronic recording of any portion of a hearing or other proceeding conducted in accordance with this part. Appellants interested in obtaining an official recording of a hearing or other proceeding may request a verbatim transcript in accordance with paragraph (b) of this section.

(b) Any party to an appeal or request for reconsideration under this part may request that a verbatim transcript be made of the hearing proceedings and that such transcript be made the official record of the hearing. The party requesting a verbatim transcript shall pay for the transcription service, provide a copy of the transcript to FSA free of charge, and allow any other party in the proceeding desiring to purchase a copy of the transcript to order it from the transcription service.

§ 780.14 [Reserved]

(b) A participant requesting an appealability review by the State Executive Director of an agency decision made at the county, area, district or State level that is otherwise determined by FSA not to be appealable must submit a written request for an appealability review to the State Executive Director that is received no later than 30 calendar days from the date a

participant receives written notice of the decision.

(c) A participant requesting reconsideration, mediation or appeal must submit a written request as instructed in the notice of decision that is received no later than 30 calendar days from the date a participant receives written notice of the decision. A participant that receives a determination made under part 1400 of this title will be deemed to have consented to an extension of the time limitation for a final determination as provided in part 1400 of this title if the participant requests mediation.

(d) Notwithstanding the time limits in paragraphs (b) and (c) of this section, a request for an appealability review, reconsideration, or appeal may be accepted if, in the judgment of the reviewing authority with whom such request is filed, exceptional circumstances warrant such action. A participant does not have the right to seek an exception under this paragraph. FSA's refusal to accept an untimely request is not appealable.

(e) Decisions appealable under this part are final unless review options available under this part or part 11 are timely exercised.

(1) Whenever the final date for any requirement of this part falls on a Saturday, Sunday, Federal holiday, or other day on which the pertinent FSA office is not open for the transaction of business during normal working hours, the time for submission of a request will be extended to the close of business on the next working day.

(c) The fair market value for the land, with respect to which such violation occurred, shall be such value on the date the penalty is assessed, or if the land is no longer agricultural, on the date it was last used as agricultural land. The price or current estimated value reported by the foreign person, as verified and/or adjusted by the County Agricultural Stabilization and Conservation Committee for the County where the land is located, will be considered to be the fair market value.

§ 781.5 Penalty review procedure.

(a) Whenever it appears that a foreign person has violated the reporting obligation as described in paragraph (a) of § 781.4, a written notice of apparent liability will be sent to the foreign person's last known address by the Farm Service Agency. This notice will set forth the facts which indicate apparent liability, identify the type of violation listed in paragraph (a) of § 781.4 which is involved, state the amount of the penalty to be imposed, include a statement of fair market value of the foreign person's interest in the subject land, and summarize the courses of action available to the foreign person.

(b) The foreign person involved shall respond to a notice of apparent liability within 60 days after the notice is mailed. If a foreign person fails to respond to the notice of apparent liability, the proposed penalty shall become final. Any of the following actions by the foreign person shall constitute a response meeting the requirements of this paragraph.

(1) Payment of the proposed penalty in the amount specified in the notice of apparent liability and filing of a re-

port, if required, in compliance with § 781.3. The amount shall be paid by check or money order drawn to the Treasurer of the United States and shall be mailed to the U.S. Department of Agriculture, P.O. Box 2415, Washington, DC 20013. The Department is not responsible for the loss of currency sent through the mails.

(2) Submission of a written statement denying liability for the penalty in whole or in part. Allegations made in any such statement must be supported by detailed factual data. The statement should be mailed to the Administrator, Farm Service Agency, U.S. Department of Agriculture, P.O. Box 2415, Washington, DC 20013.

(3) A request for a hearing on the proposed penalty may be filed in accordance with part 780 of this title.

(c) After a final decision is issued pursuant to an appeal under part 780 of this title, the Administrator or Administrator's designee shall mail the foreign person a notice of the determination on appeal, stating whether a report must be filed or amended in compliance with § 781.3, the amount of the penalty (if any), and the date by which it must be paid. The foreign person shall file or amend the report as required by the Administrator. The penalty in the amount stated shall be paid by check or money order drawn to the Treasurer of the United States and shall be mailed to the United States Department of Agriculture, P.O. Box 2415, Washington, DC 20013. The Department is not responsible for the loss of currency sent through the mails.

(d) If the foreign person contests the notice of apparent liability by submitting a written statement or a request for a hearing thereon, the foreign person may elect either to pay the penalty or decline to pay the penalty pending resolution of the matter by the Administrator. If the Administrator determines that the foreign person is not liable for the penalty or is liable for less than the amount paid, the payment will be wholly or proportionally refunded. If the Administrator ultimately determines that the foreign person is liable, the penalty finally imposed shall not exceed the amount imposed in the notice of apparent liability.

§ 781.6

(e) If a foreign person fails to respond to the notice of apparent liability as required by paragraph (b) of this section, or fails to pay the penalty imposed by the Administrator under paragraph (d) of this section, the case will, without further notice, be referred by the Department to the Department of Justice for prosecution in the appropriate District Court to recover the amount of the penalty.

(f) Any amounts approved by the U.S. Department of Agriculture for disbursement to a foreign person under the programs administered by the Department may be setoff against penalties assessed hereunder against such person, in accordance with the provisions of 7 CFR part 13.

§ 783.1 Applicability.

This part governs and provides the requirements and authorities for administration of the Tree Assistance Program (TAP) of the Farm Service Agency. This program shall operate only to the extent funds are appropriated for this program. Payments will be limited to lost eligible trees, bushes or vines, and all claims are subject to the availability of funds.

§ 783.2 Administration.

(a) The program will be administered under the general supervision and direction of the Administrator, Farm Service Agency (FSA), and the Deputy Administrator for Farm Programs, FSA. In the field, the regulations in this part will be administered by the FSA State and county committees.

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by the regulations of this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct any action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee shall preclude the Deputy Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines, except statutory deadlines, and other non-statutory requirements in cases where lateness or failure to meet such other requirements does not adversely affect operation of the program.

(f) Data furnished by the applicants will be used to determine eligibility for program benefits. Although participation in TAP is voluntary, program benefits will not be provided unless the participant furnishes all requested data.

§ 783.3 Definitions.

(a) The definitions in part 718 of this chapter apply to TAP except when they conflict with paragraph (b) of this section.

(b) The following definitions apply to TAP:

Cutting means a vine, which was planted in the ground for commercial production of grapes, kiwi fruit, or passion fruit or similar fruit as approved by the Deputy Administrator.

County office means the FSA or USDA Service Center that is responsible for servicing the farm on which the trees, bushes or vines are located.

Deputy Administrator means the Deputy Administrator for Farm Programs, FSA, or a designee.

Eligible bush means, a low, branching, woody plant from which an annual fruit or vegetable crop is produced for commercial purposes, such as a blueberry bush.

Eligible orchardist means an individual, or legal entity, including an Indian tribe as defined under the Indian Self-Determination and Education Assistance Act; an Indian organization or entity chartered under the Indian Reorganization Act; a tribal organization as defined under the Indian Self-Determination Education and Assistance Act; or, an economic enterprise as defined under the Indian Financing Act of 1974, which owns a tree, bush or vine as defined in this part.

Eligible tree means, a tall, woody plant having comparatively great height, as determined by the Deputy Administrator, and a single trunk from which an annual crop is produced for commercial purposes, such as maple tree for syrup, papaya tree, or orchard tree. Plantain and banana plants are also included. Trees used for pulp or timber are not considered eligible trees under this part.

Eligible vine means a plant with a flexible stem supported by climbing, twining, or creeping along a surface and from which an annual fruit or vegetable crop is produced for commercial purposes, such as grape, kiwi fruit, or passion fruit.

Individual stand means an area of trees, bushes or vines that are tended by an owner as a single operation, whether or not such trees, bushes or vines are planted in the same field or similar location. Trees, bushes or vines in the same field or similar area may be considered separate individual stands if the county committee determines that the trees, bushes or vines are susceptible to losses at significantly differing levels.

Lost means with respect to the extent of damage to a tree or other plant that the damage is such that it would, as determined by FSA, be more economically beneficial to replace the plant rather than to leave it in its deteriorated, low producing state.

Natural disaster means plant disease, insect infestation, drought, fire, freeze, flood, earthquake, lightning, or other natural occurrence of such magnitude or severity so as to be considered disastrous, as determined by FSA.

Normal mortality means the percentage, as established by the State Committee, of lost trees, bushes or vines in the individual stand that normally occurs in a 12-month period.

Program year means a calendar year for which funding is available.

Seedling means a tree, bush or vine which was planted in the ground for commercial purposes.

§ 783.4 Eligibility.

(a) To be considered an eligible loss:

(1) Eligible trees, bushes or vines must have been located and lost as a result of natural disasters determined and announced by FSA as set forth in the TAP application.

(2) The individual stand must have sustained a loss in excess of 15 percent after adjustment for normal mortality;

(3) The loss could not have been prevented through reasonable and available measures; and

(4) The tree, bush or vine, in the absence of a qualifying disaster, would not normally have been rehabilitated or replanted within the 12-month period following the loss.

(b)(1) The damage must be visible and obvious to the county committee except that if the damage is no longer visible, the county committee may accept other evidence of the loss as it determines is reasonable.

(2) The county committee may require information from an expert in the case of plant disease or insect infestation.

(c)(1) To be eligible for TAP benefits the eligible orchardist must:

(i) Own the stand on which the claim for benefits is based;

(ii) Have owned the stand at the time the natural disaster occurred;

(iii) Have continuously owned the stand until the TAP application is submitted; and

(iv) Not exceed or be in violation of any other limitations on payments.

(2) Federal, State, and local governments and agencies and political sub-

divisions thereof are not eligible for benefits under this part.

(d)(1) A new owner of an orchard is allowed to receive TAP benefits in an amount not to exceed those approved for the predecessor owner of the orchard and not paid to the predecessor owner, if the predecessor owner of the orchard agrees to the succession in writing and if the new owner:

(i) Acquires ownership of trees, bushes or vines for which benefits have been approved;

(ii) Agrees to complete all approved practices which the original owner has not completed; and

(iii) Otherwise meets and assumes full responsibility for all provisions of this part, including refund of payments made to the previous owner, if applicable.

(2) In the case of death, incompetence or disappearance of an eligible orchardist, successors may be eligible to receive TAP payments as specified in part 707 of this chapter.

§ 783.5 Application.

(a) A complete application for TAP benefits and related supporting documentation must be submitted to the county office prior to the deadline FSA announces.

(b) A complete application includes all of the following:

(1) A form provided by FSA;

(2) A written estimate of the number of trees, bushes or vines lost or damaged which is prepared by the owner or someone who is a qualified expert, as determined by the county committee;

(3) The number of acres on which the loss was suffered; and

(4) Sufficient evidence of the loss to allow the county committee to calculate whether an eligible loss occurred.

(c) Before requests will be approved, the county committee:

(1) Must make recommendations and an eligibility determination based on a complete application on those requests that it wants to refer to a higher approval official.

(2) Must verify actual qualifying losses and the number of acres involved by on-site visual inspection of the land and trees, bushes or vines.

§ 783.6

(3) May request additional information and may consider all relevant information in making its determination, including its members own knowledge about the applicant's normal operations.

§ 783.6 Benefits.

(a) Subject to the availability of TAP funds, an approved eligible orchardist shall be reimbursed in an amount not to exceed 75 percent of the eligible costs for the qualifying loss (that loss over and above the calculated 15% mortality). The payment shall be the lesser of the 75% of actual costs for the replanting or the amount calculated using rates established by the State committee (not to exceed the maximum amount the Deputy Administrator establishes). The costs permitted shall only be approved for:

(1) Seedlings or cuttings, for tree, bush or vine replanting;

(2) Site preparation and debris handling within normal cultural practices for the type of individual stand being re-established and necessary to ensure successful plant survival;

(3) Chemicals and nutrients necessary for successful establishment;

(4) Labor to plant seedlings or cuttings as determined reasonable by the county committee; and

(5) Labor used to transplant existing seedlings established through natural regeneration into a productive tree stand.

(b) Costs for fencing, irrigation, irrigation equipment, protection of seedlings from wildlife, general improvements, re-establishing structures, windscreens and other costs as determined by the Deputy Administrator are not eligible for reimbursement benefits.

(c) When lost stands are replanted, the types planted may be different than those originally planted if the new types have the same general end use, as the county committee determines and approves. Payments will be based on the lesser of rates established to plant the types actually lost or the cost to establish the alternative used. If the species of plantings, seedlings or cuttings differs significantly from the species lost then, except as the county

7 CFR Ch. VII (1-1-09 Edition)

committee determines, the costs may not be reimbursed.

(d) Eligible orchardists may elect not to replant the entire eligible stand. If so, the county committee shall calculate payment based on the number of qualifying trees, bushes or vines actually replanted.

(e) The cumulative total quantity of acres planted to trees, bushes or vines for which a person may receive assistance at any time under this part shall not exceed 500 acres.

(f) The cumulative amount of TAP benefits which any person, as defined in accordance with part 1400 of this title, may receive under this part shall not exceed \$75,000.

(g) In the event the total amount of claims submitted under this part during a sign-up period exceeds the applicable funds available for such period, such payments shall be reduced by a uniform national percentage or by such other method deemed appropriate by the Deputy Administrator. Such payment reductions shall be applied after the imposition of applicable payment limitation provisions.

§ 783.7 Obligations of a participant.

(a) Eligible orchardists must execute all required documents and complete the TAP funded practice within 12 months of application approval.

(b) If a person was erroneously determined to be eligible or becomes ineligible for all or part of a TAP benefit, the person and successor shall refund any payment paid under this part together with interest from the date of disbursement at a rate in accordance with part 1403 of this title.

(c) Participants must allow representatives of FSA to visit the site for the purposes of certifying compliance with TAP requirements.

§ 783.8 Multiple benefits.

Persons may not receive or retain payments for production losses from trees, vines and bushes under this part if they have been compensated under another program for the same loss. However, this restriction does not apply to emergency Federal loans or payments resulting from purchase of the additional coverage insurance, as defined in 7 CFR 400.651. However, in no

Farm Service Agency, USDA

case shall the total amount received from all sources exceed the amount of the owner's actual loss, unless the Deputy Administrator shall approve an exemption in writing.

§ 783.9 Miscellaneous.

(a) Any payment or portion thereof due any person under this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien in favor of any person except agencies of the U.S. Government.

(b) Persons shall be ineligible to receive or retain assistance under this program if they have:

(1) Adopted any scheme or device intended to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(c) TAP benefits paid to a person as a result of misrepresentation shall be refunded to FSA with interest and costs of collection. The party engaged in acts prohibited by this part and the party receiving payment and their successors shall be jointly and severally liable for any amount due. The remedies provided to FSA in this part shall be in addition to other civil, criminal, or administrative remedies which may apply.

(d) Program documents executed by persons legally authorized to represent estates or trusts will be accepted only if such person furnishes evidence of the authority to execute such documents.

(e) A minor who is an owner that has met all other eligibility criteria shall be eligible for TAP assistance if:

(1) The minor establishes that the right of majority has been conferred on the minor by court proceedings or by statute; or

(2) A guardian has been appointed to manage the minor's property and the applicable program documents are executed by the guardian; or

(3) A bond is furnished under which the surety guarantees any loss incurred for which the minor would be liable had the minor been an adult.

(f) The regulations regarding reconsideration's and appeals at part 11 of

this title and part 780 of this chapter apply to this part.

§ 784.1 Applicability.

(a) Subject to the availability of funds, this part establishes terms and conditions under which the 2004 Ewe Lamb Replacement and Retention Payment Program will be administered.

(b) Unless otherwise determined by the Farm Service Agency (FSA) in accordance with the provisions of this part, the amount that may be expended under this part for program payments shall not exceed \$18 million. Claims that exceed that amount will be prorated in accordance with § 784.7.

(c) To be eligible for payments, producers must comply with all provisions of this part and with any other conditions imposed by FSA.

§ 784.2 Administration.

(a) This part shall be administered by FSA under the general direction and supervision of the Deputy Administrator for Farm Programs, FSA. The program shall be carried out in the field by FSA State and county committees (State and county committees) in

§ 784.3

7 CFR Ch. VII (1–1–09 Edition)

accordance with their assigned duties and the regulations of this part.

(b) The Deputy Administrator for Farm Programs, FSA, or a designee, may reverse or modify a determination made by a State or county committee.

(c) The Deputy Administrator for Farm Programs, FSA, may waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not adversely affect the operation of the program.

(d) The program described under this part is a one-time program to be administered with respect to eligibility and qualifying factors occurring during or related to the base period of August 1, 2003 through July 31, 2004, as specified in this part.

§ 784.3 Definitions.

The definitions in this section shall apply to the 2004 Ewe Lamb Replacement and Retention Payment Program and this part.

Agricultural Marketing Service or AMS means the Agricultural Marketing Service of the Department.

Application means the Ewe Lamb Replacement and Retention Payment Program Application.

Application period means the date established by the Deputy Administrator for producers to apply for program benefits. Unless otherwise announced, that period will end January 13, 2005.

Base period means the period from August 1, 2003, through July 31, 2004, during and after which ewe lambs must meet all qualifying eligibility criteria.

Ewe lamb means a female lamb no more than 18 months of age that has not produced an offspring.

Farm Service Agency or FSA means the Farm Service Agency of the Department.

Foot rot means an infectious, contagious disease of sheep that causes severe lameness and economic loss from decreased flock production.

Lambing cycle means the period of time from birth to weaning.

Parrot mouth means a genetic defect resulting in the failure of the incisor teeth to meet the dental pad correctly.

Person means any individual, group of individuals, partnership, corporation, estate, trust, association, cooper-

ative, or other business enterprise or other legal entity who is, or whose members are, a citizen or citizens of, or legal resident alien or aliens in the United States.

Sheep and lamb operation means any self-contained, separate enterprise operated as an independent unit exclusively within the United States in which a person or group of persons raise sheep and/or lambs.

United States means the 50 States of the United States of America, the District of Columbia, and the Commonwealth of Puerto Rico.

§ 784.4 Time and method of application.

(a) A request for benefits under this part must be submitted on the Ewe Lamb Replacement and Retention Program Application. The application form may be obtained in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the form at <http://www.usda.gov/dafp/psd/>.

(b) The form may be obtained from and must be submitted to the FSA county office serving the county where the sheep and lamb operation is located. The completed form must be received by the FSA county office by the date established by FSA. Applications not received by that date will be disapproved and returned as not having been timely filed and the sheep and lamb operation filing the application will not be eligible for benefits under this program.

(c) The sheep and lamb operation requesting benefits under this part must certify to the accuracy of the information provided in their application for benefits. All information provided is subject to verification and spot checks by FSA. Refusal to allow FSA or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility. Data furnished by the applicant will be used to determine eligibility for program benefits. Providing a false certification will lead to ineligibility for payments and may be subject to additional civil and criminal sanctions.

(d) The sheep and lamb operation requesting benefits under this part must maintain accurate records that document that they meet all eligibility requirements specified herein, as may be requested by FSA. Acceptable forms of supporting documentation include, but are not limited to: Sales receipts, farm management records, veterinarian certifications, scrapie program forms and identification numbers, as well as, other types of documents that prove the eligibility of the qualifying ewe lambs and the sheep and lamb operation. The supporting documentation provided must, at a minimum, include: date of lamb purchase or date of birth, date of lamb death (if applicable), lamb identification and control information, number of ewe lambs purchased or retained, and scrapie program identification numbers.

§ 784.5 Payment eligibility.

(a) Payments can be made, as agreed to by FSA and subject to the availability of funds, for eligible ewe lambs considered by FSA, as determined by FSA only, to have been acquired or held during the base period by eligible sheep and lamb operations for breeding purposes. Payments may be made for eligible ewe lambs held continuously by the operation, through the end of the compliance period, from the time of the first possession of the ewe lamb in the base period. The payment rate cannot exceed the rate provided for in § 784.6 and may be prorated pursuant to § 784.7. For purposes of this section, the "base period" is the period from August 1, 2003, through July 31, 2004. A purchase in the base period without possession in the base period will not be considered an acquisition in the base period for purposes of this section unless otherwise allowed by FSA.

(b) For the ewe lamb to be eligible, a sheep and lamb operation must certify that the ewe lamb:

(1) During at least part of the base period was a ewe lamb which was both, at the same time, not older than 18 months of age and had not produced an offspring; and

(2) At the time of certification, does not possess any of the following characteristics:

(i) Parrot mouth; or

(ii) Foot rot.

(c) The sheep and lamb operation must certify and agree to:

(1) Maintain the qualifying ewe lambs in the herd for at least one complete, normal offspring lambing cycle, the end of which shall constitute the end of the compliance period for the purposes of paragraph (a) of this section, and actually maintain the lambs for that period in accord with that certification. The "offspring" lambing cycle refers to the time in which the qualifying ewe lamb's own offspring would be weaned, in a normal course, from that qualifying ewe if the ewe were to have offspring, irrespective of whether the ewe actually produces offspring.

(2) Upon request by an AMS agent or FSA representative, allow the AMS agent or FSA Representative to verify that the ewe lambs meet qualifying characteristics. Spot checks will be conducted by FSA within 30 days of the end of the sign-up period. Any animal showing evidence of parrot mouth, foot rot, or scrapie in such spot checks will be considered to have had those conditions at the time of certification. Other spot checks may be conducted as needed.

(3) Maintain documentation of any death loss of qualifying ewe lambs.

(4) Agree to refund any payments made with respect to any ewe lamb or offspring that has died before completing the full program requirements where said deaths for the operation exceed 10 percent.

(5) Be in compliance with all requirements relating to scrapie, as described in 9 CFR parts 54 and 79.

(d) To be eligible for any payments addressed under this section, a sheep and lamb operation must be engaged in the business of producing and marketing agricultural products at the time of filing the application.

(e) In addition, to be eligible for payment, a sheep and lamb operation must submit a timely application during the application period for benefits and comply with all other terms and conditions of this part or that are contained in the application for such benefits, and such other conditions as may be imposed by FSA.

§ 784.6

(f) Proof that each lamb was held during and through the end of the base period as required by paragraph (a) of this section, as must be determined individually for each lamb, shall be provided in such manner, and with such access to the operation and the documents and information related to the operation, as FSA may request.

§ 784.6 Rate of payment and limitations on funding.

(a) Subject to the availability of funds and to the proration provisions of § 784.7, payments for qualifying operations shall be \$18 for each qualifying ewe lamb retained or purchased for breeding purposes.

§ 784.7 Availability of funds.

Total payments under this part, unless otherwise determined by the FSA, cannot exceed \$18 million. In the event that approval of all eligible applications would result in expenditures in excess of the amount available, FSA shall prorate the available funds by a national factor to reduce the expected payments to be made to the amount available. The payment shall be made based on the national factored rate as determined by FSA. FSA shall prorate the payments in such manner as it, in its sole discretion, finds appropriate and reasonable.

§ 784.8 Appeals.

The appeal regulations set forth at parts 11 and 780 of this title apply to determinations made pursuant to this part.

§ 784.9 Misrepresentation and scheme or device.

(a) A sheep and lamb operation shall be ineligible to receive assistance under this program if it is determined by the State committee or the county committee to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to any person or operation engaged in a misrepresentation, scheme,

§ 785.7

§ 785.5 Fees for mediation services.

A requirement that non-USDA parties who elect to participate in mediation pay a fee for mediation services will not preclude certification of a certified State mediation program or its eligibility for a grant; however, if participation in mediation is mandatory for a USDA agency, a certified State mediation program may not require the USDA agency to pay a fee to participate in a mediation.

§ 785.6 Deadlines and address.

(a) *Deadlines.* (1) To be a qualifying State as of the beginning of a fiscal year and to be eligible for grant funding as of the beginning of the fiscal year, the Governor of a State or head of a State agency designated by the Governor of a State must submit a request for certification and application for grant on or before August 1 of the calendar year in which the fiscal year begins.

(2) *Requests received after August 1.* FSA will accept requests for re-certifications and for new certifications of State mediation programs after August 1 in each calendar year; however, such requests will not be considered for grant funding under § 785.7(c) until after March 1.

(b) *Funding criteria.* FSA will consider the following in determining the grant award to a qualifying State:

(1) Demand for and use of mediation services (historical and projected);

(2) Scope of mediation services;

(3) Service record of the State program, as evidenced by:

(5) Material changes in the State program.

(c) *Disbursements of grant funds.* (1) Grant funds will be paid in advance, in installments throughout the Federal fiscal year as requested by a certified State mediation program and approved by FSA. The initial payment to a program in a qualifying State eligible for grant funding as of the beginning of a fiscal year shall represent at least one-fourth of the State's annual grant award. The initial payment will be made as soon as practicable after certification, or re-certification, after grant funds are appropriated and available.

(2) Payment of grant funds will be by electronic funds transfer to the designated account of each certified State mediation program, as approved by FSA.

(d) *Administrative reserve fund.* After funds are appropriated, FSA will set aside 5 percent of the annual appropriation for use as an administrative reserve.

A newly qualifying State that submits a request for certification received after August 1 may receive a grant award effective March 31 of the fiscal year.

(iii) Any balance remaining in the administrative reserve will be allocated pro rata to certified State mediation programs based on their initial fiscal year grant awards.

(2) All funds from the administrative reserve will be made available on or before March 31 of the fiscal year.

(e) *Period of availability of funds.* (1) Certified State mediation programs receiving grant funds are encouraged to obligate award funds within the Federal fiscal year of the award. A State may, however, carry forward any funds disbursed to its certified State mediation program that remain unobligated at the end of the fiscal year of award for use in the next fiscal year for costs resulting from obligations in the subsequent funding period. Any carryover balances plus any additional obligated fiscal year grant will not exceed the lesser of 70 percent of the State's budgeted allowable costs of operation and administration of the certified State mediation program for the subsequent fiscal year, or \$500,000.

(2) Grant funds not spent in accordance with this part will be subject to de-obligation and must be returned to the USDA.

The annual report must include the following:

Projected cost savings will be based on such reliable statistical data as may be obtained from State statistical sources including the certified State's bar association, State Department of Agriculture, State court system or Better Business Bureau, or other reliable State or Federal sources;

(c) All participants in a mediation must sign and date an acknowledgment

of receipt of such notice from the mediator. The certified State mediation program shall maintain originals of such acknowledgments in its mediation files for at least 5 years.

§ 785.10 Penalty for non-compliance.

(a) The Administrator is authorized to withdraw certification of a State mediation program, terminate or suspend the grant to such program, require a return of unspent grant funds, a reimbursement of grant funds on account of expenditures that are not allowed, and may impose any other penalties or sanctions authorized by law if the Administrator determines that:

§ 786.100 Applicability.

(a) Subject to the availability of funds, this part specifies the terms and conditions applicable to the Dairy Disaster Assistance Payment Program (DDAP—III) authorized by section 9007 of Public Law 110-28 (extended by Pub. L. 110-161). Benefits are available to eligible United States producers who have suffered dairy production losses in eligible counties as a result of a natural disaster declared during the period between January 1, 2005, and December

7 CFR Ch. VII (1-1-09 Edition)

31, 2007, (that is, after January 1, 2005, and before December 31, 2007).

(b) To be eligible for this program, a producer must have been a milk producer anytime during the period of January 2, 2005, through December 30, 2007, in a county declared a natural disaster by the Secretary of Agriculture, declared a major disaster or emergency designated by the President of the United States. For a county for which there was a timely Presidential declaration, but the declaration did not cover the loss, the county may still be eligible if the county is one for which an appropriate determination of a Farm Service Agency (FSA) Administrator's Physical Loss Notice applies. Counties contiguous to a county that is directly eligible by way of a natural disaster declaration are also eligible. Only losses occurring in eligible counties are eligible for payment in this program.

(c) Subject to the availability of funds, FSA will provide benefits to eligible dairy producers. Additional terms and conditions may be specified in the payment application that must be completed and submitted by producers to receive a disaster assistance payment for dairy production losses.

(d) To be eligible for payments, producers must meet the provisions of, and their losses must meet the conditions of, this part and any other conditions imposed by FSA.

§ 786.101 Administration.

(a) DDAP—III will be administered under the general supervision of the Administrator, FSA, or a designee, and be carried out in the field by FSA State and county committees (State and county committees) and FSA employees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee will take any action required by the regulations of this part that has not been taken by the county committee. The State committee will also:

(1) Correct, or require the county committee to correct, any action taken by such county committee that is not

in accordance with the regulations of this part; and

(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this part.

(d) No provision of delegation in this part to a State or county committee will preclude the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines in cases where lateness or failure to meet such requirements do not adversely affect the operation of the DDAP-III and does not violate statutory limitations of the program.

(f) Data furnished by the applicants is used to determine eligibility for program benefits. Although participation in DDAP-III is voluntary, program benefits will not be provided unless the producer furnishes all requested data.

Milk marketings means a marketing of milk for which there is a verifiable sale or delivery record of milk marketed for commercial use.

Natural disaster declaration means a natural disaster declaration issued by the Secretary of Agriculture after January 1, 2005, but before December 31, 2007, under section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)), a major disaster or emergency designation by the President of the United States in that period under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, or a determination of a Farm Service Agency Administrator's Physical Loss Notice for a county covered in an otherwise eligible Presidential declaration.

Payment pounds means the pounds of milk production from a dairy operation for which the dairy producer is eligible to be paid under this part.

Producer means any individual, group of individuals, partnership, corporation, estate, trust association, cooperative, or other business enterprise or other legal entity who is, or whose members are, a citizen of, or a legal resident alien in, the United States, and who directly or indirectly, as determined by the Secretary, have a share entitlement or ownership interest in a commercial dairy's milk production and who share in the risk of producing milk, and make contributions (including land, labor, management, equipment, or capital) to the dairy farming operation of the individual or entity.

Reliable production evidence means records provided by the producer subject to a determination of acceptability by the county committee that are used to substantiate the amount of production reported when verifiable records are not available; the records may include copies of receipts, ledgers of income, income statements of deposit slips, register tapes, and records to verify production costs, contemporaneous measurements, and contemporaneous diaries.

Verifiable production records means evidence that is used to substantiate the amount of production marketed, including any dumped production, and that can be verified by FSA through an independent source.

§ 786.103 Time and method of application.

(a) Dairy producers may obtain an application, in person, by mail, by telephone, or by facsimile from any FSA county office. In addition, applicants may download a copy of the application at <http://www.sc.egov.usda.gov>.

(b) A request for benefits under this part must be submitted on a completed DDAP-III application. Applications and any other supporting documentation must be submitted to the FSA county office serving the county where the dairy operation is located, but, in any case, must be received by the FSA county office by the close of business on the date established by the Deputy Administrator. Applications not received by the close of business on such date will be disapproved as not having been timely filed and the dairy pro-

ducer will not be eligible for benefits under this program.

(c) All persons who share in the milk production of the dairy operation and risk of the dairy operation's total production must certify to the information on the application before the application will be considered complete.

(d) Each dairy producer requesting benefits under this part must certify to the accuracy and truthfulness of the information provided in their application and any supporting documentation. Any information entered on the application will be considered information from the applicant regardless of who entered the information on the application. All information provided is subject to verification by FSA. Refusal to allow FSA or any other agency of the Department of Agriculture to verify any information provided may result in a denial of eligibility. Furnishing the information is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Government may be punishable by imprisonment, fines, and other penalties or sanctions.

§ 786.104 Eligibility.

(a) Producers in the United States will be eligible to receive dairy disaster benefits under this part only if they have suffered dairy production losses, previously uncompensated by disaster payments including any previous dairy disaster payment program, during the claim period applicable to a natural disaster declaration in a disaster county. To be eligible to receive payments under this part, producers in a dairy operation must:

(1) Have produced and commercially marketed milk in the United States and commercially marketed the milk produced anytime during the period of January 2, 2005 through December 30, 2007;

(2) Be a producer on a dairy farm operation physically located in an eligible county where dairy production losses were incurred as a result of a disaster for which an applicable natural disaster declaration was issued between January 1, 2005 and December 31, 2007, and limit their claims to losses that occurred in those counties, specific to conditions resulting from the

declared disaster as described in the natural disaster declaration;

(3) Provide adequate proof, to the satisfaction of the FSA county committee, of the average number of cows in the dairy herd and annual milk production commercially marketed by all persons in the eligible dairy operation during the years of the base period (2003 and 2004 calendar years) and applicable disaster year that corresponds with the issuance date of the applicable natural disaster declaration, or other period as determined by FSA, to determine the total pounds of eligible losses that will be used for payment; and

(4) Apply for payments during the application period established by the Deputy Administrator.

(b) Payments may be made for losses suffered by an otherwise eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer or the producer's estate signs the application for payment. Proof of authority to sign for the deceased producer's estate or a dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly-authorized representatives must sign the application for payment.

(c) Producers associated with a dairy operation must submit a timely application and satisfy the terms and conditions of this part, instructions issued by FSA, and instructions contained in the application to be eligible for benefits under this part.

(d) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12 for the calendar year applicable to the natural disaster declaration and loss claim period, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law or regulation.

(e) Payments are limited to losses in eligible counties, in eligible disaster years.

(f) All payments under this part are subject to the availability of funds.

(g) Eligible losses are determined from the applicable base annual production, as defined in § 786.102, that corresponds to the natural disaster declaration and must have occurred during that same period as follows:

(1) For disaster declarations for disasters during a calendar year (2005, 2006, or 2007), the disaster claim period is the full calendar year and

(2) For disaster declarations issued during one calendar year that ends in another calendar year, the producer will be eligible for both disaster years.

(h) Deductions in eligibility will be made for any disaster payments previously received for the loss including any made under a previous dairy disaster assistance payment program for 2005.

§ 786.105 Proof of production.

(a) Evidence of production is required to establish the commercial marketing and production history of the dairy operation so that dairy production losses can be computed in accordance with § 786.106.

(b) A dairy producer must, based on the instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation's commercial production, including any dairy herd inventory records available for the operation, for the years of the base period (2003 and 2004 calendar years) and disaster claim period that corresponds with the issuance date of the applicable natural disaster declaration.

(1) A producer must certify and provide such proof as requested that losses were related to the disaster declaration issued and occurred in an eligible county during the eligible claim period.

(2) A producer must certify to the average number of cows in the dairy herd during the base period and applicable disaster claim period when there is insufficient documentation available for verification.

(3) Additional supporting documentation may be requested by FSA as necessary to verify production losses to the satisfaction of FSA.

(c) Adequate proof of production history of the dairy operation under paragraph (b) of this section must be based

on milk marketing statements obtained from the dairy operation's milk handler or marketing cooperative. Supporting documents may include, but are not limited to: Tank records, milk handler records, daily milk marketings, copies of any payments received from other sources for production losses, or any other documents available to confirm or adjust the production history losses incurred by the dairy operation. All information provided is subject to verification, spot check, and audit by FSA.

(d) As specified in § 786.106, loss calculations will be based on comparing the expected base annual production consistent with this part and the actual production during the applicable disaster claim year. Such calculations are subject to adjustments as may be appropriate such as a correction for losses not due to the disaster. If adequate proof of normally marketed production and any other production for relevant periods is not presented to the satisfaction of FSA, the request for benefits will be rejected. Special adjustments for new producers may be made as determined necessary by the Administrator.

§ 786.106 Determination of losses incurred.

(a) Eligible payable losses are calculated on a dairy operation by dairy operation basis and are limited to those occurring during the applicable disaster claim period, as provided by § 786.104(g), that corresponds with the applicable natural disaster declaration. Specifically, dairy production losses incurred by producers under this part are determined on the established history of the dairy operation's average number of cows in the dairy herd and actual commercial production marketed during the base period and applicable disaster claim period that corresponds with the applicable natural disaster declaration, as provided by the dairy operation consistent with § 786.105. Except as otherwise provided in this part, the base annual production, as defined in § 786.102 and established in § 786.104(g) is determined for each applicable disaster year based on the average annual production per cow determined according to the following:

(1) The average of annual marketed production during the base period calendar years of 2003 and 2004, divided by;

(2) The average number of cows in the dairy operation's herd during the base period calendar years of 2003 and 2004.

(b) If relevant information to calculate the average annual production per cow for one or both of the base period calendar years of 2003 and 2004, is not available, an alternative method of determining the average annual production per cow may be established by the FSA Administrator. For example, for new dairies not in operation during 2003 and 2004, information from three similar farms may be obtained by FSA to estimate base annual production.

(c) The average annual production per cow, as determined according to paragraphs (a)(1) and (a)(2) of this section, is multiplied by the average number of cows in the dairy operation's herd during the applicable disaster year (excluding cow losses resulting from the disaster occurrence), to determine base annual production for the dairy operation for each applicable disaster claim period year.

(d) The eligible dairy production losses for a dairy operation for each of the authorized disaster claim period years will be:

(1) The relevant period's base annual production for the dairy operation calculated under paragraph (c) of this section less,

(2) For each such disaster claim period for each dairy operation the actual commercially-marketed production relevant to that period.

(e) Spoiled or dumped milk, disposed of for reasons unrelated to the disaster occurrence, must be counted as production for the relevant disaster claim period. Actual production losses may be adjusted to the extent the reduction in production is not certified by the producer to be the result of the disaster identified in the natural disaster declaration or is determined by FSA not to be related to the natural disaster identified in the natural disaster declaration. FSA county committees will determine production losses that are not caused by the disaster associated with the natural disaster declaration.

Farm Service Agency, USDA

§ 786.107

The calculated production loss determined in § 786.106(d) will be adjusted to account for pounds of production losses determined by the FSA county committee to not have been associated with the declared natural disaster for an eligible disaster county. The FSA county committee may convert cow numbers to actual pounds of production used in the adjustment, by multiplying the average annual production per cow determined from base period information, by the applicable number of cows determined to be ineligible to generate claims for benefits. Other appropriate adjustments will be made on such basis as the Deputy Administrator finds to be consistent with the objectives of the program.

(f) Actual production, as adjusted, that exceeds the base annual production will mean that the dairy operation incurred no eligible production losses for the corresponding claim period as a result of the natural disaster.

(g) Eligible production losses as otherwise determined under paragraphs (a) through (f) of this section for each authorized year of the program are added together to determine total eligible losses incurred by the dairy operation under DDAP—III subject to all other eligibility requirements as may be included in this part or elsewhere, including the deduction for previous payments including those made under a previous DDAP program.

(h) Payment on eligible dairy operation losses will be calculated using

whole pounds of milk. No double counting is permitted, and only one payment will be made for each pound of milk calculated as an eligible loss after the distribution of the dairy operation's eligible production loss among the producers of the dairy operation according to § 786.107(b). Payments under this part will not be affected by any payments for dumped or spoiled milk that the dairy operation may have received from its milk handler, marketing cooperative, or any other private party; however, produced milk that was dumped or spoiled for reasons unrelated to the disaster occurrence will still count as production.

§ 786.107 Rate of payment and limitations on funding.

(a) Subject to the availability of funds, the payment rate for eligible production losses determined according to § 786.106 is, depending on the State, the annual average Mailbox milk price for the Marketing Order, applicable to the State where the eligible disaster county is located, as reported by the Agricultural Marketing Service during the relevant period. States not regulated under a Marketing Order will be assigned a payment rate based on contiguous or nearby State's Mailbox milk price. Maximum per pound payment rates for eligible losses for dairy operations located in specific states during the relevant period are as follows:

Note: Calculations are rounded to 7 decimal places.

* Payment rates for 2007 are currently unavailable, but will be based on the annual average Mailbox milk price for the Marketing Order, applicable to the State where the eligible disaster county is located, as reported by the Agricultural Marketing Service, consistent with payment rates provided for 2005 and 2006.

(b) Subject to the availability of funds, each eligible dairy operation's payment is calculated by multiplying the applicable payment rate under paragraph (a) of this section by the operation's total eligible losses as adjusted pursuant to this part. Where there are multiple producers in the dairy operation, individual producers' payments are disbursed according to each producer's share of the dairy operation's production as specified in the application.

(c) If the total value of losses claimed nationwide under paragraph (b) of this section exceeds the \$16 million available for the DDAP-III, less any reserve that may be created under paragraph (e) of this section, total eligible losses of individual dairy operations that, as calculated as an overall percentage for each full disaster claim period applicable to the disaster declaration, are greater than 20 percent of the total base annual production will be paid at the maximum rate under paragraph (a) of this section to the extent available funding allows. A loss of over 20 percent in only one or two months during

the applicable disaster claim period does not of itself qualify for the maximum per-pound payment. Rather, the priority level must be reached as an average over the whole disaster claim period for the relevant calendar year. Total eligible losses for a producer, as calculated under § 786.106, of less than or equal to 20 percent during the eligible claim period will then be paid at a rate, not to exceed the rate allowed in paragraph (a) of this section, determined by dividing the eligible losses of less than 20 percent by the funds remaining after making payments for all eligible losses above the 20-percent threshold.

(d) In no event will the payment exceed the value determined by multiplying the producer's total eligible loss times the average price received for commercial milk production in the producer's area as defined in paragraph (a) of this section.

(e) No participant will receive disaster benefits under this part that in combination with the value of production not lost would result in an amount that exceeds 95 percent of the value of

the expected production for the relevant period as estimated by the Secretary. Unless otherwise program funds would not be fully expended, the sum of the value of the production not lost, if any; and the disaster payment received under this part, cannot exceed 95 percent of what the production's value would have been if there had been no loss. In no case, however, may the value of production and the payment exceed the value the milk would have without the loss.

(f) A reserve may be created to handle pending or disputed claims, but claims will not be payable once the available funding is expended.

§ 786.108 Availability of funds.

The total available program funds are \$16 million as provided by section 9007 of Title IX of Public Law 110-28.

§ 786.109 Appeals.

Provisions of the appeal regulations set forth at 7 CFR parts 11 and 780 apply to this part. Appeals of determinations of ineligibility or payment amounts are subject to the limitations in §§ 786.107 and 786.108 and other limitations that may apply.

§ 786.110 Misrepresentation, scheme, or device.

(a) In addition to other penalties, sanctions, or remedies that may apply, a dairy producer is ineligible to receive assistance under this program if the producer is determined by FSA to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this program,

(2) Made any fraudulent representation,

(3) Misrepresented any fact affecting a program determination, or

(4) Violated 7 CFR 795.17 and thus be ineligible for the year(s) of violation and the subsequent year.

(b) Any funds disbursed pursuant to this part to any person or dairy operation engaged in a misrepresentation, scheme, or device, must be refunded with interest together with such other sums as may become due. Interest will run from the date of the disbursement to the producer or other recipient of the payment from FSA. Any person or

dairy operation engaged in acts prohibited by this section and any person or dairy operation receiving payment under this part is jointly and severally liable with other persons or dairy operations involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this part are in addition to other civil, criminal, or administrative remedies that may apply.

§ 786.111 Death, incompetence, or disappearance.

In the case of death, incompetency, disappearance, or dissolution of an individual or entity that is eligible to receive benefits in accordance with this part, such alternate person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by FSA.

§ 786.112 Maintaining records.

Persons applying for benefits under this program must maintain records and accounts to document all eligibility requirements specified herein and must keep such records and accounts for 3 years after the date of payment to their dairy operations under this program. Destruction of the records after such date is at the risk of the party required, by this part, to keep the records.

§ 786.113 Refunds; joint and several liability.

(a) Excess payments, payments provided as the result of erroneous information provided by any person, or payments resulting from a failure to meet any requirement or condition for payment under the application or this part, must be refunded to FSA.

(b) A refund required under this section is due with interest determined in accordance with paragraph (d) of this section and late payment charges as provided in 7 CFR part 792. Notwithstanding any other regulation, interest will be due from the date of the disbursement to the producer or other recipient of the funds.

(c) Persons signing a dairy operation's application as having an interest in the operation will be jointly and

§ 786.114

severally liable for any refund and related charges found to be due under this section.

(d) In the event FSA determines a participant owes a refund under this part, FSA will charge program interest from the date of disbursement of the erroneous payment. Such interest will accrue at the rate that the United States Department of the Treasury charges FSA for funds plus additional charges as deemed appropriate by the Administrator or provided for by regulation or statute.

(e) The debt collection provisions of part 792 of this chapter applies to this part except as is otherwise provided in this part.

§ 786.114 Miscellaneous provisions.

(a) Payments or any portion thereof due under this part must be made without regard to questions of title under

7 CFR Ch. VII (1–1–09 Edition)

State law and without regard to any claim or lien against the livestock, or proceeds thereof, in favor of the owner or any other creditor except agencies and instrumentalities of the U.S. Government.

(b) Any producer entitled to any payment under this part may assign any payments in accordance with the provisions of 7 CFR part 1404.

§ 786.115 Termination of program.

This program will be terminated after payment has been made to those applicants certified as eligible pursuant to the application period established in § 786.104. All eligibility determinations will be final except as otherwise determined by the Deputy Administrator. Any claim for payment may be denied once the allowed funds are expended, irrespective of any other provision of this part.

§ 792.1 Applicability.

Except as may otherwise be provided by statute, this part sets forth the manner in which the Farm Service Agency (FSA) will settle and collect debts by FSA. The provisions of part 1403 of this title are applicable to actions of FSA regarding the settlement and collection of debts on the behalf of the Commodity Credit Corporation (CCC).

§ 792.2 Administration.

The regulations in this part will be administered under the general super-

vision and direction of the Administrator, FSA.

§ 792.3 Definitions.

The following definitions shall be applicable to this part:

Administrative charges means the additional costs of processing delinquent debts against the debtor, to the extent such costs are attributable to the delinquency. Such costs include, but are not limited to, costs incurred in obtaining a credit report, costs of employing commercial firms to locate debtor, costs of employing contractors for collection services, costs of selling collateral or property to satisfy the debt.

Administrative offset means deducting money payable or held by the United States Government, or any agency thereof, to satisfy in whole or in part a debt owed the Government, or any agency thereof.

FSA means the Farm Service Agency of the United States Department of Agriculture (USDA).

Claim means an amount of money or property which has been determined by FSA, after a notice of delinquency and a demand for the payment of the debt has been made by FSA, to be owed to FSA by any person other than a Federal agency.

Credit reporting agency means: (1) A reporting agency as defined at 4 CFR 102.5(a), or

(2) Any entity which has entered into an agreement with USDA concerning the referral of credit information.

Discharged debt means any debt, or part thereof, which FSA has determined is uncollectible and has closed out, and if the amount in controversy exceeds \$100,000.00, excluding interest and administrative charges, or such higher amount as may be prescribed, in which the Department of Justice has concurred in such determination.

IRS means the Internal Revenue Service.

Late payment interest rate means the amount of interest charged on delinquent debts and claims. The late payment interest rate shall be determined as of the date a debt becomes delinquent and shall be equal to the higher of the Prompt Payment Act interest rate or the standard late payment rate prescribed by 31 U.S.C. 3717, which is based on the Treasury Department's current value of funds rate.

Person means an individual, partnership, association, corporation, estate or trust, or other business enterprise or other legal entity and, whenever applicable, the Federal Government or a State government, or any agency thereof.

§ 792.4 Demand for payment of debts.

(a) When a debt is due FSA, an initial written demand for payment of such amount shall be mailed or hand-delivered to the debtor. If the debt is not paid in full by the date specified in the initial demand letter, or if a repayment schedule acceptable to FSA has not been arranged with the debtor, the initial demand may be followed by two subsequent written demands at approximately 30-day intervals, unless it is determined by FSA that further demands would be futile and the debtor's response does not require rebuttal. The initial or subsequent demand letters shall specify the following:

(1) The basis for and the amount of the debt determined to be due FSA, including the principal, applicable interest, costs, and other charges;

(2) FSA's intent to establish an account on a debt record 30 days after the date of the letter, or other applicable period of time, if the debt is not paid within that time;

(3) The applicable late payment interest rate.

(i) If a late payment interest rate is specified in the contract, agreement or program regulation, the debtor shall be informed of that rate and the date from which the late payment interest has been accruing;

(ii) If a late payment interest rate is not specified in the contract, agreement or program regulation, the debtor shall be informed of the applicable late payment interest rate set out in § 792.10.

(4) FSA's intent, if applicable, to collect the debt 30 days from the date of the initial demand letter, or other applicable period of time, by administrative offset from any CCC or FSA payments due or to become due to the debtor, and that the claim may be reported to other agencies of the Federal government for offset from any amounts due or to become due to the debtor;

Farm Service Agency, USDA

§ 792.6

(5) FSA' intent, if applicable, under § 792.17, to report any delinquent debt to a credit reporting agency no sooner than 60 days from the date of the letter;

(6) FSA' intent, if applicable, under § 792.19, to refer any delinquent debt to the IRS, no sooner than 60 days from the date of the letter, to be considered for offset against any tax refund due or to become due the debtor.

(7) If not previously provided, the debtor's right to request administrative review by an authorized FSA official, and the proper procedure for making such request. If the request relates to the:

(i) Existence or amount of the debt, it must be made within 15 days from the date of the letter, unless a different time period is specified in the contract, agreement or program regulation;

(ii) Appropriateness of reporting to a credit reporting agency, it must be made within 30 days from the date of the letter; or

(iii) Appropriateness of referral to IRS for tax refund offset, it must be made within 60 days from the date of the letter, if applicable.

(8) The debtor's right to a full explanation of the debt and to dispute any information in the records of FSA concerning the debt;

(9) The opportunity afforded the debtor to enter into a written agreement which is acceptable to FSA for the repayment of the debt;

(10) That FSA maintains the right to initiate legal action to collect the amount of the debt;

(11) That if any portion of the debt remains unpaid or if a repayment schedule satisfactory to FSA has not been arranged 90 days after the due date, a penalty charge shall be assessed on the unpaid balance of the debt as prescribed in § 792.10(e);

(b) When FSA deems it necessary to protect the Government's interest, written demand may be preceded by other appropriate actions.

§ 792.5 Collection by payment in full.

Except as FSA may provide, FSA shall collect debts owed to the Government, including applicable interest, penalties, and administrative costs, in full, whenever feasible whether the

debt is being collected by administrative offset or by another method, including voluntary payment. If a debt is paid in one lump sum after the due date, FSA will impose late payment interest, as provided in § 792.10, unless such interest is waived as provided in § 792.11.

§ 792.6 Collection by installment payments.

(a) Payments in installments may be arranged, at FSA' discretion, if a debtor furnishes satisfactory evidence of inability to pay a claim in full by the specified date. The size and frequency of installment payments shall:

(1) Bear a reasonable relation to the size of the debt and the debtor's ability to pay; and

(2) Normally be of sufficient size and frequency to liquidate the debt in not more than three years.

(b) Except as otherwise determined by FSA, no installment arrangement will be considered unless the debtor submits a certified financial statement which reflects the debtor's assets, liabilities, income, and expenses. The financial statement shall not be required to be submitted sooner than 15 work-days following its request by FSA.

(c) All installment payment agreements shall be in writing and require the payment of interest at the late payment interest rate in effect on the date such agreement is executed, unless such interest is waived or reduced by FSA. The installment agreement shall specify all the terms of the arrangement and include provision for accelerating the debt in the event the debtor defaults.

(d) FSA may deem a repayment plan to be abrogated if the debtor fails to comply with its terms.

(e) If the debtor's financial statement or other information discloses the ownership of assets which are not encumbered, the debtor may be required to secure the payment of an installment note by executing a security agreement and financing agreement which provides FSA a security interest in the assets until the debt is paid in full.

(f) If the debtor owes more than one debt to FSA, FSA may allow the debtor to designate the manner in which a voluntary installment payment is to be

§ 792.7

7 CFR Ch. VII (1–1–09 Edition)

applied. If the debtor does not designate the application of a voluntary installment or partial payment, the payment will be applied to such debts as determined by FSA.

§ 792.7 Collection by administrative offset.

(a) The provisions of this section shall apply to all debts due FSA except as otherwise provided in this part and part 1404 of this title. This section is not applicable to:

(1) FSA requests for administrative offset against money payable to a debtor from the Civil Service Retirement and Disability Fund and FSA requests for salary offset against a present, former or retired employee of the Federal Government which shall be made in accordance with regulations at part 3 of this title;

(2) FSA requests for administrative offset against a Federal income tax refund payable to a debtor which shall be made in accordance with § 792.19;

(3) Cases in which FSA must adjust, by increasing or decreasing, a payment which is to be paid under a contract in order to properly make other payments due by FSA; and

(4) Any case in which a statute explicitly provides for or prohibits using administrative offset to collect the debt for the type of debt involved.

(b) Debts due FSA or CCC may be collected by administrative offset from amounts payable by FSA when:

(1) The debtor has been provided written notification of the basis and amount of the debt and has been given an opportunity to make payment. Such written notification and opportunity includes notice of the right to pursue an administrative appeal in accordance with part 780 of this chapter or any other applicable appeal procedures, if not previously provided;

(2) The debtor has been provided an opportunity to request to inspect and copy the records of FSA related to the debt;

(3) The debtor has been given the opportunity to enter into a written agreement which is acceptable to FSA for repayment of the debt;

(4) The debtor has been notified in writing that the debt will be collected

by administrative offset if not paid; and

(5) The debt has not been delinquent for more than ten years or legal action to enforce the debt has not been barred by an applicable period of limitation, whichever is later.

(c) Administrative offset shall also be effected against amounts payable by FSA:

(1) When requested or approved by the Department of Justice; or

(2) When a person is indebted under a judgment in favor of FSA or the United States.

(d) A payment due any person may be offset when there is a breach of a contract or a violation of FSA program requirements, and offset is considered necessary by FSA to protect the financial interests of the Government.

(e) FSA may effect administrative offset against a payment to be made to a debtor prior to completion of the procedures required by paragraphs (b)(1) through (b)(4) of this section if:

(1) Failure to take the offset would substantially prejudice FSA's ability to collect the debt; and

(2) The time before the payment is to be made does not reasonably permit the completion of those procedures.

(f)(1) Judgments in favor of the United States may be offset against any amounts payable by FSA based on information provided by or obtained from the Department of Justice. Debts due any agency other than FSA which have not been reduced to judgment shall be offset against amounts payable by FSA to a debtor when an agency of the U.S. Government has submitted a written request for offset which is mailed or hand-delivered to the appropriate FSA State office, Kansas City Financial Management Office, Kansas City Management Office, or Kansas City Commodity Office. Such written request must:

(i) Bear the signature of an authorized representative of the requesting agency;

(ii) Include a certification that all requirements of the law and the regulations for collection of the debt and for requesting offset have been complied with;

Farm Service Agency, USDA

§ 792.8

(iii) State the name, address (including county), and, where legally available, the Social Security number or employer ID number of the debtor, and a brief description of the basis of the debt, including identification of the judgment, if any;

(iv) State the amount of the debt separately as to principal, interest, penalties, and administrative costs. Interest, if any, shall be computed on a daily basis to a date shown in the request. The amount to be offset shall not exceed the principal sum owed by the debtor, plus interest computed in accordance with the request, and any late payment interest, penalties and administrative costs that have been assessed;

(v) Certify that the debtor has not filed for bankruptcy. If the debtor has filed for bankruptcy, a copy of the order of the bankruptcy court relieving the agency from the automatic stay must be included; and

(vi) State the name, address, and telephone number of a contact person within the agency and the address to which payment should be sent.

(2) Unless prohibited by law, the head of an agency, or a designee, may defer or subordinate in whole or in part the right of the agency to recover through offset all or part of any indebtedness to such agency, or may withdraw a request for offset. Notice of such action must be sent to the appropriate FSA office.

(g)(1) After FSA has complied with the provisions of this part, FSA may request other agencies of the Government to offset amounts payable by them to persons indebted to FSA.

(2) In the case of a request to IRS for a tax refund offset, the provisions at § 792.19 shall apply.

(h)(1) Debts shall be collected by offset in the following order of priority without regard to the date of the request for such collection:

(i) Debts to FSA.

(ii) Debts to other agencies of USDA as determined by FSA.

(iii) Debts to other government agencies as determined by FSA.

(2) In the case of multiple debts involving the same debtor, FSA may, at its discretion, deviate from the usual order of priority in applying recovered

amounts to debts owed other agencies when considered to be in the Government's best interest. Such decision shall be made by FSA based on the facts and circumstances of the particular case.

(i) Amounts recovered by offset for FSA and CCC debts but later found not to be owed to the Government shall be promptly refunded.

(j) The debtor shall be notified whenever any offset action has been taken.

(k) Offsets made pursuant to this section shall not deprive a debtor of any right he or she might otherwise have to contest the debt involved in the offset action either by administrative appeal or by legal action.

(l) Any action authorized by the provisions of this section may be taken:

(1) Against a debtor's pro rata share of payments due any entity which the debtor participates in, either directly or indirectly, as determined by FSA.

(2) When FSA determines that the debtor has established an entity, or reorganized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the claim or debt.

(m) The amount to be offset shall not exceed the actual or estimated amount of the debt, including interest, administrative charges, and penalties, unless the Department of Justice requests that a larger specified amount be offset.

(n) Offset action will not be taken against payments when:

(1) A debt has been discharged as provided in § 792.16.

(2) FSA determines such action will unduly interfere with the administration of an FSA or CCC program.

(3) The debt has been delinquent for more than ten years or legal action to enforce the debt due FSA is barred by an applicable period of limitation, whichever is later.

[59 FR 15829, Apr. 5, 1994, as amended at 60 FR 43706, Aug. 23, 1995]

§ 792.8 Priorities of offsets versus assignments.

(a) No amounts payable to a debtor by FSA shall be paid to an assignee until there have been collected any amounts owed by the debtor except as provided in this section.

§ 792.9

7 CFR Ch. VII (1-1-09 Edition)

(b) A payment which is assigned in accordance with part 1404 of this title by execution of Form CCC-36 shall be subject to offset for any debt owed to FSA or CCC or any judgment in favor of the United States without regard to the date notice of assignment was accepted by FSA or CCC.

(c) A payment which is assigned in accordance with part 1404 of this title by execution of Form CCC-252 shall be offset:

(1) Against any debt of the assignor entered on the debt record of the applicable FSA office prior to the filing of such form with FSA or CCC, or

(2) At anytime, regardless of the date of filing of such form with FSA or CCC, if the debt which is the basis for the offset arises from a judgment in favor of the United States, or under the same contract under which the payment is earned by the assignor.

(d) With respect to all other Federal agencies, offset shall be made of any amounts due any other Federal agency which have not been reduced to judgment, and which are entered on the debt record of the appropriate FSA office prior to the date the notice of assignment was accepted by FSA or CCC.

(e) Any amount due and payable to the assignor which remains after deduction of amounts paid to the assignee shall be available for offset.

§ 792.9 Withholding.

(a) Withholding of a payment prior to the completion of an applicable offset procedure may be made from amounts payable to a debtor by FSA to ensure that the interests of FSA and the United States will be protected as provided in this section.

(b) A payment may be withheld to protect the interests of FSA or the United States only if FSA determines that:

(1) There has been a serious breach of contract or violation of program requirements and the withholding action is considered necessary to protect the financial interests of FSA;

(2) There is substantial evidence of violations of criminal or civil frauds statutes and criminal prosecution or civil frauds action is of primary importance to program operations of FSA;

(3) Prior experience with the debtor indicates that collection will be difficult if amounts payable to the debtor are not withheld;

(4) There is doubt that the debtor will be financially able to pay a judgment on the claim of FSA;

(5) The facts available to FSA are insufficient to determine the amount to be offset or the proper payee;

(6) A judgment on a claim of FSA has been obtained; or

(7) Such action has been requested by the Department of Justice.

(c) Except for debts due FSA or CCC, withholding action by FSA on amounts payable to debtors of other Government agencies may not be made unless requested by the Department of Justice.

§ 792.10 Late payment interest, penalty and administrative charges.

(a) Late payment interest provisions of this section shall not apply:

(1) To debts owed by Federal agencies and State and local governments. Interest on debts owed by such entities shall be charged to the extent authorized under the common law or applicable statutory authority.

(2) If an applicable statute, regulation, agreement, or contract either prohibits the charging of such interest or specifies the interest or charges applicable to the debt involved;

(3) If the late payment interest is waived by FSA in accordance with § 792.11.

(4) To administrative charges as set forth in paragraph (f) of this section.

(b) FSA will assess late payment interest on the full amount of delinquent debts. For purposes of this section, the term “full amount of the delinquent debt” means the sum of the principal, accrued program interest, and any other charges which are otherwise due and owing to FSA on the delinquent debt at the time the late payment interest is assessed, except as provided in paragraphs (a)(2) and (d)(3) of this section.

(c) The late payment interest shall be expressed as an annual rate of interest which FSA charges on delinquent debts. The late payment interest rate shall be equal to the higher of the Treasury Department’s current value

of funds rate or the rate of interest assessed under the Prompt Payment Act, determined as of the date specified in paragraphs (d)(1) and (d)(2) of this section. The rate of interest assessed under the Prompt Payment Act was chosen as an alternative rate to ensure that the Government would recoup interest at a rate which was at least as high as that which it pays for late payments.

(d)(1) When a debt results from a statute, regulation, contract, or other agreement with specific provisions for late payment interest and payment due date, late payment interest shall accrue on the amount of the debt from the first day the debt became delinquent, unless otherwise provided by statute.

(2) With respect to debts not resulting from a statute, regulation, contract, or agreement containing specific provisions for late payment interest and payment due date, late payment interest shall begin to accrue from the date on which notice of the debt, including notice of late payment interest, is first mailed or hand-delivered to the debtor.

(3) The rate of late payment interest initially assessed will be fixed for the duration of the indebtedness, except when a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement. FSA may then set a new rate of interest which reflects the late payment interest rate in effect at the time the new agreement is executed. All charges which accrued, but which were not collected under the defaulted agreement, shall be added to the principal to be paid under a new repayment agreement.

(4) The late payment interest on delinquent debts will accrue on a daily basis.

(e) Except as specified in paragraph (a)(2) of this section, a penalty charge of three (3) percent per annum will be assessed on any portion of a debt which remains unpaid ninety (90) days after the date described in paragraph (d)(1) or (d)(2) of this section, if no repayment schedule satisfactory to FSA has been agreed upon. Such penalty charge will be assessed retroactively from the date late payment interest began to accrue and applied on a daily basis. Such

rate shall continue to accrue until the delinquent debt has been paid.

(f) FSA shall assess as administrative charges the additional costs of processing delinquent debts against the debtor, to the extent such costs are attributable to the delinquency. Such costs include, but are not limited to, costs incurred in obtaining a credit report, costs of employing commercial firms to locate debtor, costs of employing contractors for collection services, costs of selling collateral or property to satisfy the debt.

(g) When a debt is paid in partial or installment payments, payments will be applied first to administrative charges, second to the penalty charge assessed in accordance with paragraph (e) of this section and late payment interest, and third to outstanding principal.

§ 792.11 Waiver of late payment interest, penalty charge and administrative charges.

(a) FSA shall waive the collection of late payment interest and administrative charges on a debt or any portion of a debt which is paid within 30 days after the date on which late payment interest began to accrue.

(b) FSA may waive the assessment and collection of all or a portion of the penalty charge on debts which are appealed in accordance with 7 CFR part 780 or other applicable appeal procedures from either the date of the appeal or the date such interest began to accrue, whichever is later, until the date a final administrative determination is issued. Such waiver shall not apply for any delay due to:

(1) The appellant's request for a postponement of the scheduled hearing;

(2) The appellant's request for an additional time following the hearing to present additional information or a written closing statement; or

(3) The appellant's failure to timely present information to the reviewing authority.

(c) Assessment and collection of late payment interest, the penalty charge and administrative charges under this part may be waived by FSA in full, or in part, if it is determined by the Controller, FSA, or his or her designee,

§ 792.12

that such action is in the best interest of FSA.

§ 792.12 Administrative appeal.

If the opportunity to appeal the determination has not previously been provided under part 24 of this title or part 780 of this chapter or any other appeal procedure, a debtor may obtain an administrative review under part 780 of this chapter, or other applicable appeal procedures, of FSA's determination concerning the existence or amount of a debt, if a request is filed with the authority who made the determination within 15 days of the date of FSA's initial demand letter, unless a longer period is specified in the initial demand letter.

§ 792.13 Additional administrative collection action.

Nothing contained in this part shall preclude the use of any other administrative or contractual remedy which may be available to FSA to collect debts owed to the Government.

§ 792.14 Contact with debtor's employing agency.

When a debtor is employed by the Federal Government or is a member of the military establishment or the Coast Guard, and collection by offset cannot be accomplished in accordance with 5 U.S.C. 5514, FSA may contact the employing agency to arrange for payment of the debt by allotment or otherwise, in accordance with section 206 of Executive Order No. 11222, May 8, 1965, 30 FR 6469, 3 CFR, 1964-1965 Comp., p 306.

§ 792.15 Prior provision of rights with respect to debt.

FSA will not provide an administrative appeal with respect to issues which were raised or should have been raised at any administrative review requested by the debtor as provided under another statute or regulation before:

- (a) Effecting administrative offset;
- (b) Referring the debt to private collection or credit reporting agencies;
- (c) Referring the debt for salary offset against the current pay of a present or former Government employee; or

7 CFR Ch. VII (1-1-09 Edition)

- (d) Referring the debt to IRS for tax refund offset.

§ 792.16 Discharge of debts.

(a) Except as required by other applicable regulation or statute, a debt or part thereof owed FSA shall be discharged with the concurrence of the Department of Justice, if applicable, and the records and accounts on that debt closed in the following situations:

- (1) When an obligation or part thereof is discharged in bankruptcy;
- (2) When an obligation or part thereof is the subject of a final judgment entered by a court of competent jurisdiction which is adverse to FSA and no appeal will be taken by FSA;
- (3) When a debt or part thereof is compromised and paid, the amount of such compromise;
- (4) When collection of a debt by administrative offset is barred in accordance with § 792.7(b)(5).
- (b) Debts discharged in accordance with this section may be reported to the Internal Revenue Service pursuant to § 792.20.

§ 792.17 Referral of delinquent debts to credit reporting agencies.

(a) This section specifies the procedures that will be followed by FSA and the rights that will be afforded to debtors when FSA reports delinquent debts to credit reporting agencies.

(b) Before disclosing information to a credit reporting agency in accordance with this part, FSA shall review the claim and determine that it is valid and delinquent.

(c) Before a debt may be referred to a credit reporting agency, the debtor must be notified, pursuant to § 792.4, of FSA's intent to make such a report. Such notification shall include:

- (1) FSA's intent to disclose to a credit reporting agency that the debtor is responsible for the debt, and that such disclosure will be made not less than 60 days after notification to such debtor.
- (2) The information intended to be disclosed to the credit reporting agency under paragraph (g)(1) of this section.
- (3) The debtor's right to enter a repayment agreement on the debt, including, at the discretion of FSA, installment payments, and that if such

Farm Service Agency, USDA

§ 792.18

an agreement is reached, the debt will not be referred to a credit reporting agency.

(4) The debtor's right to review of this action in accordance with paragraph (i) of this section.

(d) The debtor shall be notified, in writing at the debtor's last known address, when FSA has reported any delinquent debt to a credit reporting agency.

(e)(1) FSA shall notify each credit reporting agency to which an original disclosure of delinquent debt information was made of any substantial change in the condition or amount of the claim.

(2) FSA shall promptly verify or correct, as appropriate, information about the debt on request of a credit reporting agency. The records of the debtor shall reflect any correction resulting from such request.

(f) Information reported to a credit reporting agency on delinquent debts shall be derived from the system of records maintained by FSA.

(g) FSA shall limit delinquent debt information disclosed to credit reporting agencies to:

(1) The name, address, taxpayer identification number, and other information necessary to establish the identity of the debtor;

(2) The amount, status, and history of the claim; and

(3) The program under which the claim arose.

(h) Reasonable action shall be taken to locate a debtor for whom FSA does not have a current address before reporting delinquent debt information to a credit reporting agency.

(i)(1) Before disclosing delinquent debt information to a credit reporting agency, FSA shall, upon request of the debtor, provide for a review of the debt in accordance with § 792.12. This review shall only consider defenses or arguments which were not available or could not have been available at any previous appeal proceeding permitted under § 792.12.

(2) Upon receipt of a request for review within 30 days from the date of notice to the debtor of intent to refer delinquent debt information to a credit reporting agency, FSA shall suspend its schedule for disclosure to a credit

reporting agency until a final decision regarding the appropriateness of disclosure to a credit reporting agency is made.

(3) Upon completion of the review, the reviewing official shall transmit to the debtor a written notification of the decision. If appropriate, the debtor shall be notified of the scheduled date on or after which the debt will be referred to the credit reporting agency. The debtor will also be notified of any changes from the initial notification in the information to be disclosed.

(j)(1) In accordance with guidelines established by the Administrator, FSA, the responsible claims official shall report to credit reporting agencies delinquent debt information specified in paragraph (g) of this section.

(2) The agreements entered into by USDA and credit reporting agencies shall provide the necessary assurances to FSA that the credit reporting agencies to which information will be provided are in compliance with the provisions of all the laws and regulations of the United States relating to providing credit information.

(3) FSA shall not report delinquent debt information to credit reporting agencies when: (i) The debtor has entered a repayment agreement covering the debt with FSA, and such agreement is still valid; or

(ii) FSA has suspended its schedule for disclosure of delinquent debt information pursuant to paragraph (i)(2) of this section.

(k) Disclosures made under this section shall be in accordance with the requirements of the Privacy Act, as amended (5 U.S.C. 552a).

(l) The provisions of paragraphs (a) through (k) of this section apply to commercial debts owed by farm producers and all personal debts. All commercial debts owed by debtors other than farm producers may be reported to credit reporting agencies without following the provisions of paragraphs (a) through (k) of this section.

§ 792.18 Referral of debts to Department of Justice.

(a) Debts that exceed \$100,000.00 exclusive of interest, penalties, and administrative charges, or such higher amount as may be prescribed, shall be

§ 792.19

referred to the Department of Justice before they can be discharged.

(b) Debts which cannot be compromised or on which collection action cannot be suspended or terminated, may be referred to the Department of Justice for collection action. Claims of less than \$600.00 exclusive of interest, penalties, and administrative costs will not be referred to the Department of Justice unless:

(1) Referral is important to a significant enforcement policy, or

(2) The debtor not only has the clear ability to pay the claim, but the Government can effectively enforce payment, having due regard for the exemptions available to the debtor under State and Federal law and the judicial remedies available to the Government.

§ 792.19 Referral of delinquent debts to IRS for tax refund offset.

FSA may refer legally enforceable delinquent debts to IRS to be offset against tax refunds due to debtors under 26 U.S.C. 6402, in accordance with the provisions of 31 U.S.C. 3720A and Treasury Department regulations.

§ 792.20 Reporting discharged debts to IRS.

(a) In accordance with IRS regulations, FSA may report to IRS as discharged debts on IRS Form 1099-G the amounts specified in paragraph (b) of this section.

(b) The following discharged debts may be reported to IRS: (1) The amount of a debt discharged under a compromise agreement between FSA and the debtor, except for compromises made due to doubt about the Government's ability to prove its case in court for the full amount of the debt.

(2) The amount of a debt discharged by the running of the statutory period of limitation for collecting the debt by administrative offset specified in 31 U.S.C. 3716.

§ 792.21 Referral of debts to private collection agencies.

If FSA's collection efforts have been unsuccessful after 90 days from the date of delinquency, the head of the agency or his designee may enter into a contract with any person or organization, under such terms and conditions

7 CFR Ch. VII (1-1-09 Edition)

as the head of the agency or his designee considers appropriate for collection services to recover debts owed to FSA.

§ 792.22 Collection and compromise.

The Administrator, FSA, or his designee may compromise any claim of the Government of not more than \$100,000.00 exclusive of interest, penalties, and administrative charges, or such higher amount as may be prescribed, that has not been referred to another executive or legislative agency for further collection action.

GENERAL

§ 795.1 [Reserved]

§ 795.2 Applicability.

(a) The provisions of this part are applicable to payments when so provided by the individual program regulations

Farm Service Agency, USDA

§ 795.5

under which the payments are made. The amount of the limitation shall be as specified in the individual program regulations.

(b) The limitation shall be applied to the payments for a commodity for a crop year.

(c) The limitation shall not be applicable to payments made to States, political subdivisions, or agencies thereof for participation in the programs on lands owned by such States, political subdivisions, or agencies thereof so long as such lands are farmed primarily in the direct furtherance of a public function. However, the limitation is applicable to persons who rent or lease land owned by States, political subdivisions, or agencies thereof.

(d) The limitation shall not be applicable to payments made to Indian tribal ventures participating in the programs where a responsible official of the Bureau of Indian Affairs or the Indian Tribal Council certifies that no more than the program payment limitation shall accrue directly or indirectly to any individual Indian and the State committee reviews and approves the exemption.

(e) Except as provided in part 1497 of this title, this part shall not be applicable to contracts entered into on or after August 1, 1988 in accordance with part 704 of this chapter.

[49 FR 14719, Apr. 13, 1984, as amended at 51 FR 8453, Mar. 11, 1986; 51 FR 36905, Oct. 16, 1986; 53 FR 29570, Aug. 5, 1988]

§ 795.3 Definitions.

(a) The terms defined in part 719 of this chapter, governing reconstitutions of farms, shall be applicable to this part and all documents issued in accordance with this part, except as otherwise provided in this section.

(b)(1) Subject to the provisions of this part, the term “person” shall mean an individual, joint stock company, corporation, association, trust, estate, or other legal entity. In order to be considered to be a separate person for the purposes of this part with respect to any crop, in addition to any other provision of this part, an individual or other legal entity must:

(i) Have a separate and distinct interest in the crop or the land on which the crop is produced;

(ii) Exercise separate responsibility for such interest; and

(iii) Be responsible for payment of the cost of farming related to such interest from a fund or account separate from that of any other individual or entity.

(2) The term “person” shall not include any cooperative association of producers that markets commodities for producers with respect to the commodities so marketed for producers.

(c) The term “family member” shall mean the individual, the great-grandparent, grand-parent, child, grandchild, and great-grandchild of such individual and the spouses of all such individuals.

(d) The term “separate unit” shall mean an individual who, prior to December 31, 1985: (1) Had been engaged in a separate farming operation and (2) in accordance with the provisions of this part, had been determined to be a separate person or could have so determined under the circumstances existing at such time.

[52 FR 26295, July 14, 1987]

§ 795.4 Family members.

Effective for the 1987 through 1990 crops, an individual shall not be denied a determination that such individual was a “person” solely on the basis that:

(a) A family member cosigns for, or makes a loan to, such individual and leases, loans or gives equipment, land or labor to such an individual; and

(b) Such family members were organized as separate units prior to December 31, 1985.

[52 FR 26295, July 14, 1987]

§ 795.5 Timing for determining status of persons.

Except as otherwise set forth in this part, the status of individuals or entities as of March 1, or such other date as may be determined and announced by the Administrator shall be the basis on which determinations are made in accordance with this part for the year for which the determination is made.

[51 FR 21836, June 16, 1986; 51 FR 36905, Oct. 16, 1986]

§ 795.6

§ 795.6 Multiple individuals or other entities.

The rules in §§ 795.5 through 795.16 shall be used to determine whether certain multiple individuals or legal entities are to be treated as one person or as separate persons for the purpose of applying the limitation. In cases in which more than one rule would appear to be applicable, the rule which is most restrictive on the number of persons shall apply.

§ 795.7 Entities or joint operations not considered as a person.

A partnership, joint venture, tenants-in-common, or joint tenants shall not be considered as a person but, notwithstanding the provisions of § 795.3, each individual or other legal entity who shares in the proceeds derived from farming by such joint operations shall be considered a separate person, except as otherwise provided in this part, and shall be listed as a producer for payment purposes on program documents. The payment shares listed on the program documents for each individual or other legal entity shall be the same as each individual or other legal entity shares in the proceeds derived from farming by such joint operation. Notwithstanding the foregoing, each individual or other legal entity who shares in the proceeds derived from farming by such joint operation shall not be considered as a separate person unless the individual or other legal entity is actively engaged in the farming operations of the partnership or other joint operation. An individual or other legal entity shall be considered as actively engaged in the farming operation only if its contribution to the joint operation is commensurate with its share in the proceeds derived from farming by such joint operation. Members of the partnership or joint venture must furnish satisfactory evidence that their contributions of land, labor, management, equipment, or capital to the joint operation are commensurate with their claimed shares of the proceeds. A capital contribution may be a direct out-of-pocket input of a specified sum or an amount borrowed by the individual. If the contribution consists substantially of capital, such capital must have been contributed directly to the

7 CFR Ch. VII (1–1–09 Edition)

joint operation by the individual or other legal entity and not acquired as a result of (a) a loan made to the joint operation, (b) a loan which was made to such individual or other legal entity by the joint operation or any of its members or related entities, or (c) a loan made to such individual or other legal entity which was guaranteed by the joint operation or any of its members or related entities.

§ 795.8 Corporations and stockholders.

(a) A corporation (including a limited partnership) shall be considered as one person, and an individual stockholder of the corporation may be considered as a separate person to the extent that such stockholder is engaged in the production of the crop as a separate producer and otherwise meets the requirements of § 795.3, except that a corporation in which more than 50 percent of the stock is owned by an individual (including the stock owned by the individual's spouse, minor children, and trusts for the benefit of such minor children), or by a legal entity, shall not be considered as a separate person from such individual or legal entity.

(b) Where the same two or more individuals or other legal entities own more than 50 percent of the stock in each of two or more corporations, all such corporations shall be considered as one person.

(c) The percentage share of the value of the stock owned by an individual or other legal entity shall be determined as of March 1 of the crop year, except that where a stockholder voluntarily acquires stock after March 1 and before the harvest of the crop, the amount of any stock so acquired shall be included in determining the percentage share of the value of the stock owned by the stockholder. Where there is only one class of stock, a stockholder's percentage share of the value of the outstanding stock shall be equal to the percentage of the outstanding stock owned by the stockholder. If the corporation has more than one class of stock the percentage share of the value of the stock owned by a stockholder shall be determined by the Deputy Administrator on the basis of market quotations, and if market quotations

Farm Service Agency, USDA

§ 795.12

are lacking or too scarce to be recognized the percentage share of the value of the stock shall be determined by the Deputy Administrator on the basis of all relevant factors affecting the fair market value, including the rights and privileges of the various stock issues.

§ 795.9 Estate or trust.

(a) An estate or irrevocable trust shall be considered as one person except that, where two or more estates or irrevocable trusts have common beneficiaries or heirs (including spouses and minor children) with more than a 50-percent interest, all such estates or irrevocable trusts shall be considered as one person.

(b) An individual heir of an estate or beneficiary of a trust may be considered as a separate person to the extent that such heir or beneficiary is engaged in the production of crops as a separate producer and otherwise meets the requirements of § 795.3, except that an estate or irrevocable trust which has a sole heir or beneficiary shall not be considered as a separate person from such heir or beneficiary.

(c) Where an irrevocable trust or an estate is a producer on a farm and one or more of the beneficiaries or heirs of such trust or estate are minor children, the minor children's pro rata share of the program payments to the trust or estate shall be attributed to the parent of the minor children except as otherwise provided in § 795.12.

(d) A revocable trust shall not be considered as a separate person from the grantor.

§ 795.10 Club, society, fraternal or religious organization.

Each individual club, society, fraternal or religious organization may be considered as a separate person to the extent that each such club, society,

fraternal or religious organization is engaged in the production of crops as a separate producer and otherwise meets the requirements of § 795.3.

§ 795.11 Husband and wife.

With respect to the 1988 crop year, a husband and wife shall be considered to be one person except that such individuals who, prior to their marriage, were separately engaged in unrelated farming operations will be determined to be separate persons with respect to such farming operations so long as the operations remain separate and distinct from any farming operation conducted by the other spouse if such individuals have executed a Contract to Participate in the 1988 Price Support and Production Adjustment Programs by April 15, 1988. Such individuals must file a form FSA-561 with the county committee for each such farming operation by July 8, 1988, if they desire to be considered as separate persons under this section.

[53 FR 21410, June 8, 1988]

§ 795.12 Minor children.

(a) A minor child and his parents or guardian (or other person responsible for him) shall be considered as one person, except that the minor child may be considered as a separate person if such minor child is a producer on a farm in which the parents or guardian or other person responsible for him (including any entity in which the parents or guardian or other person responsible for him has a substantial interest, i.e., more than a 20-percent interest) takes no part in the operation of the farm (including any activities as a custom farmer) and owns no interest in the farm or allotment or in any portion of the production on the farm, and if such minor child:

(1) Is represented by a court-appointed guardian who is required by law to make a separate accounting for the minor and ownership of the farm is vested in the minor, or

(2) Has established and maintains a different household from his parents or guardian and personally carries out the actual farming operations on the farm for which there is a separate accounting, or

(3) Has a farming operation resulting from his being the beneficiary of an irrevocable trust and ownership of the property is vested in the trust or the minor.

(b) A person shall be considered a minor until he reaches 18 years of age. Court proceedings conferring majority on a person under 18 years of age will not change such person's status as a minor for purposes of applying the regulations.

§ 795.13 Other cases.

Where the county committee is unable to determine whether certain individuals or legal entities involved in the production of a commodity are to be treated as one person or separate persons, all the facts regarding the arrangement under which the commodity is produced shall be submitted to the State committee for decision. Where the State committee is unable to determine whether such individuals or legal entities are to be treated as one person or separate persons, all the facts regarding the arrangement under which the farming operation is conducted shall be submitted to the Deputy Administrator for decision.

§ 795.14 Changes in farming operations.

(a) Subject to the provisions of this part, a person may exercise his or her right heretofore existing under law, to divide, sell, transfer, rent, or lease his or her property if such division, sale, transfer, rental arrangement, or lease is legally binding as between the parties thereto. However, any document representing a division, sale, transfer, rental arrangement, or lease which is fictitious or not legally binding as between the parties thereto shall be considered to be for the purpose of evading the payment limitation and shall be disregarded for the purpose of applying the payment limitation. Any change in farming operations that would otherwise serve to increase the number of persons for application of the payment limitation must be bona fide and substantive.

(b) A substantive change includes, for example, a substantial increase or decrease in the size of the farm by purchase, sale, or lease; a substantial in-

crease or decrease in the size of allotment by purchase, sale, or lease; a change from a cash lease to a share lease or vice versa; and dissolution of an entity such as a corporation or partnership.

(c) Examples of the types of changes that would not be considered as substantive are the following:

Example 1. A corporation is owned equally by four shareholders. The corporation owns land, buildings, and equipment and in the prior year carried out substantial farming operations. Three of the shareholders propose forming a partnership which they would own equally. The partnership would cash lease land and equipment from the corporation with the objective of having the three partners considered as separate persons for purposes of applying the payment limitation under the provisions of § 795.7 of the regulations.

The formation of such a partnership and the leasing of land from a corporation in which they hold a major interest would not constitute a substantive and bona fide change in operations. Therefore, the corporation and the partners would be limited to a single payment limitation.

Example 2. Three individuals each have individual farming operations which, if continued unchanged, would permit them to have a total of three payment limitations.

The three individuals propose forming a corporation which they would own equally. The corporation would then cash lease a portion of the farmland owned and previously operated by the individuals with the objective of having the corporation considered as a separate person for purposes of applying the payment limitation under the provisions of § 795.8 of the regulations. The formation of such a corporation and the leasing of land from the stockholders would not constitute a substantive and bona fide change in operations. Therefore, the corporation and the three individuals would be limited to three payment limitations.

§ 795.15 Determining whether agreement is a share lease or a cash lease.

(a) *Cash lease.* If a rental agreement contains provisions for a guaranteed minimum rental with respect to the amount of rent to be paid to the landlord by a tenant, such agreement shall be considered to be a cash rental agreement. In addition, the rental agreement must be customary and reasonable for the area.

(b) *Share lease.* If a rental agreement contains provisions that require the

Farm Service Agency, USDA

§ 795.21

payment of rent on the basis of the amount of the crop produced or the proceeds derived from the crop, such agreement shall be considered to be a share rental agreement. In addition, the rental agreement must be customary and reasonable for the area.

[51 FR 8454, Mar. 11, 1986 and 51 FR 36905, Oct. 16, 1986]

§ 795.16 Custom farming.

(a) Custom farming is the performance of services on a farm such as land preparation, seeding, cultivating, applying pesticides, and harvesting for hire with remuneration on a unit of work basis, except that, for the purpose of applying the provisions of this section, the harvesting of crops and the application of agricultural chemicals by firms regularly engaged in such businesses shall not be regarded as custom farming. A person performing custom farming shall be considered as being separate from the person for whom the custom farming is performed only if:

(1) The compensation for the custom farming is paid at a unit of work rate customary in the area and is in no way dependent upon the amount of the crop produced, and (2) the person performing the custom farming (and any other entity in which such person has more than a 20-percent interest) has no interest, directly or indirectly, (i) in the crop on the farm by taking any risk in the production of the crop, sharing in the proceeds of the crop, granting or guaranteeing the financing of the crop, (ii) in the allotment on the farm, or (iii) in the farm as landowner, landlord, mortgage holder, trustee, lienholder, guarantor, agent, manager, tenant, sharecropper, or any other similar capacity.

(b) A person having more than a 20-percent interest in any legal entity performing custom farming shall be considered as being separate from the person for whom the custom farming is performed only if:

(1) The compensation for the custom farming service is paid at a unit of work rate customary in the area and is in no way dependent upon the amount of the crop produced, and (2) the person having such interest in the legal entity performing the custom farming has no

interest, directly or indirectly, (i) in the crop on the farm by taking any risk in the production of the crop, sharing in the proceeds of the crop, granting or guaranteeing the financing of the crop, (ii) in the allotment on the farm, or (iii) in the farm as landowner, landlord, mortgage holder, trustee, lienholder, guarantor, agent, manager, tenant, sharecropper, or in any other similar capacity.

§ 795.17 Scheme or device.

All or any part of the payments otherwise due a person under the upland cotton, wheat, feed grain and rice programs on all farms in which the person has an interest may be withheld or required to be refunded if the person adopts or participates in adopting any scheme or device designed to evade or which has the effect of evading the rules of this part. Such acts shall include, but are not limited to, concealing from the county committee any information having a bearing on the application of the rules of this part or submitting false information to the county committee (for example, a set-aside agreement which is entered into that differs from information furnished to the county committee concerning the manner in which program payments are actually shared, concerning the actual facts of a sale, or concerning the transfer of property) or creating fictitious entities for the purpose of concealing the interest of a person in a farming operation.

§ 795.20 Joint and several liability.

Where two or more individuals or legal entities, who are treated as one person hereunder, receive payments which in the aggregate exceed the limitation, such individuals or legal entities shall be liable, jointly and severally, for any liability arising therefrom. The provisions of this part requiring the refund of payments shall be applicable in addition to any liability under criminal and civil fraud statutes.

§ 795.21 Appeals.

Any person may obtain reconsideration and review of determinations made under this part in accordance with the appeal regulations, part 780 of this chapter, as amended.

§ 795.22

§ 795.22 Interpretations.

In interpretations previously issued pursuant to the payment limitation regulations and published at 36 FR 16569, 37 FR 3049, 39 FR 15021 and 41 FR 17527 shall be applicable in construing the provisions of this part.

§ 795.23 Paperwork Reduction Act assigned number.

The information collection requirements contained in these regulations (7 CFR part 795) have been approved by the Office of Management and Budget under the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB control number 0560-0096.

§ 795.24 Relief.

If a producer relied on a county committee and/or State committee “person” determination for a crop year and higher reviewing authority makes a more restrictive determination, the Deputy Administrator may grant relief only for such crop year if the producer was not afforded an opportunity to exercise other alternatives with respect to the producer’s farming operation and the program provisions and the county committee has determined that the producers acted in good faith based upon the original “person” determination.

§ 798.1 General statement.

This part is issued in accordance with the regulations of the Secretary of Agriculture at 7 CFR 1.1 through 1.16, and appendix A, implementing the Freedom of Information Act (5 U.S.C. 552). The Secretary's regulations as implemented by the regulations in this part, govern the availability of records of the FSA and Commodity Credit Corporation (CCC) to the public.

§ 798.2 Public inspection and copying.

5 U.S.C. 552(a)(2) requires that certain materials be made available for public inspection and copying. Members of the public may request access to such materials maintained by FSA and/or CCC at the Office of the Director, Information Division, Farm Service Agency, Room 3608 South Building, P.O. Box 2415, Washington, D.C. 20013, between the hours of 8:15 and 4:45 p.m., Monday through Friday.

[50 FR 53259, Dec. 31, 1985]

§ 798.3 Index.

5 U.S.C. 552(a)(2) requires that each agency publish or otherwise make available a current index of all materials required to be made available for public inspection and copying. FSA maintains an index of FSA National Handbooks, CCC Board Dockets, decisions of the Board of Contract Appeals of the Department of Agriculture affecting FSA or CCC, and Marketing Quota Review Committee determinations. In view of the small number of public requests for such index, publica-

tion of the index is unnecessary and impractical. The index is maintained and available to the public at the office shown in § 798.2 and copies of the index are available upon request in person or by mail to that office.

§ 798.4 Request for records.

Request for records under 5 U.S.C. 552(a)(3) shall be made in accordance with 7 CFR 1.3. Reasonable requests for material not in existence may also be honored where their compilation will not unduly interfere with FSA operations and programs. Each FSA office in the field and each FSA office and division in Washington (see statement of Organization and Functions of FSA, 40 FR 18815, and of CCC, 35 FR 14951, and any amendments thereto) is designated as an "information center" and shall make space available to inspect and copy records in their custody not exempted from disclosure. Copies of records shall also be made available upon request. The head of each office or division is authorized to receive requests for records and to make determinations regarding requests for records in the office's custody in accordance with 7 CFR 1.4(c). Requests to Washington divisions and offices shall be addressed to USDA, FSA, P.O. Box 2415, Washington, D.C. 20013. The heads of FSA field offices shall be addressed as listed in the local telephone directory under "U.S. Government, Department of Agriculture, FSA". Names and addresses of heads of field offices may also be obtained from the office indicated in § 798.2.

§ 798.5 Appeals.

Any person whose request under § 798.4 of this part is denied shall have the right to appeal such denial. This appeal shall be submitted in accordance with 7 CFR 1.3(e) and addressed to the Administrator, FSA (Executive Vice-President, CCC), USDA, FSA, P.O. Box 2415, Washington, D.C. 20013.

§ 798.6 Fees.

This schedule supplements the fee schedule in 7 CFR, part 1, subpart A,

§ 798.6

7 CFR Ch. VII (1–1–09 Edition)

appendix A and sets forth the fees to be charged by FSA for providing copies of records, materials, and services not covered in appendix A:

(a) Records, materials and services furnished without cost.

(1) One copy each of related directives, or blank forms required by FSA for program participation, if requester is a program participant.

(2) List of names and addresses of county and/or community committee members, and names of county employees in the county.

(3) One copy of an investigation report furnished to an appellant for a program appeal.

(b) Records, materials and services for which fees are charged.

(1) *National handbooks*. Three dollars for the first copy. One dollar for each additional copy. (The term “copy” includes all national amendments to date. They will be furnished separately for the requester to assemble).

SOURCE: 45 FR 32313, May 16, 1980, unless otherwise noted.

§ 799.1 Background.

The National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*) establishes national policies and goals for the protection of the environment. Section 102(2) of NEPA contains certain procedural requirements directed toward the attainment of such goals. Section (102)(2) also requires all Federal agencies to give appropriate consideration to the environmental effects of their proposed actions in their decisionmaking and to prepare detailed environmental statements on recommendations or reports on proposals for legislation and other major Federal actions significantly affecting the quality of the human environment. Executive Order 11991 of May 24, 1977 (42

FR 26967), directed the Council on Environmental Quality (CEQ) to issue regulations to implement the procedural provisions of NEPA. Accordingly, CEQ issued final NEPA regulations (40 CFR parts 1500 through 1508) on November 29, 1978, which are binding on all Federal agencies as of July 30, 1979. These regulations provide that each Federal agency shall as necessary adopt implementing procedures to supplement the regulations. The U.S. Department of Agriculture adopted such procedures in a final rule (7 CFR part 3100) published on July 30, 1979. The CEQ regulations at 40 CFR 1507.3 (b) identify those items which must be addressed in agency procedures.

§ 799.2 Purpose.

The purpose of this part is to establish agency procedures which supplement NEPA regulations issued by CEQ and USDA. This regulation, together with such NEPA regulations issued by CEQ and USDA, will supersede regulations issued by the Farm Service Agency (FSA) on December 20, 1974 (39 FR 43996).

§ 799.3 Applicability.

This part, together with NEPA regulations issued by CEQ and USDA, applies to all programs administered by FSA which might have significant impacts on the environment.

§ 799.4 Definitions.

(a) The term *environmental evaluation* means agency appraisal of the potential or likely environmental impacts of proposed legislation, a new program, a major change in a program, an action related to a program or an action related to part of a program which will be used by the responsible agency official to determine whether or not an environmental assessment and/or an environmental impact statement is needed. Such appraisal shall relate to the same environmental concerns as an environmental impact statement. The environmental evaluation shall particularly

§ 799.5

focus on the adverse affects of FSA actions on the environmental factors listed on Form FSA-929 (see Appendix 2) and on the significance of the action as discussed in the CEQ regulations concerning NEPA at 40 CFR 1508.27. As required, the environmental evaluation shall be made by an interdisciplinary team.

(b) In the regulations in this part and in all instructions, forms, and documents in connection therewith, all other words and phrases shall, unless the context or subject matter otherwise requires, have the meanings assigned to them in the regulations governing reconstitution of farms, allotments and bases, part 719 of this chapter, as amended.

§ 799.5 FSA officials and offices responsible for carrying out NEPA.

(a) *Responsible officials.* The Administrator of FSA, or his or her designee, is the responsible Federal official for carrying out the purpose of NEPA for all FSA programs. County committees, State committees, and Directors of Washington Divisions, within their respective areas of responsibility with the assistance of the FSA representative on the USDA Environmental Quality Committee, shall assist the Administrator in complying with the policies and purposes of NEPA generally, and, in particular, in determining whether the quality of the human environment will be significantly affected in implementing agency programs and preparing the necessary environmental documents.

(b) *Offices responsible for carrying out NEPA—(1) Washington divisions.* Washington divisions are responsible for carrying out NEPA with regard to legislative proposals and multi-State and national programs or major revisions of national programs.

(2) *State committees.* State committees are responsible for carrying out NEPA with regard to major actions in a State or area within a State.

(3) *County committees.* County committees are responsible for carrying out NEPA with regard to major actions within a county.

(c) All environmental assessments, environmental impact statements (EISs) and similar documents will be

7 CFR Ch. VII (1–1–09 Edition)

forwarded through the appropriate agency channels to the FSA representative on the USDA Environmental Quality Committee for review and submission to the Administrator.

§ 799.6 Adoption of regulations issued by others in implementing the procedural provisions of NEPA.

In addition to provisions provided for in this part 799, FSA adopts the NEPA regulations issued by CEQ (40 CFR parts 1500 through 1508) and NEPA regulations issued by USDA (7 CFR part 3100).

§ 799.7 Early involvement in private and state and local activities requiring Federal approval.

(a) The NEPA regulations at 40 CFR 1501.2(d) require agencies to provide for early involvement in actions which, while planned by private applicants or other non-Federal entities, require some form of Federal involvement.

(b) To implement the requirements of 40 CFR 1501.2(d) with respect to these actions FSA shall:

(1) Prepare, where practicable, generic guidelines describing the scope and level of environmental information required from applicants seeking assistance from FSA as a basis for evaluating their proposed actions, and make these guidelines available upon request.

(2) Provide such guidance on a project-by-project basis to applicants seeking assistance from FSA.

(3) Upon receipt of an application for agency approval, or notification that an application will be filed, consult as required with other appropriate parties to initiate and coordinate the necessary environmental analyses.

(c) The responsibilities under this section shall be coordinated by the Conservation and Environmental Protection Division of the Farm Service Agency, Washington, D.C.

(d) To facilitate compliance with paragraph (a) of this section, private applicants seeking assistance from FSA and other non-Federal entities are expected to:

(1) Contact FSA as early as possible in the planning process for guidance on the scope and level of environmental

Farm Service Agency, USDA

§ 799.9

information required to be submitted in support of their application;

(2) Conduct any studies which are deemed necessary and appropriate by FSA to determine the impact of the proposed action on the human environment;

(3) Consult with appropriate Federal, regional, State and local agencies and other potentially interested parties during preliminary planning stages to ensure that all environmental factors are identified;

(4) Submit applications for all Federal, regional, State and local approvals as early as possible in the planning process;

(5) Notify FSA as early as possible of all other Federal, regional, State, local and Indian tribe actions required for project completion so that FSA may coordinate all Federal environmental reviews; and

(6) Notify FSA of all known parties potentially affected by or interested in the proposed action.

§ 799.8 Making supplements to EISs part of the final administrative record.

Where FSA evaluates a proposal on the basis of a formal administrative record and an EIS on the proposal has been prepared, any supplement to the EIS shall be made a part of the formal record before a final decision on the proposal is made.

§ 799.9 Ensuring that environmental factors are considered in agency decisionmaking.

(a) The NEPA regulations at 40 CFR 1501.1 contain requirements to ensure adequate consideration of environmental factors in decisionmaking. To fulfill these requirements, FSA officials shall:

(1) Consider all relevant environmental factors in evaluating proposals for agency action;

(2) Make all relevant environmental documents, comments and responses part of the record in formal rule-making or adjudicatory proceedings.

(3) Ensure that all relevant environmental documents, comments and responses accompany the proposal through existing review processes;

(4) Consider only those alternatives encompassed by the range of alter-

natives discussed in the relevant environmental documents when evaluating proposals for agency action.

(5) Where an EIS has been prepared, consider the specific alternatives analyzed in the EIS when evaluating the proposal which is the subject of the EIS.

(b) The four categories of FSA activities that have or are likely to have significant environment impacts on the human environment are:

(1) Legislative proposals.

(2) Initial program implementation.

(3) Major changes in ongoing programs.

(4) Major environmental concerns with ongoing programs.

(c) Initial NEPA involvement in program categories in paragraph (b) of this section shall begin at the time FSA begins developing proposed legislation, begins the planning stage for implementing a new or changed program or receives notice that an ongoing program may have a significant adverse impact on the quality of the human environment. Where a legislative EIS or environmental assessment is part of the formal transmittal of a legislative program proposal to Congress, such legislative EIS or assessment may negate the need for the subsequent preparation of a program impact statement when FSA implements the resulting program. The decision whether such additional statement is needed will be made by an interdisciplinary team. The NEPA process on legislative proposals and FSA programs is carried out at the national level.

(d) Individual farm participation in FSA programs will normally not require any major involvement with the NEPA process. The practices carried out under FSA programs that might have impacts on the quality of the human environment will normally have been discussed in environmental assessments or impact statements on the applicable programs. However, for those practices that might significantly affect the quality of the human environment, the county committee

shall make an environmental evaluation before approval. If the environmental evaluation shows that the implementation of a proposed FSA practice on an individual farm will have significant adverse effects on the quality of the human environment, the county committee will not approve the practice implementation until after the completion of the NEPA-EIS process in accordance with this part. For those actions for which technical assistance is provided by an agency other than FSA, and such technical agency is required by its regulations to implement NEPA requirements when providing such assistance, the county committee shall use the environmental determination and considerations of such agency instead of duplicating the NEPA-EIS process. Individual farm participation in acreage set-aside, acreage allotments, price support and loans and other similar or related programs will not significantly affect the quality of the human environment.

(e) Pooling agreements and special projects carried out under several FSA programs involving two or more farmers in a local geographic area will not normally require any major involvement with the NEPA process. However, the county committee shall, with the assistance of a local interdisciplinary team, as necessary, make an environmental evaluation of proposed pooling agreements or special projects that have a potential for significantly affecting the quality of the human environment. The NEPA process shall begin with the initial involvement of FSA personnel in the planning or development of pooling agreements or special projects. If it is determined from an environmental evaluation that the implementation of a proposed pooling agreement or a proposed special project will have a significant adverse impact on the quality of the human environment, the completion of the NEPA-EIS process in accordance with these regulations will be necessary before approval. For those actions for which technical assistance is provided by an agency other than FSA and such technical agency is required by its regulations to implement NEPA when providing such assistance the county committee shall use the environmental de-

terminations and considerations of such agency instead of duplicating the NEPA-EIS process.

§ 799.10 Criteria and identification of FSA actions as to degree of involvement under the NEPA process.

(a) FSA will for each of its legislative proposals, initial program implementations, program changes or any actions under its ongoing programs make a determination by the use of an environmental evaluation as to whether or not an environmental assessment or EIS is required.

(b) The NEPA regulations issued by CEQ at 40 CFR 1507.3(b)(2) in conjunction with the regulations at 40 CFR 1508.4 require agencies to determine those typical classes of actions for treatment under NEPA. The typical classes of FSA actions for treatment under NEPA are set forth as follows:

(1) Actions normally requiring an EIS are:

(i) Production adjustment programs to balance supply and demand of specified commodities, through cropland set-aside or other acreage diversion.

(ii) Agricultural Conservation Program.

(iii) Rural Clean Water Program.

(iv) Other major actions that are determined after an environmental evaluation and/or an environmental assessment to significantly affect the quality of the human environment.

(2) Actions normally not requiring an assessment or an EIS are:

(i) Individual farm participation in FSA programs.

(ii) Pooling agreements and special projects under FSA programs.

(iii) Production adjustment programs for tobacco, peanuts and extra long staple cotton.

(iv) Emergency Conservation Program.

(v) Water Bank Program.

(vi) Forestry Incentives Program.

(vii) Sugar Program.

(viii) Wool and Mohair Incentives Program.

(ix) Bee and Dairy Indemnity Programs.

(x) Commodity Income and Support and Disaster Protection Programs.

(xi) Facility Loan Program.

(xii) Grain Reserve Program.

(xiii) Livestock Feed Program.

Farm Service Agency, USDA

§ 799.13

(xiv) Naval Stores Program.

(xv) Indian Acute Distress Donation Program.

(xvi) Other major actions that are determined after an environmental evaluation not to significantly affect the quality of the human environment.

(c) FSA will independently determine by an environmental evaluation whether an environmental assessment or an EIS is required on actions included in paragraph (b) of this section where the presence of extraordinary circumstances or other unforeseeable factors indicate that some other level of environmental review may be appropriate.

(d) If an environmental evaluation indicates that an action will significantly affect the quality of the human environment, the preparation of an environmental assessment and/or an EIS will be necessary before the action is carried out.

§ 799.11 Expedited procedures.

Where emergency circumstances make it necessary to take action with

significant environmental impact without following the provisions of the NEPA regulations issued by CEQ, USDA, and FSA, FSA will, by working through the USDA Office of Environmental Quality, consult with CEQ and/or EPA about alternative arrangements (7 CFR 3100.35).

§ 799.12 Program termination.

An environmental assessment or an EIS will not be needed when a program or part of a program is discontinued because of a mandatory legislative requirement where the enabling legislation for such program does not provide authority to ameliorate or mitigate any resulting environmental effects on the quality of the human environment.

§ 799.13 Environmental information.

Interested persons may contact the Conservation and Environmental Protection Division, FSA, for information regarding FSA compliance with NEPA.

OFFICIAL INSPECTION AND CLASS X OR CLASS Y WEIGHING REQUIREMENTS

§ 800.15 Services.

(a) *General.* These regulations implement requirements for a national inspection and weighing system. This system promotes the uniform and accurate application of the official grain standards and provides inspection and weighing services required by the Act and as requested by applicants for official services. The types and kinds of services available under the Act and regulations can be obtained at all specified service points in the United States and on U.S. grain in Canadian ports.

(b) *Responsibilities for complying with the official inspection, aflatoxin testing, and weighing requirements.*—(1) *Export grain.* Exporters are responsible for (i) complying with all inspection, Class X weighing, and other certification provisions and requirements of section 5(a)(1) of the Act and the regulations applicable to export grain and (ii) having all corn, as defined in §810.401, exported from the United States tested for aflatoxin contamination unless the buyer and seller agree not to have the corn tested. The Service shall perform

the aflatoxin testing service unless the buyer and seller agree to have the corn tested by an entity other than the Service.

(2) *Intercompany barges.* Operators of export elevators at export port locations are responsible for complying with Class X weighing requirements and regulations covering intercompany grain shipments received by barge.

(3) *Grain in marked containers.* When grain is in a container that bears an official grade designation or mark, the person who places the designation or mark on the container or the person who places the grain in a container that bears the designation or mark shall be responsible for determining that the grain has been inspected or weighed by official personnel and qualifies for the official grade designation or mark.

(4) *Grain for which representations have been made.* Any person who makes a representation that (i) grain has been officially inspected or weighed; or (ii) grain has been officially inspected or weighed and found to be of a particular kind, class, quality, condition, or weight; or (iii) particular facts have been established with respect to the grain by official inspection or weighing, shall be responsible for determining that the representation is true and is not in violation of the Act and regulations.

§ 800.16 Certification requirements for export grain.

(a) *General.* Official Export Grain Inspection and Weight Certificates, Official Export Grain Inspection Certificates, and Official Export Grain Weight Certificates for bulk or sacked grain shall be issued according to § 800.162 for export grain loaded by an export elevator. Only these types of export certificates showing the official grade, official aflatoxin test results if required under the Act and the regulations, and/or the Class X weight of the grain shall be considered to be in compliance with inspection and weighing requirements under the Act for export grain.

(b) *Promptly furnished.* Export certificates shall be considered promptly furnished if they are forwarded by the

shipper or the shipper's agent to the consignee not later than 10 business days after issuance.

§ 800.17 Special inspection and weighing requirements for sacked export grain.

(a) *General.* Subject to the provisions of § 800.18, sacked export grain shall be (1) officially inspected on the basis of official samples obtained with an approved sampling device and operated in accordance with instructions, (2) Class X weighed or checkweighed, and (3) officially checkloaded by official personnel at the time the grain is loaded aboard the export carrier, in accordance with the provisions of paragraphs (b) and (c) of this section.

(b) *Services at time of loading.* When official sampling, official inspection, Class X weighing or checkweighing, and checkloading of sacked export grain loaded aboard an export carrier is performed at one location and time, official export inspection and weight certificate(s) which identify the export carrier shall be issued.

(c) *Services prior to loading.* When official sampling, official inspection, and Class X weighing or checkweighing of sacked export grain is performed prior to the date of loading aboard an export carrier, official "OUT" certificates shall be issued. An examination by official personnel for condition and checkloading of the grain shall be made as the grain is loaded aboard the export carrier. If the examination for condition and the checkloading shows that the identity or quantity of the grain has not changed or the condition of the grain has not changed beyond expected variations prescribed in the instruction, official export inspection and weight certificates shall be issued on the basis of the official "OUT" certificates and the checkloading. If the identity, quantity, or the condition has changed, official export inspection and weight certificates shall be issued on the basis of the most representative samples, including weight samples, obtained at the time the grain is loaded aboard the export carrier.

[50 FR 49668, Dec. 4, 1985]

§ 800.18 Waivers of the official inspection and Class X weighing requirements.

(b) *Waivers*—(1) *15,000 metric-ton waiver.* Official inspection and Class X weighing requirements apply only to exporters and individual elevator operators who (i) exported 15,000 metric tons or more of grain during the preceding calendar year, or (ii) have exported 15,000 metric tons or more of grain during the current calendar year. Exporters and elevator operators who are granted a waiver by reason of this paragraph shall, as a condition of the waiver, keep such accounts, records, and memorandum to fully and correctly disclose all transactions concerning lots of all export grain shipments. In addition, the exporters or elevator operators shall notify the Service in writing of the intention to export grain under this waiver. In the case of lots waived under this provision, if such lots are required by contract to be inspected or weighed, or if the lots are represented by official inspection or weight certificates, then such certificates shall meet the requirements of section 5 of the Act.

(2) *Grain exported for seeding purposes.* Official inspection and Class X weighing requirements do not apply to grain exported for seeding purposes, provided that (i) the grain is (A) sold or consigned for sale and invoiced as seed; and (B) identified as seed for seeding purposes on the Shipper's Export Declaration; and (ii) records pertaining to these shipments are made available, upon request by the Service, for review or copying purposes.

(4) *Grain exported by rail or truck to Canada or Mexico.* Inspection and weighing requirements do not apply to

grain exported by rail or truck from the United States to Canada or Mexico.

(5) *Grain not sold by grade.* Official inspection requirements may be waived by the Service on a shipment-by-shipment basis for export grain not sold, offered for sale, or consigned for sale by official grade if (i) the contract and any amendments clearly show that the buyer and seller mutually agree to ship the grain without official inspection and (ii) a copy of the contract and any amendments is furnished in advance of loading, along with a completed application on a form prescribed by the Service.

(6) *Service not available.* Upon request, any required official inspection or Class X weighing of grain may be waived on a shipment-by-shipment basis if (i) official personnel are not and will not be available within a 24-hour period to perform needed inspection or weighing services and (ii) both the buyer and seller of the grain are made aware that the grain has not been officially inspected or Class X weighed.

(7) *Emergency waiver.* Upon request, the requirements for official inspection or Class X weighing may be waived whenever the Service determines (i) that an emergency exists that precludes official inspection or Class X weighing and (ii) that granting an emergency waiver will not impair the objectives of the Act. To qualify for an emergency waiver, the exporter or elevator operator shall make timely application and comply with all conditions which may be required by the Service.

(8) *High Quality Specialty Grain Shipped in Containers.* Official inspection and weighing requirements do not apply to high quality specialty grain exported in containers. Records generated during the normal course of business that pertain to these shipments shall be made available to the Service upon request, for review or copying. These records shall be maintained for a period of 3 years. This waiver expires July 31, 2010.

§ 800.46 Requirements for obtaining official services.

(a) *Consent and agreement by applicant.* In submitting a request for official services, the applicant and the owner of the grain consent to the special and general requirements specified in paragraphs (b) and (c) of this section. These requirements are essential to carry out the purposes or provisions of the Act.

(b) *General requirements*—(1) *Access to grain.* Grain on which official services are to be performed shall, except as provided in §§ 800.85, 800.86, 800.98, and 800.99, be made accessible by the applicant for the performance of the requested official service and related monitoring and supervision activities. For the purposes of this section, grain

is not “accessible” if it is offered for official services (i) in containers or carriers that are closed and cannot, with reasonable effort, be opened by or for official personnel; (ii) when any portion is located so as to prohibit the securing or a representative sample; or (iii) under conditions prescribed in the instructions as being hazardous to the health or safety of official personnel.

(2) *Working space.* When official services are performed at an elevator, adequate and separate space must be provided by the applicant for the performance of the requested service and related monitoring and supervision activities. Space will be “adequate” if it meets the space, location, and safety requirements specified in the instructions.

(3) *Notice of changes.* The operator of each facility at which official services are performed must notify the appropriate agency or field office promptly, in full detail, of changes in the grain handling and weighing facilities, equipment, or procedures at the elevator that could or would affect the proper performance of official services.

(4) *Loading and unloading conditions.* As applicable, each applicant for official services must provide or arrange for suitable conditions in the (i) loading and unloading areas and the truck and railroad holding areas; (ii) gallery and other grain-conveying areas; (iii) elevator legs, distributor, and spout areas; (iv) pier or dock areas; (v) deck and stowage areas in the carrier; and (vi) equipment used in loading or unloading and handling the grain. Suitable conditions are those which will facilitate accurate inspection and weighing, maintain the quantity and the quality of the grain that is to be officially inspected or weighed, and not be hazardous to the health and safety of official personnel, as prescribed in the instructions.

(5) *Timely arrangements.* Requests for official service shall be made in a timely manner; otherwise, official personnel may not be available to provide the requested service. For the purpose of this paragraph, “timely manner” shall mean not later than 2 p.m., local time, of the preceding business day.

(6) *Observation of activities.* Each applicant for official services must pro-

vide any interested person, or their agent, an opportunity to observe sampling, inspection, weighing, and loading or unloading of grain. Appropriate observation areas shall be mutually defined by the Service and facility operator. The areas shall be safe and shall afford a clear and unobstructed view of the performance of the activity, but shall not permit a close over-the-shoulder type of observation by the interested person.

(7) *Payment of bills.* Each applicant, for services under the Act, must pay bills for the services according to §§ 800.70 through 800.73.

(8) *Written confirmations.* When requested by the agency or field office, verbal requests for official services shall be confirmed in writing. Each written request shall be signed by the applicant, or the applicant’s agent, and shall show or be accompanied by the following information: (i) The identification, quantity, and specific location of the grain; (ii) the name and mailing address of the applicant; (iii) the kind and scope of services desired; and (iv) any other information requested by the agency or field office.

(9) *Names and addresses of interested persons.* When requested, each applicant for official services shall show on the application form the name and address of each known interested person.

(10) *Surrender of superseded certificates.* When a request for official service results in a certificate being superseded, the superseded certificate must be promptly surrendered.

(11) *Recordkeeping and access.* Each applicant for official services must comply with applicable recordkeeping and access-to-facility provisions in §§ 800.25 and 800.26.

(12) *Monitoring equipment.* Owners and operators of elevators shall, upon a finding of need by the Administrator, provide equipment necessary for the monitoring by official personnel of grain loading, unloading, handling, sampling, weighing, inspection, and related activities. The finding of need will be based primarily on a consideration of manpower and efficiency.

(c) *Special requirements for official Class X and Class Y weighing services—*

(1) *General.* Weighing services shall be provided only at weighing facilities

which have met the conditions, duties, and responsibilities specified in section 7A(f) of the Act and this section of the regulations. Weighing services will be available only in accordance with the requirements of § 800.115. Facilities desiring weighing services should contact the Service in advance to allow the Service time to determine if the facility complies with the provisions of the Act and regulations.

(2) *Conditions.* The facility shall provide the following information annually to the Service: (i) The facility owner's name and address; (ii) the facility operator's name and address; (iii) the name of each individual employed by the facility as a weigher and a statement that each individual: (A) Has a technical ability to operate grain weighing equipment and (B) has a reputation for honesty and integrity; (iv) a blueprint or similar drawing of the facility showing the location of: (A) The loading, unloading, and grain handling systems; (B) the scale systems used or to be used in weighing grain; and (C) the bins and other storage areas; (v) the identification of each scale in the facility that is to be used for weighing grain under the Act; (vi) the following information regarding automated data processing systems: (A) Overall system intent, design, and layout; (B) make, model, and technical specifications of all hardware; (C) description of software, language used, and flow charts of all programs, subprograms, routines, and subroutines; and (D) complete operating instructions; and (vii) any other information deemed necessary to carry out the provisions of the Act.

If a facility has, or plans to have, an automated data processing system which is used in conjunction with any portion of the scale system, grain handling system, or the preparing or printing of official weight certificates, the facility shall make available to the Service sufficient documentation to ensure that the system cannot be used deceptively or otherwise provide inaccurate information. The Service or approved scale testing and certification organization shall conduct an onsite review to evaluate the performance and accuracy of each scale that will be used for weighing grain under the Act, and

the performance of the grain loading, unloading, and related grain handling equipment and systems.

(3) *Duties and responsibilities of weighing facilities requesting official services.*

(i) *Providing official services.* Upon request, each weighing facility shall permit official weighing services to be performed promptly.

(ii) *Supervision.* Each weighing facility shall supervise its employees and shall take action necessary to assure that employees are performing their duties according to the Act, regulations, and instructions and are not performing prohibited functions or are not involved in any action prohibited by the Act, regulations, and instructions.

(iii) *Facilities and equipment.* (A) *General.* Each weighing facility shall obtain and maintain facilities and equipment which the Service determines are needed for weighing services performed at the facility. Each facility shall operate and shall maintain each scale system and related grain handling system used in weighing according to instructions issued by the manufacturer and by the Service. A scale log book for each approved scale used for official weighing services shall be maintained according to instructions at each weighing facility.

(B) *Malfunction of scales.* Scales or scale systems that are operating in other than a correct and approved manner shall not be used for weighing grain under the Act. Before the malfunctioning scale or scale system can be used again for weighing grain under the Act, it shall be repaired and determined to be operating properly by the Service or approved scale testing and certification organization.

(iv) *Oral directives.* FGIS oral directives issued to elevator personnel shall be confirmed in writing upon request by elevator management. Whenever practicable, the Service shall issue oral directives through elevator management officials.

§ 800.48 Dismissal of request for official services.

(a) *Conditions for dismissal*—(1) *General*. An agency or the Service shall dismiss requests for official services when (i) § 800.76 prohibits the requested service; (ii) performing the requested service is not practicable; (iii) the agency or the Service lacks authority under the Act or regulations; or (iv) sufficient information is not available to make an accurate determination.

(2) *Original services*. A request for original services shall be dismissed if a reinspection, review of weighing, appeal inspection, or Board appeal inspection has been performed on the same lot at the same specified service point within 5 business days.

(3) *Reinspection, appeal inspection, or Board appeal inspection services*. A request for a reinspection, appeal inspection, or Board appeal inspection service shall be dismissed when: (i) The kind and scope are different from the kind and scope of the last inspection service; (ii) the condition of the grain has undergone a material change; (iii) the request specifies a representative file sample and a representative file sample is not available, (iv) the applicant requests that a new sample be obtained and a new sample cannot be obtained; or (v) the service cannot be performed within 5 business days of the date of the last inspection date.

(4) *Review of weighing services*. A request for review of weighing services shall be dismissed when the request (i) is filed before the weighing results have been released, or (ii) is filed more than 90 calendar days after the date of the original service.

(b) *Procedure for dismissal*. When an agency or the Service proposes to dismiss a request for official services, the

applicant shall be notified of the proposed action. The applicant will then be afforded reasonable time to take corrective action or to demonstrate there is no basis for the dismissal. If the agency or the Service determines that corrective action has not been adequate, the applicant will be notified again of the decision to dismiss the request for service, and any results of official services shall not be released.

(a) *Conditional withholding*. An agency or the Service shall conditionally withhold requests for official services when an applicant fails to meet any requirement prescribed in § 800.46.

(b) *Procedure and withholding*. When an agency or the Service proposes to conditionally withhold official services, the applicant shall be notified of the reason for the proposed action. The applicant will then be afforded reasonable time to take corrective action or to show that there is no basis for withholding services. If the agency or the Service determines that corrective action has not been adequate, the applicant will be notified. Any results of official services shall not be released when a request for service is withheld.

(Secs. 8, 9, 10, 13 and 18, Pub. L. 94–582, 90 Stat. 2870, 2875, 2877, 2880, and 2884, 7 U.S.C. 79, 79a, 79b, 84, 87, and 87e)

[49 FR 30915, Aug. 2, 1984]

§ 800.50 Refusal of official services and civil penalties.

(a) *Grounds for refusal*. Any or all services available to an applicant under the Act may be refused, either temporarily or indefinitely, by the Service for causes prescribed in section 10(a) of the Act. Such refusal by the Service may be restricted to the particular facility or applicant (if not a facility) found in violation or to a particular type of service, as the facts may warrant. Such action may be in

addition to, or in lieu of, criminal penalties or other remedial action authorized by the Act.

(b) *Provision and procedure for summary refusal.* The Service may, without first affording the applicant (hereafter in this section "respondent") a hearing, refuse to provide official inspection and Class X or Y weighing services pending final determination of the proceeding whenever the Service has reason to believe there is cause, as prescribed in section 10 of the Act, for refusing such official services and considers such action to be in the best interest of the official services system under the Act: *Provided that* within 7 days after refusal of such service, the Service shall afford the respondent an opportunity for a hearing as provided under paragraph (c)(2) of this section. Pending final determination, the Service may terminate the temporary refusal if alternative managerial, staffing, financial, or operational arrangements satisfactory to the Service can be and are made by the respondent.

(c) *Procedure for other than summary refusal.* Except as provided in paragraph (b) of this section, before the Service refuses to provide official services the respondent shall be (1) notified of the services that are to be refused, the locations at which and the time period for which service will be refused, and the reasons for the refusal; and (2) afforded an opportunity for a hearing in accordance with the provisions of the Rules of Practice Governing Formal Adjudicatory Proceedings Instituted by the Secretary Under Various Statutes (7 CFR 1.130 *et seq.*). At the discretion of the Service, prior to initiation of formal adjudicatory proceedings, the respondent may be given an opportunity to express his or her views on the action proposed by the Service in an informal conference before the Administrator of the Service. If, as a result of such an informal conference, the Service and the respondent enter into a consent agreement, no formal adjudicatory proceedings shall be initiated.

(d) *Assessment of civil penalties.* Any person who has knowingly committed any violation of section 13 of the Act or has been convicted of any violation of other Federal law with respect to the

handling, weighing, or official inspection of grain may be assessed a civil penalty not to exceed \$75,000 for each such violation as the Administrator determines is appropriate to effect compliance with the Act. Such action may be in addition to, or in lieu of, criminal penalties under section 14 of the Act, or in addition to, or in lieu of, the refusal of official services authorized by the Act.

(e) *Provisions for civil penalty hearings.* Before a civil penalty is assessed against any person, such person shall be afforded an opportunity for a hearing as provided under paragraph (c)(2) of this section.

(f) *Collection of civil penalties.* Upon failure to pay the civil penalty, the Service may request the Attorney General to file civil action to collect the penalty in a court of appropriate jurisdiction.

§ 800.52 Official services not to be denied.

Subject to the provisions of §§ 800.48, 800.49, and 800.50, no person entitled to official services under the Act shall be denied or deprived of the right thereto by reason of any rule, regulation, bylaw, or custom of any market, board of trade, chamber of commerce, exchange, inspection department, or similar organization; or by any contract, agreement, or other understanding.

DESCRIPTIONS

§ 800.55 Descriptions by grade.

(a) *General.* In any sale, offer for sale, or consignment for sale, which involves the shipment of grain in interstate or

foreign commerce, the description of grain, as being of a grade in any advertising, price quotation, other negotiation of sale, contract of sale, invoice, bill of lading, other document, or description on bags or other containers of the grain, is prohibited if such description is other than by an official grade designation, with or without additional information as to specified factors. An official grade designation contains any of the following: The term “U.S.,” the numerals 1 through 5, the term “Sample grade,” or the name of a subclass or a special grade of grain specified in the Official United States Standards for Grain.

(b) *Proprietary brand names or trademarks.* A description of grain by a proprietary brand name or a trademark that does not resemble an official grade designation will not be considered to be a description by grade; but a description by a proprietary brand name or trademark that contains singly or in combination any of the terms referenced in paragraph (a) of this section shall be considered to resemble an official grade designation.

(c) *Use of one or more factor designations.* In interstate commerce, a description of grain by the use of one or more grade factor designations which appear in the Official United States Standards for Grain or by other criteria will not be considered to be a description by grade.

(d) *False or misleading descriptions.* In any sale, offer for sale, or consignment for sale of any grain which involves the shipment of grain from the United States to any place outside thereof, knowingly using a false or misleading description of grain by official grade designation, or other description is prohibited.

[50 FR 9982, Mar. 13, 1985]

§ 800.56 Requirements on descriptions.

Section 13 of the Act contains certain prohibitions with respect to the use of official grade designations, official marks, and other representations with respect to grain.

(a) The use of an official grade designation, with or without factor information, or of official criteria information, or of the term “official grain standards,” shall not, without addi-

tional information, be considered to be a representation that the grain was officially inspected.

(b) The use of any symbol or term listed as an official mark, at § 800.0(b)(68), with respect to grain shall be considered to be a representation of official service under the Act: Provided however, that the use of the official marks “official certificate;” “officially inspected;” “official inspection;” “officially weighed;” “official weight;” and “official weighing” shall not be considered to be a representation of official service under the Act if it is clearly shown that the activity occurred under the U.S. Warehouse Act (7 U.S.C. 241 *et seq.*): Provided further, that the use of the official mark “officially tested” with respect to grain inspection and weighing equipment shall not be considered to be a representation of testing under the Act if it is clearly shown that the equipment was tested under a State statute.

[50 FR 9982, Mar. 13, 1985]

GRAIN HANDLING PRACTICES

§ 800.60 Deceptive actions and practices.

In the absence of prior adequate notice to appropriate official personnel, any action or practice, including the loading, weighing, handling, or sampling of grain that knowingly causes or is an attempt to cause the issuance by official personnel of a false or incorrect official certificate or other official form, is deemed to be deceptive and, as such, is a violation of section 13(a)(3) of the Act. For the purposes of this paragraph, adequate notice is written or oral notice given to an agency or the Service, as applicable, before official personnel begin to perform official inspection or weighing services. If oral notice is given, it must be confirmed in writing within 2 business days. To be adequate, the notice must explain the nature and extent of the action or practice in question and must identify

the grain, stowage container, equipment, facility, and the official personnel actually or potentially involved.

[48 FR 17330, Apr. 22, 1983, as amended at 48 FR 44453, Sept. 29, 1983; 54 FR 5924, Feb. 7, 1989]

§ 800.61 Prohibited grain handling practices.

(a) *Definitions.* For the purpose of this section, dockage and foreign material in grain shall be:

(1) Defined for export elevators at export port locations as set forth in 7 CFR part 810 and as dust removed from grain and collected in a bin/container and as dust settling on floors, equipment, and other areas, commonly referred to as dust sweepings; and

(2) Defined for other than export elevators as set forth in 7 CFR part 810.

(b) *Prohibited practices.* Except as permitted in paragraphs (c) and (d) of this section, no person shall:

(1) Recombine or add dockage or foreign material to any grain, or

(2) Blend different kinds of grain except when such blending will result in grain being designated as Mixed grain in accordance with subpart E of the Official United States Standards for Grain.

(3) Add water to grain for purposes other than milling, malting, or similar processing operations.

(c) *Exemption.* (1) The Administrator may grant exemptions from paragraph (b) of this section for grain shipments sent directly to a domestic end-user or processor. Requests for exemptions shall be submitted by grain handlers to the Service through the domestic end-users or processors or their representatives.

(2) Grain sold under an exemption shall be consumed or processed into a product(s) by the purchaser and not resold into the grain market.

(3) Products or byproducts from grain sold under an exemption shall not be blended with or added to grain in commercial channels, except for vegetable oil which may be used as a dust suppressant in accordance with (d)(4) of this section.

(d) *Exceptions.* Paragraph (b) shall not be construed as prohibiting the following grain handling practices. Compliance with paragraphs (d)(1) through (d)(6) of this section does not excuse compliance with applicable Federal, State, and local laws.

(1) *Blending.* Grain of the same kind, as defined by the Official United States Standards for Grain, may be blended to adjust quality. Broken corn or broken kernels may be recombined or added to whole grain of the same kind provided that no foreign material or dockage has been added to the broken corn or broken kernels.

(2) *Insect and fungi control.* Grain may be treated to control insects and fungi. Elevators, other grain handlers, and their agents are responsible for the proper use and applications of insecticides and fungicides. Sections 800.88 and 800.96 include additional requirements for grain that is officially inspected and weighed.

(3) *Marketing dockage and foreign material.* Dockage and foreign material may be marketed separately.

(4) *Dust suppressants.* Grain may be treated with an additive, other than water, to suppress dust during handling. Elevators, other grain handlers, and their agents are responsible for the proper use and application of dust suppressants. Sections 800.88 and 800.96 include additional requirements for grain that is officially inspected and weighed.

(5) *Identification.* Confetti or similar material may be added to grain for identification purposes. Elevators, other grain handlers, and their agents are responsible for the proper use and application of such materials. Sections 800.88 and 800.96 include additional requirements for grain that is officially inspected or weighed.

(6) *Export loading facilities.* Between May 1, 1987, and December 31, 1987, export elevators at export port locations may recombine dockage and foreign material, but not dust, with grain provided such recombination occurs during the loading of a vessel with the intended purpose of ensuring uniformity

FEES

§ 800.70 Fees for official services performed by agencies.

(a) *Assessment and use of fees.* (1) Fees assessed by an agency for official inspection and Class X or Class Y weighing services or testing of inspection equipment shall be reasonable and non-discriminatory.

(2) In the case of a State or local governmental agency, fees shall not be used for any purpose other than to finance the cost of the official inspection and Class X or Class Y weighing service and inspection equipment testing service performed by the agency or the cost of other closely related programs administered by the agency.

(b) *Approval required*—(1) *Restriction.* Only fees that meet the requirements stated in this section and are approved by the Service as reasonable and non-discriminatory may be charged by an agency.

(2) *Exceptions.* For good cause shown by an agency, the Administrator may grant case-by-case exceptions to the requirements in this section, provided that a determination is made that the agency fees would be reasonable and nondiscriminatory.

(c) *Reasonable fees.* In determining if an agency's fees are reasonable, the Service will consider whether the fees: (1) Cover the estimated total cost to the agency of (i) official inspection services, (ii) Class X or Class Y weighing services, (iii) inspection equipment testing services, and (iv) related supervision and monitoring activities performed by the agency; (2) Are reasonably consistent with fees assessed by adjacent agencies for similar services; (3) Are assessed on the basis of the average cost of performing the same or similar services at all locations served by the agency; and (4) Are supported by sufficient information which shows how the fees were developed.

(d) *Nondiscriminatory fees.* In determining if fees are nondiscriminatory,

the Service will consider whether the fees are collected from all applicants for official service in accordance with the approved fee schedule. Charges for time and travel incurred in providing service at a location away from a specified service point shall be assessed in accordance with the approved fee schedule.

(e) *Schedule of fees to be established.* (1) Each agency shall establish a schedule of fees for official services which the agency is delegated or designated the authority to perform. The schedule shall be in a standard format in accordance with the instructions. Such schedules may include fees for nonofficial services provided by the agency, but they shall be clearly identified and will not be subject to approval by the Service.

(2) The schedule shall be published and made available by the agency to all users of its services.

(f) *Request for approval of fees*—(1) *Time requirement.* A request for approval of a new or revised fee shall be submitted to the Service not less than 60 days in advance of the proposed effective date for the fee. Failure to submit a request within the prescribed time period may be considered grounds for postponement or denial of the request.

(2) *Contents of request.* Each request shall show (i) the present fee, if any, and the proposed fee, together with data showing in detail how the fee was developed, and (ii) the proposed effective date.

(g) *Review of request*—(1) *Approval action.* If upon review the Service finds that the request and supporting data justify the new or revised fee, the request will be marked “approved” and returned to the agency.

(2) *Denial action.* If the Service finds that the request and supporting data do not justify the new or revised fee, approval of the request will be withheld pending receipt of any additional supporting data which the agency has to offer. If the data are not submitted within a reasonable period, the request shall be denied. In the case of a denial

of a request, the agency shall be notified of the reason for denial.

(a) *Official inspection and weighing services.* The fees shown in schedules A and B apply to official inspection and weighing services performed by FGIS in the United States and Canada. The fees shown in schedule C apply to official inspection and weighing services

performed by delegated States and designated agencies in the United States, except for those State agencies that have been delegated additional responsibilities by FGIS. These States shall be assessed fees as set forth in the State's Delegation of Authority document. Failure of a delegated State or designated agency to pay prescribed fees within 30 days after being due, shall result in automatic termination of the delegation or designation. The delegation or designation shall be reinstated if fees currently due, plus interest and any further expenses incurred by the Service because of the termination are paid within 60 days of the termination.

§ 800.72 Explanation of additional service fees for services performed in the United States only.

(a) When transportation of the service representative to the service location (at other than a specified duty point) is more than 25 miles from an FGIS office, the actual transportation cost in addition to the applicable hourly rate for each service representative will be assessed from the FGIS office to the service point and return. When commercial modes of transportation (e.g., airplanes) are required, the actual expense incurred for the round-trip travel will be assessed. When services are provided to more than one applicant, the travel and other related charges will be prorated between applicants.

(b) In addition to a 2-hour minimum charge for service on Saturdays, Sundays, and holidays, an additional charge will be assessed when the revenue from the services in § 800.71, schedule A, table 2, does not equal or exceed what would have been collected at the applicable hourly rate. (4) *Submitted sample inspection service.* A submitted sample inspection service shall be based on a submitted sample of sufficient size to enable official personnel to perform a complete analysis for grade. If a complete analysis for grade cannot be performed because of an inadequate sample size or other conditions, the request for service shall be dismissed or a factor only inspection may be performed upon request.

(5) *Reinspection and appeal inspection service.* A reinspection, appeal inspection, or Board appeal inspection service shall be based on an independent review of official grade information, official factor information, or other information consistent with the scope of the original inspection.

(b) *Order of service.* Official inspection services shall be performed, to the extent practicable, in the order in which they are received. § 800.81 Sample requirements; general.

(a) *Samples for official sample-lot inspection service—*(1) *Original official sample-lot inspection service.* For original sample-lot inspection purposes, an official sample shall be obtained by official personnel; representative of the grain in the lot; and protected from manipulation, substitution, and improper or careless handling.

(2) *Official sample-lot reinspection and appeal inspection service.* For an official sample-lot reinspection service or an official appeal sample-lot inspection service, the sample(s) on which the reinspection or appeal is determined shall (i) be obtained by official personnel and (ii) otherwise meet the requirements of paragraph (a)(1) of this section. If the reinspection or appeal inspection is determined on the basis of official file sample(s), the samples shall meet the requirements of §800.82(d).

(3) *New sample.* Upon request and if practicable, a new sample shall be obtained and examined as a part of a reinspection or appeal inspection. The provision for a new sample shall not apply if obtaining the new sample involves a change in method of sampling.

(b) *Representative sample.* A sample shall not be considered representative unless it (1) has been obtained by official personnel, (2) is of the size prescribed in the instructions, and (3) has been obtained, handled, and submitted in accordance with the instructions. A sample which fails to meet the requirements of this paragraph may, upon request of the applicant, be inspected as a submitted sample.

(c) *Protecting samples.* Official personnel shall protect official samples, warehouseman's samples, and submitted samples from manipulation, substitution, or improper and careless handling which may deprive the samples of their representativeness or which may change the physical or chemical properties of the grain, as appropriate, from the time of sampling or receipt until the inspection services are completed and the file samples have been discarded.

(d) *Restriction on sampling.* Official personnel shall not perform an original inspection or a reinspection service on an official sample or a warehouseman's sample unless the grain from which the

sample was obtained was located within the area of responsibility assigned to the agency or field office at the time of sampling, except as provided for in § 800.117, or on a case-by-case basis as determined by the Administrator.

(e) *Disposition of samples*—(1) *Excess grain*. (2) *Inspection samples*. Inspection samples, after they have served their intended purpose, shall be disposed of as follows:

(i) Samples which contain toxic substances or materials shall be kept out of food and feed channels, and

(ii) Official personnel shall dispose of samples obtained or submitted to them according to procedures established by the Service. Complete and accurate records of disposition shall be maintained.

§ 800.82 Sampling provisions by level of service.

(a) *Original inspection service*—(1) *Official sample-lot inspection service*. Each original inspection service shall be performed on the basis of one or more official samples obtained by official personnel from grain in the lot and forwarded to the appropriate agency or field office.

(2) *Warehouseman's sample-lot inspection*. Each original warehouseman's sample-lot inspection service shall be performed on the basis of samples obtained by a licensed warehouseman and sent to the appropriate agency or field office in whose circuit the warehouse is located.

(3) *Submitted sample service*. Each original submitted sample inspection service shall be performed on the basis of the sample as submitted.

(b) *Reinspection, and appeal inspection services*—(1) *Official sample-lot inspection service*. Each of these inspection services shall be performed on the basis of

official samples as available, including file samples, at the time the service is requested. In performing these services, a sample obtained with an approved diverter-type mechanical sampler or with a pelican sampler generally shall be used with respect to quality factors and official criteria, and a sample obtained with a probe at the time of the reinspection or appeal, generally, shall be used with respect to heating, musty, sour, insect infestation, and other condition and odor factors. In instances where original inspection results are based on samples obtained by probe, the decision as to whether file samples or new samples obtained by probe are to be used shall be made by the official personnel performing the service.

(2) *Warehouseman's sample-lot inspection service*. Each reinspection service and appeal inspection service on a warehouseman's sample shall be performed on an analysis of the official file sample.

(3) *Submitted sample service*. Each reinspection service and appeal inspection service on a submitted sample shall be performed on an analysis of the official file sample.

(c) *Board appeal inspection services*. Board appeal inspection services shall be performed on an analysis of the official file sample.

(d) *Use of file samples*—(1) *Requirements for use*. A file sample that is retained by official personnel in accordance with the procedures prescribed in the instructions may be considered representative for a reinspection service, appeal inspection service, and a Board appeal inspection service if (i) the file sample has remained at all times in the custody and control of the official personnel that performed the inspection service in question; and (ii) the official personnel who performed the original inspection service and those who are to perform the reinspection, the appeal inspection, or the Board appeal inspection service determine that the samples were representative at the time the original inspection service was performed and that the quality or condition of the grain in the samples has not changed.

(2) *Certificate statement.* When the results of a reinspection, appeal inspection, or Board appeal inspection service are based on an official file sample, the certificate for the reinspection service, the appeal inspection service, and the Board appeal inspection service shall show a statement, as specified in the instructions, indicating that the results are based on the official file sample.

§ 800.83 Sampling provisions by kind of movement.

(a) *Export cargo movements*—(1) *Bulk grain.* Except as may be approved by the Administrator on a shipment-by-shipment basis in an emergency, each inspection for official grade, official factor, or official criteria on an export cargo shipment of bulk grain shall be performed on official samples obtained from the grain (i) as the grain is being loaded aboard the final carrier; (ii) after the final elevation of the grain prior to loading and as near to the final loading spout as is physically practicable (except as approved by the Administrator when representative samples can be obtained before the grain reaches the final loading spout); and (iii) by means of a diverter-type mechanical sampler approved by the Service and operated in accordance with instructions. If an approved diverter-type mechanical sampler is not properly installed at an elevator or facility as required, each certificate issued at that elevator or facility for an export cargo shipment of bulk grain shall show a statement indicating the type of approved sampling method used, as prescribed in the instructions.

(2) *Sacked grain.* Each inspection for official grade, official factor, or official criteria on an export cargo shipment of sacked grain shall be performed on official samples obtained from the grain by any sampling method approved by the Service and operated in accordance with instructions.

(b) *Other movements.* Each inspection for official grade, official factor, or official criteria on a domestic cargo movement (“In,” “Out,” or en route barge movement), a movement in a land carrier (any movement in a railcar, truck trailer, truck/trailer com-

bination, or container), or a “LOCAL” movement of bulk or sacked grain shall be performed on official samples obtained from the grain by any sampling method approved by the Service and operated in accordance with the instructions.

[50 FR 49670, Dec. 4, 1985]

§ 800.84 Inspection of grain in land carriers, containers, and barges in single lots.

(a) *General.* The reinspection of bulk or sacked grain loaded or unloaded from any carrier or container, except shiplot grain, shall be conducted in accordance with the provisions in this section and procedures prescribed in the instructions.

(b) *Single and multiple grade procedure*—(1) *Single grade.* When grain in a carrier or container is offered for inspection as one lot and the grain is found to be uniform in condition, the grain shall be sampled, inspected, graded, and certificated as one lot. For the purpose of this paragraph, condition only includes the factors heating, musty, or sour.

(2) *Multiple grade.* When grain in a carrier or container is offered for inspection as one lot and the grain is found to be not uniform in condition because portions of the grain are heating, musty, or sour, the grain in each portion will be sampled, inspected, and graded separately; but the results shall be shown on one certificate. The certificate shall show the approximate quantity or weight of each portion, the location of each portion in the carrier or container, and the grade of the grain in each portion.

(3) *Infested.* If any portion of grain in a lot is found to be infested, according to applicable provisions of the Official U.S. Standards for Grain, the entire lot shall be considered infested. When grain in railcars or trucks with permanently enclosed tops is considered infested, the applicant for inspection shall be promptly notified and given the option of (i) receiving a grade certificate with a special grade designation indicating that the entire lot is infested or (ii) fumigating the grain in the lot in accordance with instructions and receiving a grade certificate without the special grade designation.

(c) *One certificate per carrier: exceptions.* Except as provided in this paragraph, one official certificate shall be issued for the inspection of the grain in each truck, trailer, truck/trailer(s) combination, railcar, barge, or similarly sized carrier. The requirements of this paragraph are not applicable:

(1) When grain is inspected in a combined lot under § 800.85;

(2) When grain is inspected under paragraph (d) of this section; or

(3) When certification is at the option of the applicant in accordance with instructions.

(d) *Bulkhead lots.* If grain in a carrier is offered for official inspection as two or more lots and the lots are separated by bulkheads or other partitions, the grain in each lot shall be sampled, inspected, and graded separately in accordance with paragraphs (a) and (b) of this section. An official certificate shall be issued for each lot inspected. Each certificate shall show the term “Bulkhead Lot,” the approximate quantity or weight of the grain in the lot, the location of the lot in the carrier, and the grade of the grain in the lot.

(e) *Bottom not sampled.* If bulk grain offered for official inspection is at rest in a carrier or container and is fully accessible for sampling in an approved manner, except that the bottom of the carrier or container cannot be reached with each probe, the grain shall be sampled as thoroughly as possible with an approved probe. The grain in the resulting samples shall be inspected, graded, and certificated, except that each certificate shall show a statement, as specified in the instructions, indicating the depth probed. Any inspection which is based on a sample that does not represent the entire carrier or container does not meet the mandatory inspection requirements of section 5(a)(1) of the Act.

(f) *Partial inspection—heavily loaded—*(1) *General.* When an “In” movement of bulk grain is offered for inspection at rest in a carrier or container and is loaded in such a manner that it is possible to secure only door-probe or shallow-probe samples, the container shall be considered to be “heavily loaded,” and the request for inspection either shall be dismissed or a partial inspection

shall be made. If the request is for the inspection of an “Out” movement of grain, the request shall be dismissed on the grounds that the grain is not accessible for a correct “Out” inspection.

(2) *Certification procedure.* If a partial inspection is made, the grain will be sampled as thoroughly as possible with an approved probe and inspected, graded, and a “partial inspection—heavily loaded” certificate issued. The certificate shall show the words “Partial inspection—heavily loaded” in the space provided for remarks. The type of samples that were obtained shall be described in terms of “door probe” or “shallow probe.”

(3) *Reinspection and appeal inspection procedure.* A request for a reinspection or an appeal inspection service on grain in a carrier or container that is certificated as “partial inspection—heavily loaded” shall be dismissed in accordance with § 800.48(a)(4).

(4) *Restriction.* No “partial inspection—heavily loaded” certificate shall be issued for sacked grain or any inspection other than the inspections described in paragraphs (f)(1) through (4) of this section and § 800.85(h)(2).

(g) *Part lots—*(1) *General.* If a portion of the grain in a carrier or container is removed, the grain that is removed and the grain remaining shall be considered separate lots. When an official inspection service is requested on either portion, the grain shall be sampled, inspected, graded, and a “part-lot” inspection certificate issued.

(2) *Grain remaining in carrier or container.* The certificate for grain remaining in a carrier or container shall show (i) the following completed statement: “Partly unloaded; results based on portion remaining in (show carrier or container identification),” (ii) the term “Part lot” following the quantity information, (iii) the identification of the carrier or container, and (iv) the estimated amount and location of the part lot.

(3) *Grain unloaded from carrier or container.* If grain is sampled by official personnel during unloading, the certificate for the grain that is unloaded shall show (i) the completed statement:

“Part lot; results based on portion removed from (show carrier identification)” and (ii) the term “Part lot” following the quantity information. If the grain is not sampled by official personnel during unloading, the certificate may, upon request of the applicant, show a completed statement such as “Applicant states grain is ex-car ” or “Applicant states grain is ex-barge ,” but the certificate shall not otherwise show a carrier or container identification or the term “Part lot.”

(h) *Identification for compartmented cars.* The identification for compartments in a compartmented railcar shall, in the absence of readily visible markings, be stated in terms of the location of the grain in a compartment, with the first compartment at the brake end of the car being identified as B-1, and the remaining compartments being numbered consecutively towards the other end of the car.

[50 FR 49671, Dec. 4, 1985, as amended at 57 FR 11428, Apr. 3, 1992]

§ 800.85 Inspection of grain in combined lots.

(a) *General.* The official inspection for grade of bulk or sacked grain loaded aboard, or being loaded aboard, or discharged from two or more carriers or containers (including barges designed for loading aboard a ship) as a combined lot shall be performed according to the provisions of this section and procedures prescribed in the instructions.

(b) *Application procedure*—(1) *For inspection during loading, unloading, or at rest.* Applications for official inspection of grain as a combined lot shall (i) be filed in accordance with § 800.116; (ii) show the estimated quantity of grain that is to be certificated as one lot; (iii) show the contract grade if applicable; and (iv) identify each carrier into which grain is being loaded or from which grain is being unloaded.

(2) *Recertification.* An application for recertification as a combined lot of grain that has been officially inspected and certificated as two or more single lots shall (i) be filed not later than 2 business days after the latest inspection date of the single lots and (ii) show information specified in paragraph (b)(1) of this section.

(c) *Inspection procedure; general—land carriers and barges*—(1) *Inspection during loading, or unloading, or at rest.* Grain in two or more land carriers and barges that are to be officially inspected as a combined lot shall be sampled in a reasonably continuous operation. Representative samples shall be obtained from the grain in each individual carrier and inspected in accordance with procedures as prescribed in the instructions.

(2) *Recertification.* Grain that has been officially inspected and certificated as two or more single lots may be recertificated as a combined lot if (i) the grain in each lot was sampled in a reasonably continuous operation; (ii) the original inspection certificates issued for the single lots have been surrendered to official personnel; (iii) representative file samples of the single lots are available; (iv) the grain in the single lots is of one grade and quality; (v) official personnel who performed the inspection service for the single lots and those who are to recertificate the grain as a combined lot determine that the samples used as a basis for the inspection of the grain in the single lots were representative at the time of sampling and have not changed in quality or condition; and (vi) the quality or condition of the grain meets uniformity requirements established by the Service for official inspection of grain in combined lots.

(d) *Weighted or mathematical average.* Official factor and official criteria information shown on a certificate for grain in a combined lot shall, subject to the provisions of paragraphs (e) through (g) of this section, be based on the weighted or mathematical averages of the analysis of the sublots in the lot and shall be determined in accordance with the instructions.

(e) *Infested grain.* If the grain in a combined lot is offered for official inspection as it is being loaded aboard a carrier and the grain, or a portion of the grain, in a lot is found to be infested, according to applicable provisions of the Official U.S. Standards for Grain, the applicant shall be notified and may exercise options specified in the instructions. When grain in railcars or trucks with permanently enclosed tops is considered infested, the

applicant shall be given the option of (1) receiving a grade certificate with a special grade designation indicating that the entire lot is infested or (2) fumigating the grain in the lot in accordance with instructions and receiving a grade certificate without the special grade designation.

(f) *Grain uniform in quality.* Samples obtained from grain officially inspected as a combined lot shall be examined for uniformity of quality. If the grain in the samples is found to be uniform in quality and the grain is loaded aboard or is unloaded from the carriers in a reasonably continuous operation, the grain in the combined lot shall be officially inspected and certificated as one lot. The requirements of this paragraph (f) and paragraph (c) of this section with respect to reasonably continuous loading or unloading do not apply to grain which is at rest in carriers when the grain is offered for inspection.

(g) *Grain not uniform in quality.* When grain officially inspected as a combined lot is found to be not uniform in quality or if the grain is not loaded or unloaded in a reasonably continuous operation, the grain in each portion, and any grain which is loaded or unloaded at different times, shall be officially sampled, inspected, graded, and certificated as single lots.

(h) *Special certification procedures—*(1) *Grain not uniform in quality.* When grain in a combined lot is found to be not uniform in quality under paragraph (g) of this section, the official inspection certificate for each portion of different quality shall show (i) the grade, identification, and approximate quantity of the grain and (ii) other information required by the instructions.

(2) *Partial inspection.* When an inbound movement of bulk grain is offered for official inspection at rest as a combined lot and all carriers are not fully accessible for sampling, the request for official inspection either shall be dismissed or a combined lot inspection shall be made on those carriers that are accessible. Those lots that are not accessible shall be handled in accordance with § 800.84. If the request is for an official inspection service on an outbound movement of grain at rest in a combined lot, the request

shall be dismissed on the ground that the grain is not accessible for a correct “Out” inspection.

(3) *Official mark.* If grain in a combined lot is inspected for grade as it is being loaded aboard two or more carriers, upon request of the applicant, the following mark shall be shown on the inspection certificate: “Loaded under continuous official inspection” or “Loaded under continuous official inspection and weighing.”

(4) *Combined-lot certification; general.* Each official certificate for a combined-lot inspection service shall show the identification for the “combined lot” or, at the request of the applicant, the identification of each carrier in the combined lot. If the identification of each carrier is not shown, the statement “Carrier identification available on official inspection log” shall be shown on the inspection certificate in the space provided for remarks. The identification and any seal information for the carriers may be shown on the reverse side of the inspection certificate, provided the statement “See reverse side” is shown on the face of the certificate in the space provided for remarks.

(5) *Recertification.* If a request for a combined-lot inspection service is filed after the grain has been officially inspected and certificated as single lots, the combined-lot inspection certificate shall show (i) the date of inspection of the grain in the combined lot (if the single lots were inspected on different dates, the latest of the dates shall be shown); (ii) a serial number other than the serial numbers of the official inspection certificates that are to be superseded; (iii) the location of the grain, if at rest, or the name of the elevator from which or into which the grain in the combined lot was loaded or unloaded; (iv) a statement showing the approximate quantity of grain in the combined lot; (v) a completed statement showing the identification of any superseded certificates; and (vi) if at the time of issuing the combined-lot inspection certificate the superseded certificates are not in the custody of the official personnel, a statement indicating that the superseded certificates have not been surrendered shall be clearly shown in the space provided

for remarks. If the superseded certificates are in the custody of official personnel, the superseded certificates shall be clearly marked "Void."

(i) *Further combining.* After a combined-lot inspection certificate has been issued, there shall be no further combining and no dividing of the certificate.

(j) *Limitation.* No combined-lot inspection certificate shall be issued (1) for any official inspection service other than as described in this section or (2) which shows a quantity of grain in excess of the quantity in the single lots.

[50 FR 49672, Dec. 4, 1985]

§ 800.86 Inspection of shiplot, unit train, and lash barge grain in single lots.

(a) *General.* Official inspection for grade of bulk or sacked grain aboard, or being loaded aboard, or being unloaded from a ship, unit train, or lash barges as a single lot shall be performed according to the provisions of this section and procedures prescribed in the instructions.

(b) *Application procedure.* Applications for the official inspection of shiplot, unit train, and lash barges as a single lot shall:

(1) Be filed in advance of loading or unloading;

(2) Show the estimated quantity of grain to be certificated;

(3) Show the contract grade and official criteria if applicable; and

(4) Identify the carrier and stowage area into which the grain is being loaded, or from which the grain is being unloaded, or in which the grain is at rest.

(c) *Inspection procedures*—(1) *General information.* Shiplot, unit train, and lash barge grain officially inspected as a single lot shall be sampled in a reasonably continuous operation. Representative samples shall be obtained from the grain offered for inspection and inspected and graded in accordance with a statistical acceptance sampling and inspection plan according to the provisions of this section and procedures prescribed in the instructions.

(2) *Tolerances.* The probability of accepting or rejecting portions of the lot during loading or unloading is dependent on inspection results obtained from preceding portions and the applied breakpoints and procedures. Breakpoints shall be periodically reviewed and revised based on new estimates of inspection variability. Tables 1 through 24 list the breakpoints for all grains.

(3) *Grain accepted by the inspection plan.* Grain which is offered for inspection as part of a single lot and accepted by a statistical acceptance sampling and inspection plan according to the provisions of this section and procedures prescribed in the instructions shall be certificated as a single lot provided it was sampled in a reasonably continuous operation. Official factor and official criteria information shown on the certificate shall be based on the weighted or mathematical averages of the analysis of sublots.

(4) *Grain rejected by the inspection plan.* When grain which is offered for inspection as part of a single lot is rejected by the plan or is not sampled in a reasonably continuous operation, the grain in each portion shall be certifi-

cated separately. If any portion of grain is not accepted by the plan and designated a material portion, the applicant shall be promptly notified and have the option of:

- (i) Removing the material portion from the carrier; or
- (ii) Requesting the material portion be separately certificated; or
- (iii) Requesting either a reinspection or an appeal inspection of the material portion; or
- (iv) Requesting a reinspection service and/or an appeal inspection service on the entire lot.

(5) *Reinspection service and appeal inspection service.* A reinspection or an appeal inspection may be requested on a material portion. A Board appeal inspection may also be requested on a

material portion after the reinspection or appeal inspection. A reinspection, an appeal inspection, and a Board appeal inspection may be requested on the total sublots in the lot.

(i) *Material portions.* A material portion designated by the plan may be re-inspected or appeal inspected once in the field, but not both, and once at the Board of Appeals and Review. The reinspection or appeal inspection result shall, unless a material error is found, be averaged with the original inspection determination. The Board appeal inspection result shall, unless a material error is found, be averaged with the previous inspection result. The inspection plan tolerances shall be re-applied to the material portion grain to determine acceptance or rejection. If a material error is found, the reinspection or appeal inspection result shall replace the original inspection result or the Board appeal result shall replace the previous inspection result. For purposes of this section, a material error is defined as results differing by more than two standard deviations. Acceptance or rejection of that portion of grain shall be based on the reinspection or appeal inspection and on the Board appeal inspection result alone when a material error is found.

(ii) *Entire lot.* The applicant may request a reinspection service, an appeal inspection service, and a Board appeal inspection service on the entire lot. Inspection results for these services shall replace the previous inspection results. The tolerances shall be reapplied to all portions of the entire lot to determine acceptance or rejection.

(d) *Infested grain*—(1) *Available options.* If grain or any portion of grain in a single shiplot, unit train, or lash barge lot is found to be infested, according to the provisions of the Official U.S. Standards for Grain, the applicant shall be promptly notified and have the option of:

(i) Unloading the portion of infested grain from the lot and an additional amount of other grain in common stowage with the infested grain; or

(ii) When applicable, completing the loading and treating all infested grain in the lot; or

(iii) When applicable, treating the infested grain for the purpose of destroy-

ing the insects, subject to subsequent examination by official personnel; or

(iv) Continue loading without treating the infested grain, in which case all of the infested grain in the lot and all grain in common stowage areas with the infested grain will be officially certificated as infested according to the provisions of the Official U.S. Standards for Grain.

(2) *Exception.* If infested grain in loaded into common stowage with a lot, or a portion of a lot, which has not been officially certificated as being infested, the applicant loading the infested grain may not use the option in paragraph (d)(1)(i) of this section.

(3) *With treatment.* If infested grain is treated with a fumigant in accordance with the instructions and the treatment is witnessed by official personnel, the official sampling, inspection, grading, and certification of the lot shall continue as though the infested condition did not exist.

(e) *Special certification procedures*—(1) *Rejected grain.* When grain is rejected by the inspection plan under paragraph (c)(4) of this section, the official inspection certificate for each different portion of different quality shall show:

(i) A statement that the grain has been loaded aboard with grain of other quality;

(ii) The grade, location, or other identification and approximate quantity of grain in the portions; and

(iii) Other information required by the regulations and the instructions.

The requirement of paragraph (e)(1)(i) of this section does not apply to grain that is inspected as it is unloaded from the carrier or to portions loaded in separate carriers or stowage space.

(2) *Common stowage*—(i) *Without separation.* When bulk grain is offered for official inspection as it is loaded aboard a ship and is loaded without separation in a stowage area with other grain or another commodity, the official inspection certificate for the grain in each lot shall show the kind, the grade, if known, and the location of the other grain, or the kind and location of the other commodity in the adjacent lots.

(ii) *With separation.* When separations are laid between lots, the official inspection certificates shall show the

kind of material used in the separations and the locations of the separations in relation to each lot.

(iii) *Exception.* The common stowage requirements of this paragraph are not applicable to the first lot in a stowage area unless a second lot is loaded, in whole or in part, in the stowage area prior to issuing the official inspection certificate for the first lot.

(3) *Protein.* A special statement indicating the actual protein range of a lot shall be shown on the official inspection certificate if the difference between the lowest and highest protein determinations for the lot exceeds 1.0 percent when protein is officially determined and a specific range limit is not established by the contract grade.

(4) *Part lot.* If part of a lot of grain in an inbound carrier is unloaded and part is left in the carrier, the unloaded grain shall be officially inspected and certificated in accordance with the provisions of § 800.84(g).

(5) *Official mark.* If the grain in a single lot is officially inspected for grade as it is being loaded, upon request, the following official mark shall be shown on the inspection certificate: “Loaded under continuous official inspection.”

§ 800.87 New inspections.

(a) *Identity lost.* An applicant may request official personnel to perform a new original inspection service on an identified lot of grain, or on an identified carrier or container, if the identity of the lot or the carrier or container has been lost.

(b) *Identity not lost.* If the identity of the grain or the carrier or container is not lost, a new original inspection shall not be performed on the same identified lot of grain or carrier or container in the same assigned area of responsibility within 5 business days after the last official inspection.

[50 FR 49674, Dec. 4, 1985]

§ 800.88 Loss of identity.

(a) *Lots.* Except as noted in paragraph (d) of this section, the identity of a

lot of grain shall be considered lost if (1) a portion of the grain is unloaded, transferred, or otherwise removed from the carrier or container in which the grain was located at the time of the original inspection; or (2) a portion of grain or other material, including additives, is added to the lot after the original inspection was performed, unless the addition of the additive was performed in accordance with the regulations and the instructions. At the option of official personnel performing a reinspection, appeal inspection, or Board appeal inspection service, the identity of grain in a closed carrier or container shall be considered lost if the carrier or container is not sealed or if the seal record is incomplete.

(b) *Carriers and containers.* The identity of a carrier or container shall be considered lost when (1) the stowage area is cleaned, painted, treated, fumigated, or fitted after the original inspection was performed; or (2) the identification of the carrier or container has been changed since the original inspection was performed.

(c) *Submitted samples.* The identity of a submitted sample of grain shall be considered lost when (1) the identifying number, mark, or symbol for the sample is lost or destroyed or (2) the samples have not been retained and protected by official personnel as prescribed in the instructions.

(d) *Additives.*¹ If additives are applied during loading to outbound, including export, grain after sampling or during unloading to inbound grain before sampling for the purpose of insect or fungi control, dust suppression, or identification, the inspection certificate shall show a statement showing the type and purpose of the additive application, except that no statement is required to be shown when the additive is a fumigant applied for the purpose of insect control.

WEIGHING PROVISIONS AND PROCEDURES

§ 800.95 Methods and order of performing weighing services.

(a) *Methods.* All Class X or Class Y weighing, checkweighing, checkloading, stowage examination, and other weighing services shall be performed by official personnel or approved weighers using approved weighing equipment and according to procedures prescribed in the regulations and the instructions.

(b) *Order of service.* Weighing services shall be performed, to the extent practicable, in the order in which requests are received. Official personnel must mark or stamp the date received on each written request for service. Precedence will be given to requests for weighing required by sections 5(a)(1) or 5(a)(2) of the Act.

[52 FR 6495, Mar. 4, 1987]

§ 800.96 Weighing procedures.

(a) *Inbound.* Inbound grain that is to be weighed must be routed directly from the carrier and cannot be cleaned, dried, or otherwise processed to remove or add other grain or material en route. Except as noted in paragraph (c) of this section, the identity of an inbound lot shall be considered lost when a portion of the lot is transferred or otherwise removed prior to weighing or a portion of grain or other material is added to the lot prior to weighing. When loss of identity occurs, no amount shall be shown in the "Net Weight" portion of the weight certificate for the lot.

(b) *Outbound.* Outbound grain that has been weighed must be routed directly from the scale to the carrier and cannot be cleaned, dried, or otherwise processed to remove or add other grain or material en route. Except as noted in paragraph (c) of this section, the identity of an outbound lot will be considered lost if a portion of the lot is transferred or otherwise removed from the lot after weighing or a portion of grain or other material is added to the lot after weighing. When loss of identity occurs, no amount shall be shown in the "Net Weight" portion of the weight certificate for the lot.

(c) *Exceptions—(1) Spills.* (i) *Outbound.* (A) *Replaced.* If a spill occurs in han-

dling and loading of outbound grain and the spilled grain is retrieved, or is replaced in kind, and is loaded on board during the loading operations, the weight certificate shall show the weight of the grain that was physically loaded on board. Upon request of the applicant, an additional certificate may be issued by the agency or the field office to show the weight of the additional grain that was used to replace a spill.

(B) *Not replaced.* If a spill occurs in the handling and loading of outbound grain and the spilled grain is not retrieved or is not replaced during the loading operation, the weight certificate shall show the weight of the grain that was actually weighed, minus the estimated amount of the grain that was spilled. Upon request of the applicant, an additional certificate may be issued showing the estimated amount of grain that was spilled. The applicant may, upon request, have the total amount that was weighed shown on the weight certificate with the estimated amount of the spilled grain noted.

(ii) *Inbound.* If a spill occurs in the handling of inbound grain and the grain is not retrieved and weighed, the weight certificate shall show the weight of the grain that was actually unloaded from the carrier and a statement regarding the spill as prescribed in the instructions.

(2) *Additives.*¹ If additives are applied during loading to outbound, including export, grain after weighing or during unloading to inbound grain before weighing for the purpose of insect or fungi control, dust suppression, or identification, the weight certificate shall show the actual weight of the grain after the application of the additive for inbound grain or the actual weight of the grain prior to the application of the additive for outbound or export grain and a statement showing the type and purpose of the additive application, except that no statement

¹Elevators, other handlers of grain, and their agents are responsible for the additive's proper usage and application. Compliance with this section does not excuse compliance with applicable Federal, State, and local laws.

is required to be shown when the additive is a fumigant applied for the purpose of insect control.

(3) *Dust*. If dust is removed during the handling of grain, the weight certificate shall not be adjusted to reflect the weight of the removed dust.

(4) *Commingled carriers*. If grain from two or more identified carriers becomes mixed, (i) the combined weight of the grain shall be shown in the "Net Weight" block of one certificate with all carrier identification shown in the identification of carrier section of the certificate, or (ii) upon request of the applicant, a certificate shall be issued for each carrier with the "Net Weight" block crossed out, and with the total combined weight unloaded and the identification of the other carrier(s) shown in the "Remarks" section.

(5) *Unremoved grain*. If, after unloading an inbound carrier, there is sound grain remaining in the carrier that could have been removed with reasonable effort, the weight certificate shall show the weight of the grain that was actually unloaded from the carrier and a statement regarding the grain remaining in the carrier.

[52 FR 6495, Mar. 4, 1987, as amended at 58 FR 3212, Jan. 8, 1993; 59 FR 52077, Oct. 14, 1994]

§ 800.97 Weighing grain in containers, land carriers, barges, and shiplots.

(a) *General*. The weighing of grain loaded or unloaded from any carrier shall be conducted according to this section and the instructions.

(b) *Procedure*—(1) *General*. If grain in a carrier is offered for inspection or weighing service as one lot, the grain shall be weighed and certificated as one lot. The identification of the carrier shall be recorded on the scale tape or ticket and the weight certificate.

(2) *Sacked grain*. If sacked grain is offered for weighing and the grain is not fully accessible, the request for weighing service shall be dismissed.

(3) *Part lots*. If a portion of an inbound lot of grain is unloaded and a portion is left in the carrier because it is not uniform in quality or condition, or the lot is unloaded in other than a reasonably continuous operation, the portion that is removed and the portion remaining in the carrier shall be

considered as part lots and shall be weighed and certificated as part lots.

(c) *Certification of trucklots, carlots, and bargelots*—(1) *Basic requirement*. One official certificate shall be issued for the weighing of the grain in each truck, trailer, truck/trailer(s) combination, railroad car, barge, or similarly sized carrier. This requirement shall not be applicable to grain weighed as a combined lot under § 800.98.

(2) *Part-lot weight certificates*. A part-lot weight certificate shall show (i) the weight of the portion that is unloaded and (ii) the following statement: "Part-lot: The net weight stated herein reflects a partial unload."

(d) *Certification of shiplot grain*—(1) *Basic requirement*. The certificate shall show (i) if applicable, a statement that the grain has been loaded aboard with other grain, (ii) the official weight, (iii) the stowage or other identification of the grain, and (iv) other information required by the regulations and the instructions.

(2) *Common stowage*—(i) *Without separation*. If bulk grain is offered for weighing as it is being loaded aboard a ship and is loaded without separation in a stowage area with other grain or another commodity, the weight certificate for the grain in each lot shall show that the lot was loaded aboard with other grain or another commodity without separation and the relative location of the grain.

(ii) *With separation*. If separations are laid between adjacent lots, the weight certificates shall show the kind of material used in the separations and the location of the separations in relation to each lot.

(iii) *Exception*. The common stowage requirements of this paragraph shall not be applicable to the first lot in a stowage area unless a second lot has been loaded, in whole or in part, in the stowage area before issuing the official weight certificate for the first lot.

(3) *Official mark*. If the grain is officially weighed in a reasonably continuous operation, upon request by the applicant, the following statement may be shown on the weight certificate: "Loaded under continuous official weighing."

[52 FR 6496, Mar. 4, 1987]

§ 800.98 Weighing grain in combined lots.

(a) *General.* The weighing of bulk or sacked grain loaded aboard, or being loaded aboard, or unloaded from two or more carriers as a combined lot shall be conducted according to this section and the instructions.

(b) *Weighing procedure.* (1) Single lot weighing. Single lots of grain that are to be weighed as a combined lot shall be weighed in one location. The grain loaded into or unloaded from each carrier must be weighed in accordance with procedures prescribed in the instructions. In the case of sacked grain, a representative weight sample shall be obtained from the grain in each carrier unless otherwise specified in the instructions.

(2) *Recertification.* Grain that has been weighed and certificated as two or more single lots may be recertificated as a combined lot provided that (i) the grain in each single lot has been weighed in one location, (ii) the original weight certificates issued for the single lots have been or will be surrendered to the appropriate agency or field office, (iii) the official personnel who performed the weighing service for the single lots and the official personnel who are to recertificate the grain as a combined lot determine that the weight of the grain in the lots has not since changed and, in the case of sacked grain, that the weight samples used as a basis for weighing the single lots were representative at the time of the weighing.

(3) *Grain uniform in quality.* An applicant may request that grain be weighed and certificated as a combined lot whether or not the grain is uniform in quality for the purpose of inspection under the Act.

(c) *Certification procedures—(1) General.* Each certificate for a combined-lot Class X or Class Y weighing service shall show the identification for the “Combined lot” or, at the request of the applicant, the identification of each carrier in the combined lot. The identification and any seal information for the carriers may be shown on the reverse side of the weight certificate, provided the statement “See reverse side” is shown on the face of the cer-

tificate in the space provided for remarks.

(2) *Recertification.* If a request for a combined-lot Class X or Class Y weighing service is filed after the grain in the single lots has been weighed and certificated, the combined-lot weighing certificate shall show (i) the date of weighing the grain in the combined lot (if the single lots were weighed on different dates, the latest of the dates shall be shown); (ii) a serial number, other than the serial numbers of the weight certificates that are to be superseded; (iii) the name of the elevator from which or into which the grain in the combined lot was loaded or unloaded; (iv) a statement showing the weight of the grain in the combined lot; (v) a completed statement showing the identification of any superseded certificate as follows: “This combined-lot certificate supersedes certificate Nos. ____, dated ____; and (vi) if at the time of issuing the combined-lot weight certificate the superseded certificates are not in the custody of the agency or field office, the statement “The superseded certificates identified herein have not been surrendered” shall be clearly shown, in the space provided for remarks, beneath the statement identifying the superseded certificates. If the superseded certificates are in the custody of the agency or field office, the superseded certificates shall be clearly marked “Void.”

(3) *Part lot.* If a part of a combined lot of grain in inbound carriers is unloaded and a part is left in the carriers, the grain that is unloaded shall be certificated in accordance with the provisions in § 800.97(c)(2).

(4) *Official mark.* When grain is weighed as a combined lot in one continuous operation, upon request by the applicant, the following statement shall be shown on the weight certificate: “Loaded under continuous official weighing,” or “Loaded under continuous official inspection and weighing.”

(5) *Further combining.* After a combined-lot weight certificate has been issued, there shall be no further combining and no dividing of the certificate.

(6) *Limitations.* No combined-lot weight certificate shall be issued (i) for

§ 800.99

7 CFR Ch. VIII (1–1–09 Edition)

any weighing service other than as described in this section or (ii) which shows a weight of grain different from the total of the combined single lot.

[52 FR 6496, Mar. 4, 1987]

§ 800.99 Checkweighing sacked grain.

(a) *General.* Each checkweighing service performed on a lot of sacked grain to determine the weight of the grain shall be made on the basis of one or more official weight samples obtained from the grain by official personnel according to this section and procedures prescribed in the instructions.

(b) *Representative sample.* No official weight sample shall be considered to be representative of a lot of sacked grain unless the sample is of the size prescribed in the instructions and has been obtained and weighed according to the procedures prescribed in the instructions.

(c) *Protecting samples and data.* Official personnel and other employees of an agency or the Service shall protect official weight samples and data from manipulation, substitution, and improper and careless handling which might deprive the samples and sample data of their representativeness.

(d) *Restriction on weighing.* No agency shall weigh any lot of sacked grain unless at the time of obtaining the official weight sample the grain from which the sample was obtained was located within the area of responsibility assigned to the agency, except as otherwise provided for in § 800.117, or on a case-by-case basis as determined by the Administrator.

(e) *Equipment and labor.* Each applicant for weighing services shall provide necessary labor for obtaining official weight samples and place the samples in a position for weighing and shall supply suitable weighing equipment approved by the Service, pursuant to the regulations and the instructions.

(f) *Disposition of official weight samples.* In weighing sacked grain in lots, the grain in the official weight samples shall be returned to the lots from which the samples were obtained.

(g) *Provisions by kinds of service—*(1) *“IN” movements.* Each checkweighing on an “IN” movement of sacked grain shall be based on an official weight sample obtained while the grain is at

rest in the carrier or during unloading, in accordance with procedures prescribed in the instructions.

(2) *“OUT” movements (export).* Each checkweighing of sacked export grain shall be based on an official weight sample obtained as the grain is being loaded aboard the final carrier, as the grain is being sacked, or while the grain is at rest in a warehouse or holding facility, in accordance with procedures prescribed in the instructions.

(3) *“OUT” movements (other than export).* Each checkweighing of an “OUT” movement of nonexport sacked grain shall be based on an official weight sample obtained from the grain as the grain is being loaded in the carrier, or while the grain is at rest in the carrier, or while the grain is at rest in a warehouse or holding facility, or while the grain is being sacked, in accordance with procedures prescribed in the instructions.

(4) *“LOCAL” weighing.* Each checkweighing of a “LOCAL” movement of sacked grain shall be based on an official weight sample obtained while the grain is at rest or while the grain is being transferred, in accordance with procedures prescribed in the instructions.

§ 800.125 Who may request reinspection services or review of weighing services.

(a) *General.* Any interested person may request a reinspection or review of weighing service, except as provided for in § 800.86(c)(5). Only one reinspection service or review of weighing service may be performed on any original service. When more than one interested person requests a reinspection or review of weighing service, the first person to file is the applicant of record.

(b) *Kind and scope of request.* A reinspection or review of weighing service is limited to the kind and scope of the original service. If the request specifies a different kind or scope, the request shall be dismissed but may be resubmitted as a request for original services: Provided, however, that an applicant for service may request a reinspection of a specific factor(s), official grade and factors, or official criteria. In addition, reinspections for grade may include a review of any pertinent factor(s), as deemed necessary by official personnel. Official criteria are considered separately from official grade or official factors when determining the kind and scope. When requested, a reinspection for official grade or official factors and official criteria may be handled separately even though both sets of results are reported on the same certificate. Moreover, a reinspection or review of weighing may be requested on either the inspection or Class X weighing results when both results are

A reinspection certificate or the results of a review of weighing service shall not be issued unless (1) the documentation requested under § 800.46 has been submitted or (2) official personnel determine sufficient information has been made available so as to perform the requested service. A record that sufficient information was made available shall be included in the record of the official service.

(b) *Request requirements.* Requests will be considered filed on the date they are received by official personnel. A record shall be maintained for all requests.

If a representative file sample, as prescribed in § 800.82, is available, official personnel may waive the requirements pursuant to this subparagraph. (3) If the superseded certificate is in the custody of the agency or field office, the superseded certificate shall be marked "Void." If the superseded certificate is not in the custody of the agency or field office at the time the reinspection certificate is issued, a statement indicating that the superseded certificate has not been surrendered shall be shown on the reinspection certificate.

The notice shall (1) provide detailed instructions for requesting renewal of licenses; (2) state whether a reexamination will be required; and (3) if a reexamination will be required, show the nature and scope of the reexamination. Failure to receive a notice from the Service shall not exempt a licensee from the responsibility of having the license renewed on or before the termination date.

§ 800.179 Refusal of renewal, suspension, or revocation of licenses for cause.

(a) *General.* A license may be suspended or revoked or may be refused renewal or return (if suspended) for causes prescribed in section 9 of the Act.

(b) *Procedure for summary action.* Under section 9 of the Act, any license may, without first affording the licensee (hereafter in this section the "respondent") an opportunity for a hearing, be summarily suspended pending final determination, whenever the action is considered to be in the best

interest of the official inspection system. Such action shall be effective upon receipt of notice from the Service by the respondent. Within 30 calendar days after issuing a notice of summary action, the Service shall afford the respondent an opportunity for a hearing as provided under paragraph (c) of this section. Pending final determination, the Service may terminate the action if alternative employment arrangements satisfactory to the Service can be and are made for the respondent by the employer of the respondent.

(c) *Procedure for other than summary action.* Except as provided for in paragraph (a) of this section, before the Service refuses to renew, or suspends or revokes a license, or refuses to return a suspended license, the respondent shall be (1) notified of the proposed action and the reasons therefor, and (2) afforded (i) an opportunity to express his/her views on the proposed action in an informal manner, or (ii) at the request of the respondent, a hearing in accordance with the provisions of the Rules of Practice Governing Formal Adjudicatory Proceedings Instituted by the Secretary under Various Statutes (7 CFR, part 1, subpart H).

§ 800.180 Summary cancellation of licenses.

The State shall keep the Service informed of the employment status of each of its licensees and any substantial change in a licensee's duties.

(g) *Termination*—(1) *Automatic termination.* Failure to pay the user fees prescribed by the Service for supervisory costs related to official inspection and weighing services within 30 days after due shall result in the automatic termination of the delegation. The delegation shall be reinstated if fees currently due, plus interest and any further expenses incurred by the Service because of the termination, are paid within 60 days after the termination.

(2) *Voluntary cancellation.* A State may request that its delegation be can-

celed by giving 90 days written notice to the Service.

Unless otherwise provided, the revocation shall be effective when the State receives a notice from the Service regarding the revocation and the reason(s) therefor.

(ii) *Informal conference.* At the discretion of the Administrator, before the delegation of a State is revoked under paragraph (g)(3)(i) of this section, the Service may (A) notify the State of the proposed action and the reason(s) therefor, and (B) afford the State an opportunity to express its views in an informal conference before the Administrator.

(a) *General.* Eligible persons or governmental agencies may be designated to perform official services (excluding appeal inspection) within a specified area (other than export port locations).

(b) *Restrictions*—(1) *General.* If official inspection services are performed in an area by a designated agency, Class X and Class Y weighing services in that area may be performed only by the designated agency if the agency applies for designation to provide weighing services and is found qualified by the Service. If the agency designated to provide official inspection services is found not qualified or does not apply, the Class X and Class Y weighing services may be performed by another available agency that is found qualified and is designated by the Service, or the official services may be performed by the Service.

(2) *Interim authority.* (i) *By agency.* A designated agency may perform official services outside its assigned area on an interim basis when authorized by the Service.

(ii) *By Service.* Official inspection services and/or Class X and Class Y weighing services may be performed by the Service in an area (other than export port locations) on an interim basis in accordance with sections 7(h) and 7A(c) of the Act.

(c) *Who can apply.* Any State or local governmental agency or any person may apply, subject to sections 7 and 7A of the Act, to the Service for designation as an official agency to perform official inspection services (excluding appeal inspection) and/or Class X and Class Y weighing services in a given area (other than export port locations) in the United States.

The application for designation: (1) Shall be submitted on a form furnished by the Service; (2) shall be typewritten or legibly written in English; (3) shall show or be accompanied by documents which show all information requested on the form, or otherwise required by the Service; and (4) shall be signed by the applicant or its chief operating officer.

(e) *Review of conditions and criteria for designation—*(1) *Application.* Each application for a designation shall be reviewed to determine whether it complies with paragraph (d) of this section. If an application is not in compliance, the applicant shall be provided an opportunity to submit the needed information. If the needed information is not submitted within a reasonable time, as determined by the Service, the application may be dismissed. When an application is dismissed, the Service shall notify the applicant, in writing, of the reason(s) for the dismissal.

(2) *Applicant.* Each applicant for authority to operate as a designated agency shall be reviewed to determine whether the applicant meets the conditions and criteria contained in sections 7(f)(1)(A) and (B) of the Act, §800.199 of

the regulations, and paragraph (g) of this section. The requested designation may be granted if the Service determines that: (i) The requested action is consistent with the need for official services; (ii) the applicant meets the conditions and criteria specified in the Act and regulations; and (iii) the applicant is better able than any other applicant to provide official services.

(f) *Area of responsibility—*(1) *General.* Each agency shall be assigned an area of responsibility by the Service. Each area shall be identified by geographical boundaries and, in the case of a State or local government, shall not exceed the jurisdictional boundaries of the State or the local government, unless otherwise approved by the Service. The area of responsibility may not include any export elevators at export port locations or any portion of an area of responsibility assigned to another agency that is performing the same functions, except as otherwise provided in §800.117. A designated agency may perform official services at locations outside its assigned area of responsibility only after obtaining approval from the Service, or in accordance with provisions set forth in §800.117.

The assigned area may be amended if the Service determines that the amendment is consistent with the provisions and objectives of the Act, regulations, and instructions. Upon a finding of need, the Service may initiate action to change an assigned area of responsibility.

(3) *Specified service points.* An agency may change its specified service points by notifying the Service in advance. Interested persons may obtain a list of specified service points within an agency's area of responsibility by contacting the agency. The list shall include all specified service points and shall identify each specified service point which operates on an intermittent or seasonal basis.

(g) *Responsibilities—*(1) *Providing official services.* Insofar as practicable,

each agency shall be responsible for providing at all locations in its assigned area each service authorized by the designation. (2) *Fees.* The agency shall charge fees according to § 800.70.

(3) *Staffing, licensing, and training.* (i) *General.* The agency shall employ sufficient personnel to provide the official services normally requested in an accurate and timely manner. (4) *Rotation of personnel.* Where feasible, each agency shall rotate licensees among elevators and other facilities as is necessary to preserve the integrity of the official inspection and weighing systems.

(5) *Supervision.* The agency and its officials shall be responsible for the actions of the official personnel employed by the agency, for direct supervision of the daily activities of such personnel, and for the conduct of official services and related activities at the agency. The agency shall supervise official activities, in accordance with the Act, regulations, and instructions, and shall take action necessary to ensure that its employees are not performing prohibited functions and are not involved in any action prohibited by the Act, regulations, or instructions. Each agency shall report to the responsible field office information which shows or may show a violation of any provision of the Act, regulations, or instructions and information on any instructions

which have been issued to agency personnel by Service personnel or by any other person which are inconsistent with the Act, regulations, or instructions.

(6) *Conflict of interest.* (i) *General.* Each agency and any officer, director, stockholder, employee, or other related entity shall not have a conflict of interest, as defined in Section 11 of the Act and § 800.199 of the regulations. A conflict of interest may be waived pursuant to § 800.199(d). The agency shall advise the Service immediately of any proposed change in name, ownership, officers or directors, or control of the agency and, if a trust, any change affecting the trust agreement.

(ii) *Unofficial activities.* Except as provided in § 800.76(a), the agency or personnel employed by the agency shall not perform any unofficial service that is the same as the official services covered by the designation.

(7) *Facilities and equipment.* (i) *General.* The laboratory and office facilities of each agency shall be: Located; equipped; and large enough so that requested services are provided in an orderly and timely manner.

(ii) *Equipment testing.* Each agency shall test the equipment it uses for official services according to the instructions.

(8) *Security.* Each agency shall provide sufficient security to ensure that official samples, records, equipment, and forms are reasonably secure from theft, alteration, or misuse.

(9) *Certificate control system.* Each agency shall establish a certificate control system for all official certificates it receives, issues, voids, or otherwise renders useless. The system shall provide for (i) recording the numbers of the official certificates printed or received; (ii) protecting unused certificates from fraudulent or unauthorized use; and (iii) maintaining a file copy of each certificate issued, voided, or otherwise rendered useless in a manner that would permit retrieval.

(10) *Records.* Each agency shall maintain the records specified in §§ 800.145 through 800.159.

(h) *Termination and renewal—(1) Triennial—(i) Termination.* A designation shall terminate at a time specified by the Administrator, but not later than 3

years after the effective date of the designation. A notice of triennial termination shall be issued by the Service to a designated agency at least 120 calendar days in advance of the termination date. The notice shall provide instructions for requesting renewal of the designation. Failure to receive a notice from the Service shall not exempt a designated agency from the responsibility of having its designation renewed on or before the specified termination date.

(ii) *Renewal.* Designations may be renewed, upon application, in accordance with criteria and procedures for designation prescribed in section 7(f) of the Act and this section of the regulations. The Administrator may decline to renew a designation if: (A) The requesting agency fails to meet or comply with any of the criteria for designation set forth in the Act, regulations, and instructions, or (B) the Administrator determines that another qualified applicant is better able to provide official services in the assigned area.

(2) *Automatic termination.* Failure to pay the user fees prescribed by the Service for supervisory costs related to official inspection and weighing services within 30 days after due shall result in the automatic termination of the designation. The designation shall be reinstated if fees currently due, plus interest and any further expenses incurred by the Service because of the termination, are paid within 60 days after the termination.

(3) *Voluntary cancellation.* An agency may request that its designation be canceled by giving 90 days written notice to the Service.

(4) *Suspension or revocation of designation.* (i) *General.* A designation is subject to suspension or revocation, under section 7(g)(3) of the Act, by the Service, whenever the Administrator determines that: (A) The agency has failed to meet one or more of the criteria specified in section 7(f) of the Act or the regulations for the performance of official functions, or otherwise has not complied with any provision of the Act, regulations, or instructions, or (B) has been convicted of any violation of other Federal law involving the handling or official inspection of grain.

(ii) *Summary suspension.* The Service may, without first affording the agency (hereafter referred to in this paragraph as the “respondent”) an opportunity for a hearing, suspend a designation or refuse to reinstate a designation when the suspension period has expired, pending final determination of the proceeding whenever the Service has reason to believe there is cause for revocation of the designation and considers such action to be in the best interest of the official inspection and weighing system. A suspension or refusal to reinstate a suspended designation shall be effective upon the respondent’s receipt of a notice from the Service. Within 30 calendar days following the issuance of a notice of such action, the Service shall afford the respondent an opportunity for a hearing under paragraph (h)(4)(iii) of this section. The Service may terminate the action if it finds that alternative managerial, staffing, financial, or operational arrangements satisfactory to the Service can be and are made by the respondent.

(iii) *Other than summary suspension.* Except as provided in paragraph (h)(4)(ii) of the section, before the Service revokes or suspends a designation, the respondent shall be: (A) Notified by the Service of the proposed action and the reason(s) therefor, and (B) afforded an opportunity for a hearing in accordance with the Rules of Practice Governing Formal Adjudicatory Proceedings Instituted by the Secretary Under Various Statutes (7 CFR part 1, subpart H). Before initiating formal adjudicatory proceedings, the Service may, at its discretion, afford the respondent an opportunity to present its views on the proposed action and the reason(s) therefor in an informal conference. If, as a result of the informal conference, a consent agreement is reached, no formal adjudicatory proceedings shall be initiated.

(i) *Provision of services following suspension or termination.* If the designation of an agency is suspended, terminated, or the renewal of a designation is not granted, the Service shall attempt, upon a finding of need, to arrange for a replacement agency. If a qualified replacement agency cannot be designated on a timely basis, a qualified agency, if available, shall be

§ 800.197

7 CFR Ch. VIII (1–1–09 Edition)

designated on an interim basis. If a qualified agency is not available on an interim basis, the Service shall provide needed services on an interim basis.

(ii) *Summary suspension.* The Service may, without first affording the organization an opportunity for a hearing, suspend an approval or refuse to reinstate an approval when the suspension period has expired, pending final determination of the proceeding whenever the Service has reason to believe there is cause for revocation of the approval and considers such action to be in the best interest of the official weighing system. A suspension or refusal to reinstate a suspended approval shall be effective when the organization receives a notice from the Service. Within 30 calendar days following the issuance of a notice of such action, the Service shall give the organization an opportunity for a hearing under paragraph (d)(2)(iii) of this section. The Service may terminate its action if it finds that alternative managerial, staffing, or operational arrangements satisfactory to the Service can be and are made by the organization.

(iii) *Other than summary suspension.* Except as provided in paragraph (d)(2)(ii) of this section, before the Service revokes or suspends an approval, the organization shall be notified by the Service of the proposed action and the reason(s) therefor and shall be given an opportunity for a hearing. Before the Service initiates a hearing, it may, at its discretion, give the organization an opportunity to present its views on the proposed action and the reason(s) therefor in an informal conference. If a consent agreement is reached during the informal conference, no formal adjudicatory proceedings shall be initiated.

Subpart A—General Provisions

NOTE: Compliance with the provisions of these standards does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act, or other Federal laws.

TERMS DEFINED**§ 810.101 Grains for which standards are established.**

Grain refers to barley, canola, corn, flaxseed, mixed grain, oats, rye, sorghum, soybeans, sunflower seed, triticale, and wheat. Standards for these food grains, feed grains, and oilseeds are established under the United States Grain Standards Act.

[57 FR 3274, Jan. 29, 1992]

§ 810.102 Definition of other terms.

Unless otherwise stated, the definitions in this section apply to all grains. All other definitions unique to a particular grain are contained in the appropriate subpart for that grain.

(a) *Distinctly low quality.* Grain that is obviously of inferior quality because it is in an unusual state or condition, and that cannot be graded properly by use of other grading factors provided in the standards. Distinctly low quality includes the presence of any objects too large to enter the sampling device; i.e., large stones, wreckage, or similar objects.

(b) *Moisture.* Water content in grain as determined by an approved device according to procedures prescribed in FGIS instructions.

(c) *Stones.* Concreted earthy or mineral matter and other substances of similar hardness that do not disintegrate in water.

(d) *Test Weight per bushel.* The weight per Winchester bushel (2,150.42 cubic inches) as determined using an approved device according to procedures prescribed in FGIS instructions. Test weight per bushel in the standards for corn, mixed grain, oats, sorghum, and soybeans is determined on the original sample. Test weight per bushel in the standards for barley, flaxseed, rye, sunflower seed, triticale, and wheat is determined after mechanically cleaning the original sample. Test weight per bushel is recorded to the nearest tenth pound for corn, rye, sorghum, soybeans, triticale, and wheat. Test weight per bushel for all other grains, if applicable, is recorded in whole and half pounds with a fraction of a half pound disregarded. Test weight per bushel is not an official factor for canola.

(e) *Whole kernels.* Grain with $\frac{1}{4}$ or less of the kernel removed.

[52 FR 24418, June 30, 1987, as amended at 60 FR 61196, Nov. 29, 1995; 71 FR 52406, Sept. 6, 2006; 72 FR 39732, July 20, 2007]

PRINCIPLES GOVERNING THE APPLICATION OF STANDARDS**§ 810.103 Basis of determination.**

(a) *Distinctly low quality.* The determination of distinctly low quality is made on the basis of the lot as a whole at the time of sampling when a condition exists that may or may not appear in the representative sample and/or the sample as a whole.

(b) *Certain quality determinations.* Each determination of rodent pellets, bird droppings, other animal filth, broken glass, castor beans, cockleburrs, crotalaria seeds, dockage, garlic, live insect infestation, large stones, moisture, temperature, an unknown foreign substance(s), and a commonly recognized harmful or toxic substance(s) is made on the basis of the sample as a whole. When a condition exists that may not appear in the representative

§ 810.104

sample, the determination may be made on the basis of the lot as a whole at the time of sampling according to procedures prescribed in FGIS instructions.

(c) *All other determinations.* The basis of determination for all other factors is contained in the individual standards.

§ 810.104 Percentages.

(a) *Rounding.* Percentages are determined on the basis of weight and are rounded as follows:

(1) When the figure to be rounded is followed by a figure greater than or equal to 5, round to the next higher figure; e.g., report 6.36 as 6.4, 0.35 as 0.4, and 2.45 as 2.5.

(2) When the figure to be rounded is followed by a figure less than 5, retain the figure; e.g., report 8.34 as 8.3, and 1.22 as 1.2.

(b) *Recording.* The percentage of dockage in flaxseed and sorghum is reported in whole percent with fractions of a percent being disregarded. Dockage in barley and triticale is reported in whole and half percent with a fraction less than one-half percent being disregarded. Dockage in wheat and rye is reported in whole and tenth percents to the nearest tenth percent. Foreign material in sunflower seed is reported to the nearest one-half percent. Ranges of sunflower seed foreign material are reported as follows: 0.0 to 0.24 is reported as 0.0 percent, 0.25 to 0.74 as 0.5 percent, 0.75 to 1.24 as 1.0 percent, and the like. Foreign material and fines in mixed grain is reported in whole percent. The percentage of smut in barley, sclerotinia and stones in canola, and ergot in all grains is reported to the nearest hundredth percent. The percentage when determining the identity of all grains is reported to the nearest whole percent. Also reported to the nearest whole percent are the classes and subclasses in wheat; flint corn; flint and dent corn; waxy corn; classes in barley; and the percentage of each kind of grain in mixed grain. Plump barley shall be expressed in terms of the range in which it falls. Ranges shall be: Below 50 percent, 50 to 55 percent, 56 to 60 percent, 61 to 65 percent,

7 CFR Ch. VIII (1–1–09 Edition)

and the like. All other percentages are reported in tenths percent.

[52 FR 24418, June 30, 1987; 52 FR 28534, July 31, 1987, as amended at 54 FR 24157, June 6, 1989; 57 FR 3274, Jan. 29, 1992; 59 FR 10573, Mar. 7, 1994; 61 FR 18491, Apr. 26, 1996; 63 FR 20056, Apr. 23, 1998]

GRADES, GRADE REQUIREMENTS, AND GRADE DESIGNATIONS

§ 810.105 Grades and grade requirements.

The grades and grade requirements for each grain (except mixed grain) and shown in the grade table(s) of the respective standards. Mixed grain grade requirements are not presented in tabular form.

§ 810.106 Grade designations.

(a) *Grade designations for grain.* The grade designations include in the following order:

- (1) The letters “U.S.”;
- (2) The abbreviation “No.” and the number of the grade or the words “Sample grade”;
- (3) When applicable, the subclass;
- (4) The class or kind of grain;
- (5) When applicable, the special grade(s) except in the case of bright, extra heavy, and heavy oats or plump rye, the special grades, “bright”, “extra heavy”, “heavy” and “plump” will precede the word “oats” or “rye” as applicable; and
- (6) When applicable, the word “dockage” together with the percentage thereof.

When applicable, the remarks section of the certificate will include in the order of predominance; in the case of a mixed class, the name and approximate percentage of the classes; in the case of sunflower seed, the percentage of admixture; in the case of mixed grain, the grains present in excess of 10.0 percent of the mixture and when applicable, the words *Other grains* followed by a statement of the percentage of the combined quantity of those kinds of grains, each of which is present in a quantity less than 10.0 percent; in the case of barley, if requested, the word “plump” with the percentage range thereof; in the case of wheat, if requested, the percentage of protein content.

(b) *Optional grade designations.* In addition to paragraph (a) of this Section, grain may be certificated under certain conditions as described in FGIS instructions when supported by official analysis, as “U.S. No. 2 or better (*type of grain*)”, “U.S. No. 3 or better (*type of grain*)”, and the like.

[52 FR 24418, June 30, 1987, as amended at 53 FR 15017, Apr. 27, 1988]

SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

§ 810.107 Special grades and special grade requirements.

A special grade serves to draw attention to a special factor or condition present in the grain and, when applicable, is supplemental to the grade assigned under § 810.106. Except for the special grade “infested,” the special grades are identified and requirements are established in each respective grain standards.

(a) *Infested wheat, rye, and triticale.* Tolerances for live insects responsible for infested wheat, rye, and triticale are defined according to sampling designations as follows:

(1) *Representative sample.* The representative sample consists of the work portion, and the file sample if needed and when available. These grains will be considered infested if the representative sample (other than shiplots) contains two or more live weevils, or one live weevil and one or more other live insects injurious to stored grain, or two or more live insects injurious to stored grain.

(2) *Lot as a whole (stationary).* The lot as a whole is considered infested when two or more live weevils, or one live weevil and one or more other live insects injurious to stored grain, or two or more other live insects injurious to stored grain are found in, on, or about the lot (excluding submitted samples and shiplots).

(3) *Sample as a whole (continuous loading/unloading of shiplots and bargelots).* The minimum sample size for bargelots and shiplots is 500 grams per each 2,000 bushels of grain. The sample as a whole is considered infested when a component (as defined in FGIS instructions) contains two or more live weevils, or

one live weevil and one or more other live insects injurious to stored grain, or two or more other live insects injurious to stored grain.

(b) *Infested barley, canola, corn, oats, sorghum, soybeans, sunflower seed, and mixed grain.* Tolerances for live insects responsible for infested barley, canola, corn, oats, sorghum, soybeans, sunflower seed, and mixed grain are defined according to sampling designations as follows:

(1) *Representative sample.* The representative sample consists of the work portion, and the file sample if needed and when available. These grains will be considered infested if the representative sample (other than shiplots) contains two or more live weevils, or one live weevil and five or more other live insects injurious to stored grain, or ten or more other live insects injurious to stored grain.

(2) *Lot as a whole (stationary).* The lot as a whole is considered infested when two or more live weevils, or one live weevil and five or more other live insects injurious to stored grain, or ten or more other live insects injurious to stored grain are found in, on, or about the lot (excluding submitted samples and shiplots).

(3) *Sample as a whole (continuous loading/unloading of shiplots and bargelots).* The minimum sample for shiplots and bargelots is 500 grams per each 2,000 bushels of grain. The sample as a whole is considered infested when a component (as defined in FGIS instructions) contains two or more live weevils, or one live weevil and five or more other live insects injurious to stored grain, or ten or more other live insects injurious to stored grain.

§ 810.301 Definition of canola.

Seeds of the genus *Brassica* from which the oil shall contain less than 2 percent erucic acid in its fatty acid profile and the solid component shall contain less than 30.0 micromoles of any one or any mixture of 3-butenyl glucosinolate, 4-pentenyl glucosinolate, 2-hydroxy-3-butenyl, or 2-hydroxy-4-pentenyl glucosinolate, per gram of air-dried, oil free solid. Before the removal of dockage, the seed shall contain not more than 10.0% of other grains for which standards have been established under the United States Grain Standards Act.

§ 810.302 Definitions of other terms.

(a) *Conspicuous Admixture*. All matter other than canola, including but not limited to ergot, sclerotinia, and stones, which is conspicuous and readily distinguishable from canola and which remains in the sample after the removal of machine separated dockage. Conspicuous admixture is added to machine separated dockage in the computation of total dockage.

(b) *Damaged kernels*. Canola and pieces of canola that are heat-damaged, sprout-damaged, mold-damaged, distinctly green damaged, frost damaged, rimmed damaged, or otherwise materially damaged.

(c) *Distinctly green kernels*. Canola and pieces of canola which, after being crushed, exhibit a distinctly green color.

(d) *Dockage*. All matter other than canola that can be removed from the original sample by use of an approved device according to procedures prescribed in FGIS instructions. Also, underdeveloped, shriveled, and small pieces of canola kernels that cannot be recovered by properly rescreening or recleaning. Machine separated dockage is added to conspicuous admixture in the computation of total dockage.

(e) *Ergot*. *Sclerotia* (sclerotium, sing.) of the fungus, *Claviceps* species, which are associated with some seeds other than canola where the fungal organism has replaced the seed.

(f) *Heat-damaged kernels*. Canola and pieces of canola which, after being crushed, exhibit that they are discolored and damaged by heat.

(g) *Inconspicuous admixture*. Any seed which is difficult to distinguish from canola. This includes, but is not limited to, common wild mustard (*Brassica kaber* and *B. juncea*), domestic brown mustard (*Brassica juncea*), yellow mustard (*B. hirta*), and seed other than the mustard group.

(h) *Sclerotia* (*Sclerotium*, sing.). Dark colored or black resting bodies of the fungi *Sclerotinia* and *Claviceps*.

(i) *Sclerotinia*. Genus name which includes the fungus *Sclerotinia sclerotiorum* which produces sclerotia. Canola is only infrequently infected, and the sclerotia, unlike sclerotia of ergot, are usually associated within the stem of the plants.

PRINCIPLES GOVERNING THE
APPLICATION OF STANDARDS**§ 810.303 Basis of determination.**

Each determination of conspicuous admixture, ergot, sclerotinia, stones, damaged kernels, heat-damaged kernels, distinctly green kernels, and inconspicuous admixture is made on the basis of the sample when free from

dockage. Other determinations not specifically provided for under the general provisions are made on the basis of the sample as a whole, except the determination of odor is made on either the basis of the sample as a whole or the sample when free from dockage. The content of glucosinolates and erucic acid is determined on the basis of the sample according to procedures prescribed in FGIS instructions.

APPEAL INSPECTION SERVICE

§ 868.60 Who may request appeal inspection service.

(a) *General.* Any interested person may request appeal inspection or Board appeal inspection service. When more than one interested person requests an appeal inspection or Board appeal inspection service, the first interested person to file is the applicant of record. Only one appeal inspection may be obtained from any original inspection or

retest inspection service for nongraded commodities. Only one Board appeal inspection may be obtained from any original or appeal inspection service for graded commodities. Board appeal inspection shall be performed on the basis of the file sample.

(b) *Kind and scope of request.* When the results for more than one kind of service are reported on a certificate, an appeal inspection or Board appeal inspection service, as applicable, may be requested on any or all kinds of services reported on the certificate. The scope of an appeal inspection service will be limited to the scope of the original inspection or, in the case of a Board appeal inspection service, the original or appeal inspection service. A request for appeal inspection of a retest inspection will be based upon the scope of the original inspection. If the request specifies a different scope, the request shall be dismissed. Provided, however, that an applicant for service may request an appeal or Board appeal inspection of specific factor(s) or official grade and factors. In addition, appeal and Board appeal inspection for grade may include a review of any pertinent factor(s), as deemed necessary by official personnel.

§ 868.61 How to request appeal inspection service.

(a) *General.* Requests shall be made with the field office responsible for the area in which the original service was performed. Requests for Board appeal inspections may be made with the Board of Appeals and Review or the field office that performed the appeal inspection. Verbal requests must be confirmed in writing, upon request, as specified in § 868.21. Copies of request forms may be obtained from the field office upon request. If at the time the request is made the documentation required by § 868.21 is not available, official personnel may, at their discretion, withhold service pending the receipt of the required documentation.

(b) *Request requirements.* (1) This subparagraph is applicable to rice inspec-

tion only. Except as may be agreed upon by the interested persons, the application shall be made: (i) Before the rice has left the place where the inspection being appealed was performed and (ii) no later than the close of business on the second business day following the date of the inspection being appealed. However, the Administrator may extend the time requirement as deemed necessary.

(2) Subject to the limitations of paragraph (b)(3) of this section, the applicant may request that an appeal inspection be based on: (i) The file sample or (ii) a new sample. However, an appeal inspection shall be based on a new sample only if the lot can positively be identified by official personnel as the one that was previously inspected and the entire lot is available and accessible for sampling and inspection. Board appeals shall be on the basis of the file sample.

(3) An appeal inspection shall be limited to a review of the sampling procedure and an analysis of the file sample when, as a result of a previous inspection, the commodity was found to be contaminated with filth (other than insect fragments in nongraded processed products) or to contain a deleterious substance. If it is determined that the sampling procedures were improper, a new sample shall be obtained if the lot can be positively identified as the lot which was previously inspected and the entire lot is available and accessible for sampling and inspection.

Subpart B—Marketing Standards

SOURCE: 62 FR 6706, Feb. 13, 1997, unless otherwise noted.

§ 868.101 General information.

The Grain Inspection, Packers and Stockyards Administration (GIPSA) of the U.S. Department of Agriculture (USDA) facilitates the fair and efficient marketing of agricultural products by maintaining voluntary grade standards for Beans, Whole Dry Peas, Split Peas, and Lentils, which provide a uniform language for describing the quality of these commodities in the

marketplace. These standards may cover (but are not limited to) terms, classes, quality levels, performance criteria, and inspection requirements. Procedures contained in this part set forth the process which GIPSA will follow in developing, issuing, revising, suspending, or terminating the U.S. standards for Beans, Whole Dry Peas, Split Peas, and Lentils. Communications about GIPSA standards in general should be addressed to the Administrator, GIPSA, USDA, 1400 Independence Avenue, S.W., Washington, D.C. 20250-3601.

§ 868.102 Procedures for establishing and revising grade standards.

(a) GIPSA will develop, revise, suspend, or terminate grade standards if it determines that such action is in the public interest. GIPSA encourages interested parties to participate in the review, development, and revision of grade standards. Interested parties include growers, producers, processors, shippers, distributors, consumers, trade associations, companies, and State or Federal agencies. Such persons may at any time recommend that GIPSA develop, revise, suspend, or terminate a grade standard. Requests for action should be in writing, and should be accompanied by a draft of the suggested change, as appropriate.

(b) GIPSA will:

- (1) Determine the need for new or revised standards;
- (2) Collect technical, marketing, or other appropriate data;
- (3) Conduct research regarding new or revised standards, as appropriate; and
- (4) Draft the proposed standards.

(c) If GIPSA determines that new standards are needed, existing standards need to be revised, or the suspension or termination of existing standards is justified, GIPSA will undertake the action with input from interested parties.

§ 868.103 Public notification of grade standards action.

(a) After developing a standardization proposal, GIPSA will publish a notice in the FEDERAL REGISTER proposing new or revised standards or suspending or terminating existing stand-

ards. The notice will provide a sufficient comment period for interested parties to submit comments.

(b) GIPSA will simultaneously issue a news release about these actions, notifying the affected industry and general public. GIPSA will also distribute copies of proposals to anyone requesting a copy or to anyone it believes may be interested, including other Federal, State, or local government agencies.

(c) All comments received within the comment period will be made part of the public record maintained by GIPSA, will be available to the public for review, and will be considered by GIPSA before final action is taken on the proposal.

(d) Based on the comments received, GIPSA's knowledge of standards, grading, marketing, and other technical factors, and any other relevant information, GIPSA will decide whether the proposed actions should be implemented.

(e) If GIPSA concludes that the changes as proposed or with appropriate modifications should be adopted, GIPSA will publish the final changes in the FEDERAL REGISTER as a final notice. GIPSA will make the grade standards and related information available in printed form and electronic media.

(f) If GIPSA determines that proposed changes are not warranted, or otherwise are not in the public interest, GIPSA will either publish in the FEDERAL REGISTER a notice withdrawing the proposal, or will revise the proposal and again seek public input.

PRINCIPLES GOVERNING APPLICATION OF STANDARDS

§ 868.203 Basis of determination.

The determination of seeds, objectionable seeds, heat-damaged kernels, red rice and damaged kernels, chalky kernels, other types, color, and the special grade Parboiled rough rice shall be on the basis of the whole and large broken kernels of milled rice that are produced in the milling of rough rice to a well-milled degree. When determining class, the percentage of (a) whole kernels of rough rice shall be determined on the basis of the original sample, and (b) types of rice shall be determined on the basis of the whole and large broken kernels of milled rice that are produced in the milling of rough rice to a well-milled degree. Smutty kernels shall be determined on the basis of the rough rice after it has been cleaned and shelled as prescribed in FGIS instructions, or by any method that is approved by the Administrator as giving equivalent results. All other determinations shall be on the basis of the original sample. Mechanical sizing of kernels shall be adjusted by

handpicking as prescribed in FGIS instructions, or by any method that is approved by the Administrator as giving equivalent results.

[42 FR 40869, Aug. 12, 1977; 42 FR 64356, Dec. 23, 1977, as amended at 47 FR 34516, Aug. 10, 1982; 54 FR 21403, May 18, 1989. Redesignated at 60 FR 16364, Mar. 30, 1995]

§ 868.204 Interpretive line samples.

Interpretive line samples showing the official scoring line for factors that are determined by visual examinations shall be maintained by the Federal Grain Inspection Service, U.S. Department of Agriculture, and shall be available for reference in all inspection offices that inspect and grade rice.

[42 FR 40869, Aug. 12, 1977. Redesignated at 54 FR 21413, May 18, 1989. Further redesignated and amended at 60 FR 16364, 16365, Mar. 30, 1995]

§ 868.206 Milling yield determination.

Milling yield shall be determined by the use of an approved device in accordance with procedures prescribed in FGIS instructions. For the purpose of this paragraph, "approved device" shall include the McGill Miller No. 3 and any other equipment that is approved by the Administrator as giving equivalent results.

NOTE: Milling yield shall not be determined when the moisture content of the rough rice exceeds 18.0 percent.

§ 868.208 Percentages.

(a) *Rounding.* Percentages are determined on the basis of weight and are rounded as follows:

(1) When the figure to be rounded is followed by a figure greater than or equal to 5, round to the next higher figure; e.g., report 6.36 as 6.4, 0.35 as 0.4, and 2.45 as 2.5.

(2) When the figure to be rounded is followed by a figure less than 5, retain the figure; e.g., report 8.34 as 8.3 and 1.22 as 1.2.

(b) *Recording.* All percentages, except for milling yield, are stated in whole and tenth percent to the nearest tenth percent. Milling yield is stated to the nearest whole percent.

SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

§ 868.212 Special grades and requirements.

A special grade, when applicable, is supplemental to the grade assigned under § 868.210. Such special grades for rough rice are established and determined as follows:

(a) *Infested rough rice.* Tolerances for live insects for infested rough rice are defined according to sampling designations as follows:

(1) *Representative sample.* The representative sample consists of the work portion, and the file sample if needed and when available. The rough rice (ex-

cept when examined according to paragraph (a)(3) of this section will be considered infested if the representative sample contains two or more live weevils, or one live weevil and one or more other live insects injurious to stored rice or five or more other live insects injurious to stored rice.

(2) *Lot as a whole (stationary).* The lot as a whole is considered infested when two or more live weevils, or one live weevil and one or more other live insects injurious to stored rice, or five or more other live insects injurious to stored rice, or 15 or more live Angoumois moths or other live moths injurious to stored rice are found in, on, or about the lot.

(3) *Sample as a whole during continuous loading/unloading.* The minimum sample size for rice being sampled during continuous loading/unloading is 500 grams per each 100,000 pounds of rice. The sample as a whole is considered infested when a component (as defined in FGIS instructions) contains two or more live weevils, or one live weevil and one or more other live insects injurious to stored rice, or five or more other live insects injurious to stored rice.

(b) *Parboiled rough rice.* Parboiled rough rice shall be rough rice in which the starch has been gelatinized by soaking, steaming, and drying. Grades U.S. No. 1 to U.S. No. 6 inclusive, shall contain not more than 10.0 percent of ungelatinized kernels. Grades U.S. No. 1 and U.S. No. 2 shall contain not more than 0.1 percent, grades U.S. No. 3 and U.S. No. 4 not more than 0.2 percent, and grades U.S. No. 5 and U.S. No. 6 not more than 0.5 percent of nonparboiled rice. SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

§ 868.315 Special grades and special grade requirements.

A special grade, when applicable, is supplemental to the grade assigned under § 868.314. Such special grades for milled rice are established and determined as follows:

(a) *Coated Milled Rice.* Coated milled rice shall be rice which is coated, in whole or in part, with substances that are safe and suitable as defined in the regulation issued pursuant to the Federal Food, Drug, and Cosmetic Act at 21 CFR 130.3(d).

(b) *Granulated brewers milled rice.* Granulated brewers milled rice shall be milled rice which has been crushed or granulated so that 95.0 percent or more will pass through a 5 sieve, 70.0 percent or more will pass through a 4 sieve, and not more than 15.0 percent will pass through a 2½ sieve.

(c) *Parboiled milled rice.* Parboiled milled rice shall be milled rice in which the starch has been gelatinized by soaking, steaming, and drying. Grades U.S. No. 1 to U.S. No. 6, inclusive, shall contain not more than 10.0 percent of ungelatinized kernels. Grades U.S. No. 1 and U.S. No. 2 shall contain not more than 0.1 percent, grades U.S. No. 3 and U.S. No. 4 not

more than 0.2 percent, and grades U.S. No. 5 and U.S. No. 6 not more than 0.5 percent of nonparboiled rice. If the rice is: (1) Not distinctly colored by the parboiling process, it shall be considered "Parboiled Light"; (2) distinctly but not materially colored by the parboiling process, it shall be considered "Parboiled"; (3) materially colored by the parboiling process, it shall be considered "Parboiled Dark." The color levels for "Parboiled Light," "Parboiled," and "Parboiled Dark" shall be in accordance with the interpretive line samples for parboiled rice.

NOTE: The maximum limits for "Chalky kernels," "Heat-damaged kernels," "Kernels damaged by heat," and the "Color requirements" in §§ 868.310, 868.311, 868.312, and 868.313 are not applicable to the special grade "Parboiled milled rice."

(d) *Undermilled milled rice.* Undermilled milled rice shall be milled rice which is not equal to the milling requirements for "hard milled," "well milled," and "reasonably well milled" rice (see § 868.306). Grades U.S. No. 1 and U.S. No. 2 shall contain not more than 2.0 percent, grades U.S. No. 3 and U.S. No. 4 not more than 5.0 percent, grade U.S. No. 5 not more than 10.0 percent, and grade U.S. No. 6 not more than 15.0 percent of well-milled kernels. Grade U.S. No. 5 shall contain not more than 10.0 percent of red rice and damaged kernels (singly or combined) and in no case more than 6.0 percent of damaged kernels.

(e) *Glutinous milled rice.* Glutinous milled rice shall be special varieties of rice (*Oryza sativa* L. *glutinosa*) which contain more than 50 percent chalky kernels. For long grain, medium grain, and short grain milled rice, grade U.S. No. 1 shall contain not more than 1.0 percent of nonchalky kernels, grade U.S. No. 2 not more than 2.0 percent of nonchalky kernels, grade U.S. No. 3 not more than 4.0 percent of nonchalky kernels, grade U.S. No. 4 not more than 6.0 percent of nonchalky kernels, grade U.S. No. 5 not more than 10.0 percent of nonchalky kernels, and grade U.S. No. 6 not more than 15.0 percent of nonchalky kernels. For second head milled rice, grade U.S. No. 1 shall contain not more than 4.0 percent of nonchalky kernels, grade U.S. No. 2 not more than 6.0 percent of nonchalky kernels, grade U.S. No. 3 not more than 10.0 percent of

nonchalky kernels, grade U.S. No. 4 not more than 15.0 percent of nonchalky kernels, and grade U.S. No. 5 not more than 20.0 percent of nonchalky kernels. For screenings milled rice, there are no grade limits for percent of nonchalky kernels. For brewers milled rice, the special grade “Glutinous milled rice” is not applicable.

NOTE: The maximum limits for “Chalky kernels,” shown in §§ 868.310, 868.311, and 868.312 are not applicable to the special grade “Glutinous milled rice.”
